In accordance with the provisions of Sections 26 and 67 of the Charter, said bonds have been approved as to form by the City Attorney and by the Controller as to sufficiency and solvency of the sureties thereon and, as provided by Section 55 of Bill 1603, Ordinance 4.045 transmitted to the Recorder for proper recordation.

You are also advised that copies of oaths of office, as originally filed with the County Clerk, for all of the above officials, are on file in this office.

Yours very truly,

HAROLD J. BOYD, Controller.

Supervisors Declared Inducted Into Office

The Chair, following the reading by the Clerk of "Statement of Votes Cast at General Municipal and Special State Elections held on November 7, 1939" heretofore presented to the Board and made part of the record of the meeting of Monday, November 27, 1939, (Journal of Proceedings, Vol. 34, No. 50) declared the above named Supervisors duly inducted into office.

Election of President

Supervisor Ratto, seconded by Supervisor Roncovieri, nominated as President of the Board of Supervisors, Supervisor Warren Shannon.

At the request of the Chair, Supervisor McSheehy put the motion.

On motion by Supervisor Roncovieri, seconded by Supervisor Ratto, and unanimously carried, Supervisor McSheehy announced that by unanimous vote of the Board, President Warren Shannon had been re-elected to the office of President of the Board for the following two years.

Remarks of Members

President Warren Shannon: At the outset I desire to take this opportunity to thank the citizens of San Francisco for the handsome vote registered for me on November 7th last.

It is a great delight as a native of this city to realize the vast number of personal friends and adherents I have and desire to offer my grateful thanks for returning me to office for another four-year

term, and I will endeavor to administer the duties of the office as capably as possible.

May I also take this opportunity to thank the members of the Board for again returning me to the office of President and it will be my endeavor at all times to deal impartially with all members of the Board as I have endeavored to do in the past.

In my experience of over twenty years on the Board I have experienced some inaugural days that were not quite as joyous as this one. Today we do not have to say farewell to members of the Board who have served faithfully and well and been defeated on election day.

The people of San Francisco have thought well enough of the accomplishments of this Board to return all to office who have served for the past four years.

I am one of those who believe that from the hearts of the citizens themselves spring every needed reform and every constructive measure.

The *people of San Francisco*, and only they, can see to it that the great worthwhile achievements which lie before us find accomplishment. The citizens themselves must put their shoulders to the wheel of progress.

We, after all, are but their servants and *we should always bear this fact in mind.* We may *devise* and *improvise*—we may *plan*—but unless we have the wholehearted support of the large body of our citizenry, no great good can come from this Board—*much lies before us.*

I would like to feel that we here today, like one large and happy family, all pledge ourselves anew to the idealism, the strong sense of fellowship and camaraderie, which is characteristic of this great city, and all pull together *shoulder* to *shoulder* for a better and a greater San Francisco.

Committees of the Board of Supervisors, 1940

The following Committees were announced by President Warren Shannon:

Supervisor Uhl: I believe I express the sentiments of the Board regarding your re-election as President. It was unanimous, and I am sure that the Board feels exactly as I do in the matter.

I would like the Board—if I am not out of order at this time—to listen to several parties who will be here today in relation to relief matters. We passed an ordinance some time ago limiting the time during which a non-resident will be entitled to relief. I would like the hour of 2:30 this afternoon to be set aside for this hearing. (No action on request. Matter taken up later during the proceedings.)

Supervisor Brown: I do not think there is anything very much that the members of the Board can say at a time like this. The people of San Francisco have placed their approval on the activities of the past four years by returning to office the same six supervisors who have occupied these chairs. I am sure that personally I am much gratified not only for myself, but that the people have seen fit to return the colleagues with whom I have worked for the past eight years in some cases, and for four years in other cases. I think it might be well to note that the Grand Jury mentions some of the disturbances that have on occasion characterized the meetings of the Board, and I think we should maintain a little higher dignity in maintaining the decorum of this Board in the future. I wish to congratulate my fellow members on having been re-elected, and hope the next four years will be harmonious and happy for all of us.

Supervisor Colman: I am very glad that the re-election of the President was unanimous. I feel that each member of the Board deserves his office and whatever rights he may have on account of that office, from the same source, namely: the votes of the people of San Francisco. We have equal rights and privileges and I think we can look to the President to safeguard the rights of the individual and give him a square deal regardless of whether his views happen to coincide with those of his colleagues. I think the criticism of the Grand Jury rests equally on all of our shoulders. I think we can handle our business with greater despatch and with greater dignity, and I pledge my full support in attempting to meet that particular condition to which the Grand Jury referred. I interpret the flattering vote of the people of San Francisco as an expression of approval of the manner in which I have handled myself during the past eighteen years, and I propose to continue along those same lines.

Supervisor Mead: I am doubly happy today: first, because we have with us once again, and for a great many years, I hope, our presiding officer; I am also very happy because of my return to office. I am in somewhat a different position today than four years ago when I was first inducted into office. At that time I was elected by a very scant majority. I felt then that I should be seen, but not heard to any great degree. During the past four years I have learned, to some degree, the workings, not only of the Board of Supervisors but of the various offices in the City Hall. I am grateful for the vote given me at the last election, which proves to me that the people of San Francisco feel that one can come from labor, in an official capacity, and at the same time properly represent them. I propose to continue as I have in the past and conduct myself in a proper, decent, respectful manner. I wish to congratulate all the other members of the Board who have been returned to office, and wish them all every success.

Supervisor Meyer: I am glad you are back in the Chair, Mr. President. I am also thankful to have been re-elected to the Board, and I will be with my colleagues as I have been during the past four years. I will continue to do all I can, for all the people, as I have during the past four years.

Supervisor Roncovieri: I, too, feel as do the other members of the Board that President Shannon has been re-elected to preside, and I wish to congratulate my colleague who has been re-elected by such a handsome majority.

I have prepared a little paper here, somewhat in the nature of a preachment, and I hope you will bear with me:

To be placed in a position of trust by the people is one of the highest honors that can be conferred on any citizen. With all my heart I thank the good people of my native city for the confidence they have so generously expressed in me by returning me to this Board of Supervisors for a fifth term.

It is my conviction that the paramount obligation of a public official is to perform the duties of his office with the same degree of sincerity, candor, and fearlessness, that is our ideal of conducting in private relationships. In this connection, it is my pleasure to recall that in all my years of public service, both as Superintendent of Schools and as Supervisor, I have never avoided taking a frank, outspoken and positive position on any moral or political issue, and I have never pretended an opinion which I did not conscientiously hold.

As Supervisors, we minister in countless ways to the safety, the health and well-being of the people of San Francisco. It is, therefore, our bounden duty to give of our loyal best for the benefit of all.

Never has the Board of Supervisors faced problems of such tremendous importance and magnitude, and their solution challenges the best thought and experience of the most enlightened in our City. To solve these problems aright, we need the heaven-born qualities of intelligence and moral courage, and above all devotion to lofty ideals.

Let us then be forward-looking steady-minded men of vision, and exert the greatest care in all our undertakings, in order to protect the interests of the people with the same care and finesse that the directors of private corporations exercise in behalf of their stockholders.

I believe that our City's problems should be discussed in a frank and dignified manner. For my part, I shall cooperate and work harmoniously with my associates; but should it be necessary at any time to disagree, I shall disagree—agreeably.

It is the duty of the members of this Board once and for all, to establish on a firm-set foundation, the spirit of tolerance, fair play, and courteous conduct in all our official relations, one to the other. Let us be doers, not talkers; let us be savers, not wasters of time, in order to expedite the City's business, and maintain public confidence. After all, the only thing that counts with the people is what we do, and not what we say. Actions speak louder than words.

For my part, I shall give unstintingly of my strength in support of any constructive measure by whomsoever fathered, and in return I shall expect like consideration for any measure vital to San Francisco's interests, which I may advocate.

When we took our oath of office, we entered into the high obligation to serve the best interests of all the people, and much will rightfully be expected of us.

So I renew my pledge, and solemnly re-dedicate myself to work constructively, conscientiously, and wholeheartedly toward the solution of every problem that is, and will be, ours to solve, to the end that San Francisco may grow and prosper, and achieve her high destiny as "the City loved 'round the world." With God's help I shall keep the faith!

Non-Resident Relief

Supervisor Uhl renewed his request that the Board set a time during the regular afternoon session to hear a number of urgent cases of non-residents whose relief, under the terms of ordinance passed by the Board, had been stopped. After brief discussion, hearing of such cases was made a special order of business at 3 P. M.

Recess

Thereupon, the Board, at the hour of 12:35 P. M., recessed to reconvene at 2 P. M.

The Journal of Proceedings of the meeting of December 26, 1939, was considered read and approved.

The following communication was presented and read by the clerk:

Consideration of Mayor's Veto

December 29, 1939

The Honorable
The Board of Supervisors
City Hall

Gentlemen:

I have before me Bill No. 440 passed by your Honorable Board on Tuesday, December, 26, 1939, which repeals certain sections of the Municipal Code dealing with the levying of license fees for revenue purposes. Similar license fees are levied in practically all cities in the Nation.

The sections under reference were enacted by the Board of Supervisors in 1920 after a series of public hearings and earnest study and consideration. These original sections were amended from time to time. The license fees were paid until the new charter became effective. Shortly thereafter the point was raised that a provision of the new charter deprived the city of the right to license for revenue purpose, and a decision of the Superior Court confirmed this contention. Thereafter, a majority of those subject to such license fees ceased to make payments.

On October 26, 1939, the Supreme Court of the State of California in clear-cut language established the right of the city to license for revenue purposes.

The instant situation, therefore, gentlemen, is this:

Because of the decision of the lower court in 1933, the provisions of those sections of the Municipal Code dealing with the levying of license fees for revenue purposes were not complied with for more than five years; if compliance is now enforced, those subject to this license charge will not only have to pay the amount of the license due but will also have to pay the accumulated penalties for the past three years because of their failure to make payments within the time provided by law.

Because of the hardship which it is apparent would result if the past due penalties were now to be collected, it is now proposed to repeal the existing sections of the Municipal Code dealing with the levying of license fees for revenue purposes.

If we are to abandon entirely this source of municipal revenue we would in the final analysis, penalize property owners.

If there were a need in 1920 to assist property owners by levying license fees in order to provide a new source of local revenue that need is far greater today.

Over the past twenty years there has developed a new point of view as to the type and the scope of service which local government should render and the services of local government have been increased because of the mandates of the people—the mandates either from the people directly, or through the representatives of the people in the State and Federal legislative bodies. Among these services of local government are essentially, necessary humanitarian activities, caring for those who are aged, for widows, for needy children, for the blind, for the indigent sick, and for the countless social problems which unemployment creates. These are continuing problems which we can no longer with safety regard as of a temporary nature.

An analysis of these and all other services of local government establishes clearly that the property owner is neither the sole nor the principal beneficiary of such services. How then can we in fairness force the property owner to furnish practically all of the money to pay for these services? We must maintain a broad tax base in order to deal fairly with all our citizens.

The owners of real estate in San Francisco are doing their part in meeting the costs of government. I am reluctant to force them to make up the loss of money which must result from the repeal of these several sections of the Municipal Code which provide for licensing for revenue purposes. I can see no reason why many who engage in business in San Francisco and live elsewhere, should enjoy all the advantages of government without sharing in the cost of the same.

I am in sympathy with the principle of relieving present delinquents under the existing license ordinance from the penalties of delinquencies, but I am definitely of the opinion that prompt provisions should be made for the continuation of revenue licenses.

In view of these facts, I am reluctant to approve the repeal of the existing ordinances in the absence of definite commitment for the prompt enactment of a new ordinance providing licensing for revenue.

It would be possible, I am advised by the City Attorney, for the Finance Committee of the Board of Supervisors immediately to undertake the construction of a new frame-work of license ordinances for revenue purposes. If this were done it would, of course, be possible to work out the details of an equitable ordinance before the Board of Supervisors gave official consideration to the modification or repeal of the existing ordinances. With the equitable instrument in hand on a

basis that would be satisfactory to the parties at interest—including property owners—the repeal or modification of the existing ordinances could be expedited.

It would be my earnest recommendation that you give consideration to such a course of action.

For the reasons set forth, I advise you that I am returning to you disapproved, Bill No. 440.

Yours very truly,
Angelo J. Rossi,
Mayor

Amending San Francisco Municipal Code Concerning License Taxes

(Series of 1939)

Bill No. 440, Ordinance No....., as follows:

Amending San Francisco Municipal Code, concerning license taxes, by repealing Sections 84, 85, 87, 89, 101, 102, 103, 104, 105, 107, 114, 117, 124, 142, 144, 148, 151, 157, 186, 187, 188, 189, 190, and 191 of Article 2, of Part III of said Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Sections 84, 85, 87, 89, 101, 102, 103, 104, 105, 107, 114, 117, 124, 142, 144, 148, 151, 157, 186, 187, 188, 189, 190 and 191 of Article 2, of Part III of the Municipal Code are hereby repealed.

Approved as to form by the City Attorney.

Passed for Second Reading—Board of Supervisors, San Francisco, December 11, 1939.

Ayes: Supervisors Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.—7.

Noes: Supervisor McSheehy—1.

Absent: Supervisors Brown, McGowan, Shannon—3.

Read Second Time and Finally Passed—Board of Supervisors, San Francisco, December 26, 1939.

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.

Noes: Supervisor Roncovieri—1.

Absent: Supervisors Brown, McGowan, Shannon—3.

I hereby certify that the foregoing ordinance was finally passed by the Board of Supervisors of the City and County of San Francisco.

David A. Barry, Clerk

Disapproved, San Francisco, December 29, 1939.

Angelo J. Rossi, Mayor

The following communication was presented and read by the Clerk:

January 8, 1940.

The Honorable Board of Supervisors, City Hall.

Gentlemen: Mayor Angelo J. Rossi is in receipt of the following letter from the Civic League of Improvement Clubs and Associations, which body requests that its views on Bill 440 be conveyed to your Board. The letter follows:

"Dear Sir:

"Your veto of bill four-forty repealing certain municipal licenses has the full approval of the Civic League and we would appreciate your so informing Supervisors in your veto message to that body. These license ordinances were result of extensive study preceding their final passage and were considered just and equable. Their repeal in Nineteen Thirty-nine cannot absolve delinquencies incurred by reason non-payment when ordinances were in full force and effect during years preceding its repeal, as no law can be made retroactive. Failure to collect by officials charged with this duty may affect their bondsmen should taxpayers' suit be filed. May we be permitted to suggest possible solution to govern collection of delinquent licenses without entailing hardship on those responsible for payment. We understand delinquencies four years and over to be outlawed. Since supervisors have enacted license ordinances, they have in their power suspension of ordinances for period within the limits of being outlawed. Such suspension, however, not to affect those coming within purview of ordinances following enactment of suspension ordinances thus applying only to those heretofore delinquent. The collector of delinquent licenses to be empowered in this suspension ordinance to make collections over four-year period or period of suspension. We believe this to be a legal solution to the emergency created by final court ruling.

"Yours very truly,

"(Signed) GEO. W. GEARHARD,

"Secretary, Civic League of Improvement Clubs and Assns."

Respectfully submitted,

E. Cullenward,

Executive Secretary.

Privilege of the Floor

Mr. Will L. Merryman, representing Business Coordinating Committee for License for Revenue Tax Repeal, was, on motion by Supervisor Uhl, granted the privilege of the floor. Mr. Merryman, in urging that the Mayor's veto be overridden, commented at length on various statements in the Mayor's veto message. He pledged the cooperation of his group with the Finance Committee of the Board, and with the Board, in setting up rates to be incorporated in a new ordinance, and he announced that there would be no organized opposition to the enactment of a new license for revenue measure.

The repeal of the present license ordinances providing for license tax for revenue purposes seemed the only safe way by which the desires of members of the Board, the Mayor, city officials, newspapers, and practically all citizens and civic organizations, that unjust back license fees and penalties be not collected, said Mr. Merryman, and accordingly he urged that the Mayor's veto be not sustained.

Mr. Merryman, in answer to remarks by Supervisor Uhl, stated that the time before a new license ordinance could be enacted would depend entirely on the Board and its Finance Committee: i. e., on the number and frequency of Finance Committee hearings as well as the number and frequency of Board hearings. All the various groups represented by him wanted would be the right to discuss with the committee the proposed rates to be fixed. The various professions are agreed to cooperate with the Finance Committee and with the Board in setting the rates to be incorporated in the proposed new ordinances. Accordingly, the Board, in voting to override the Mayor's veto would be doing exactly what the Mayor desires to be done; that is, to wipe out the delinquencies and penalties due under the provisions of the present ordinance. The suggestion from the Civic League of Improve-

ment Clubs would not be satisfactory, and might eventually result in just the opposite of what is desired, and, accordingly, should not be considered by the Board at all.

The Chair, in commenting on discussion by Mr. Merryman, announced that he was not in agreement with either Mr. Merryman or with the Mayor. He did not believe that license taxes for revenue should be imposed on any of the various businesses or professions, but a tax should be exacted on pin-ball games, mechanical vendors, musical and amusement devices.

Mr. Andrew J. Gallagher, on being granted the privilege of the floor on motion by Supervisor Roncovieri, defended the Mayor's veto. He disputed the statement made by Mr. Merryman that only a very small number of professional and other business men who were seeking the repeal of certain sections of the present license ordinance, were not residents of San Francisco. In support of his contention Mr. Gallagher declared that out of some 700 organized insurance brokers, at least one-third did not live in San Francisco and paid practically no taxes in San Francisco. He considered the Mayor's message to be sound and urged that it be sustained.

Mr. Walter Dold, Chief Deputy City Attorney, in answer to statements made by Mr. Gallagher and by several Supervisors, stated that there were two ways whereby the relief from delinquent license taxes and penalties thereon could be afforded: 1st, by repeal of the present ordinance with a clean break before reenactment of a new ordinance; 2nd, a less certain way by the process of having the Supervisors getting together, individually and unofficially, and agree upon a new license tax framework and license tax system before repealing the present ordinance.

Mr. Colman, in explaining his views and recommending that the Mayor's veto be not sustained, reiterated statements previously made during consideration of the measure which the Mayor had disapproved. In view of statements made by Mr. Merryman that the group which he represented would not present any organized opposition to the enactment of a new license ordinance; because the repeal of the present ordinance would accomplish what nearly everyone had expressed as fair, just and desirable; because he could see no reason, under the circumstances, why a new ordinance could not be enacted within a reasonable length of time; and because, as advised by the City Attorney, that the method heretofore approved by the Board would be a much surer and safer method of obtaining the desired results than would the suggestion offered by his Honor, the Mayor, he would vote to override the Mayor's veto.

Motion to Re-refer to Committee

Supervisor McSheehy, after announcing that the Board, pursuant to charter provision, had thirty days within which to consider a Mayor's veto, moved that the entire matter be referred to a Joint Committee on Finance and Judiciary, and that a substitute ordinance be presented to the Board within the next three weeks.

Motion failed for want of a second.

Supervisor Roncovieri, in presenting his views in the matter under discussion, stated that, if legal, perhaps the suggestion by Mr. Gearhard might be a solution to the entire problem, and requested the opinion of the City Attorney on the following, which he quoted from Mr. Gearhard's communication: "Since supervisors have enacted license ordinances, they have in their power suspension of ordinances for period within the limits of being outlawed. Such suspension, however, not to affect those coming within purview of ordinances following enactment of suspension ordinances thus applying only to those heretofore delinquent. The collector of delinquent licenses to be empowered in this suspension ordinance to make collections over four-year period or period of suspension."

Mr. Dold in reply thereto, having stated that he thought the writer's views were unsound, from a legal standpoint, Supervisor Roncovieri continued his presentation. He reported at length on deliberations in Committee and the attempt made to secure some expression of opinion from those advocating the repeal of the license for revenue provisions of the existing license ordinance as to what new enactments would be satisfactory. To the policy of complete abolishment for provisions for licensing for revenue, Supervisor Roncovieri expressed unalterable opposition. He felt that the tax base should be broadened, and that many professional and business men, not residents of San Francisco but deriving their income from San Francisco, should pay their just share of the cost of government. The Mayor, Supervisor Roncovieri felt, was right in his belief that persons enjoying the protection and the benefits of the municipal government should be willing to pay something toward the costs of such protection and benefits. He intended to vote to sustain the Mayor's veto, which he trusted would be sustained. However, he would be willing immediately to proceed unofficially to prepare a new ordinance.

Motion for One Week's Postponement

Supervisor McSheehy moved that further consideration of the Mayor's veto be postponed one week, and made a special order of business at 2:30 P.M. on January 15, 1940.

Motion failed for want of a second.

Motion for Three Weeks' Continuance

Thereupon, Supervisor Uhl moved that the matter remain on the Calendar for three weeks, during which Mr. Merryman and the group represented by him would have the opportunity of showing their good intentions by expressing themselves, unofficially, regarding a new ordinance to be enacted.

Motion failed for want of a second.

Supervisor Meyer announced his intention to vote to override the Mayor's veto. In that way only could the desired effect be achieved. After repeal of the present license for revenue provisions, a new ordinance could be brought in.

Motion for Postponement

Before the question, "Shall the ordinance pass, notwithstanding the objection of the Mayor?" was put by the Chair, Supervisor McSheehy announced that should he be called on to vote at the present time, he would vote to sustain the Mayor's veto. He desired a week's time for further consideration of the matter, and accordingly moved that the entire matter be postponed for one week, and made a special order of business at 2:30 P.M. on Monday, January 15, 1940.

Motion was seconded by Supervisor Mead, who explained that his reason for so doing was that he realized that if Supervisor McSheehy insisted on his rights in asking that the matter go over one week, there would not be sufficient votes to override the Mayor's veto.

Amendment to Motion

Supervisor Roncovieri moved as an amendment to the motion, that further consideration be postponed for three weeks, during which time substitute ordinances can be prepared, unofficially, for presentation to the Board, and the entire matter can be settled properly. Motion seconded by Supervisor Uhl.

Before the roll was called on the amendment offered by Supervisor Roncovieri, Supervisor Colman expressed opposition thereto. He would, however, be willing to vote for one week's postponement, as proposed by Supervisor McSheehy's motion.

Amendment to Motion Fails

Thereupon, the roll was called and the amendment to the motion, proposing a three weeks' postponement, failed by the following vote:

Ayes: Supervisors Roncovieri, Shannon, Uhl—3.

Noes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Schmidt—7.

Absent: Supervisor McGowan—1.

Explanation of Vote

Supervisor Roncovieri, in explanation of his intended vote of motion for one week's postponement, announced his intention to vote "Aye" thereon, because he believed that Mr. Merryman and the group represented by him already know what they wanted, and could make their wishes known, and the matter could be properly settled during the coming week.

Motion for Week's Postponement Carries

Thereupon, the roll was again called and the motion that the entire matter be postponed for one week, and be made a special order of business at 2:30 P.M. on Monday, January 15, 1940, carried by unanimous vote.

SPECIAL ORDER—2:30 P. M.

Report on Stop and Go Signals

Mr. Ralph Wiley, Department of Electricity, on motion by Supervisor Uhl, invited to appear before the Board to discuss the matter of "Stop" and "Go" signals.

December 11, 1939—*Action Postponed until December* 18, 1939, *at* 2:30 *P. M. because of Mr. Wiley's absence from the city.*

December 18, 1939—*Action postponed until December* 26, 1939, *at* 2:30 *P. M.*

SPECIAL ORDER — 3:30 P. M.

Non-Resident Relief

Pursuant to order made before recess at 12:35 P.M., the question of relief for non-residents was taken up.

Supervisor Uhl presented several cases of non-residents whose need for relief was most urgent. These cases were of people who, because of their inability under the state law to qualify as residents of San Francisco, or of California, although they had been living in San Francisco for several years.

Mr. Frank Y. McLaughlin, Director of Public Relief, explained conditions and the provisions of state and municipal legislation affecting these people, and pointed out that under the present laws, his Commission was absolutely without authority to furnish additional relief.

Supervisor Colman moved the entire matter be referred to the Joint Finance and Public Welfare Committee, or to the Finance Committee alone, for consideration. Motion seconded by Supervisor Brown.

Supervisor Mead announced that he had no objection to reference to committee, but because of the urgency of the several cases action should be taken as early as possible, and suggested that if possible such meeting should be held immediately upon adjournment of the Board meeting.

In answer to Supervisor Roncovieri, who questioned the authority

of any committee to act in the matter, Mr. McLaughlin, Director of Relief, stated that only by amendment to the present ordinance regulating the affording of relief to non-residents, could any further relief be extended to these particular cases under consideration.

Thereupon, the Chair, having put the question on motion for reference to joint committee, no objection thereto having been raised, announced the entire matter so referred.

Following complaint by Superivsor Uhl that he was not a member of joint committee, and would, therefore, be handicapped in attempting to reach a satisfactory solution to the problem, the Chair announced that he would make Supervisor Uhl a member of the committee, to act as Chairman thereof.

Supervisor Brown announced that if the Board proposed to deal with the matter of relief to non-residents in any arbitrary manner, due notice should be given to the Public Welfare Commission, to the taxpayers, and to all others interested in the matter, and urged that no action be taken until all interested parties had been heard.

However, Supervisor Uhl announced a meeting of the joint committee in the Chambers of the Board, at 7 P. M., on January 8, 1940.

UNFINISHED BUSINESS

Final Passage

Amending Section 74, Chapter 1, Part II, of San Francisco Municipal Code, Relating to Patent Chimneys

(Series of 1939)

Bill No. 451, Ordinance No....., as follows:

Amending Section 74 of Chapter 1, Part II, of the San Francisco Municipal Code relating to chimneys, other than chimneys of masonry construction, providing for certificates of registration to be issued to persons, firms and corporations engaged in the business of altering, constructing or erecting chimneys, flues, vents or fireplaces, other than those of masonry construction, and providing for the amount to be paid for said certificates of registration as well as the amount to be paid for a permit to erect a chimney, flue, vent or fireplace, other than those of masonry construction, and repealing certain sections of the Municipal Code in conflict with this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 74, of Chapter 1, Part II, of the San Francisco Municipal Code is hereby amended to read as follows:

Section 74. *Chimney or Fireplace Installers.* No person, firm or corporation shall engage in the business of erecting, constructing, installing or repairing chimneys, flues, fireplaces or vents in any building in the City and County of San Francisco, except when said chimney or fireplace is of masonry construction, unless said person, firm or corporation has obtained a certificate of registration to so do as provided in this section. Any person, firm or corporation desiring to obtain a certificate of registration to engage in the business of erecting constructing, installing or repairing chimneys, flues, vents or fireplaces in the City and County of San Francisco, other than chimneys or fireplaces of masonry construction shall make application for such certificate to the Central Permit Bureau of the Department of Public Works on forms provided by said Bureau, and upon said certificate being granted shall pay to the Central Permit Bureau the fee for said certificate which is hereby fixed at $20.00 per year, provided that no certificate shall be necessary for the erection, construction, installation or repair of chimneys, flues or fireplaces when said chimneys, flues or fireplaces are of masonry construction, for the reason that the cost of the inspection of the last mentioned character of chimneys is provided for in subsection (a) of Section 64 of this Chapter. The fee for any certificate of registration provided for in this section shall

be payable to the Central Permit Bureau on January 1st of each year and said certificate shall remain effective for one year. The full fee to be paid for any certificate issued after January 1st in any year shall be paid at the date of the issuance of said certificate and the right to do business under said certificate shall expire on the 1st day of January following the issuance of said certificate. Upon said certificate being issued the name of said person, firm or corporation to whom said certificate has been issued shall be registered with said Central Permit Bureau and said certificate shall be posted in a conspicuous place in the place of business of the person, firm or corporation named in said certificate. Persons, firms or corporations paying the amount herein provided for the issuance of said certificate shall not be subject to the payment of any license fee as provided for in Sections 200 to 207 of Part III of the Municipal Code so long as they perform only chimney work.

Upon the completion of the erection, construction or repair of any chimney, fireplace, flue or vent, other than those of masonry construction, it shall be the duty of the individual, co-partnership or corporation erecting, constructing or repairing said chimney, fireplace, flue or vent to notify the Department of Public Works of such completion and the latter shall at once cause the same to be inspected and if found in compliance with the provisions of this section shall make and deliver to the person, firm or corporation constructing, erecting, repairing or completing said chimney, fireplace, flue or vent a certificate or report of such inspection, which said certificate or report shall specify whether or not said work has been performed in compliance with the provisions of this Chapter, and if not in compliance therewith, said certificate or report shall state wherein said work does not comply with the provisions of this Chapter. It shall be the duty of the Department of Public Works to keep on file in its office a duplicate of all certificates or reports issued in conformity with the provisions of this section, which at all times shall be subject to the inspection of the public.

No flue, chimney, fireplace or vent hereafter constructed, altered or repaired, other than those of masonry construction, shall be used until the same have been inspected by the Building Inspection Bureau of the Department of Public Works and until a label has been affixed to said flue pipe or chimney by the Department of Public Works certifying that the said work has been done in compliance with the provisions of this Chapter, nor shall any chimney, flue pipe or vent be plastered over or otherwise enclosed in any building until such label shall have been so affixed.

No person, firm or corporation shall erect, construct, alter or repair any chimney, vent or flue without a permit to so do by the Central Permit Bureau, except when said chimney or flue is of masonry construction and is subject to inspection and approval by the general building laws applicable to the building or structure in which said chimney or flue is situated.

In addition to the amount to be charged for the certificate of registration hereinbefore provided for, any person, firm or corporation erecting, constructing, altering or repairing any chimney, vent or flue, other than those of masonry construction, shall pay to the Central Permit Bureau the following sums, to-wit:

For each permit for chimneys, flues or vents in new buildings Fifty Cents for each building in which said chimney, flue or vent is situated, and for each chimney, flue or vent in any old building Two Dollars for each building in which said chimney, flue or vent is situated. Said fee shall be payable to the Central Permit Bureau at the time said permit is issued provided that said Central Permit Bureau may issue said permits for chimneys, vents or flues in new buildings in books

of twenty-five permits in each book upon the payment of $12.50 for each book, and in books of ten permits in each book for chimneys, flues or vents in old buildings upon the payment of $20.00 for each book. The Director of Public Works and the Controller are hereby authorized to make the necessary rules and regulations for the issuance, use, accounting and return of said permits issued in book form.

Nothing in this ordinance contained shall prevent any person, firm or corporation that has been duly licensed and registered as a master plumber, as provided in Chapter 7, Part II, of this Code, from erecting, constructing, altering, installing or repairing chimneys, vents and flues, other than those of masonry construction, provided that said master plumber shall pay to the Central Permit Bureau the fees herein provided for permits to erect, construct, alter, install or repair said chimneys, vents and flues, and said master plumbers shall not be required to pay the certificate of registration fee hereinbefore provided for in this ordinance.

Annual or quarterly permits issued any individual, firm or corporation pursuant to the provisions of subdivision (c) of Section 64, Chapter 1, Part II, of this Code, and extending for periods of time beyond December 31, 1939, are hereby declared to be null and void after December 31, 1939. Upon application by such permittee to the Central Permit Bureau, said permit extending for a period of time beyond December 31, 1939, shall be prorated up to and including December 31, 1939, and the unused balance of such permit fee refunded to the permittee.

Section 64, Chapter 1, Part II, of the San Francisco Municipal Code, in so far as it is in conflict with this section, is hereby repealed, and Section 130 of Part III of said Code is also repealed.

Finally passed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors McGowan, McSheehy—2.

Confirming Sale of Certain Land on Alemany Blvd., East of Liebig Street to James H. Morrissey

(Series of 1939)

Resolution No. 741, as follows:

Confirming sale of certain land on Alemany Blvd., east of Liebig Street to James H. Morrissey.

Whereas, pursuant to Ordinance No. 213, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on December 5, 1939, for the sale of certain City owned land situated in the City and County of San Francisco, State of California, being a portion of Block "E" according to the "Map showing Subdivision of the property of Mission Street Land Company," filed July 31, 1895, in Book 1 of Maps, pages 195 and 196, in the office of the Recorder of the City and County of San Francisco, State of California, and more particularly described as follows:

Beginning at the point of intersection of the northeasterly line of Liebig Street and the proposed northerly line of Alemany Boulevard; running thence easterly along said line of Alemany Boulevard 70.50 feet; thence at a right angle northerly 5.98 feet, more or less, to the northerly line of the property described in the deed from Ocean Shore Railroad Company, a corporation, to City and County of San Francisco, a municipal corporation, dated February 20, 1925 and recorded April 6, 1925 in Book 1053 of Official Records at page 61

in the office of said Recorder; thence westerly along the last mentioned line 80.148 feet, more or less, to the northeasterly line of Liebig Street; thence southeasterly along said line Liebig Street 11.33 feet to the point of beginning.

Whereas, in response to said advertisement, James H. Morrissey offered to buy said land for the sum of $150.00 cash, no higher bids having been made or received; and

Whereas, said sum of $150.00 is more than 90% of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $150.00; and

Whereas, James H. Morrissey has paid the sum of $50.00 to the Director of Property as a deposit in connection with this transaction; and

Whereas, The Department of Public Works has recommended the sale of said property.

Now, Therefore, Be It Resolved, that said offer be and is hereby accepted.

Be It Further Resolved, that the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute the necessary deed for the conveyance of said land to James H. Morrissey, or his assignee. The Director of Property shall deliver said deed to the Grantee. The balance of the purchase price shall be paid by the buyer within thirty days after approval of this resolution.

Approved by the Director of Property.

Providing for Sale of $2,000,000 Tax Anticipation Notes

(Series of 1939)

Resolution No. 743, as follows:

Whereas, Ordinance No. 269, heretofore enacted by the Board of Supervisors of the City and County of San Francisco, authorized the issuance of certain Tax Anticipation Notes, the same to be issued as needed for the immediate requirements of the City and County in order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, Which appropriations will become due and payable prior to June 30, 1940, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, in order to meet the said immediate requirements of the said City and County it is necessary to forthwith issue and offer for sale Tax Anticipation Notes as authorized by said ordinance above mentioned to the amount of two million ($2,000,000.) dollars; now, therefore be it

Resolved, that the President of the Board of Supervisors of the City and County of San Francisco, the Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and County of San Francisco, the aforesaid Tax Anticipation Notes, to the amount of two million ($2,000,000.) dollars, and that said notes be offered for sale by this Board of Supervisors; and be it

Further Resolved, that the Clerk of this Board be and is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said Tax Anticipation Notes to the Amount of two million ($2,000,000.) dollars, and that sealed bids or offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3 o'clock P. M. on Monday, the 22nd day of January, 1940, and that said Tax Anticipation Notes will be sold to the bidder offering to accept and pay for said note or notes so sold at the lowest net interest cost to the City and County of San Francisco computed from the date fixed for the presentation of bids to May 10, 1940.

Further Resolved, that Orrick, Dahlquist, Neff and Herrington, attorneys at law, are employed to furnish legal opinion on validity of the above mentioned Tax Anticipation Notes authorized by Ordinance No. 269, the fee therefor to be $666.67.

Authorizing Subordination of Lien Securing Aid Furnished to an Indigent Person to a Mortgage or Deed of Trust

(Series of 1939)

Resolution No. 744, as follows:

Whereas, an instrument executed by Thomas Durnin was recorded in the office of the Recorder of the City and County of San Francsco, State of California, on November 3, 1939, as per Recorder's Document No. 0-21338 of Official Records, which said instrument created a lien in favor of City and County of San Francisco, on the following real property situate in the City and County of San Francisco, State of California, described as:

Commencing at a point on the westerly line of Twenty-third Avenue, distant thereon 21 feet 7 inches southerly from the southerly line of Balboa Street; running thence southerly along the westerly line of Twenty-third Avenue 25 feet; thence at a right angle westerly 82 feet 6 inches; thence at a right angle northerly 25 feet and thence at a right angle easterly 82 feet 6 inches to the westerly line of Twenty-third Avenue and the point of commencement.

Being a portion of Outside Land Block Number 358; and

Whereas, said lien is subject and subordinate to the lien or charge upon said land of a mortgage given to secure the payment of $2750.00 and other obligations; and

Whereas, the mortgagee under said mortgage has demanded payment of all sums secured thereby, and unless all of said sums are paid the said property will be lost by foreclosure and

Whereas, said Thomas Durnin and Mary E. Durnin, his wife, has obtained a loan for the purpose of paying the indebtedness secured by the aforesaid mortgage, which said loan is to be secured by a new mortgage or deed of trust on said property, and

Whereas, said loan cannot be consummated unless the lien secured by the instrument recorded as aforesaid is subordinated to the lien or charge upon said land of the mortgage or deed of trust to be given as security for such loan, and

Whereas, such subordination is necessary for the protection and preservation of said lien in favor of City and County of San Francisco.

Now, therefore, be it resolved, that David A. Barry, Clerk of the Board of Supervisors of said City and County of San Francisco be and he is hereby instructed to execute such instrument as may be required to effect such subordination.

Providing for Subordination of Lien on Property Filed Re Aid Granted, to Mortage, or Deed of Trust, Given to Renew or Refinance Any Mortgage or Deed of Trust, or Other Encumbrance.

(Series of 1939)

Bill No. 470, Ordinance No. ....., as follows:

Amending Ordinance No. 18.013 entitled "An Ordinance Providing for the reimbursement of the City and County of San Francisco for Aid Granted to Persons Either Directly or by Institutional Care and Directing the Officer, Board or Commission Giving or Granting Such

Aid, Either Directly or by Institutional Care, to Provide for the Reimbursement of the City and County for the Amount of Aid so Granted, and Directing the Taking of Applications from the Person or Persons Receiving Said Aid for the Reimbursement of the City and County for Said Aid so Granted," by adding a section thereto to be known as Section 6 thereof.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 18.013 is hereby amended by adding thereto the following section:

Section 6. Any lien created by the recording of an agreement to reimburse for moneys expended or aid granted or given pursuant to the provisions of this ordinance may be released by the Board of Supervisors upon payment to the City and County of San Francisco of the amount of aid repayment of which is thereby secured or upon payment to the City and County of San Francisco of such amount as in the opinion of the Board of Supervisors equals the net amount which would be realized in the event that said lien was foreclosed, and any such lien may be subordinated by the Board of Supervisors to the lien of any mortgage or deed of trust given to renew or refinance any mortgage, deed of trust or other encumbrance, the lien of charge of which had priority over such lien. In any case in which the Board of Supervisors determines, after investigation, that the purposes of this ordinance will be served by releasing any such lien, in whole or in part, or by subordinating the same to any encumbrance, and determines that the property affected by such lien is at the time owned by the recipient of aid, the Board of Supervisors may release such lien, in whole or in part, or may subordinate the same to one or more designated encumbrances executed by the recipient of aid without consideration or for such consideration as the Board of Supervisors shall determine.

The releases, reconveyances, subordinations and consents herein provided for shall be authorized by a resolution of the Board of Supervisors, and the instruments of release, reconveyance, subordination or consents shall be executed by the Clerk of the Board of Supervisors, designated by the Board of Supervisors, in the name of the City and County of San Francisco, a municipal corporation, and any release, reconveyance, subordination or consent authorized by the Board of Supervisors and executed by the Clerk of said Board shall conclusively bind the City and County of San Francisco in favor of any bona fide purchaser or encumbrancer for value.

(Series of 1939)

Bill No. 471, Ordinace No. ....., as follows:

Authorizing an appropriation of $3,000 out of surplus existing in Appropriation No. 902.901.00, to the credit of Appropriation 902.901.01 to

provide funds for the compensation of 1 B78 San Francisco Exposition Commissioner at $500 per month (Mayor Exposition Organization) for the period January 1, 1940 to June 30, 1940.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $3,000 is hereby appropriated out of surplus existing in Appropriation No. 902.901.00, to the credit of Appropriation No. 902.901.01, to provide funds for the compensation of 1 B78 San Francisco Exposition Commissioner at $500 per month (Mayor Exposition Organization) for the period January 1, 1940 to June 30, 1940.

Approved by the Mayor.

Approved as to funds available by the Controller.

Approved as to form by the City Attorney.

Approved by the Civil Service Commission.

Supervisor Uhl objected to the proposed employment of Exposition Commissioner—especially before the opening of the San Francisco Building. He held further that he believed the building to be under the jurisdiction of the Director of Property.

Thereupon, the roll was called and the foregoing bill was Passed for Second Reading by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors McGowan, McSheehy—2.

Re-reference to Committee

The following recommendation of the Public Welfare Committee was taken up:

Clerk Authorized to Sign Non-Resident Bi-County Agreement, Palgrave Holmes Coates.

(Series of 1939)

Resolution No....., as follows:

Resolved, That, in accordance with Section 2503 of the California Welfare and Institutions Code, the Clerk of this Board be and he is hereby authorized to sign for the City and County of San Francisco, the bi-county agreement, in triplicate, between the County of Los Angeles and the City and County of San Francisco for Palgrave Holmes Coates to remain in San Francisco during such time as he receives relief through the Works Progress Administration or the State Relief Administration and one year thereafter, without losing residence in Los Angeles County. This agreement has already been approved by the Board of Supervisors of Los Angeles County and executed by its Chairman on December 19, 1939.

On motion by Supervisor Uhl, the foregoing matter was re-refered to the Public Welfare Committee.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

In Memoriam—Paul James Ost

(Series of 1939)

Supervisor Colman presented Resolution No. 746, as follows:

Whereas, Paul James Ost, has been summoned to his eternal reward, and

Whereas, For the past thirty years Mr. Ost has served the City and County of San Francisco faithfully and efficiently until at the time of his demise he occupied the position of General Manager and Chief Engineer of the Electric Power Bureau of the Public Utilities Commission, and

Whereas, San Francisco owes a deep debt of gratitude to Mr. Ost for the many valuable achievements which he brought about while in its service, among which are:

The design of, and supervision over installation of our fire alarm system;

Engineering studies incident to the maintenance and operation of the Municipal Railway system;

The design of, and practically complete supervision over installation of the Hetch Hetchy Power System;

The design of our five new municipal street cars which are the vanguard of a fleet of such cars to be substituted for our present trolley cars; and

His invaluable contribution in connection with traffic studies and surveys in which work he had specialized for the past twenty years; and

Whereas, Mr. Ost was a man of simple dignity and unassuming mien, a man of highest character and integrity, a man who held the greatest consideration for the views, rights and welfare of his fellowman, a man whose passing leaves his family and host of friends with grieving hearts, now, therefore, be it

Resolved, That this Board of Supervisors notes with sincere regret the passing of Paul J. Ost and takes this opportunity to convey expressions of profound sympathy to his sorrowing family, and, be it

Further Resolved, That when this Board adjourns this day, it does so out of respect to the memory of Paul James Ost, and, be it

Further Resolved, That an engrossed copy of this resolution be forwarded to the family of the late Paul James Ost.

Unanimously adopted by rising vote.

In Memoriam—Rinaldo Cuneo

(Series of 1939)

Supervisor Colman presented Resolution No. 747, as follows:

Whereas, Rinaldo Cuneo has been called to his eternal reward, and

Whereas, Born in San Francisco in 1877, Mr. Cuneo early developed

a talent for painting which he cultivated to the point where his canvasses are now the subject of widespread acclaim, and

Whereas, Mr. Cuneo brought fame and renown to San Francisco through his works on local landscapes, many of which were exhibited and are now displayed in European countries, and

Whereas, A deep sorrow pervades the hearts of art lovers in San Francisco and elsewhere; now, therefore, be it

Resolved, That the Board of Supervisors notes with sincere regret the passing of Rinaldo Cuneo, and takes this opportunity to express its heartfelt sympathy to his bereaved family, and be it

Further Resolved, That when this Board adjourns today, it does so out of respect to the memory of Rinaldo Cuneo.

Unanimously adopted by rising vote.

In Memoriam—Earl Gladman

(Series of 1939)

Supervisor Colman presented Resolution No. 748, as follows:

Whereas, Earl Gladman, attache in the office of Mayor Rossi, has been summoned to his eternal reward, and

Whereas, The untimely passing of Earl Gladman leaves us in a state of profound grief, and gives us pause to contemplate the inestimable loss which is ours, and

Whereas, Earl Gladman possessed, unstrained, all the qualities and attributes of a true gentleman and so comported himself during his sojourn upon this earth as to assure the inscription of his name in a place high in the Book of Gold, and

Whereas, The unswerving loyalty and devotion of Earl Gladman to his friend, Mayor Rossi, was a thing of inspiring and rare beauty enhanced in its richness by the reciprocal affection and esteem which Mayor Rossi felt for him, and

Whereas, It is with truly sorrowing hearts that this Board witnesses the departure from our midst of Earl Gladman, one who fulfilled his destiny in manhood and through his existence here, contributed his efforts toward a better life in this world; now, therefore, be it

Resolved, That this Board of Supervisors notes, with sincere regret, the passing of Earl Gladman and takes this opportunity to express its profound sympathy to his bereaved widow and family, expressing the hope that consolation for them may be found in the memory of his lovable character, his charitable disposition, and his indomitable will to do good, and be it

Further Resolved, That when this Board adjourns this day, it does so out of respect to the memory of the late Earl Gladman, and be it

Further Resolved, That a copy of this resolution be sent to the widow of Earl Gladman.

Unanimously adopted by rising vote.

Expression of Regard to Supervisor McGowan

(Series of 1939)

Supervisor Ratto presented Resolution No. 749, as follows:

Whereas, The Honorable John F. McGowan, junior member of this Board, in years, is absent from his seat on this inaugural day by reason of an illness which confines him to his home, and

Whereas, Even though the membership of this Board is assured of the early convalescence of John McGowan, it is cognizant of the very trying ordeal through which he has just passed, and is desirous of expressing its concern for his well-being and its heartfelt congratulations upon his conquest of the ailment with which he was visited, and

Whereas, It is the sincere desire of this Board that these legislative halls may once again, and soon, reverberate with the sonorous voice of John McGowan, raised in the cause of righteousness and progress; now, therefore, be it

Resolved, That this Board of Supervisors observes with unhappy but tender eyes the temporarily vacant seat of Supervisor McGowan and expresses the wish that shortly he may resume his place, resplendent in his political toga, with renewed physical energy and with increased fervor for his chosen work in the field of political science, and be it

Further Resolved, That a copy of this resolution be sent to the Honorable John F. McGowan.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors McGowan, McSheehy—2.

Adopted

The following resolution, presented by the Clerk, at the request of the Chief Administrative Officer, was taken up:

Authorizing Attendance of John J. Kane, Boiler Inspector at 19th Annual Convention of Certified Boiler & Elevator Inspectors, at Los Angeles, January 9, 10 and 11, 1940.

(Series of 1939)

Resolution No. 750, as follows:

Authorizing John J. Kane, Boiler Inspector, Department of Public Works, to attend 19th Annual Convention of Certified Boiler and Elevator Inspectors of California, to be held in Los Angeles, California, January 9, 10 and 11, 1940, as a representative of the Department of Public Works.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors McGowan, McSheehy—2.

Passage for Second Reading

The following recommendation of the Finance Committee was taken up:

Appropriating the Sum of $310 Out of Surplus Existing in Appropriation No. 901.101.00 to the Credit of Appropriation No. 901.102.00, to Provide Compensation for 1 General Clerk-Stenographer in the Office of the Clerk of the Board of Supervisors for a Period of Two Months, at $155 per Month.

(Series of 1939)

Bill No. 472, Ordinance No....., as follows:

Appropriating the sum of $310 out of surplus existing in Appropria-

tion No. 901.101.00 to the credit of Appropriation No. 901.102.00, to provide compensation for 1 General Clerk-Stenographer in the office of the Clerk of the Board of Supervisors for a period of two months, at $155 per month.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $310 is hereby appropriated and set aside out of surplus existing in Appropriation 901.101.00, Permanent Salaries, to the credit of Appropriation No. 901.102.00, Temporary Salaries, to provide compensation for 1 General Clerk-Stenographer in the office of the Clerk of the Board of Supervisors for a period of two months, at $155 per month.

Passed for second reading by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors McGowan, McSheehy—2.

Salary Standardization for Members of Building and Construction Trades Council.

Supervisor Mead presented a communication from the Building and Construction Trades Council, requesting that necessary action be initiated to provide for payment to mechanics and other employees in the City and County service, who are members of that organization, of wages equal to those being paid in private employment by collective bargaining agreements. It is requested further that the Salary Standardization report of the Civil Service Commission, submitted to the Board in February, 1939, be rejected, and that the Civil Service Commission be requested to submit to the Board for consideration, rates of pay for mechanics in the employ of the City and County of San Francisco and for a related classification. Prompt action is requested in order that Salary Standardization for this classification can be adopted by the Board prior to the time budgets are submitted for consideration.

Referred to Finance Committee.

Notification of Officials and Department Heads When Their Presence Is Required by the Board of Supervisors

Supervisor McSheehy moved that the matter of notification of officials and department heads whose presence is required by the Board of Supervisors, be referred to the Rules Committee for the formulation of a rule regarding the method of such notification.

No objection and so ordered.

Reference to Public Welfare Committee of Hearing on Relief

Supervisor Uhl requested that the discussion of the relief question in which Mr. Frank Y. McLaughlin, Director of Public Welfare, and a representative of the Governor's Commission were to be invited to appear before the Board to discuss the relief situation, consideration, of which would come before the special session of the State Legislature, and to which the Board had agreed at its meeting of Monday, December 18, 1939, be made a special order of business on Monday, January 15, 1940, at 2:30 P. M.

However, on motion by Supervisor Colman, the proposed hearing was referred to the Public Welfare Committee.

ADJOURNMENT

There being no further business, the Board, at the hour of 5:35 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, Monday, January 22, 1940.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Supervisor McGowan excused because of illness.

Consideration of Mayor's Veto

The following communication was presented and read by the clerk:

December 29, 1939

The Honorable
The Board of Supervisors
City Hall

Gentlemen:

I have before me Bill No. 440 passed by your Honorable Board on Tuesday, December, 26, 1939, which repeals certain sections of the Municipal Code dealing with the levying of license fees for revenue purposes. Similar license fees are levied in practically all cities in the Nation.

The sections under reference were enacted by the Board of Supervisors in 1920 after a series of public hearings and earnest study and consideration. These original sections were amended from time to time. The license fees were paid until the new charter became effective. Shortly thereafter the point was raised that a provision of the new charter deprived the city of the right to license for revenue purpose, and a decision of the Superior Court confirmed this contention. Thereafter, a majority of those subject to such license fees ceased to make payments.

On October 26, 1939, the Supreme Court of the State of California

in clear-cut language established the right of the city to license for revenue purposes.

The instant situation, therefore, gentlemen, is this:

Because of the decision of the lower court in 1933, the provisions of those sections of the Municipal Code dealing with the levying of license fees for revenue purposes were not complied with for more than five years; if compliance is now enforced, those subject to this license charge will not only have to pay the amount of the license due but will also have to pay the accumulated penalties for the past three years because of their failure to make payments within the time provided by law.

Because of the hardship which it is apparent would result if the past due penalties were now to be collected, it is now proposed to repeal the existing sections of the Municipal Code dealing with the levying of license fees for revenue purposes.

If we are to abandon entirely this source of municipal revenue we would in the final analysis, penalize property owners.

If there were a need in 1920 to assist property owners by levying license fees in order to provide a new source of local revenue that need is far greater today.

Over the past twenty years there has developed a new point of view as to the type and the scope of service which local government should render and the services of local government have been increased because of the mandates of the people—the mandates either from the people directly, or through the representatives of the people in the State and Federal legislative bodies. Among these services of local government are essentially, necessary humanitarian activities, caring for those who are aged, for widows, for needy children, for the blind, for the indigent sick, and for the countless social problems which unemployment creates. These are continuing problems which we can no longer with safety regard as of a temporary nature.

An analysis of these and all other services of local government establishes clearly that the property owner is neither the sole nor the principal beneficiary of such services. How then can we in fairness force the property owner to furnish practically all of the money to pay for these services? We must maintain a broad tax base in order to deal fairly with all our citizens.

The owners of real estate in San Francisco are doing their part in meeting the costs of government. I am reluctant to force them to make up the loss of money which must result from the repeal of these several sections of the Municipal Code which provide for licensing for revenue purposes. I can see no reason why many who engage in business in San Francisco and live elsewhere, should enjoy all the advantages of government without sharing in the cost of the same.

I am in sympathy with the principle of relieving present delinquents under the existing license ordinance from the penalties of delinquencies, but I am definitely of the opinion that prompt provisions should be made for the continuation of revenue licenses.

In view of these facts, I am reluctant to approve the repeal of the existing ordinances in the absence of definite commitment for the prompt enactment of a new ordinance providing licensing for revenue.

It would be possible, I am advised by the City Attorney, for the Finance Committee of the Board of Supervisors immediately to undertake the construction of a new frame-work of license ordinances for revenue purposes. If this were done it would, of course, be possible to work out the details of an equitable ordinance before the Board of Supervisors gave official consideration to the modification or repeal of

the existing ordinances. With the equitable instrument in hand on a basis that would be satisfactory to the parties at interest—including property owners—the repeal or modification of the existing ordinances could be expedited.

It would be my earnest recommendation that you give consideration to such a course of action.

For the reasons set forth, I advise you that I am returning to you disapproved, Bill No. 440.

Yours very truly,

Angelo J. Rossi,

Mayor

Amending San Francisco Municipal Code Concerning License Taxes

(Series of 1939)

Bill No. 440, Ordinance No. 432, as follows:

Amending San Francisco Municipal Code, concerning license taxes, by repealing Sections 84, 85, 87, 89, 101, 102, 103, 104, 105, 107, 114, 117, 124, 142, 144, 148, 151, 157, 186, 187, 188, 189, 190, and 191 of Article 2, of Part III of said Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Sections 84, 85, 87, 89, 101, 102, 103, 104, 105, 107, 114, 117, 124, 142, 144, 148, 151, 157, 186, 187, 188, 189, 190 and 191 of Article 2, of Part III of the Municipal Code are hereby repealed.

Approved as to form by the City Attorney.

Question: Shall the Ordinance pass notwithstanding the objection of the Mayor.

Policy re Licensing for Revenue

Supervisor Uhl stated that his vote on the question of passing the foregoing Bill, notwithstanding the Mayor's objection thereto, would depend largely on whether or not an ordinance to provide licenses

for revenue was subsequently to be enacted, and moved, that by way of policy, members of the Board go on record favoring a reasonable ordinance to provide licensing for revenue.

Motion Ruled Out of Order

The Chair ruled the foregoing motion out of order, based on opinion by the City Attorney that previous to ruling on the Mayor's veto, the Board could not enact another license for revenue ordinance.

Subsequently during the proceedings, other matters having been considered during the interim, Supervisor Uhl renewed his motion that as a matter of policy, the Board favor the enactment of a license for revenue ordinance.

Supervisor Roncovieri, following opinion by Mr. Walter Dold, Chief Deputy City Attorney, that he saw no objection to the motion, seconded same.

Motion Ruled Out of Order

Thereupon, the Chair again ruled the motion out of order, stating that the matter before the Board was consideration of the Mayor's veto. However, the matter would be in order at another time during the proceedings. His ruling, the Chair stated, was merely from a parliamentary standpoint, and he requested Supervisor Uhl to appeal therefrom.

Appeal from Decision of the Chair

Whereupon, Supervisor Uhl, seconded by Supervisor Roncovieri, appealed from the decision of the Chair.

Chair Sustained

Supervisor Colman, at the request of the Chair, put the appeal, and the Chair was sustained by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Schmidt—6.

Noes: Supervisors Roncovieri, Uhl—2.

Absent: Supervisors McGowan, McSheehy—2.

Excused from voting: Supervisor Shannon—1.

Privilege of the Floor

Supervisor Mead requested the privilege of the floor for Mr. James Adams.

Supervisor Brown announced that he had no objection to granting the privilege of the floor to any individual, but he felt that the Board was qualified to decide whether or not it desired to sustain or overrule the Mayor's veto, and moved that the matter be taken into the hands of the Board. Motion seconded by Supervisor Meyer.

However, on objection by Supervisor McSheehy, who stated that he thought the public should be heard before taking the matter into the hands of the Board, Supervisor Brown, with the consent of his second withdrew his motion and Mr. Adams was granted the privilege of the floor.

Mr. Adams announced that he was representing the Coordinating Committee for Repeal of Revenue Licenses, because of the inability of Mr. Will Merryman, formerly representing that committee to be present. Mr. Adams repeated briefly statements previously made by Merryman, and reiterated the promise of his group to cooperate fully with the Finance Committee and with the Board in the preparation of a new license ordinance for revenue.

Mr. Harry S. Young, Attorney, requested that the Mayor's veto be overruled, holding that only by that method could the relief from payment of back fees and penalties be afforded. His group, he stated, would cooperate with the Board in an endeavor to work out a new ordinance, but in any case, that would be a matter over which the

Board would have complete control. He announced that his group would be in favor of a reasonable license for revenue ordinance.

Mr. Samuel Cerf, Business Agent and President of Retail Cleaners Union, Local 93, A. F. of L., announced that his group was not a part of the organization represented by Mr. Merryman or Mr. Adams, or any of the other gentlemen who had appeared before the Board, but were vitally interested in the matter. He announced his group to be in favor of a reasonable ordinance, and had so gone on record. He considered that $3 per year would be sufficient fee for members of his group, and to that he would not object.

Mr. Ravella, Secretary-Treasurer of Associated Master Barbers, in requesting that the Mayor's veto be overruled, stated he represented a large but poor group of people, practically all of whom lived in San Francisco.

Mr. J. C. Kinard, representing the Real Estate Association of San Francisco, urged that the Mayor's veto be overruled. In reply to questioning by Supervisor Uhl, Mr. Kinard stated that his group would be favorable to a reasonable license for revenue ordinance, and had so stated in resolution adopted by the group working with the Chamber of Commerce. However, he considered the former rate of $40 per year entirely too much.

Mr. Andrew J. Gallagher answered statements made by Mr. Cerf, denying that he had made any statement to the effect that only big business men were opposed to the Mayor's veto, and not the little merchant. However, it seemed to him that before the Mayor's veto be overruled, his message thereon, which to him appeared to be most sensible, should be studied very carefully. He suggested that before the Mayor is given a "slap in the eye" it would be well to find out just who constitutes the so-called "Coordinating Committee." It would be well, also, to inquire as to how many people attended the meeting at the Chamber of Commerce. As to their willingness to pay their just share of cost of municipal government, during the past eighteen years not one group of people has ever come forward suggesting any legitimate tax it would be willing to pay, so, under the circumstances he objected to making a gift of some $1,200,000 to these people until some other plan to provide that they pay their just share of governmental costs had been formulated. He, therefore, urged that further consideration of the Mayor's veto be postponed until a new ordinance could be prepared.

Mr. George Baker, of the Citizens Voters Unity Council objected to relieving the various groups affected of some $1,200,000 back license fees and penalties, which they have collected from the consumer during the past three years, and should now turn into the city treasury. The Mayor's veto should be sustained.

Mr. Henry Warfield, also of the Citizens Voters Unity Council, urged that the Mayor's veto be sustained.

Matter in Hands of the Board

Thereupon, all citizens wishing to address the Board having been heard, the matter was taken into the hands of the Board.

Supervisor Uhl, in explaining his intended vote, announced that Mr. Merryman had told him that his following, and the Chamber of Commerce itself, were in favor of a reasonable license for revenue ordinance. Accordingly, taking Mr. Merryman at his word, and feeling progress can be made more rapidly by overruling the Mayor's veto and the immediate drafting of another ordinance, he would vote to overrule the veto.

Supervisor McSheehy announced that in accordance with the opinion of the City Attorney, confirmed by opinions of other attorneys whom he had consulted, he was prepared to vote to overrule the Mayor's veto.

Supervisor Roncovieri stated that his position was expressed in a brief paragraph in the Mayor's veto message, which he quoted, as follows:

"I am in sympathy with the principle of relieving present delinquents under the existing license ordinances from the penalties of delinquencies, but I am definitely of the opinion that prompt provisions should be made for the continuation of revenue licenses."

In continuing his discussion, Supervisor Roncovieri stated that he felt that no prompt provision would be made for such continuation of revenue licenses should the Mayor's veto be overruled—it would take months, probably years. It did, in fact, take nearly three years to enact the license for revenue ordinances now proposed to be repealed. The present ordinances have been in effect for twenty years, and during fifteen years of its existence he had heard no complaint. Shortly after the present charter was adopted the large oil companies decided to go into court on a technicality in the charter. They were then paying a license fee of $160 per year. Now they pay $25. That started the movement of finding fault wth the existing law. For five years, approximately, the matter has been pending in the Supreme Court. In so far as attorneys are concerned, they know very well that a case is not concluded until the Supreme Court has spoken. If, as he stated to Mr. Merryman, there is cause to complain that certain fees are too high, there should probably be some amendments to the existing ordinance. That was suggested to Mr. Merryman, and he was given thirty days within which to consult with his group and to suggest amendments to the existing law. However, the thirty days have passed and nothing has been done, and the Board does not know now how much certain fees should be according to Mr. Merryman's groups. The opponents to the present ordinance say they will not object to any reasonable fees, but that term is somewhat elastic. Supervisor Roncovieri wanted something tangible before the old ordinance was repealed. "Before you throw out your dirty water, get your clean water ready," he urged.

Supervisor Roncovieri stated he had no objection to vote in favor of forgiving the past three years' taxes, plus penalties, although five years' taxes are owed, because the Tax Collector and the City Attorney's Office had stated the taxes should not be collected. Although he was willing to forgive the back taxes and penalties he did want Mr. Merryman and his group to get busy and tell him just what they really want in the way of amendments to the existing ordinance. That, he felt, to be only fair.

Should the Mayor's veto be not sustained and the existing ordinances providing for license for revenue be repealed, he predicted none of the group represented by Mr. Merryman would come before the Board to offer any suggestions, and it would be two or three years before another ordinance would be enacted, which would amount to some ten or fifteen cents increase annually in the tax rate on real estate owners.

Supervisor Roncovieri desired to reduce the tax rate on real estate, improvements and personal property by broadening the tax base, and he did not believe that a license tax, which exists in practically every city in the country, should be discarded so easily. He urged that before repeal of the present ordinance, a new one should be ready for enactment, as suggested by the Mayor. Such new ordinance, the City Attorney had stated, could be unofficially drafted and considered, even though it might not be so sure a way as now being considered.

Supervisor Roncovieri declared that, in his opinion, no one knew what was being repealed—simply a series of numbers. He asserted that he was conscientiously performing his duty to the taxpayers and to himself in voting to sustain the Mayor's veto. He believed the stand

he was taking was right, although apparently he was alone in that stand. He would vote to sustain the Mayor's veto.

Supervisor Colman, in explanation of his stand in favor of repeal of the present license for revenue ordinances and the overruling of the Mayor's veto, stated that the only sure way to accomplish what was desired, the relieving of the many business and professional men from payment of delinquent taxes and the penalties thereon, was to overrule the Mayor's veto, thus repealing the existing ordinances. Practically all argument had been in favor of that course of action. Supervisor Colman was not, he stated, greatly concerned with the cooperation of the group of people represented by Mr. Merryman in the enactment of a new ordinance. That was a matter for the Board itself. If a fair ordinance should be enacted, it would have to be obeyed. He repeated the City Attorney's advice that "You must be off with the old before you can be on with the new." He believed, although in no spirit of unfriendliness to his Honor, that the Mayor's veto should be overruled.

Supervisor McSheehy objected to the statement by Supervisor Roncovieri that the members of the Board did not know what they were voting to repeal. He considered that statement to be unfair.

Mayor's Vote Overruled

Thereupon, the roll was called and the ordinance repealing various sections of the license ordinance providing for licensing for revenue, was passed, notwithstanding the objections of the Mayor, by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

No: Supervisor Roncovieri—1.

Absent: Supervisor McGowan—1.

Amending San Francisco Municipal Code by Repealing Various Sections Providing for License Taxes for Revenue Only

(Series of 1939)

Bill No. 450, Ordinance No....., as follows:

Amending San Francisco Municipal Code, concerning license taxes for revenue only, by repealing various sections of Article 2, Part III thereof, as follows: Section 113, Employment Offices; Section 121, Laundry Offices; Section 146, Transfer and Draying; Section 150, Warehouses; Section 153, Stage Line Agencies and Section 154, Dyeing and Cleaning Offices.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 113, Employment Offices, Section 121, Laundry Offices, Section 146, Transfer and Draying, Section 150, Warehouses, Section 153, Stage Line Agencies and Section 154, Dyeing and Cleaning Offices, providing for licenses for revenue only, of Article 2, Part III of the San Francisco Municipal Code are hereby repealed.

Approved as to form by the City Attorney.

January 8, 1940—*Consideration postponed for one week—to be taken up along with Consideration of Mayor's veto of Bill No.* 440.

Privilege of the Floor

Mr. Del Carlo, on being granted the privilege of the floor, explained the purport of the foregoing Bill, stating that it had been on the Cal-

endar of the Board at its previous meeting, and suggesting that it had been *finally passed* at that time.

Thereupon, the Chair ruled that the foregoing Bill had been *finally passed* at the meeting of January 8, 1940, and accordingly had no place on the calendar.

Whereupon Supervisor Roncovieri stated that there was no roll call on Bill 450 at the previous meeting, and he had been given no opportunity to vote as he conscientiously believed. Had he been given that opportunity he would have voted "No" thereon and he wished the record so to show.

Proposed Repeal of Additional Section of License Ordinance Referring to Money Lenders

Thereupon, Supervisor Brown announced that had the Chair not ruled the foregoing bill had been finally passed, he would have moved for amendment thereto to include Section 155 of Article 2, Part III of the Municipal Code, dealing with license fees for money lenders. The repeal of this section had been requested at a previous meeting of the Board, and the request had been concurred in by the City Attorney.

Supervisor Uhl announced that he was not in favor of the repeal as proposed, at that time. He stated further that he hoped, at the next meeting of the Board, to have a new ordinance prepared to provide for licensing for revenue.

Whereupon, the proposed repeal of Section 155 of Article 2, Part III of the Municipal Code, dealing with Money Lenders, was referred to the Finance Committee.

SPECIAL ORDER — 3:30 P. M.

Report on Stop and Go Signals

Mr. Ralph Wiley, Department of Electricity, on motion by Supervisor Uhl, invited to appear before the Board to discuss the matter of "Stop" and "Go" signals.

December 11, 1939—*Action Postponed until December* 18, 1939, *at* 2:30 *P. M. because of Mr. Wiley's absence from the city.*

December 18, 1939—*Action postponed until December* 26, 1939, *at* 2:30 *P. M.*

January 8, 1940—*Consideration postponed to January* 15, 1940, *at* 3:30 *P. M.*

Mr. Ralph Wiley explained at length the operation of Stop and Go signals in various sections of San Francisco, and the difficulties met due to the congestion of traffic on Mission Street, and the difference in length of blocks, north and south, and east and west, in the South of Market Street district. The virtual bottlenecks for automobile traffic at every intersection on Market Street, together with the necessarily slow street car speed and the relatively high potential automobile speed presented further difficulties in facilitating the movement of traffic on that street. Also, the differences in block lengths of the South of Market district from the North of Market districts added further to the problem. In concluding his remarks, Mr. Wiley read from portions of a letter written to the Mayor, citing the great growth in the number of traffic signals installed, without a single cent having been spent on any plan. In general, he stated, the timing of signals in San Francisco is nearly as good as can be expected, due to the difference in lengths of blocks in different parts of the city. Five different cycle lengths of time are used in the city. Mr. Wiley's other duties prevent him from giving the time necessary for a proper

survey of the entire situation. However, he felt that the moving of traffic could not be greatly expedited without certain physical changes being made in the streets.

Discussion

Following request by Supervisor Uhl for information on the foregoing Bill, and his objection to passage of same at this time, Supervisor Schmidt moved that the matter be temporarily postponed.

Following his motion, Supervisor Schmidt requested information concerning employments set up in the proposed salary ordinance amendment, which employments, however, were not affected by the proposed amendment.

Mr. Eric Cullenward, Executive Secretary to the Mayor, explained the intent of the proposed amendment, and stated that there was no

intention, at the present time, to fill other positions provided for in the ordinance.

Thereupon, Supervisor Uhl announced his opposition to the amendment and his intention to vote "No" on the amendment.

Passage for Second Reading

Whereupon, the roll was called and the foregoing Bill was Passed for Second Reading by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes: Supervisors Schmidt, Uhl—2.

Absent: Supervisor McGowan—1.

Final Passage

The following recommendations of the Finance Committee were taken up:

An Ordinance Amending Section 4 of the Ordinance Authorizing Tax Anticipation Notes for the Fiscal Year 1939-1940, and Declaring This Ordinance to be an Emergency Measure.

(Series of 1939)

Bill No. 482, Ordinance No. 433, as follows:

An ordinance amending Section 4 of the ordinance authorizing tax anticipation notes for the fiscal year 1939-1940, and declaring this ordinance to be an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That Section 4 of Ordinance No. 269 (Series of 1939), finally passed and adopted by the Board of Supervisors on August 28, 1939, is hereby amended to read as follows:

"Section 4. The aforesaid notes shall be issued and offered for sale by the Board of Supervisors at such time (prior to May 10, 1940) as may from time to time be provided by resolution of said Board, so as to meet the immediate requirements of said City and County of San Francisco, as aforesaid. Each such sale shall be made to the bidder offering to accept and pay for the note or notes so sold at the lowest net interest cost to said City and County computed from the date fixed for the presentation of bids to December 21, 1939 (in the case of such notes as shall be sold in the first half of said fiscal year), or to May 10, 1940 (in the case of such notes as shall be sold in the second half of said fiscal year); provided, however, that none of said notes shall be sold for less than the face amount thereof and accrued interest thereon to the date of delivery thereof. All notes issued in the second half of said fiscal year shall mature and become payable on May 10, 1940."

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of said emergency being as follows:

That the issuance of said tax anticipation notes is necessary in the second half of the fiscal year 1939-1940 to provide funds for the operation of Police and Fire Departments, maintenance of hospitals and relief homes, and for the care of the indigent sick and dependent poor, and for the preservation of the public peace, health and safety of the people of the City and County of San Francisco.

Finally passed by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McGowan—1.

Authorizing an Appropriation of $1,200 From the Emergency Reserve Fund to the Credit of the Superior Court to Provide Funds for the Purchase of Necessary Law Books for Use of Departments No. 17 and No. 18 which were Created by Action of the 1939 Legislature and Approved by the Governor July 22, 1939; an Emergency Ordinance.

(Series of 1939)

Bill No. 483, Ordinance No. 434, as follows:

Authorizing an appropriation of $1,200 from the Emergency Reserve Fund to the credit of the Superior Court to provide funds for the purchase of necessary law books for use of Departments No. 17 and No. 18 which were created by action of the 1939 Legislature and approved by the Governor July 22, 1939; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $1,200 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation No. 921.300.01 to provide funds for the purchase of necessary law books for the use of Departments No. 17 and No. 18 of the Superior Court.

Section 2. This ordinance is passed as an emergency ordinance and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, as the Superior Court is without sufficient funds to provide necessary law books for use of the above two departments which were created by action of the 1939 Legislature and approved by the Governor July 22, 1939.

Recommended by the Secretary of the Superior Court.

Approved by the Presiding Judge of the Superior Court.

Approved by the Mayor.

Approved as to form by the City Attorney.

Requesting Five-cent Ferry Rate to Treasure Island

(Series of 1939)

Supervisor Mead presented at the request of Supervisor McGowan: Resolution No. ....., as follows:

Whereas, The Golden Gate International Exposition will re-open in May of this year, and

Whereas, It is conducive to the success of this year's Exposition that transportation costs involved in traveling to and from Treasure Island be reduced to a minimum, thereby increasing attendance, and

Whereas, An examination of Railroad Commission reports discloses that during the Exposition in 1939, the Key Route, even though operating at a loss on the Oakland side, realized a very handsome profit on the venture as a whole, and

Whereas, There is now pending before the Railroad Commission, the petition of the Key Route asking that the transportation rates to Treasure Island be established at the same rate which prevailed last year, namely ten cents, now, therefore, be it

Resolved, That this Board of Supervisors acting in the interests of the people of San Francisco does hereby petition the Railroad Commission and does request that transportation rates from San Francisco to Treasure Island be established at five cents, and be it

Further Resolved, That the City Attorney be and is hereby requested to appear before the Railroad Commission and oppose the petition of the Key System requesting the establishment of a ten cent fare for transportation from San Francisco to Treasure Island, during the 1940 Exposition.

Requesting City Attorney to Draft Ordinance to Govern the Handling, Issuance and Audit of Traffic Citations

(Series of 1939)

Supervisor Ratto presented Resolution No. ....., as follows:

Whereas, In the report made to the Presiding Municipal Judge, J. E. White, by Lieutenant Franklin M. Kreml, Director of the Safety Division for the International Association of Chiefs of Police, and organizer of San Francisco's new Accident Prevention Bureau, it is stated that 60.3% of all traffic citations for serious violations involving motion of vehicles were dismissed or "fixed," and

Whereas, It is further stated that 65% of the felony violations were suspended or dismissed with no penalty whatsoever, and

Whereas, The report further states that 12,411 citations involving moving violations or defective equipment, were cancelled outright with no court hearing, and

Whereas, Including parking, all moving violations, and all other cases before the Municipal Court or the Traffic Fines Bureau, it is stated in the report that 87.2% received no penalty, and

Whereas, Lieutenant Kreml states that with the correction of these conditions, San Francisco's Accident Prevention Bureau can reduce deaths and injuries on San Francisco's streets by at least 40%, in contrast to a 25% increase for the period covered by the above statements; now, therefore, be it

Resolved, That the Board of Supervisors respectfully refer to the City Attorney for drafting, an ordinance, as recommended by Lieutenant Kreml, to govern the handling, issuance, and audit of traffic citations, and making it a misdemeanor to cancel or withdraw any citation; and, further, providing for the publishing in at least one daily newspaper of a monthly audit of the citations, showing the disposition thereof.

Authorizing the Director of Property to Lease Certain Real Property in the City and County of San Francisco for Fair and Exposition Purposes.

(Series of 1939)

Supervisor Ratto presented Bill No. ....., Ordinance No. ....., as follows:

Authorizing the Director of Property to lease certain real property in the City and County of San Francisco for Fair and Exposition purposes.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. Pursuant to that certain act of the legislature of the State of California approved May 9, 1935 (Statutes 1935, chapter 162) amending that act of said legislature approved June 13, 1933 hereinafter referred to and pursuant to section 93 of the charter and in accordance with the recommendation of the Public Utilities Commission the Director of Property is hereby authorized to lease (a) those certain tidelands and submerged lands in the City and County of San Francisco hereinafter referred to, now in course of reclamation and improvement, with the improvements thereon or to be placed thereon, for use only for fair and exposition purposes, and (b) in connection therewith and as a part thereof, that certain lot of land hereinafter described, with the improvements thereon, for the administration of said fair and exposition, to the highest responsible bidder at the highest monthly rent, and for a term which shall not extend beyond the first day of January, 1941. The said lease shall include such terms and conditions as said commission may recommend to the director of property as necessary or proper with regard to the ultimate use of said tidelands and submerged lands as a public airport.

The said lease shall also impose upon the lessee or lessees therein an obligation to contribute to the costs of the works of reclaiming and improving said tidelands and submerged lands in accordance with the recommendations of said Public Utilities Commission as set forth in the resolution of said commission adopted on the 13th day of July,

1936, a duly certified copy whereof was on the 16th day of July, 1936, filed with the Clerk of the Board of Supervisors of the City and County of San Francisco, to which reference is hereby made for the further particulars thereof.

Section 2. The tidelands and submerged lands, referred to in subdivision (a) of Section 1 hereof, the lease whereof is authorized as aforesaid, are those lands which are more particularly described in that act of the legislature of the State of California entitled "An act granting certain tidelands and submerged lands of the State of California to the City and County of San Francisco for development and use as a public airport, regulating the management, use, lease and control thereof, authorizing the reclamation and certain improvements of said lands and the construction and maintenance of a bridge or causeway connecting said lands with Yerba Buena Island" approved June 13, 1933. The lot of land referred to in subdivision (b) of Section 1 hereof, the lease of which is authorized as aforesaid, is that certain lot in said City and County of San Francisco described as follows:

Commencing at the point of intersection of the southerly line of Bush Street with the easterly line of Stockton Street; running thence easterly along the southerly line of Bush Street 137.5 feet; thence at right angles southerly 137.5 feet; thence at right angles westerly 137.5 feet to the easterly line of Stockton Street; thence northerly along said easterly line of Stockton Street 137.5 feet to the point of commencement.

Being a portion of 50 Vara Block No. 118.

Section 3. The Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute said lease in behalf of the City and County of San Francisco.

Referred to Finance Committee.

The following requests for information were made by Supervisor Uhl:

Supervisor Uhl asked that the Controller be requested to inform the Board as to the terms under which the Housing Authority borrowed money from the City and County prior to receipt of federal funds.

Supervisor Uhl requested that the Clerk obtain from Mr. E. G. Cahill, Manager of Utilities, a statement regarding reduced schedules for street cars and buses operated by the Municipal Railway.

Supervisor Uhl requested that the City Attorney furnish the Board with a written opinion as to non-forfeiture of franchises by street car companies which have substituted buses for street cars. The Supreme Court of an eastern State has ruled that street car companies could make such substitution of service.

Congratulations and Felicitations to Miss Mary A. Commerford

During the proceedings of the Board, Supervisor Colman congratulated Miss Mary A. Commerford, an attachee of the Office of the Clerk of the Board of Supervisors for her long service with the Board, and expressed the wishes of the entire Board that her faithful and efficient services may continue for many years to come.

ADJOURNMENT

Motion for Reconsideration

Supervisor McSheehy, seconded by Supervisor Mead, moved that the Board reconsider its action of October 23, 1939, whereby motion by Supervisor McSheehy, requesting his Honor, the Mayor, to prevail upon the Public Utilities Commission to the end that the policy set forth in Resolution No. 542 (Flat Water Rates) may be put into effect, failed.

Discussion

Supervisor McSheehy, in support of his motion for reconsideration, quoted from the Journal of Proceedings of the Board of Supervisors, meeting of October 23, 1939, as follows:

On September 18, 1939, our Board adopted Resolution No. 542, Series of 1939, introduced by our President, Supervisor Shannon, which reads as follows:

> "Whereas, there is now available for the people of San Francisco a plentiful and inexhaustible supply of water, and
>
> "Whereas, the excessive rates for water now in effect, require the rate payers to be stinting in their use of it, and
>
> "Whereas, the home owner, particularly, is severely hampered in his endeavor to beautify his property, and the city, through the maintenance of trees, shrubs, lawns and gardens, because of the almost prohibitive cost of the water necessary therefore, now therefore, be it
>
> "Resolved, that the Public Utilities Commission be and is hereby requested to consider the inauguration of a plan under which home owners shall hereafter pay a flat monthly rate for all water used, based on the average for each home consumer's water bills for the twenty-four months preceding the inauguration of such plan, or on any other basis that will give the people of San Francisco a flat rate."

The above resolution was referred to the Public Utilities Commission for a report, which was sent to this Board on October 9, 1939, some six weeks later. Copies of this 15-page report were sent to each member of the Board, stating that a great waste of water would result if the plan proposed in the resolution introduced by Supervisor Shannon were carried out, or in other words, the Commission is unalterably opposed to the removal of meters and the inauguration in San Francisco of a plan whereby water would be sold on a flat-rate basis similar to the system which existed for sixty years when the Spring Valley Water Company was the owner of the water system.

May I submit to you the following statement of facts as to the high cost of water in San Francisco and the average of 70,000,000 gallons of water flowing into the ocean every day. I have here at hand telegrams from 15 large cities—Albany, Baltimore, Cincinnati, Kansas City, Cleveland, Columbus, Buffalo, Milwaukee, New York City, Pittsburgh, Detroit, Portland, Oregon, Minneapolis, Philadelphia, Boston—showing that the average cost of water of these fifteen cities to the consumer is 10½c per 100 cu. ft., while the average cost of water to the consumer here in San Francisco is 30c per 100 cu. ft., almost three times as much.

In further support of his contentions, Supervisor McSheehy quoted various articles appearing in the local papers, as follows:

From the San Francisco Examiner, August 16, 1937:

SAN JOSE, S. F. IN WATER RATE PACT

San Jose, Aug. 15.—San Jose many have Hetch Hetchy water at 6 cents per thousand gallons if the city lays its own pipes from the Irvington portal and maintains its own lines, officials of San Francisco and San Jose agreed today.

Following a conference between E. G. Cahill, manager of San Francisco's water system, and City Manager Clarence Goodwin of San Jose, the rate provided for an average daily consumption of 7,000,000 gallons here.

From the San Francisco News, September 11, 1937:

10c WATER FOR PALO ALTO FORESEEN

HETCH-HETCHY PIPELINE TO BE PROJECTED

CAHILL PLAN CALLS FOR EXTENSION OF SERVICE FROM REDWOOD CITY REGION

Ten-cent water for Palo Alto, Stanford University, Menlo Park and the Veterans' Home at Mayfield was foreseen today in Utilities Mgr. E. G. Cahill's plan to build a new Hetch Hetchy water pipeline.

Mr. Cahill announced he would urge the Public Utilities Commission Monday to construct immediately a $265,000 pipeline from Redwood City to Mayfield. Palo Alto would pay $60,000, Stanford $10,000, San Francisco the remainder.

The line will bring Hetch Hetchy water to the Peninsula communities at the rate of 10c per 100 cubic feet. The low rate now applies only to new consumption, but will be general by the time the pipe is installed.

Mr. Cahill said the quality of water consumed by residents of the affected communities would be far better than at present.

A Public Works Administration grant of $117,000 had been sought.

"We can't wait for this money any longer," Mr. Cahill said. "We're losing good business every day we delay. So I shall ask the commission to go ahead and build the pipeline with local funds."

From the San Francisco Call-Bulletin, April 10, 1937:

"FOUNTAIN CITY" PROPOSAL FOR S. F. HAILED

Make San Francisco a "City of Fountains"—

This proposal, advanced editorially by The Call-Bulletin this week, has aroused enthusiastic response from San Francisco citizens and public officials.

"I heartily endorse this public spirited suggestion," declared Mayor Rossi. "I have wished for a long time that some citizen might donate two fountains for the ponds in our Civic Center.

"To make San Francisco famous as a 'City of Fountains," thus calling attention to our marvelous Hetch Hetchy water system, would do more to advertise the city than perhaps any other project."

City water might be furnished for the fountains without cost, E. G. Cahill, manager of utilities, revealed.

"Should such fountains be built, I would recommend to the Utilities Commission that the city furnish water," he said.

Cahill pointed out that millions of gallons of surplus water are now flowing daily to the sea.

Meanwhile The Call-Bulletin offices had been swamped with enthusiastic letters and telephone calls lauding the scheme.

It will be brought before the City Planning Commission at an early date, it was indicated.

From the San Francisco Examiner, January 8, 1937:

CITY WATER IS FOR USE!

Supervisor James B. McSheehy has performed a service to San Francisco in urging that water rates to individual consumers be reduced. He urges that lower charges will benefit the consumer and will encourage the development of gardens and the planting of trees along the city's streets.

The definite fact is that San Francisco receives more water from Hetch Hetchy than it can dispose of. More than half of its daily outlet of 128,000,000 gallons is turned over to the Modesto-Turlock Irrigation District for impounding, simply because the city has no other use for it.

To encourage industry, wholesale rates on water were reduced recently, but there has been no cut in the charges to the individual consumer and property owner since December, 1934.

Negotiations are pending to sell water at wholesale rates to suburban communities, which, the city's Water Department believes, will be a good business proposition.

But good business should begin at home.

Supervisor McSheehy advocates canceling the present meter charges and placing flat rates on water, such as obtained prior to 1921. This system, he asserts, would encourage door-yard gardens.

The Supervisor also advises the consumers' water bill be reduced by 10 per cent.

San Francisco, with its magnificent and practically inexhaustible water supply, might well try "wholesaling" its product to the individual consumer, as it will do to business.

The encouragement of gardens is part of the spirit of San Francisco.

The city is curiously treeless, yet trees will grow here, as is proved by the results in Golden Gate Park and the parkway along Funston Avenue.

A start could be made in planting trees along the wider streets, under the supervision of the Park Department.

Until Hetch Hetchy water reached San Francisco, this city had only a bare necessity; now it has superabundance and should take advantage of that great supply.

No one advocates impoverishing the Water Department through uneconomic rates, but the citizens should share in the advantage which the surplusage of water gives.

The Hetch Hetchy system was built for the good of the city. Its purpose should be fulfilled.

From the San Francisco News, December 12, 1939:

C. OF C. BACKS MOVE TO CUT WATER RATES

OFFICIALS ARGUE THAT REDUCTION WOULD WORK HARDSHIP ON TAXPAYERS

Renewal of efforts to obtain cheaper water for San Francisco today followed yesterday's recommendation of the Grand Jury for reduction of water rates and official announcement that a general rate reduction may be possible next year.

The San Francisco Chamber of Commerce asked the Public Utilities Commission to reconsider its requests for lower rates and for a more varied schedule of charges to aid commercial users.

Chamber officials, citing facts mentioned in the Grand Jury's annual report, said San Francisco's water charges are higher and in some cases twice as high as in other comparable cities.

They called attention to a letter written by W. W. Monahan, general manager, suggesting more varied charges and for a system of "surplus" rates for large users.

San Francisco's present water rate schedule is:

Cubic feet	Cents per 100 Cubic feet
First 3,300	25.9
Next 30,000	22.7
Next 300,000	18
All over 333,300	10

(A service charge, 70c for standard residential service, is added to the charge for water used.)

"This schedule unquestionably works toward a great hardship on the consumers of water between 30,000 and 300,000 cubic feet," Mr. Monahan stated.

"We cite that a concern using 250,000 cubic feet in San Francisco pays 22.7c per 100 cubic feet. A comparable user in Southern California pays 8.3c per 100 cubic feet."

He suggested a "surplus" charge system for large users setting a half-price rate for amounts of water used in excess of that for the preceding month or year. For example, a concern using 40,000 cubic feet at 22.7c per 100 cubic feet during one period would pay 11.35c for all over the 40,000 used in the next period.

Some of the rates, cited by chamber officials in showing San Francisco's residential and commercial charges in relation to other cities, follow:

	Cents per 100 Cubic feet
Los Angeles	
First 10,000	15.5
Next 40,000	13.1
Next 50,000	10.7
Next 200,000	8.3
Over 300,000	7.5
Oakland	
First 3,300	23
Next 30,000	21
Next 300,000	19
Over 333,300	16

First 500	20
Next 4,500	19
Next 5,000	18
Next 10,000	17
Next 30,000	12

Flat rate of 40c per 1,000 cubic feet.

Grand Jury Recommendation

Also from San Francisco News, December 5, 1939, comments on Grand Jury Report, as follows:

From the committee on the city's water department came the assertion that city water rates are too high and that department profits should be turned back to the consumers.

Diversion of Funds

It recommended against the practice of diverting unused funds for reduction of the tax rate and other purposes.

"From San Francisco News, December 15, 1939."

The campaign for reduced water rates, begun by the Chamber of Commerce, was renewed this week when the Grand Jury's annual report recommended a reduction. The report stated San Francisco's water rates were higher than those for comparable cities although only about 50 per cent of available water is used.—News, December 15, 1939.

From Booklet, "San Francisco Water and Power," published by the Public Utilities Commission in 1935, Page 1, as follows:

"The local sources of water supply purchased from the Spring Valley Water Company have a yield of 60 to 65 M. G. D., under ordinary rainfall conditions. The last few years, with rainfall markedly less than normal, threatened the adequacy of this supply so that the bringing in of the Hetch Hetchy water in October, 1934, was a welcome relief and assures ample water for years to come.

"The consumption of water from the present system ranges around 50 M. G. D. and ordinarily increases about 3 per cent per year. The combination of mountain and local sources, reinforced by a small amount of water secured from local wells for industrial use, will prove sufficient water for almost 5 millions of persons."

It takes about 400,000,000 gallons of water per day to generate the

power that is now being sold at Hetch Hetchy. Figured at 620 cubic feet of water per second.

The following profits have been reflected into tax rate for past six years:

1931-32	$ 273,000
1932-33	808,000
1933-34	901,000
1934-35	1,459,239
1935-36	1,255,477
1936-37	1,407,984

An average of $1,017,519 for six years.

Supervisor McSheehy, in further argument for the abolishing of the present meter charges and submitting a flat water rate for consumers, pointed out that the chief beneficiaries of reduction in the tax rate effected by transfer of surplus earnings from the Water Department, are the large building owners, whose consumption of water is very small, or who, in some cases, have their own water supply. He considered it unfair to thousands of small property owners to be charged a high rate for water, thus permitting the owners of large buildings to obtain the benefit of the consequently reduced tax rate.

Mr. E. G. Cahill, in reply to remarks by Supervisor McSheehy, and in answer to statements made by the press, stated that he could not tell what he had said in 1937 to some newspaper men. However, he did not think any newspaper man had mis-represented what he had said, but year after year times change, and the past two years have been dry years, and the statements by Supervisor McSheehy that San Francisco's reservoirs are over-flowing, is not correct, and not during the past two years has a single gallon of water been wasting into the sea. The City and County of San Francisco does not have the primary right to water in the Tuolumne watershed. Today the Hetch Hetchy reservoir is less than one-twelfth full; the Calaveras and the San Mateo County reservoirs are less than one-half filled.

In reply thereto, Supervisor McSheehy stated that he knew there were some 400,000,000 gallons of water flowing daily from Hetch Hetchy into Moccasin Creek for the production of electric power. The Raker Act fixes the amount of water that the Modesto-Turlock District receives; that district receives only a certain amount of water, and as there is no other place for the remainder to go, it necessarily goes into the Tuolumne River, and eventually into the ocean.

Mr. Cahill, in answer to statement concerning lower water rates in other cities, stated that no city to which San Francisco sells water has lower water rates than does San Francisco. Their water rates are identical. Palo Alto, for instance, takes a large quantity of water which it gets, of course, at a low rate. But Palo Alto has to distribute that water. San Francisco merely wholesales the water to Palo Alto. That is done to many large organizations in San Francisco. However, the rates, whether to large consumers in San Francisco, or to municipalities down the peninsula, are the same, depending on the amount of water consumption. The reason for low rates in many other cities was due to much smaller investments, or systems which had been operating for many years with the consequent reduction of indebtedness. In the case of the city of Tacoma, the water source was but a very short distance away.

In further reply to statement by Supervisor McSheehy that Palo

Alto obtains water from San Francisco at a six cent rate, for which, after distribution to the consumer, it receives 13½ cents per 100 cubic feet, Mr. Cahill answered that the City of San Francisco has never sold water to any corporation for six cents. The lowest water rate is ten cents. Mr. Cahill held that the ultimate rate to the consumer in Palo Alto was higher than that in San Francisco, for like quantities of water.

Thereupon, Supervisor McSheehy urged that reconsideration be voted, stating that if it were voted he would not press any further action immediately, but would sometime in the future, after he could properly prepare a resolution, ask for an investigation so he could convince members of the Board that he was right in reference to the consumption of water in San Francisco and in reference to wasting of water.

Supervisor Colman opposed the motion for reconsideration, stating that no reason had been presented therefor, nor could the Board, in any way, reduce water rates. San Francisco, Supervisor Colman held, does not have an inexhaustible water supply. The supply of water to San Francisco is limited by out pipe line to 70,000,000 gallons daily; to the peninsula district, the limit is 120,000,000 gallons. Additional consumption would require larger pipe lines, which could be built only by a bond issue. That would not be economical, but would result in greater expense, with the resulting increase in water rates and in the tax rate. Water rates have already been reduced three times. The reason our water rates are high is because we have not owned our system long enough to pay off the charges against it. The reason for low rates in the cities mentioned is because they have owned their systems for many years and their bond charges have been reduced. The Board should not reconsider its action.

Supervisor Brown agreed with the views expressed by Supervisor Colman. He also pointed out the predicament faced by New York City, due to an unwise increase in the use of water and the resulting difficulty in providing a sufficient water supply for its people. He believed the city should go very slowly on any proposition predicated on premises that would, he felt, result in unwisely and extravagantly increase its use of water. He opposed reconsideration.

Supervisor McSheehy, in closing, stated that Philadelphia has a flat water rate of 40 cents per 1000 cubic feet, or 4 cents per 100 cubic feet. No large corporation would countenance a deficit in one branch of its operations, to be made up from the profits of another branch. San Francisco should not expect a low tax rate to be supplemented by the earnings of its Water Department. He repeated his arguments regarding the surplus water from Hetch Hetchy eventually finding its way into the ocean, inasmuch as some 400,000,000 gallons of water are used daily for the generation of electric energy at Moccasin Creek, and as that amount of water cannot be used by the Modesto-Turlock district, it must eventually find its way into the Tuolumne River and subsequently into the ocean. He urged that his motion for reconsideration be approved, and stated that he would, if reconsideration should be allowed, within a few weeks bring in a report showing conclusively that water was running into the ocean. He would, also request the appointment of some disinterested engineer to make a survey of the entire project.

In view of the fact that Mayor Rossi appoints the Members of the Public Utilities Commission, it would seem incumbent upon him legally to exert his influence upon the Utilities Commission in an endeavor to have that body reconsider its present policy on water rates and act to comply with the obvious desires of the public, by the establishment of flat rates for water to individual consumers.

To accomplish that end he moved that the Board request his Honor, the Mayor, to prevail upon the Public Utilities Commission that the policy set forth in Resolution No. 542 may be put into effect.

Motion Lost

Thereupon, the roll was called and the motion lost by the following vote:

SPECIAL ORDER—3 P. M.

3:00 P. M.—Notice of Sale $2,000,000 of Tax Anticipation Notes

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 269, in the amount of two million dollars ($2,000,000) to be received by the Board of Supervisors up to the hour of 3 *o'clock P. M. on Monday, January* 22, 1940, and to be opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to-wit:

Notes in the amount of two million dollars ($2,000,000) in denominations of ten thousand dollars ($10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on May 10, 1940, and issued under authority of Ordinance No. 269 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1939-1940 without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1939-1940 in which said money represented by said notes, respectively, shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1939-1940 irrespective of the date the same shall be so received.

Said notes shall bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to May 10, 1940. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any or all bids.

All proposals for the purchase of said notes shall be accompanied

by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check or cashiers check for said five (5) per cent payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit need exceed the sum of ten thousand dollars ($10,000); which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Dahlquist, Neff and Herrington, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes will be furnished to the successful bidder or bidders for said notes without cost.

Bids

The following proposals for the purchase of $2,000,000 Tax Anticipation Notes were received, opened, read and referred to the Finance Committee:

1. AMERICAN TRUST COMPANY, ANGLO CALIFORNIA NATIONAL BANK, BANKAMERICA COMPANY, by AMERICAN TRUST COMPANY, L. H. EMPEY, ASSISTANT CASHIER—

   For the Two Million Dollars ($2,000,000.00) par value legally issued TAX ANTICIPATION NOTES OF THE CITY AND COUNTY OF SAN FRANCISCO, as advertised in your regular printed Notice of Sale, we hereby bid you par, plus accrued interest to the date of delivery; said Notes to be in the denomination of ten thousand dollars ($10,000.00) each; said Notes to be dated as of the day of delivery and to be payable to bearer on May 10, 1940; said Notes to bear interest at the rate of Eighteen Hundredths of One Per Centum (.18%) per annum, such interest to be paid at maturity of said Notes.

   (SUCCESSFUL BID.)

2. WEEDEN & CO., By VERNON KIMBALL—

   For $2,000,000 Tax Anticipation Notes of the City & County of San Francisco, Due May 10, 1940, to bear interest at the rate of Twenty-seven One-hundredths per Cent (.27%) per annum, we will pay you $2,000,000., being the par value thereof.

Adopted

Subseequently during the proceedings, the following recommendation of the Finance Committee was received, read and adopted:

Sale of $2,000,000 Tax Anticipation Notes

(Series of 1939)

Resolution No. 774, as follows:

Whereas, Due notice was given as provided by Ordinance No. 269 that sealed proposals for the purchase of Two Million ($2,000,000) Dollars Tax Anticipation Notes of the City and County of San Fran-

cisco would be received by the Board of Supervisors up to the hour of 3 o'clock P. M. on Monday, January 22, 1940, and opened and considered by said Board at said time; and

Whereas, Two bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore be it

Resolved, That the bid of American Trust Company, Anglo California National Bank, Bankamerica Company, by American Trust Company, L. H. Empey, Assistant Cashier, being the best bid offered, is hereby accepted, to-wit:

For the Two Million Dollars ($2,000,000.00) par value legally issued TAX ANTICIPATION NOTES OF THE CITY AND COUNTY OF SAN FRANCISCO, as advertised in your regular printed Notice of Sale, we hereby bid you par, plus accrued interest to the date of delivery; said Notes to be in the denomination of ten thousand dollars ($10,000.00) each; said Notes to be dated as of the day of delivery and to be payable to bearer on May 10, 1940; said Notes to bear interest at the rate of Eighteen Hundredths of One Per Centum (.18%) per annum, such interest to be paid at maturity of said Notes.

That all other bids for said Notes be rejected and the Clerk is hereby directed to return the check to the unsuccessful bidder.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

SPECIAL ORDER 3:30 P. M.

By Order of the President

His Honor the Mayor to present his Annual Message, as follows:

January 8, 1940.

To the Honorable
The Board of Supervisors
City Hall, San Francisco

Gentlemen:

Provisions of Section 25 of the Charter of the City and County of San Francisco, require me annually to acquaint your Honorable Board with the state of municipal affairs, and to make pertinent comments on outstanding matters, together with such recommendations for future consideration as may appear necessary.

You will note herein reference to several important problems now facing our city. Also, detailed analyses of the activities of the various

departments handed to me by their proper heads, in the annual message, hereto appended.

February eighteenth witnessed the opening of the Golden Gate International Exposition on Treasure Island, a precinct of San Francisco and the largest man-made body of land in the history of engineering. This glorious scene charmed the eyes of more than ten millions in the period February 18th to October 29th.

Of the one and a half million tourist visitors to California in 1939, Californians, Inc., estimates that one million visited Treasure Island. Nearly half, these statistics show, had never been to California before, which is significant of the wide appeal of Exposition publicity, prior to its opening.

Having had close contact with the project for an Exposition in 1939, and the various steps taken to insure its production and administration, I feel that I reflect the opinions of a great majority of Californians in forecasting great benefit to the Bay Region and the State at large, from the Golden Gate International Exposition.

The decision to re-open the Exposition for four months in 1940, beginning on May 25th, is the result of many weeks of incessant attention of many of our citizens. I trust all loyal citizens will do their utmost to bring success to this enterprise, which means so much for the progress of our city.

The Mayor's office, during 1939, received royalty, foreign ministers, commissioners, and Federal officials of note, whose desire to see the Exposition brought them to our hospitable shores. These received a hearty welcome and, in many cases, further courtesies during their welcome stay with us.

During several months prior to its opening, and from February 18th until the close of the Exposition, October 29th, the Mayor or an official was called upon, on two hundred and fifty-three occasions to officiate on Treasure Island. These appointments covered a varied scope.

The opening of exhibit palaces, by representatives of the governments interested, called for many journeys to the Island; and, on many days the Mayor took formal part in three or four programs.

The most eagerly sought attraction at the Exposition was the exhibition of European art, from the Fourteenth through the Nineteenth Centuries, which was assembled by Dr. Walter Heil, Director of San Francisco's Municipal Museums.

Never in the United States has such a gorgeous collection been brought forth. More than two million visitors gave hours of rapt attention to the treasures of this astounding department.

For his untiring energies and influential services in bringing these peerless examples of art to Treasure Island, hearty thanks are due Dr. Heil.

During this year of the Golden Gate International Exposition, appropriations for the construction and maintenance of the San Francisco Building on Treasure Island were more than justified by the wide public service the Building rendered both to local citizens and visitors from all parts of the world.

A striking example of modern architecture and interior decorating, the San Francisco Building, without notable exploitation by press or radio, attracted hundreds of thousands of visitors. We have had many assurances that this delightful center of rest and hospitality was outstanding, not only in this Exposition but unique in the history of such

undertakings anywhere. Aside from its normal purpose of supplying the public with a restful and delightful environment in which to become acquainted with the culture and progress of our city, the building was a mecca for thousands of music lovers who crowded its lounges and rotunda during the daily organ and vocal recitals and the week-end concerts by the Municipal Orchestra and prominent singers. Special entertainment events were common. Artists of international renown appeared in the large lounge adjoining the Mayor's suite. Among these were two famous string quartettes, a harpist and pianist, both known in musical circles all over the world. In addition, numerous groups from the city's playgrounds and public schools appeared in singing, dancing, and dramatic programs.

Receptions in honor of prominent figures in public life were frequent. The Crown Princes and Princesses of Norway and Denmark, ambassadors, ministers, Mrs. Eleanor Roosevelt, Al Smith, Mayor La Guardia of New York, Mayor Kelly of Chicago, and scores of notables were thus entertained. Clergy of all faiths were welcome guests at the building.

Special groups, also, were given public receptions. The United States Conference of Mayors Regional Meeting, the members of the State Legislature, the Convention of Police Chiefs, and the Convention of Fire Chiefs, the Civil Service Association, representatives of the State Federation of Labor, Customs Officials, delegates to the Inter-American Travel Congress, and other organizations received official greetings in the San Francisco Building.

The list of fraternal, social, service, professional, veteran, and civic organizations holding luncheons and teas there would be too numerous to mention in this report, but it should be said that no distinction was drawn in such entertainments for reasons of race, creed, or nationality. I was particularly pleased to arrange special days at the San Francisco Building for the old folks from the Laguna Honda Home, and was struck with the pleasure these visits to the Exposition and to the Host Building gave these, the City's guests.

In summing up, it might be said in all truth, that the success of the many official and semi-official functions and the favorable comment of more than a million visitors, from far and near, earned in publicity and goodwill far more than the dollars-and-cents expenditure which made the building possible.

I feel sure that a like commendable record will be made when the Fair re-opens in May, and take this means to remind the citizens that this is their building. I urge them to make it their headquarters during the "Fair in Forty."

I could not dismiss my reference to the Exposition without paying warm tribute to the landscaping done by Uncle John McLaren, and his assistant, Julius Girod. This landscaping, together with the remarkable lighting effects were two outstanding attractions at Treasure Island.

I cannot let this opportunity pass without drawing attention to the highly praiseworthy fact that during construction of the Exposition and throughout its life, there was no stoppage of work because of strikes or lockouts. Once again conservative labor leaders cooperated for the benefit of all the people.

Which brings me to an issue predominant in the minds of the people of the entire country and very much misunderstood insofar as San Francisco is concerned. I refer to labor problems and labor leadership.

It is because of the vital importance of the subject matter and because of a recognized necessity for constructive action in relations

thereto, I particularly desire to direct your attention to the city's industrial situation.

I feel I would be remiss in my duty and lacking in courage if I failed to deal with this subject at this time, or if I dealt with it in a manner lacking in frankness.

Prodigally endowed with geographical, climatic and other advantages, San Francisco is the natural gateway to the ocean of the future and is destined to be a great metropolis in spite of any momentary setback.

The city has a history which challenges the imagination of men and has always been held in high esteem and regard throughout the world.

San Francisco, for sixty years, has occupied an enviable position, not only because it was the focal center of one of the most amazing economic developments of modern history, but because its growth and progress have been accomplished to the accompaniment of a constant and increasing recognition of human rights.

All San Franciscans have experienced satisfaction and pride because the city was known as a human and lovable center.

I am not concerned at this time with the cultural development of the city, which has given it an enviable place among the cities of America, insofar as the encouragement of music, literature, painting, and sculpture are concerned. I am concerned at this time in bringing to your attention and to the minds of our people, the fundamentally sound bases on which the amazing industrial development of San Francisco was founded, with particular attention to the relationship between industry and organized labor.

Industry has flourished in San Francisco for approximately half a century, with an astounding record of consistent health—until the last five years.

It has been accepted as an incontestable truth that depression and panics had less effect in San Francisco than in any other city of the nation, and that the city had greater recuperative power than any other municipality.

While it has been true that all of our citizens have not lived in magnificent establishments, it is equally true that San Francisco has always been distinctive for the fact that we have practically no slum areas and have been free from the curse of gangsterism, which breeds in such areas.

I accept without qualification the finding of economists that these aspects of San Francisco life have been attributable in very large degree to the fact that the workers of the community long ago recognized the benefits flowing from sound organization and formed themselves into unions, which, under generally wise and prudent leadership, not only improved the condition of their members but made a lasting contribution to the upbuilding of the city.

During more than forty years, organized labor, under the leadership of men whose names occupy a place of honor on the national roll call of Labor, exercised an increasing influence in the life of the community and was part of the directing forces of every civic movement.

I do not pretend that organized labor was free from human faults nor do I pretend that finances or industry, or any other institution, is free from frailty.

There were episodes when mistakes, and serious mistakes, were made, but there never was a period when organized labor, as such, forgot its responsibility to the community or abandoned the fundamental principles upon which all civilized society must rest.

In common with thousands of employers, I accepted the word of

organized labor as being equivalent to a gilt-edged bond, and never had reason to regret it.

For many years I have enjoyed the confidence and friendship of leaders of labor and have had an exceptional opportunity to study, at first hand, the secret of their success in making their respective organizations strong, cohesive and self-respecting bodies of men.

I have always found it easier to illustrate my views by specific references rather than general statements, and in this connection I am fortunate in having enjoyed for thirty or thirty-five years the warm friendship of the late Michael Casey, International Vice-President of the Teamsters' Union.

No one familiar with the facts will question that the Teamsters' Union is one of the strongest organizations of its kind to be found in the United States or elsewhere, nor will anyone question that its upbuilding was largely the life work of Michael Casey.

In analyzing the reasons why the teamsters of San Francisco have enjoyed individually well paid jobs, under wholesome conditions, it has always been interesting to me to find that the employers of San Francisco considered a contract with the Teamsters' Union as safe, or safer, than any contract made by them covering finances, or other aspects of their business.

Michael Casey built the great strength and prosperity of the Teamsters' Union on the fundamental principle of good faith.

Another interesting maxim of Michael Casey's philosophy was "keep your men at work."

In a period of thirty-four years, from 1900 to 1934, this Teamsters' Union of San Francisco had never been on strike. It was a fundamental tenet of the Casey belief that a strike was a two edged weapon, which, once unsheathed, caused damage in all directions.

I can think of no better way to appraise him than to quote from a portion of the eulogy of His Excellency, Archbishop John J. Mitty, at Mr. Casey's funeral, May 5, 1937. His Excellency said:

> "Michael Casey made for himself a distinguished place in the history of this city and in the history of the labor movement in the United States. During all the years which he devoted to the labor cause, no man could ever doubt his sincerity, his integrity, his transparent honesty, his determination to battle for the rights of labor, his realization of the obligations of labor. His recognition of the rights of industry and likewise his demand that industry give to labor its just due. He was fair and just in the demands that he made upon industry and he was likewise insistent that labor give its full meed of justice to industry. He was a leader whom men could follow. He was a leader whom industrialists respected and admired. His word was his bond and men took it! In these days of industrial strife and unrest, it is a relief indeed to look upon a character of his type. He was no reckless leader; he was no racketeer; he labored in order that his fellow working men might attain a living wage and decent working conditions and he always fought his battle honestly and above board. He was ever mindful of the obligations, as well as the rights of labor and he was ever respectful of the rights of industry."

I could multiply indefinitely the instances in which sound unions were organized on the same bases as the Teamsters' Union. I do not enumerate them individually or specifically because of the fact that the Casey philosophy and his outstanding personality afford me the vehicle for pointing the discussion of the subject.

During the last five years we have experienced in San Francisco a temporary departure from sound principles.

In illustrating what I have in mind with relation to this phase of the matter, I am again going to use a personality.

Five years ago, Harry Bridges, an alien who brought to this country with him a consciousness of class distinction, inaugurated a regime in one section of labor the primary tenet of which was bad faith in relation to contracts and the indiscriminate use of the strike as a weapon of industrial progress.

I do Mr. Bridges no injustice when I assert that his philosophy of labor is based on bad faith.

Not only have violations of contracts executed by Mr. Bridges been innumerable but he personally has boasted, on many occasions, that he would observe a solemn contract entered into by him only so long as it was to his advantage.

Additionally, the Bridges philosophy not only involves the inculcation of hatred but the maintenance of agencies of publicity and propaganda constantly to fan the embers of hatred and to keep industrial relations in a state of turmoil.

I believe it is fair to state that Mr. Bridges' prominence in the labor movement in San Francisco stems from the general belief he was responsible for advantages won by the waterfront workers in an arbitration which took place in 1934.

It happens that as Mayor of San Francisco in 1934, I was more fully advised, I believe sincerely, than any other human being of what transpired at that time.

I have derived unlimited amusement from the so-called inside stories which have been published by politicians and others regarding that incident.

May I say to you that the tales which have been told were closer to fiction than they were to fact.

In general, let me recall that 75 or 80 per cent of the people of San Francisco were in sympathy with the waterfront workers in their attempt to better their condition.

I question if any labor leader ever had a more favorable situation to bring about a constructive solution than did Mr. Bridges.

Whether he just blundered or was beguiled by the idea that he could supplant constituted authority in San Francisco and become an extra-legal boss of the city, he plunged the Bay area into the general strike.

Having brought about chaos, he was bankrupt in ideas, and for three days, San Francisco faced one of the greatest crisis in its history.

As Mayor of San Francisco, I summoned advices from private life and induced them to share with me the burden and responsibility of maintaining constituted authority, or breaking up without qualification or compromise Bridges' abortive attempt at usurpation and saving legitimate organized labor from the terrible consequences of a population infuriated by the suggestion of an alien that he was going to starve it into submission.

Michael Casey, then seventy-eight years of age, emerged from a hospital. In the critical hours of the general strike, his unbroken record of good faith commanded the respect of every single adviser I had.

I do not overstate the fact one bit when I say that it was his character, his keen analysis of the situation, and his persuasive eloquence which swung events back into the channels of sanity.

Mr. Bridges does not know up to this minute how private citizens, summoned to my aid as advisers, bridged the gap after the general strike was crushed, and in negotiation with Mr. Casey and the ship owners secured the agreement to arbitrate which resulted in advantages to the longshoremen.

Michael Casey, not Harry Bridges, was the benefactor of the waterfront workers in 1934.

The accuracy of my statement is subject to confirmation by gentlemen entirely independent of me.

I refer to the publishers of the newspapers of the San Francisco Bay region.

They have all the facts.

The reason they have the facts is that they were the gentlemen who served the city so loyally in those critical days and by the weight of their influence secured the arbitration agreement after the blundering of Bridges had precipitated a calamitous situation and had alienated public opinion.

Were any other evidence necessary to prove conclusively the destructive effects of Bridges' leadership a review of the history of the waterfront in the last four years supplies the answer.

More than a thousand so-called quickie strikes, to protracted heartbreaking strikes over the Christmas period, the imposition of nagging and harassing regulations, which have driven commerce from our port and industries from our city, tell the story of labor leadership based on hatred, bad faith and irresponsible use of power.

San Francisco as a whole, and organized labor particularly, have paid enormous sums in money, privation and misery for this kind of leadership.

Possibly far more destructive, however, is the constant dissemination abroad of the untruthful statement that Organized Labor in San Francisco is under the domination of Bridges. Few people elsewhere ever hear of the tens of thousands of organized workers going about their daily tasks in San Francisco under wise and constructive leadership, enjoying excellent working conditions and contributing to the upbuilding of the community. They do hear constantly of Bridges' leadership of a portion of the waterfront workers, which seems to derive a sadistic pleasure from hatred and destruction.

To attempt to hide from ourselves the fact that San Francisco has been grievously injured would indicate not only a lack of courage but a lack of intelligence.

The burning question today is—what are we going to do about it? As the chief executive of the city, I recognize that as a matter of law the longshoremen have a right to be represented by a leader of their own choosing.

They will be protected in that right with all of the power of the city government.

No public authority, no employer, no person not a member of the longshoremen's union has any right or should be permitted to interfere in its internal concerns.

On the other hand, the rank and file of the longshoremen's union and organized labor as a whole should, in common with the rest of the populace of San Francisco take an inventory at this time to determine what is to be done to rebuild industry, commerce, and the good name of San Francisco.

It is going to be my purpose from time to time to inaugurate and encourage in every channel possible concurrent activities toward this end. In that endeavor I ask for, will welcome, and am entitled to the support of every citizen and of every organization within our bounds.

I am confident I will receive it.

Continued labor unrest will destroy this town. Peaceful labor relations will permit its progress.

After all this City came into being because Central and Northern California needed a center for services and supplies. This City will continue to exist as a city only so long as it is in a position to provide

the services and the supplies that Central and Northern California will require.

Of the entire income—and I do not mean governmental income—of our State, agriculture contributes 15%; 65% of the crops of the State are produced in Central and Northern California. San Francisco is the geographical natural marketing and production center of that area.

The day has arrived when all San Franciscans—not just some organizations of businessmen, nor a few far-sighted public officials—every industrialist, every merchant, every worker, every housewife, must recognize the tremendous stake that this City has in the prosperity of the vast agricultural and mineral empire that surrounds it, and must be thoroughly awakened to the responsibilities of this City's relationship to that area.

There was a day, perhaps, when San Francisco could afford to be indifferent, safe in the knowledge that rural California had to do business in the City by the Golden Gate. But that day (if it ever actually existed) has gone by. Modern transportation and modern highways have changed many, many things. Speaking coldly: San Francisco must retain the confidence and goodwill of its trade area or suffer the consequences. The personal prosperity and the personal well-being of every person in San Francisco depends to an amazing extent upon the prosperity and upon the goodwill of the people of the trading area.

It was the realization of this fact that led, in the summer of 1939, to the formation of the Regional Service Committee, an organization of ten officials of the City and County government with this major objective—"To serve rural California thus serving San Francisco."

One of its most important tasks is to prevail upon the people of San Francisco to turn their eyes inland, to see beyond the hills that guard the City's skyline and, to extend understanding and service to the people of the great valleys of the Sacramento and the San Joaquin, the four hundred mile long empire between the Sierras, and the rugged Coast Range.

The Committee wants to make the people of San Francisco realize that their City in addition to being the commercial and financial metropolis of the West is basically an agricultural center. It wants to awaken in San Franciscans the knowledge that their own prosperity to an inestimable extent lies in the truck gardens and the lettuce fields of the south, the vineyards, the cotton fields, and the endless fruit orchards of the valleys, the mines of the Mother Lode and the Siskiyous, the forests of the Sierras and the Coast Range, the cattle and the sheep roaming the foothills, the cows in the dairy barns, and the poultry on the perches of the thousand farms and ranches.

With that knowledge will come from rural California a more sympathetic understanding of the problems of the City and a recognition that the City desires to strengthen and improve its possibilities of service to the trading area.

The Advisory Committee on Regional Service has made some headway in the three months of its actual operations. Its possibilities and its opportunities are limitless.

I would ask that you continue with me, your support of the splendid work of this Committee.

It goes without saying that the question of relief and social welfare is closely allied to trade, industry, and gainful employment. Despite labor troubles above referred to, the City of San Francisco has not failed to care for its needy and sick a burden which of necessity increases when unemployment is created by lock-outs or strikes.

Nevertheless, during the calendar year just ended, this city and

county again has responded generously to the great humanitarian work of relief and social welfare.

Last month (December, 1939) ten thousand three hundred and five San Franciscans received Old Age assistance checks averaging about $33 apiece. Over twelve hundred new recipients were added to the rolls. Our citizens afflicted with the loss of sight—519 of them—received their regular monthly checks for over $48; three thousand three hundred needy children received $22 per month each, and four thousand indigent cases, about $30 a month apiece. In all, exclusive of hospitalization and institutional care, over $550,000 was disbursed last month, 13% above the preceding year.

Your Public Welfare Commission, at my request, has recommended a program for consolidating the administration of relief for employables and unemployables in California, which the legislative and administrative branches of your City and County government, and I, as its executive, have approved. We believe it will result in more efficient and economical administration of relief in the City and County of San Francisco and throughout the State of California. The proposed program will be submitted by your Advisory Committee on State Legislation, your Coordinating Committee on Work Relief Projects, your Public Welfare Commission and me, to the Legislative Delegation of the City and County of San Francisco before the special session of the legislature convenes on January 29th.

I sincerely trust the proposed program will be approved by our State legislators and enacted into law during the special session. The Federal Government has seen fit to entrust the administration of the Social Security Program to the Board of Supervisors of our 3,072 odd counties throughout the nation and there certainly is no sound or logical reason why the State of California should not entrust the administration of unemployment relief, an emergency measure, to its counties.

The amount of the annual tax burden of the citizens is closely allied with the relief burden. The cost of government has not increased materially but the cost of humanitarian activities has jumped tremendously. In 1928-29 the City and County paid for the maintenance of minors and for widows' pensions, $707,671. Old age security and financial aid to the needy blind were not established until the fiscal year 1929-30, and so today in providing these aids as well as for the maintenance of minors and care of the needy blind, San Francisco's bill is $1,155,750.

In order to establish in your minds by comparison, let me cite these facts: in 1928-29 the expenditures for humanitarian purposes for which San Francisco taxpayers provided the funds totaled $2,339,146.53. In 1938-39 humanitarian expenditures, financed by San Francisco taxpayers cost those taxpayers $6,130,519.75—an increased cost to local taxpayers over that ten year period of $3,791,373.22. May I emphasize the fact that these costs were borne by local taxpayers and these costs do not include other expenditures from other sources for the same humanitarian purposes.

In addition, it is well known to us all that material sums have been contributed by the City and County for W.P.A. activities. During the past year the total cost to the city for W.P.A. projects sponsored by the municipal government was $1,917,775—which was 4.5% in excess of Federal demands—being 29.5% of the total cost of the projects. This sponsorship of projects on the part of the City and County of San Francisco provided 13,989 employments.

This brings me to the matter of taxation. As I have said, the cost of government has not increased materially but the Mayor and your Honorable Board of Supervisors have certain fixed expenditures over which they have no control and which it is arbitrary for them to place in the budget. I refer particularly to the School Department. Under State law the Board of Education is permitted to spend without

restriction by the Mayor or Board of Supervisors. In addition, heavy expenditures are required in the budget for bond interest and redemption, the retirement of bonds voted on and approved by the people.

None likes to be taxed. Utopia in the modern day seems to be orderly government—without taxation. But none has found Utopia. Orderly government cannot endure unless funds are secured for its functioning.

It always has been my endeavor to keep taxes down. My record in this regard speaks for itself.

Heads of departments of city government are now engaged in preparing their budgets for the coming fiscal year. I have served warning and reiterate now, that my policy toward the forthcoming budget will be that no capital expenditures will receive my approval unless it be proved that they are absolutely necessary.

I have no doubt that department heads will include in their budgets recommendations for some salary adjustments, nor have I doubt that there are some adjustments necessary. Therefore, in recommending to your Honorable Board, I will go as far as I can in the matter, where I can be shown that there are inequalities.

Good government depends upon keeping up the functions of government and maintaining it not only with an efficient but a contented personnel. It also depends upon fair treatment to all its people. It is because I believe in such equitable treatment to the citizens that I advocate licensing for revenue.

That is why I vetoed Bill No. 440, passed by your Honorable Board on Tuesday, December 26, 1939. In that veto message I said:

> "I am in sympathy with the principle of relieving present delinquents under the existing license ordinance from the penalties of delinquencies, but I am definitely of the opinion that prompt provisions should be made for the continuation of revenue licenses."

To be fair, the tax base should be spread so all will pay their way, and added burdens not forced upon the property owner alone. Consequently I strongly recommend to your Honorable body that it draw up necessary ordinances to the end that an equitable tax base may be established.

While on the subject of taxation, I desire to draw your attention to San Francisco's proportion of "State-collected-locally-shared" taxes, including such as the sales taxes, inheritance taxes, personal income taxes, and liquor taxes.

Despite earnest efforts to establish exactly the amount of such taxes collected from San Francisco in comparison with the amount thereof returned by the State to San Francisco, no official data are available. Based on incomplete information, received unofficially from semi-official sources, the per capita exactions from San Francisco would appear to be disproportionate when compared with amounts returned to San Francisco, calculated on a per capita basis. I am reliably informed that for the fiscal year which ended June 30, 1939, the sales tax collection made by the State in the City and County of San Francisco amounted to $13,690,634.63.

In other words, here is a great big fourteen million dollars in taxes coming out of San Francisco for sales tax alone. What sums the State exacted in other forms of taxes—personal income taxes, inheritance, liquor licenses, etc., are not readily available.

It seems to me that it would be sound policy for San Francisco to undertake an examination of State records in order to establish just what the people not only of this county but of every county, are paying to the State, and thereafter to establish, what financial aid is being given by the State to the 58 counties. In the final analysis tremendous sums of money are being collected from the people of California by the

State Government, but the resentment of the people because of tax exactions is directed primarily against their local governments.

When all is said and done, local government is far closer to the people than the State government is, and local government, it seems to me, should take every possible step to safeguard local people against further exactions by the State or even by the Federal governments.

For these reasons I believe local government and local communities are entitled to know exactly what proportion of the monies given to the State government are returned to their respective communities. I believe that if that were done, there would be opportunity to correct whatever inequalities may exist. This is a matter which I urgently recommend be considered by the Advisory Committee on State Legislation.

Insofar as governmental finances generally are concerned, may I point out to you that of the three divisions of government—the Federal, the State, and the Municipal—the only budget that is balanced is your municipal budget—and balanced on a cash basis, and on a tax rate which throughout the nine years of my administration as Chief Executive has been the lowest in the country of any city of comparable size, without the reduction of needed functions of municipal government.

The interest charged us on our bonds is the lowest in history, showing the faith of financial institutions in the soundness of our government and its future development.

I think San Francisco's sound financial position may be summed up in the words of Kaiser & Co., specialists in California bonds, who, in a digest for investors in municipal bonds, have this to say regarding San Francisco:

> "San Francisco is a stable, conservative, wealthy city strategically located in relation to the agricultural areas of Northern and Central California. It is estimated that the aggregate assets of 150 San Francisco-managed corporations with established security positions amount to a total of six billion dollars. Overall economic indices register a satisfactory degree of progress in recent years.
>
> "San Francisco's outstanding financial status may be summed up as follows:
>
> "The debt ratio is very low.
>
> "Debt requirements involve but a small portion of the general budget.
>
> "The total debt matures at a normal rate and retirement of general purpose bonds is very rapid.
>
> "The tax collection record is exceptional.
>
> "The total adjusted tax rate is but three-quarters of the average of 220 American cities and but 70% of the average of cities with populations in excess of 500,000.
>
> "A sound financial position is maintained.
>
> "The low level of the tax supported debt leaves ample margin for the financing of such of San Francisco's capital needs as may be approved by the voters."

Coincident with the self-evident excellent financial standing of the city is the steady growth of the metropolis and healthy condition of business.

Publicity emanating from the San Francisco Chamber of Commerce and Californians, Inc. has disclosed that during the first nine months of 1939—retail sales were 14.1% more than for the same period in 1938. That sales in our drug stores during the month of July, 1939, increased over July of the preceding year, four times as much as they increased in any other part of California. Airline traffic at San Francisco in

September, 1939, revealed a 54% increase over September, 1938. Restaurant receipts in July, 1939, were 40.2% above July of 1938.

In addition, the building industry is booming and all records for building construction are falling. Certainly this is no "Ghost City."

With this great record all should be boosters. Those who knock this city do so because they are not our friends.

Of course, with a city growing as is San Francisco, one of its most perplexing problems must be transportation. It is a problem faced by all progressive cities—an ever changing problem as cities develop and industrial and residential areas develop. As far as municipal transportation is concerned, expansion of service locally is not as rapid as your city administration would like it. Under the charter we can make no capital expenditures for municipal car line or bus extensions. These must come only from accumulated earnings, if any, or from bond issues, which require a two-third vote.

When such bond issues are proposed, we immediately expose the frailties of human nature. The bond issue is suggested to improve District X. It will have no immediate benefit to District Y or District Z. So the people in District X vote overwhelmingly for the bond issue—while the people in Districts Y and Z either don't vote at all, or vote against incurring an expense in which they are not directly interested.

I repeat, as I have repeated from time to time, that we can never solve the transportation problem until we have a unified system with a rate of fare the same to all people.

And I too reiterate, that that unified system should maintain a 5¢ fare and universal transfer. I insist that the municipal government is not in the transportation business for profit. Its responsibility should lie in giving service to the public, particularly in outlying districts.

As far as traffic is concerned, your Honorable Board is aware of its own action in passing a resolution for the employment of a traffic engineer to work out in detail a solution to this vexing problem. You have before you now a contract for the employment of the eminent engineer, Mr. Charles H. Purcell. I trust that the contract will be approved by your Board.

Because of the topography and the extraordinary geographical layout of San Francisco, by which Market Street becomes a trough down which or over which must pass the bulk of the street traffic, solving the traffic problem is extremely difficult.

That the administration has been clearing the way for facile movement of traffic under proper control is evidenced throughout the city. Many, many streets have been widened, additional stop-and-go signals installed, and overhead power and telephone lines put underground.

In recommending that these progressive steps continue, may I emphasize the need to speed up the latter. Removal of unsightly poles and wires along several thoroughfares has turned them from mere streets to beautiful boulevards.

I urge upon your Board continuing cooperation and the utmost support for Congressman Welch in his splindid, fruitful fight to establish federal dry docks at Hunters Point and to restore ship building to the Pacific Coast and San Francisco, in particular. The administration and the Supervisors should bend every effort to strengthen the Congressman's fight in Washington, and the city should be grateful not only to him but to Jos. J. Moore for his splendid ship building operations. He has nailed the canard that ship building in the West was not feasible because of exorbitant cost of construction and labor difficulties. This was the cry of rival eastern firms, sent up for several years in Washington.

Mr. Moore's firm not only has proved that ships can be built in the

San Francisco Bay area, without a large cost differential over the eastern yards, but also that they can be built without labor difficulties and ahead of contract time.

While on the subject of ships and shipbuilding, may I remind your Honorable Board also of the need of renewing our so far partly successful efforts to restore ship runs to this port.

Naturally, Harbor control is linked with this drive for more traffic to this port. Despite our recent defeat at the Legislature, I believe San Francisco should not give up the fight for home rule of its own waterfront. I can only repeat what I said in my message to you last year, that "If it is good business for the State of California to manage San Francisco's Harbor, then it is good business for the State to manage all harbors within its jurisdiction."

I reaffirm that we should be given the key to our own front door.

I take this opportunity to express the thanks of the people of this city to the local radio stations which have broadcasted programs of material benefit to our community.

Again this year our Christmas Sing, broadcast on Christmas Eve, has brought commendation by wire and letter from all over the nation and in many cases from foreign countries.

The past year has been a strenuous one for the members of your Board and particularly for the Mayor. In my case, beside the regular duties of my office, and the arduous task of officially representing the city at the Exposition as already outlined in this message, I also engaged in a political campaign.

I am happy and grateful over the results. The returns on November 7th indicate to me that the people of San Francisco have confidence in my administration. That confidence I trust I shall retain.

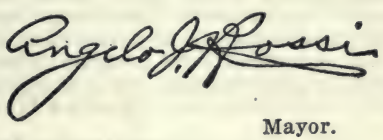
Unfortunately the combination of work, the Exposition and campaigning caused me to suffer a severe cold which required several weeks for recovery. I have been back at my desk for a week, restored in health and vigorously attacking the everyday problems of a large metropolis.

I like my job, and am going to continue in it just as long as the people, by their vote, show that I am being of service to them.

Therefore, I appeal for harmony and cooperation, not only from department heads but from all those in the municipal government who, like myself, are serving the public. All of us are servants of the people. Under our Charter are set up many departments of government where authority overlaps between one department and another. There should be no jealousy but a determination to cooperate one with the other to the end that the people as a whole be best served.

This cooperation I expect as a matter of course. If it is not forthcoming, I shall demand it.

A happy and prosperous New Year to all of you.



Mayor.

MAYOR'S ANNUAL MESSAGE
OFFICE OF THE MAYOR, SAN FRANCISCO

January 8, 1940.

The Honorable, The Board of Supervisors,
San Francisco.

Gentlemen:

My message, as required by the Charter, follows:

CONTROLLER

The Charter makes it mandatory that the Controller shall submit annually a complete financial report.

In a strictly fiscal sense, the condition of the affairs of local government are herein reflected in the audits made by certified public accountants.

It was the policy of my predecessor in office to augment the financial report by the inclusion of comments and specific recommendations relative to the general problems of local government. This policy has been continued by me because of my recognition that, in the absence of current comment, the filing of a financial report tends to become a mere formality, and the technical language of a financial report discourages interest in the problems of government.

It is my personal hope and belief that frank comments, constructively intended, may stimulate the interest not only of the public generally but, more particularly, of the public officials and the heads of the various departments, boards and commissions who are charged, jointly with the Controller, with certain responsibilities.

Coordination of Departmental Planning With Fiscal Program

Conversations with members of the Board of Freeholders who formulated the Charter indicate definitely that one of the major objectives of the Charter was to make possible long-range planning.

All programs based on that premise require, of course, certain fiscal coordination. In other words, such proposals finally prompt the question. "How can they be financed?"

Although there is not on record with this office any official statement on the subject, it is recognized that various departments of local government have developed, or are developing, plans in connection with current and future problems for their respective departments.

It is respectfully suggested that an endeavor be made toward the coordination of these departmental plans with the fiscal problem involved.

It is not sufficient to submit piece-meal proposals during the period of the year when the annual budget is under consideration. Of course, the problems can be met on a year-to-year basis but—to repeat—the intent of the Charter is for long-range planning and not for catch-as-catch-can methods that inevitably follow when the year-to-year basis is utilized.

Departments should have under development long-range plans for essential replacements, extensions and improvements to meet future requirements of our local government. These plans should be coordinated with a long-range fiscal program. The Controller's office is anxious to extend to departments the cooperative and collaborative assistance needed to put long-range planning into effect.

Bond Issues—Debt Service

In the annual report of last year there was presented in detail certain phases of the problems which one day must be met if certain capital expenditures are to be financed. The presentation made in that report contained two specific recommendations:

First: That no general obligation bond issues be submitted to the voters for their approval;

Second: That a Charter amendment be submitted to the voters which would authorize the creation of a "Reserve for Public Improvements Fund"; that the amount to be placed annually in this fund shall be the difference between the present requirement for bond interest and redemption and the reduced requirement for such purposes for each succeeding fiscal year; that expenditures from this fund be confined exclusively to public improvements and that a prior authorization from the voters be obtained before any such expenditure is made.

I believe that these are matters to which the executive, the lesgislative and the administrative branches of government should give immediate consideration. And I so recommend.

Inadequacy of Present "Disposition of Refuse" Ordinance

The existing ordinance governing the disposition of refuse problem is the result of an initiative measure amended at an election held November 8, 1932.

Section 16 of the ordinance provides in part as follows:

> "During the month of January each year the controller—shall certify and examine into the rates to the producer for the collection and disposition of refuse—and—shall report—to the Board of Supervisors—" etc.

The ordinance does not require collectors of refuse to maintain records of account and data pertinent thereto in forms sufficient for verification and rate determination.

The result is that, because of this defect or inadequacy in the ordinance, the Controller is unable to fulfill the implied intent of the ordinance.

A correction of this condition can only be effected by submitting to the voters an amendment to Section 16 of the Refuse Collection and Disposal Ordinance which would make it mandatory that collectors of refuse maintain, subject to inspection and examination by the Controller, complete records of account and data pertinent thereto in forms sufficient for verification by the Controller for the purpose of rate fixing and determination.

Until the existing defect is remedied, the Controller is not in a position to discharge the obligation which, by implication at least, he is suppose to discharge.

It is recommended that steps be taken to correct the existing inadequacy.

New Procedures

This year there was installed, jointly by the Purchaser of Supplies and the Controller, new procedures for the procurement of materials, supplies and contractual services. Procedures were also installed in connection with the acquisition, custody and disposition of equipment. These procedures provide for an investigation of necessity, the formulation of standards, an accurate accounting of custody and the disposition of "out of service" equipment, or equipment subject to replacement.

Plans are now being made for an adequate accounting of the custody and disposition of materials and supplies.

We are here entering on a new phase of departmental responsibility. In the simplest of words:

Money—actual cash—is and always has been adequately safeguarded and adequately accounted for; materials, supplies and equipment represent money in a different form. The same adequate control will be exercised ultimately over this form of tax dollars as is now exercised over money in the possession of local government.

Conclusion

The budget for the fiscal year 1938-39 was balanced on a cash basis. No statement beyond that is necessary to emphasize the soundness of the finances of the City and County of San Francisco.

The fiscal provisions of the Charter are, in themselves, a safeguard against fiscal disorder. I am in hearty accord with those safeguards; and to their rigid enforcement I am committed by my oath of office.

COORDINATING COUNCIL

Final passage of Ordinance No. 19.101 on December 27, 1938 created a commission known as the Coordinating Council to further the co-operation and coordination among the Public Departments and between the Public Departments and social agencies in a more effective program for the youth of San Francisco. The Council has ten members; the Director of Public Welfare, the Superintendent of Schools, the Chief of Police, the Chief Probation Officer, the Director of the Buerau of Child Hygiene Department of Public Health, the Superintendent of the Recreation Department, the Chief Supervisor of the Public Dance Hall Committee and three representatives from the Community Chest. On February 1, 1939 the Council began to function as a part of the municipal government with offices in the Health Center Building.

The outstanding accomplishment of the Coordinating Council, as its name implies, is the setting up of a definite schedule of meeting times when department heads get together to discuss mutual problems and suggest ways of solving them together. Intangible values in the form of changed attitudes and relationships have resulted from these meetings as well as more concrete accomplishments.

A definite decrease in juvenile delinquency has been effected by the enforcement of the Curfew Ordinance sponsored by the Council last year. San Francisco now has one of the lowest juvenile delinquency rates in the country for cities of comparable size. In one special field of delinquency, auto thefts by minors, the Council secured the co-operation of the Juvenile Court, School Department and Police Department and scheduled 222 talks by police officers in junior and senior high schools. As a result there has been a marked decrease in the number of juvenile auto thefts as well as gratifying enthusiasm by school personnel for a continuance of the talks.

The Council now sponsors, in cooperation with the Police Department, the passage of a Bicycle Ordinance to reduce the rapidly increasing number of bicycle thefts and to insure return of stolen bicycles to the owners when they are recovered. Efforts are also being made to regulate the sale of salacious literature to minors.

For our underprivileged children the Council has interested the Boy Scouts, Girl Reserves, etc. in organizing clubs and giving them the social experience of group meetings. A great deal of work has been done to develop a summer camp program for these youngsters, many of whom have never been out of the city. The Council has also acted as co-sponsor of the N.Y.A. project for the repair and distribution of toys and the establishment of Toy Loan Centers where children may borrow toys as one does books from the library.

The Council was instrumental in seeing that a welfare department was set up during the Golden Gate International Exposition on Treasure Island with the result that no serious problems in this field arose on the Island.

The Coordinating Council feels that its program for the prevention and reduction of juvenile delinquency and re-direction of the lives of individual boys and girls has resulted in making these youngsters an asset rather than a liability to the community. This is a demonstrable saving of human values as well as a dollars-and-cents saving in the maintenance of detention homes, corrective institutions and prisons.

THE GOLDEN GATE BRIDGE

At the inception of the Golden Gate Bridge, many dire prophecies were made by its opponents that the Bridge could not be built within the Engineer's estimate of cost, that the amount of traffic which would use the Bridge would not justify its construction, and that, consequently, a heavy burden of taxation would fall upon the taxpayers of the District to meet the deficits sure to occur. The financial success of the Bridge is of paramount importance to San Francisco for in the event of a failure by the Bridge District to meet its financial obligation, 85% of any deficit must be borne by the taxpayers of the City and County of San Francisco and will necessarily be reflected in its tax rate. This, therefore, is the reason for including a report on the Golden Gate Bridge in this message.

After two and a half years of operation, the enterprise, based on the Bridge District's annual reports, appears to be in a sound financial condition, with a constantly increasing volume of traffic. The District's record conclusively refutes the predictions of failure, for the Bridge was built and put into operation within the Engineer's estimate of cost. Maintenance and operating costs, all interest charges and a reserve fund for bond amortization are being covered entirely out of current revenues.

The Directors and Officers of the Bridge District are to be congratulated that this is being done on an average toll of less than 50 cents per vehicle, contrasted with a toll of 84.3 cents (with a 3% reduction for reduced fares) represented as the toll that must necessarily be collected to meet the District's financial requirements. Commutation rates of 20 cents and 35 cents per vehicle are also in effect, and approximately 17¼% of the Bridge travel at this time is commutation traffic, yielding about 8.7% of the total revenue from traffic. Since the opening of the Bridge on May 27, 1937, more than 10,000,000 vehicles of all classifications have passed over it, carrying between 25,000,000 to 30,000,000 persons.

During the period since the opening of the Bridge, savings to patrons in tolls and time (time saved at 25¢ an hour) compared to ferry tolls formerly paid, have amounted to approximately $12,000,000, or more than one third of the entire cost of the Bridge construction, including administration costs, bond interest, legal expenses, engineering fees etc., during more than four years of construction.

Over 360,000 government owned vehicles and private vehicles of army and naval personnel and their dependents have passed toll free over the Bridge, which, if computed at the regular toll charged the public, constitutes an indirect tax of over $180,000, a relatively small portion being directly beneficial to the government, and the remainder being direct benefits to army and naval personnel and their dependents crossing the Bridge while occupied in private business or social engagements.

In addition, the Federal Government is now attempting to increase this indirect tax through court action to require the Bridge District to extend toll-free privileges to all federal governmental employees. I recommend that vigorous action be taken at once to prevent this very apparent abuse of toll-free privileges, not directly beneficial to the government.

Since opening, Bridge traffic has been seriously inconvenienced and curtailed by lack of adequate approaches.

About April 1, 1940, the Funston Avenue approach, built jointly by the State and City, is expected to be completed, and will materially improve traffic conditions on the San Francisco side, not only for vehicles going to and from the Bridge, but the approach will afford a quick connection between the Marina and the Richmond Districts.

There yet remains the widening of Lombard Street, now included as a part of the City's street improvement program, and the construction of a tunnel under Russian Hill, to provide complete approaches for safe, rapid traffic to and from the Bridge on this side.

The present congested condition of traffic on Lombard Street is hazardous and it is imperative that the condition be relieved by prompt execution of the City's program for widening and improving this thoroughfare.

The constantly increasing volume of Bridge traffic, as well as traffic between the Western Addition and downtown section, justifies a thorough study of the proposed construction of the Russian Hill tunnel and of its importance in the City's system of streets.

On the Marin side heavy trucks and buses are seriously penalized by increased cost of operation over the steep Waldo grade, and the constantly increasing number of such heavy, slow-moving vehicles slows all travel down and often creates congestion and consequently, danger of accident.

The Bridge District and the Federal Government have expended approximately $700,000 on that portion of the Lateral from its intersection near the north bridgehead with the Waldo approach, to the Fort Baker gate. The State of California has expended approximately $600,000 in construction of a modern four-lane highway southerly from the Waldo Wye into Sausalito, and there now remains the closing of the gap between these two pieces of road upon which approximately $1,300,000 have been expended, and which are largely useless because not connected in a manner to accommodate the type of traffic that can best benefit by using this approach.

It is urged upon the Governor, the State Department of Public Works, the Bridge Directors, Federal Bureau of Public Roads, members of Congress and members of the Legislature, that every effort be made to find a way by which the Sausalito Lateral connection can be financed and constructed. I cannot place too much emphasis on the importance of the Sausalito Lateral connection as offering a safer, faster and more economical route for heavy trucks and buses into San Francisco from the north. The easier grade will encourage farmers to haul the products of their farms into San Francisco and give them direct contact with the local markets. Also, through such direct contact, a better and more friendly understanding of each other and of each other's problems will occur and will aid materially in the City's program of creating goodwill between the City and the country. Heavily laden trucks carrying merchandise from the City's warehouses to the merchants throughout northern California will also benefit and hauling charges will be lower as operating costs of trucks are decreased.

The financial success of the Bridge and the lowering of tolls can only come through increased travel, and the surest way to stimulate Bridge travel is by approaches adequate to carry a constantly increasing number of vehicles safely and rapidly.

During the past year the number of vehicles crossing the Golden Gate Bridge was more than twice the number carried during any year by the ferries between San Francisco and Sausalito; with proper Bridge approaches, this number would unodubtedly have been much greater.

In addition to the saving of time and money to the Bridge patrons, we must not lose sight of the economic value of the Golden Gate Bridge and of its importance, together with the other bay bridges in uniting more closely the various centers of population around the Bay.

Goodwill and tolerance are created as the people are drawn more closely together through their inter-related community problems. As we share these common problems, our interests are quickened and our vision broadened to a point where we are all striving for the development of the great metropolis now made possible by these bridges, having an area of roughly 100 miles square, and a population of more than a million people. Not until this metropolitan development has been accomplished, can it be said that San Francisco has fulfilled its destiny as a great city.

The following is a resume of the District's traffic and revenue for the twelve months, December 1, 1938 to November 30, 1939:

SAN FRANCISCO-OAKLAND BAY BRIDGE

The start on January 15, 1939, of electric interurban service over the San Francisco-Oakland Bay Bridge marked another step in this City's transportation progress. For the first time San Francisco was connected by rapid transit with her neighboring cities on the easterly shore of the Bay.

Some 70,000 persons now leave and depart every week-day through the spacious and modern Terminal at Mission and First Streets. These not only enjoy reduced time schedules in comparison to the ferry system and the conveniences of a "through" service across the Bay, but they have been given, in part, lowered transportation costs since the strategic location of the Terminal brings more than half of the passengers to within walking distance of their destinations. Savings are thereby provided of from ten to fourteen cents per day, per person.

Further reductions of transportation costs into San Francisco were put into effect during the year with the lowering of vehicular tolls across the Bay Bridge.

Passenger automobiles enjoyed two successive reductions. Rates for automobiles were lowered June 24 from fifty cents to forty cents, and a second reduction put into effect January 1, 1940, when tolls were changed from forty cents to thirty-five cents.

When it is considered that slightly more than three years ago motorists were paying an average of seventy-eight cents to cross the Bay via vehicular ferry, the benefits San Francisco is enjoying as a result of this great engineering achievement are obvious. It is estimated that the Bay Bridge has saved transbay motorists more than $10,000,000 through reduced tolls.

Trucks, motorcycles, and tri-cars are other types of vehicles enjoying lowered rates as a result of the January 1 changes.

Some 30,000,000 vehicles have crossed the Bay Bridge since it opened November 12, 1936, with 1939 traffic topping the preceding years. Total

number of vehicles using the Bridge last year approximated 11,000,000. The Exposition played an important part in developing this traffic, with an estimated 2,000,000 vehicles carried directly over the span to Treasure Island. Some 44 percent of the total number of paid admission visitors to the Exposition were carried by the Bridge.

Chief Engineer C. H. Purchell has estimated that freight tonnage across the Bay carried by trucks has increased forty percent since the Bridge opened. In the twelve months—November 12, 1938, to November 12, 1939—the Bridge carried 578,500 tons of freight, exclusive of Treasure Island freight, which was estimated at 140,000 tons. The vehicular ferries carried 236,700 tons or a combined total of 815,200 tons. In the twelve months prior to the opening of the Bridge, the total transbay freight tonnage was some 584,000 tons.

Although more than 28,000,000 vehicles has crossed the Bridge by November 12, 1939, there were only 175 accidents on the Bridge structure to that time, constituting a fine safety record.

The Bay Bridge has carried approximately 90,000,000 persons, including interurban passengers, since its opening through 1939, or more than eighty percent of the population of the United States.

Not only is the span the greatest of all bridges in size and engineering accomplishment but, according to 1938 figures, it tops all toll bridges in revenues, and is exceeded in traffic only by the Triborough and Delaware River Bridges.

Citizens of San Francisco may well feel that the faith they invested in the future benefits of the Bridge has been justified and repaid many fold.

FEDERAL PROJECTS

U. S. Post Office Rincon Annex, San Francisco, located at Mission and Spear Streets, is now under construction, 30% completed; time limit for occupancy is July 27, 1940. Under contract with George A. Fuller Company, $1,735,589. Shepard Elevator Company has the contract for elevators, at an additional cost of $135,677.

U. S. Coast Guard Air Station, Mills Field, consists of a group of buildings including hangar, now under construction, to be completed July 26, 1940, at a cost of $511,396. The work is about 30% complete.

In connection with problems of surface drainage at this Station, causing concern to the Washington officials, the Mayor's good offices promptly straightened out the difficulty.

Alcatraz Penitentiary: There are at present five contracts under construction: (1) For Housing Group, to be completed July 11, 1940, at a cost of $283,500. (2) To construct a new Dock, to be completed May 16, 1940, at a cost of $116,800. (3) Industrial Building is under contract, at a cost of $187,602.07, now 28% complete; building ready for occupancy May 3, 1940. (4) New Power House is being constructed at a cost of $218,088 and is now 86% complete. (5) New Utility Pipe Lines are being installed at a cost of $189,046, now practically completed.

Renovation of the Old U. S. Mint at the corner of Fifth and Mission Streets, under contract in amount $17,793, to be completed January 22, 1940. This work includes the transfer of laboratory equipment in the present Appraisers Stores Building at Sansome and Washington to the Old Mint Building, being remodeled for the temporary use (during construction of the new building) of the Bureau of Customs, Bureau of Mines, Bureau of Animal Industry, Bureau of Standards, Shipping Commissioner, Coast and Geodetic Survey, Coast Guard Recruiting, Public Health Service Out-Patient Office.

New U. S. Mint, Market and Duboce, miscellaneous interior improvements, and improvements to exterior parking area and drainage of driveway, $11,077; work now in progress.

San Francisco Post Office and Court House: An appropriation has been

made available and plans are being completed for improvements to this building, including new elevators.

San Francisco Appraisers Stores and Immigration Station: The old Appraisers Building is to be removed and the new building located on the present site at Sansome and Washington Streets. Bids were opened in Washington December 10th. Clinton Construction Company lowest bidder. Their bid for 15 stories is $3,814,000. Westinghouse Electric Elevator Company submitted low bid for complete elevator plant, $345,100. The present appropriation limit of cost is $4,250,000. for this building.

U. S. Quarantine Station: An appropriation of $300,000 was made some time ago for a new Quarantine Station in San Francisco. It was hoped that a suitable site would be made available within the limits of the Presidio, but the matter is still pending.

BOARD OF EDUCATION

The past year in the San Francisco Public Schools has witnessed a realization of the major public school building program, increased recognition on the part of school authorities in vocational training and the granting of salary increments to veteran teachers in the higher brackets of the salary schedule, as recommended by the Citizens' Committee in 1930. The substantial accomplishments made in the field of education have been made possible by the harmonious effective school administration under Superintendent Joseph P. Nourse, which administration has inspired public confidence and suport so necessary to successful operation of any far-flung enterprise, such as public education.

With the coming of the Fall 1940 school term, San Francisco will open the doors of the first permanent buildings of the San Francisco Junior College at Balboa Park—a science building of reinforced concrete stretching 490 feet north and south facing Phelan Avenue, an average of 112 feet wide and three stories high. The building has three large wings to the east facing towards San Jose Avenue. In addition to the main building separate modern gymnasiums for men and women students are in course of construction on the west end of the 47 acre site. The three buildings represent an investment of $1,744,311. Actually, these buildings are self-liquidating, in that their original cost is refunded annually in savings to two thousand parents who are spared the expense of sending their young people away from home during the first two years of their college careers.

The San Francisco Junior College, founded in 1935, is now temporarily housed in 19 different locations. It is the forty-first institution of like grade to be established in the State of California, which in recent years has recognized its obligation to go beyond the compulsory high school level of training into the fields of collegiate grade. The courses in the Junior College, organized by President A. J. Cloud, have a twofold purpose—to train young men and women for employment in profitable pursuits in the workaday world, and to prepare students to successfully complete the third and fourth years of work offered by the University of California and other institutions of like collegiate grade. An outstanding example of the successful terminal courses offered by the Junior College is that of the Hotel and Restaurant Management Division, every graduate of which is now employed in some hotel or restaurant industry. Prior to the establishment of the Junior College in 1935 in San Francisco, our young people seeking this type of public education went to schools in Marin, San Mateo and other California counties. In addition to the personal costs borne by the family of each student, the general tuition costs amounting in excess of $100,000 each year were charged back to the County of San Francisco in the case of nonresident students.

Popularity of the Junior College among our citizens, as evidenced by the large registrations in the first five years of its existence, is a definite mandate to complete all units of the college at Balboa Park

at the earliest possible date. The most urgent construction next needed will be the erection of the classroom buildings which will adjoin the present science building.

The Junior College buildings now under construction are part of the eight million dollar general building program of the school department, five and a half million of which is represented by buildings now under construction. The present building fund in excess of five million dollars is made up of $1,540,000 representing 55 per cent of the bond issue of $2,800,000 voted in 1938. The balance of $1,335,000 is revenue from short term bonds. In addition there was appropriated from tax funds $1,362,000 which the federal government matched with a 45 per cent contribution making approximately $2,448,000 available to the total fund.

Practically every section of this city has benefited from improved public school facilities during the past year. Most important of these improvements apart from the new Junior College, is the new Abraham Lincoln Senior High School located between 22nd and 24th Avenues, Quintara and Santiago Streets, now in the course of construction. Completion of the Abraham Lincoln High School, the ninth public senior high school in San Francisco, will satisfy the long felt want for secondary school facilities in the outer Parkside and Sunset areas. Specifically, it will terminate the practice of students traveling long distances to reach Balboa or Polytechnic High Schools. In the outer Mission area a new junior high school, the James Denman, located between Onondaga and Oneida, Otsego and Delano Avenues, is being erected adjoining the Balboa High School at Onondaga and Cayuga Avenues, which has been in use since 1927. Both these new schools will be ready for occupancy for the Fall 1940 term.

It was my pleasure to attend the dedication of the auditorium unit which completed the new Lawton Elementary School at 30th Avenue and Lawton Streets. This school is one of the most modern in the United States and replaced portable wooden buildings which are fast disappearing from the school scene. Residents of the Visitacion Valley district now possess a completely new modern fireproof school at Visitacion Avenue and Schwerin Street as a result of the occupancy of the new kindergarten unit of the school which was opened in October 1939. The Portola Junior High School on Girard Street between Bacon and Brussells Streets, has also been improved by the erection of an auditorium addition to the building. Within a few weeks the new auditorium addition will be finished at Bay and Fillmore Streets, completing that school plant. In the outer Richmond district workmen have completed that school plant. In the outer Richmond district workmen have completed a new gymnasium and athletic field addition to the modern George Washington senior high school located at 32nd Avenue at Anza Street. In the course of construction now is the new George Washington auditorium which will complete the building.

In the outer Sunset district, the Francis Scott Key Elementary School kindergarten unit is now ready for occupancy, and the new modern auditorium will be occupied this month.

At Lowell High School, Hayes Street and Masonic Avenue, work is under way on a gymnasium building for girls which will be completed and ready for occupancy during the Fall 1940 term. Previously a boys' gymnasium addition was completed as an addition to the main school plant. Another of the older high schools—Mission High, at 18th and Dolores Streets, boasts an important addition to its plant—an athletic field on property to the north of the school building. At Horace Mann Junior High School, 23rd and Valencia Streets, the school plant is being modernized by the erection of a combination gymnasium and cafeteria.

A growing concern has been evidenced by our school authorities over the vocational problems involved in present day education. Superintendent Nourse recently returned from a survey of schools in all parts

of the United States. His report on this subject shows that, even with recent improvements in trade and vocational education, San Francisco is far from meeting the demands of present day youth in trade and industrial training. True, we have been operating for the past three years a new trades school—the Samuel Gompers, and a second wing is now being added to this building at 22nd and Bartlett Streets. This is a step in the right direction, as witness the endorsement this training has received by both employer and organized employee groups.

After a study lasting more than a year, the Board of Education voted last May to permit veteran teachers to advance beyond the previously fixed maximums, as recommended in 1930 by the Citizens' Committee for the Study of Teachers' Salaries. Approximately 1425 teachers were effected by this upward revision of salary schedule. In estimating maximum salaries for school teachers, it should be remembered that the entrance salary at the elementary level is $1500 annually, and the maximum salary is not attained for 15 years. When we consider that the annual salary increments were inoperative for many years, the average salary of many teachers over the 15 year period is less than that of the janitor in the same school building.

It was my pleasure to renominate Philip Lee Bush for a third term as a member of the Board of Education, beginning in January of this year. The overwhelming approval given to this nomination by the citizens at the election in November indicates that they are keenly appreciative of the effective service rendered by him, in common with the other valued members.

POLICE DEPARTMENT

In reviewing the activities of the San Francisco Police Department for the fiscal year 1938-39, we find that while the demands made upon the Department were abnormal because of the Golden Gate International Exposition, with a resultant increase in the city's population and corresponding increase in police problems, there was nevertheless a gratifying decrease in crime generally as compared with the previous year.

Inasmuch as the Golden Gate International Exposition was our greatest added problem during the year just passed, before drawing your attention to certain interesting statistics I wish to briefly outline the problems it brought with it, our method of handling those problems and the results attained.

When plans for the Exposition were laid, it was decided that the responsibility of policing the grounds would fall to the San Francisco Police Department. It was expected that the Exposition would draw thousands of visitors to San Francisco and the Bay Region. This meant an added burden of responsibility in protecting lives and property against criminals and in handling the increased flow of traffic. It was expected also that with the tourists and Exposition visitors would come criminals of all types who would expect to reap a golden harvest by preying on the pleasure-bent crowds.

To supplement the San Francisco Police Department, the appointment of fifty temporary patrolmen was authorized. These appointments were effective on February 1st, 1939, to continue for the duration of the Exposition. The men were put through a brief but intensive training course to prepare them for their police duties and, when the Exposition was opened, they were placed on radio patrol car duty to relieve men selected for duty on Treasure Island.

Despite this increase in the numerical strength of the Department, our man-power was not in proportion to the number of citizens who must be protected. It was necessary, in order to keep this numerical strength as near normal as possible, to so arrange vacation periods that no more than fifty men would be on leave at any one time during

the year. By commencing vacation periods in January and continuing through December, this was done.

Further anticipating the demands of the Exposition year, as early as 1937 first steps had been taken to organize peace officers in the Bay Region into a closely knit unit to combat any attempts of national or international criminals to operate here. Letters had been sent to metropolitan police all over the world asking for photographs, descriptions and modus operandi of all known confidence men, pickpockets and other criminals who might be drawn to San Francisco. The Bureau of Identification of the San Francisco Police Department worked tirelessly for months compiling all this data and enlarging photographs of particularly well-known thieves to be placed on public display in the Treasure Island Police Station. Also, much publicity was given to the fact that any law violators arrested in San Francisco or on Treasure Island who were found to have a previous criminal record woud be publicly "shown up" to police, guards, guides and the general public. This publicity served to discourage many criminals—especially when on numerous occasions such public show-ups were held. It is interesting to know that many criminals were picked up in San Francisco and Treasure Island before they even had attempted to operate and as a result of the preparations and publicity, our San Francisco Golden Gate International Exposition was unspoiled by a wave of kidnapping and confidence games victimizing visitors.

During the entire period of the Exposition there were only 15 reports of picked pockets on Treasure Island and in several instances it was found that the complainant was mistaken in his report that his pocket had been picked. There were only 4 complaints of purse snatching. In all, there were only 248 offenses of a criminal nature reported to the Treasure Island police and 113 of that number were petty theft complaints.

A police station, manned by a full company, was built and put into operation on Treasure Island. A personnel of 97—including 2 patrol wagon drivers and 2 matrons—was assigned to Treasure Island and on days of special events this force was supplemented by both uniformed and plain clothes officers.

For a week preceding the opening of the Exposition, San Francisco was in Fiesta with costumed celebrants thronging the streets. It was expected that attempts at crimes of violence might be made, but the week passed without any increase in crime of any kind.

During the life of the Exposition 10,492,549 people passed through its gates and 1,325,190 vehicles. That the San Francisco Police Department handled these throngs without any major crimes and that so few offenses were reported is a record of which we are genuinely proud and which we do not believe can be equalled anywhere. It meant many personal sacrifices on the part of our personnel, with long hours of extra duty and many cancellations of days off, but the task was carried out to a successful conclusion.

The record of achievement in San Francisco proper kept pace with that of Treasure Island. There was no increase in crime of any type in San Francisco and actually a decrease, as proved by the following statistics:

The total crimes against property for the fiscal year 1938-39 were 5.25% less than the average total for crimes against property for the fiscal years 1930-31 to 1938-39, and 7.18% less than the total crimes against property during the fiscal year 1937-38.

The total number of major offenses against persons and property for the fiscal year 1938-39 is 3.86% less than the average number of major offenses against persons and property for the fiscal years 1930-1931 to 1938-1939, and is 6.40% less than the total number of major offenses against persons and property for the fiscal year 1937-38. The crimes of

murder, manslaughter and burglary are fewer for the fiscal year 1938-39 than for the average for these crimes during the period included in the fiscal years 1930-31 to 1938-39.

Property losses are $265,587.06 less than in the fiscal year 1937-38 and $29,216.01 less than the average loss for the past ten years. Thus, the property loss for the fiscal year 1938-39 is 39.78% less than the average loss for the past ten fiscal years and 6.78% less than the property loss for the fiscal year 1937-38.

We are proud to say that San Francisco has added another year to her record of having had no bank robberies. There was one attempt on the part of an insane person, who committed suicide when arrested. In their prompt response to alarm when this bank holdup was attempted, the San Francisco police worked with their usual efficiency which has won for our city such an enviable record for safety against bank bandits.

The average number of automobile thefts for the fiscal years 1929-30 to 1938-39 is 3,863. The number of such thefts for the fiscal year 1938-39 is 2,600—a decrease of 32.70%. In the fiscal year 1938-39 the total decrease in automobile thefts as compared with the fiscal year 1937-38 was 1,105, representing a decrease of 29.83% in this class of thefts. San Francisco police recovered 99.5% of the automobiles reported to them as stolen during the fiscal year 1938-39, which is a remarkable record.

In comparing the record of San Francisco with that of the entire Pacific Coast and the entire nation, we find that San Francisco leads in a reduction of thefts generally. It is interesting to compare these records as follows:

Crime	*San Francisco*	*Pacific Coast*	*National*
Theft	2.6% decrease	1.8% increase	0.4% increase
Auto Theft	24.6% decrease	5.9% increase	8.0% decrease
Crimes against property	4.8% decrease	4.1% increase	3.7% decrease

San Francisco has, during the past year, waged a great battle against traffic accidents, with gratifying results. Early in 1939, with the co-operation of the Safety Division of the International Association of Chiefs of Police, a Traffic Accident Prevention Bureau was established in the San Francisco Police Department. The Bureau has not functioned long enough to produce statistics testifying to its efficiency, but already, with records showing increases in number of arrests for traffic violations, there is indication that through careful investigations fixing responsibility for accidents and vigorous prosecution of the responsible parties, accidents will in time be reduced appreciably. Already, in June of 1939 there was a 7.2% cut in insurance rates due to the reduction in traffic accidents. Records show, however, a gratifying reduction in traffic fatalities during the year just passed. Comparing figures for the fiscal year 1938-39 with those for 1937-38 we find that negligent manslaughter cases, arising from traffic accidents, decreased 20.6%. Traffic deaths were 101 in 1938-39 as against 122 in 1937-38. In passing we might add that in January of 1939 the Philip May Garland trophy for traffic safety was awarded to San Francisco as the California city having the best record.

The School Traffic Patrol is credited with carrying through another banner year without a single school child fatality at a school crossing.

Altogether, the record of the San Francisco Police Department for the year 1938-39 is an enviable one and one of which the city can well be proud. It testifies to the splendid organization and high morale of the personnel and even betters the splendid record maintained by the Department through the years.

FIRE DEPARTMENT

During the first eleven months of the year 1939, the San Francisco Fire Department responded to 8413 alarms, an increase of 743 over the same period of the previous year.

Included therein were 57 second alarms, 21 third alarms, and 3 fourth alarms. These figures do not include the 206 alarms originating from Treasure Island, the site of the Golden Gate International Exposition.

The increase of alarms of fire was unquestionably due to the acceleration of industrial and building activities throughout the City, and can be considered as in line with the normal development of the City.

In harmony with its long established tradition, the fire department functioned smoothly and effectively during the past year, meeting every emergency with prompt action and obtained very gratifying results throughout.

In addition to the regular duties of protecting the City from fire, the San Francisco Fire Department was also charged with the duty of protecting the Golden Gate International Exposition, and for this purpose 77 additional firemen, from the regular civil service eligible list were employed and seven pieces of new apparatus were purchased, which, after the completion of the Fair will become part of the regular equipment of the Department.

Seasoned officers and men were selected from the regular forces for duty on the Fair Grounds, and the newly appointed men were distributed throughout the City to relieve them. Two fire stations, completely equipped, were furnished by the Exposition management, and additional quarters for the crew of one of the two fireboats was provided in one of the exposition palaces.

During the period of the Exposition the fire forces on the Fair site were called to 206 alarms, but in each instance their prompt response resulted in keeping the losses down so low that in not a single instance were any claims made for insurance.

This, in view of the temporary type of construction employed on all excepting four of the exposition buildings, is, I believe, a record unequalled by any Exposition of similar magnitude, and one of which the fire department may well be proud.

CIVIL SERVICE COMMISSION

This department is charged with a most important function of our government—that of administering the civil service provisions of the Charter. During the past year, the Commission has substantially completed the reorganization of its duties and personnel, which has made possible savings in its operating expense of $15,000 per year for each of the past two years. As a part of its reorganization program, the Commission has raised standards for admission to examinations and has revised and modernized its testing techniques and procedures. The examinations themselves have been broadened to cover wider areas of knowledge and abilities. These improved policies and methods of administration are recruiting into the service of the San Francisco government a highly qualified personnel.

The Commission has also carried on with its regular staff and at no expense to the city an intensive public relations program through which information concerning the activities and the work of the Commission is brought to civic groups, organizations, and citizens interested in the affairs of government. I believe that much benefit to our government will come from this program.

During the year, at the suggestion of the Civil Service Commission, the Board of Education established two-year courses of instruction at the San Francisco Junior College through which young people are trained for specific types of employment in the San Francisco public

service. The examination schedules of the Civil Service Commission will be coordinated insofar as possible with these courses. The establishment of these courses at the Junior College has been recognized as a real contribution and an example of constructive cooperation in fields of public personnel administration and public education.

For the fiscal year ending June 30, 1939, the Commission announced and completed 94 examinations for which 15,041 applications were filed. There were in progress at the close of the fiscal year and since completed 17 examinations for which 2,434 applications were filed. The Commission at the close of the fiscal year had certified 1,037 employees to permanent positions and 2,467 employees to temporary positions.

The activities of the Civil Service Commission have been conducted on a high plane of efficiency and integrity.

EMPLOYEES' RETIREMENT SYSTEM

The Retirement System included 12,136 employees at June 30, 1939. During the fiscal year ending on that date, 182 members were retired because of age or disability and 102 active members died. Many of the positions thus vacated were not filled. During 1938-39, 130 retired persons died, and on June 30, 1939, there were 1,867 persons receiving allowances under the Retirement System, this number including aged and disabled members retired from the several departments and also retired firemen and policemen, and their widows, where retirement allowances were continued to them or death resulted while in performance of duty.

The administration of the State Compensation Insurance Law, as it affects all city employees, is centralized under the Retirement Board. Reports of all injuries among approximately 13,000 employees are made to the Retirement Office and claims are adjusted and benefits paid in accordance with the State law and Charter, the City and County acting as self-insurer in relation to all employees. During the fiscal year 1938-39, 888 compensation cases were handled, under which either weekly benefits or medical expenses were paid. Approximately 1,537 additional cases were handled which were not of sufficient severity to qualify for compensation benefits of any kind. The investments of the Retirement Fund at June 30, 1939, totaled $23,860,986 as against $21,635,892 as of June 30, 1938.

ASSESSOR

As the result of a program of modernization, the Assessor's office has been physically remodeled for the convenience of the public and staff. The most modern office equipment has been installed. The problem of personnel, the third step in this program, to make the Assessor's office a model, governmental unit is now being studied.

In the interest of maintaining adequate revenue for the city and the assurance of all taxpayers as to the fairness of their assessments, the Assessor is engaged in a city-wide survey and inventory of all taxable property. When this is completed, positive facts and figures will show that certain districts have improved and assessments should be increased, while other districts have depreciated and should be correspondingly reduced. In its entirety the completed survey will serve to satisfy the tax-paying public, the Assessor, and the City Administration, that all assessed values are fair and equitable.

In connection with this survey the Civil Service Commission recently gave permanent tenure to seventeen appraisers and auditors who had been working on this task for the past two years. With the task about 40 per cent completed it appears that this situation of verified equitable assessments may demand a greater number of appraisers and auditors. It is believed, however, that increased efficiency in procedure will offset the additional cost entailed.

Summarized Comparison of the Assessment Rolls

	1939-40	1938-39
Property assessed by the Assessor:		
Tangible Property:		
Real Estate and Improvements	$665,628,793	$664,295,898
Personal Property—		
Secured and unsecured	74,853,927	78,005,290
	$740,482,720	$742,301,188
Less, veterans' exemptions	6,777,349	6,543,924
	$733,705,371	$735,757,264
Intangible Property:		
Solvent credits (10c per $100)	$120,635,532	$121,647,347
Property assessed by State Board of Equalization:		
Tangible Property:		
Real Estate and Improvements	$ 56,830,960	$ 57,298,680
Personal Property	30,765,680	30,932,540
	$ 87,596,640	$ 88,231,220
Intangible Property:		
Solvent credits (10c per $100)	$ 42,077,030	$ 26,265,410
Total Property subject to City and County Taxes	$984,014,573	$971,901,241

OFFICE OF THE TREASURER

The audit by the Controller at the end of the fiscal year 1938-1939 showed the cash and cash accounts exactly correct. An independent audit was made of the securities of the Retirement System and found that they were intact with all interest coupons attached thereto.

All laws, including Federal, relating to county treasurers are mandatory and must be complied with in every detail. At the last session of the Legislature, the Public Deposit Act of the State of California was amended to provide for any changes that may be made during the next two years by Congress in the Federal Reserve Act of 1935 as amended.

Changes were also made in the Inheritance Tax Act. A new law was enacted to clean up dead accounts on treasurers' books that have been dormant for ten years or more. The cash balance in the Stockton Street Tunnel District Assessment Fund was under this law transferred to the General Fund.

There are 159 accounts on the daily cash balance sheet. There are a great number of other accounts on the Treasurer's books relating to bond interest, street assessments, and other items relating to the state government that are not carried on the daily cash balance. P.W.A. and W.P.A. accounts are kept under the supervision and audit of the Federal Government.

Cash on hand June 30, 1939, $23,998,014.66. Cash received during fiscal year $80,981,807.11. Cash disbursed $78,416,257.72. Total cash $159,398,064.83. Journal transfers bookkeeping items $105,406,716.52.

The office pays monthly about 11,000 pensioners of all classes, and about 6,000 on relief. There are about 13,100 municipal employees who, with the exception of the certified school teachers, are paid semi-monthly.

Office costs are kept to the minimum. It costs almost exactly 24c to handle $1,000.00, which includes receiving, paying, and all accounting connected therewith. The office force is efficient and courteous to the public.

SHERIFF

The Sheriff of the City and County of San Francisco outlines the following activities for 1939:

Receipts

County Commissions, fees and mileage, $31,242.03; Cash receipts under writs of attachment, executions, fee deposits by plaintiffs, and cash deposits by defendants in lieu of undertakings on release of attachments, etc., $256,272.11; Sales of Personal Property after deduction of County Commission and fees, $20,473.04; Sales of Real Property, $16,290.49; total $324,277.67.

Process and Papers Filed and Issued

A classified list of all process and papers filed and issued, follows: Bonds (Personal and Surety) 52; Claims of Exemption-Notice of Preferred Claims, Releases, Third Party Claims, 1649; Claims and Delivery and Writs of Replevin, 102; Miscellaneous, 247; Notices, 353; Orders of Arrest, 104; Orders of Examination, 23; Orders to Show Cause, 217; Subpoena, 157; Summons (Civil Actions) 2450; Writs of Attachment (Personal Property) 7618; Writs of Attachment (Real Property) 236; Writs of Execution (Personal Property) 7613; Writs of Execution (Real Property) 101; Writs of Possession, 236; Certificates (Issued) 62; Deeds (Issued) 11; total 21,231.

Under and pursuant to such Writs of Attachment, and Writs of Execution, most of the personal property levied upon consists in the form of garnishments. However, under that type of Writs, including Claim and Delivery and Writs of Replevin, the following personal property sales were consummated:

Number of Sales, 110; Amount $20,473.04.

The process under and pursuant to which these so-called evictions are made is termed "Writ of Possession" and will hereinafter be referred to by that name and will be enumerated under the classified list of process captioned: Writs of Possession received or filed, 243; Possession to Plaintiff, 156; Unexecuted, 67; Number of forcible evictions, 20.

County Jail—Number 1, 2, 3 and 4

The monthly average population of inmates confined in all San Francisco County Jails for the fiscal year July 1, 1938 to June 30, 1939, both dates inclusive, was 700.7; the total for the 12 months, 8,487.1.

There were 433 Federal male and 35 Federal female prisoners received during this period with a daily average of 40.

The total amount received from the United States Government for maintenance and subsistence of Federal Prisoners for the fiscal year July 1, 1938 to June 30, 1939 was $10,876.80.

During the calendar year of 1939 there were 721 male patients and 481 female patients transported from the Detention Hospital to various state institutions. From our County Jails 200 male and 16 female prisoners were transported to state penitentiaries and other correctional institutions during this same period. All surplus money received from this source is deposited with the Treasurer of the City and County of San Franicsco by the Sheriff.

At the request of the Sheriff, Ordinance 7061, Bill 860 was drafted and approved on January 13, 1936. This Ordinance established County

Jail stores to be maintained for the convenience of prisoners and under this procedure should there be any profit it would be deposited with the Treasurer for the benefit of the taxpayers of the City and County of San Francisco. These stores are under the direct supervision of the Sheriff and with minimum prices on all commodities sold in the stores the profit for the last fiscal year amounted to $5,232.56.

PUBLIC UTILITIES COMMISSION

San Francisco's municipal utilities showed gratifying results in improvement of service and profitable operation during the past year. I refer briefly in the following paragraphs to the operation of individual utilities during 1939.

Municipal Railway

The Municipal Railway at the close of this calendar year had completed its twenty-seventh year of operation. During the past year in which the Golden Gate International Exposition opened and in which operation over the bay bridge loop was inaugurated, the transportation facilities of the Municipal Railway were taxed to the utmost, but the best possible service under trying conditions was furnished to visitors and residents of San Francisco. The rate of fare has remained unchanged at 5 cents with free transfer privilege, and based on an average fare of 8.33 cents throughout the United States means a saving of over $2,800,000 for the year to patrons of the Municipal Railway.

Revenues exceeded any previous year in the railway's history. Operating revenue for the year 1939 amounted to $4,303,105, an increase of $527,260 or approximately 14 per cent over the preceding year. This continued increase in street car riding for the sixth successive year is gratifying and can be attributed to travel to the Golden Gate International Exposition and the higher fare charged by the larger of the two competing privately-owned street railways operating in San Francisco. The rate of fare in effect since January 1, 1939 by this competing company was 7 cents with a free transfer privilege.

In conformity with its policy of placing profits back into the system in the form of increased service, the Public Utilities Commission has established new motor coach lines into the Miraloma Park, Sunset, Bayshore and Telegraph Hill districts. Street car service on line "M," the Ocean View line, has been replaced by motor coaches resulting in improved service. The Eureka-Diamond motor coach line was extended to Twenty-fourth Street and South Van Ness Avenue, serving the Mission district. Twelve new buses were purchased for these lines and funds have been appropriated for 20 more at a cost of $180,000.

Construction was commenced on the new Howard Street trolley coach line which will operate from Army Street and South Van Ness Avenue to Beale and Howard Streets. This line will furnish the Mission district with direct transportation at 5 cents to the downtown district. The total cost will amount to approximately $228,000, including $116,000 for nine trolley coaches.

No decisive results were achieved by the city's efforts to secure the services of Mr. C. H. Purcell, Chief Engineer of the California State Highway Commission and builder of the San Francisco-Oakland bay bridge, to conduct a general traffic study. Pending the outcome of this matter, basic data as to riding habits of railway patrons will be obtained under a W.P.A. project sponsored by the Public Utilities Commission. This project will include an origin and destination survey of the entire city.

The increase in car and bus hours operated over the previous year was 75,484 or 7.8 per cent. All available street cars and motor coaches owned by the Municipal Railway are now in operation during peak hours of travel. Five new modern streamlined street cars were purchased. These cars embody beauty, comfort, safety, speed and silence,

and were specially designed for use on San Francisco's Municipal Railway.

After providing for the cost of increased service and new motor coach routes, increasing the provision for depreciation to $360,825, and providing $129,093 for accidents for the year, a net income of $459,114 is found as compared to $306,773 for the year 1938.

Track, roadway and equipment have been maintained in excellent condition, the sum of $417,637 having been expended for this purpose. Fifty car bodies and two buses were overhauled and painted. 1.50 miles of paved track and 2 miles of open track were reconstructed.

Capital expenditures and replacements amounted to $679,115, which includes $112,000 for five new modern street cars, plus engineering and other costs, $125,730 for 12 new motor coaches, $116,000 for 9 new trolley coaches, $112,000 for construction of the Howard Street trolley coach system, $65,000 for reconstruction of tracks on Geary Street between Masonic and Jordan Avenues, and $40,000 for track reconstruction in the Twin Peaks tunnel.

On December 1, the sum of $100,000 in bonds of the railway was retired from earnings, so that there now remains an indebtedness of only $1,300,000 against the Municipal Railway properties, which are conservatively valued at $10,000,000.

Over 112,000,000 passengers were carried during the year, an increase of 14,000,000 passengers over the previous year. This is the largest number of passengers carried in one year in the history of the Municipal Railway. Street cars and motor coaches traveled a distance of 10,020,000 miles, an increase of 465,000 miles over last year. Cars and motor coaches operated over 1,037,600 hours or 75,400 hours more than the previous year.

Water Department

Operations of the San Francisco Water Department present a very favorable picture for the past year.

Water sales revenue for the year amounted to $7,282,382 and net profit from operations was $3,326,970, as compared to $3,068,172 for the preceding year. The gain of $258,798 consists of a gain of $483,492 in water sales revenue and $36,378 in miscellaneous income, which gains were partly offset by an increase of $261,072 in operating expense. The increase in operating expense is due to additional depreciation charges of $60,925, extraordinary repairs of $75,257 occasioned by a break in one of the bay crossing submarine pipes and by flood water damage to the Calaveras spillway, a valuation of the department's properties costing $23,017, increased taxes of $59,758, increased pumping costs of $24,821 and miscellaneous items totaling $17,294.

Water consumption for the year average 69⅓ million gallons daily. This is again an all-time high and represents a gain of 10½ million gallons daily or 17½ per cent over the preceding year. Eliminating the 1 million gallons daily supplied to the fair the gain is still five times that of an average year and represents the largest gain in the department's history. San Francisco consumption, exclusive of the fair, gained 4¾ million gallons daily or 9 per cent, and suburban consumption was doubled with a gain of another 4¾ million gallons daily.

Approximately 10 miles of 6", 8" and 12" mains were added to the distributing system in the city and 3,553 new service connections installed, which is 632 more than were installed during the previous year.

The number of active consumers in San Francisco has increased to 119,000, a gain of 2,913 for the year, which is 431 more than the previous year.

The past season of deficient rainfall produced practically no runoff available for storage in the local reservoirs, making it necessary to draw 17,400 million gallons, or an average of 56 million gallons daily

from the Hetch Hetchy system since February. The Hetch Hetchy delivery has maintained the peninsula reservoirs at a high level throughout the year and on December 31 the local storage slightly exceeded 30,500 million gallons, which is approximately 1¼ years' supply.

On March 3, 1940 the San Francisco Water Department will have completed ten years of operation under the city's ownership. The following is a brief review of operations during this period of time:

Water consumption has increased 30 per cent, which is practically a normal percentage gain despite the general business depression during these years.

Due to a series of four rate reductions, water sales revenue has increased only 7 per cent. These rate reductions are now saving our consumers approximately $1,100,000 per year and total over $4,500,000 for the past five years.

A total of 270 miles of new pipe has been laid in the city and 15,000 consumers have been added to the system. Of the new pipe laid 155 miles were new extensions and 115 miles were replacements of inadequate sizes with larger pipe to improve water service to consumers and to give better fire protection. Storage capacity within the city limits has been more than doubled.

Facilities for transporting water into the University Mound distribution district in San Francisco have been greatly increased but no additional capacity has been provided for transporting water from the peninsula reservoirs to meet the greatly increased demands of the higher districts of the city. Such facilities are at present a most urgent need.

The creation of a water purification division which gives constant control over taste, odor and sanitation problems has resulted in a 75 per cent decrease in bad water complaints.

The constant danger from failure of the local sources due to lack of rainfall in the bay area has been permanently eliminated by connection with the abundant Hetch Hetchy supply.

These accomplishments have all been achieved with no increase in operating expenses, which for this year are no greater than they were ten years ago.

A resume of the financial results of the city's operation of the Water Department from March 3, 1930 to December 31, 1939 shows gross income of $67,942,917 and operating expenses of $40,264,939. The net income of $27,677,978 was used for:

Contribution to the city's general fund	$ 9,197,426
Bond redemption—Water Department	11,187,094
Additions and betterments	4,716,952
Contributions to Hetch Hetchy system	2,497,053
Surplus and Miscellaneous	79,453

Hetch Hetchy and Utility Construction

In the spring flood season of 1939 the enlarged O'Shaughnessy dam again demonstrated the worth of the enlargement completed in 1938. Last winter's precipitation on the Hetch Hetchy watershed was much less than that of the previous winter, as was the case throughout the northern and central portions of the state, and the runoff from the melting snows was not sufficient to fill the reservoir to its new capacity, but even with this handicap the water rose 57 feet above the old spillway level. This resulted in the conservation, for later beneficial use, of 31 billion gallons of water that, without the benefit of the enlargement of the dam, would have passed on down the stream as fast as it entered the reservoir, its energy dissipated in uncontrolled flow through the rocky bed of the Tuolumne. The magnitude of this quantity of water that was thus saved may be better appreciated through

the realization that it is greater than the combined capacity of the city's two great storage reservoirs, San Andres and Crystal Springs, which the motorist sees on his right as he drives down the peninsula from San Francisco on the Skyline boulevard.

The right of the city to store water up to the full capacity of the mountain reservoir system was finally affirmed by the State Supreme Court. Certain important agricultural interests of the San Joaquin valley had succeeded in obtaining in a lower court an injunction against the city which would have destroyed the value of the enlarged O'Shaughnessy dam and would have seriously impaired the potential capacity of the Hetch Hetchy system for both domestic water supply and power development. The supreme court's action permanently averts such interference.

A great advance has been made during the year in the expansion of the facilities of San Francisco Airport, for which the construction work is under the supervision of this branch of the Public Utilities Commission. The work is financed from the bond issue of $2,850,000 approved by the electorate in November 1937. It includes levee construction, now completed, to reclaim from the bay a 325 acre area for addition to the landing field, filling within that area to create a solid usable surface for runways, paving and lighting. This will bring the airport up to the United States Civil Aeronautics Authority requirements for a class 4 rating, the highest, embracing airports suited in every respect for use by the largest transport planes now produced or likely to be produced for some considerable time in the future.

Study also has been given, in cooperation with the Civil Aeronautics Authority, to the requirements of a Treasure Island airport.

Hetch Hetchy Power

Last season's rainfall was below normal, consequently the O'Shaughnessy dam was used to its full capacity, by agreement with the irrigation districts in the San Joaquin valley. This arrangement materially assisted in meeting the requirements of not only the city for its power output, but also those of the irrigationists. By a reversal of the findings of the lower court, future restrictions as to the use of O'Shaughnessy dam for storing flood waters have been removed.

On June 28, 1938, the local United States District Court found that the city's contract with the Pacific Gas and Electric Company for the distribution of Hetch Hetchy power was not in accordance with the Department of Interior's interpretation of Section 6 of the Raker Act. This decision was appealed and on September 13, 1939 the United States Circuit Court of Appeals for the Ninth District reversed the decision of the lower court and dismissed the complaint. The city may now continue to deliver power to the Pacific Gas and Electric Company as heretofore, thereby securing a revenue of approximately $2,300,000 a year. The federal government has appealed to the United States Supreme Court.

On May 19, 1939 at a special election the Public Utilities Commission's Plan 8 for the distribution of Hetch Hetchy power failed of passage.

Street and Public Building Lighting

The extensive program of widening and improving streets has necessitated the installation of new and more up-to-date street lighting in keeping with the requirements for dense and fast traffic over the new thoroughfares. New and lower rates for street lighting granted on the city's annual contract have made it possible to revise and improve the lighting of city streets in all of the residential and minor business areas. In making these additions the old lamps have been rearranged and a large percentage of the older type units have been replaced with improved fixtures. New lights adjacent to the bay bridge terminal station have been installed for the benefit of

patrons of the terminal. Floodlighting has been provided which permits the night use of the Rolph and Funston playfields.

San Francisco Airport

The large scale development program under way at San Francisco Airport has advanced with great strides during the year 1939. That part of the development which calls for field enlargement has been particularly active, some 125 acres of tide flats having been reclaimed by an earth and rock fill. This reclaimed area is now available for emergency use and will be in regular operation within the next few months. Work on the reclamation of an additional 175 acres will be started shortly. The total area to be available for aircraft operation on completion of the present project will be 504 acres, with runways ranging from 4,500 to 6,000 feet in length.

At the seaplane harbor being developed adjacent to this landing area, the United States Coast Guard has already begun construction of an important base, for which the city and county of San Francisco deeded 20½ acres to the federal government. The harbor will also be available to private and commercial operators of seaplanes and amphibians. We will soon have one of the finest combination land and seaplane ports in the world.

Remarkable increases in transport traffic have taken place during 1939. Despite the fact that the airport was practically closed to airline transports for almost two months during the year (March 25 to May 20) due to runway construction work, the annual passenger traffic increase was 31 per cent over the year 1938, some 64,600 passengers having boarded or deplaned at our terminal. Comparing the last seven months of 1939 (during all of which time the airport was open) with the last seven months of 1938 we find the following impressive figures:

	Increase
Passengers (arrivals & departures) excluding "thru" passengers	72%
Air mail poundage (in & out) excluding "thru" cargo	29%
Air express poundage out, excluding "thru" cargo	33%
Transport planes (in & out)	40%

Over the routes and connecting services of the two major airlines operating at San Francisco Airport schedules are available to all sections of the world. The combined schedules of United Air Lines and Transcontinental and Western Air, Inc. provide 26 arrivals and 26 departures daily.

At the Treasure Island site, our city's second airport of the future, Pan American Airways is well established and successfully operating its Pacific Coast base under the 10-year lease (with 10-year renewal option) mentioned in my message of last year. With inauguration of scheduled trans-Atlantic air service last June, San Francisco became an important link in round-the-world air travel, entertaining air passengers from all parts of the world.

Commercial and privately based aircraft at San Francisco Airport number 50, which places hangar space at a decided premium pending the construction of additional hangars included in the field development program. In addition to the two major airlines, local commercial operators included 7 aircraft agencies, 7 flying schools and 9 charter services. The concession for the new airport restaurant, refreshment lounge, and news counter has been under lease to a reliable operator since last February.

The installation of a radio range facility is complete, with full operation scheduled to begin some time this month. The radio range will enable pilots to land safely under poor weather conditions. As soon as the Civil Aeronautics Authority completes tests on a blind landing beam and places its approval on a particular type, this radio

facility will likewise be installed at San Francisco Airport to operate in conjunction with the radio range, and will permit landings under conditions or zero ceiling and visibility.

In September 1939 the final payment on the airport property was made to the Mills Estate, completing the 10-year contract for purchase of 1,112 acres of land. The total area now owned by the city and county of San Francisco at the airport site is 2,245 acres, of which 561 acres will form the landing field proper, 620 acres will be in use at the seaplane harbor, 445 acres is submerged land for further airport development and to maintain clear approaches to the landing field, 555 acres west of the Bayshore highway will be used for industrial development or airport structures, 24 acres is occupied by public roads, and 40 acres of submerged land is to be the permanent radio range site southeast of the field.

Considering the large development program well under way at San Francisco Airport, the impressive traffic increase outlined above, and our city's provision for a second future airport at Treasure Island, we may feel secure in our determination to make San Francisco a world renowned center for the new born commerce of the air.

PARKS

All San Franciscans who have enjoyed our public breathing spaces, during the past year, have had occasion to observe the numerous improvements which have been made under the direction of the Park Commission—in many cases through projects of the Works Progress Administration.

That organization is responsible for the creation of the magnificent new Zoological Gardens at Fleishhacker Playfield, which are now eighty per cent complete and already house a large number of animals. The commodious barless cages and pits and the appropriate landscaping have elicited favorable comment from all who have had the opportunity to view them.

Those of our citizens who follow the pastime of angling and fly-casting are undoubtedly appreciative of the W.P.A.'s good work in erecting a charming, rustic clubhouse and in creating pools for their use, while adherents of the sport of model yacht racing must be equally grateful for the fine quarters provided for them by the erection of a modern club building.

The Polo Stables which were also built by the Works Progress Administration sheltered, during the last season, some of the most valuable horseflesh in the world, and the owners of the animals were generous in their praise of the Polo Field itself, which has been reconditioned. The track for harness racing is also in perfect shape.

Some eighteen miles of bridle path in Golden Gate Park have been completely resurfaced and it is the proud boast of those of our citizens who use them that our facilities are now among the finest in the United States.

The imposing Aquatic Park building has been turned over to the City by the W.P.A. and is now in full operation and affording enjoyment to thousands of persons daily.

Visitors will find the new directional signs in Golden Gate Park a real aid to discovering the many points of interest in and round the Park. In the past few months over two hundred signs of suitable character have been installed.

The Park-Presidio By-Pass Drive, linking the new Transverse Drive with the Park-Presidio Driveway has been completed by W.P.A. and the center strip and borders are now receiving attractive landscaping treatment.

A beautiful setting for the proposed Arboretum Building is being created by the planting of numerous flower beds and groups of shrubs and trees, representing plant life from every part of the world.

Planting is steadily progressing in McLaren Park—the recreation area which represents the lifelong dream of our good Superintendent of Parks, John McLaren, to provide an open space for dwellers of the Mission District.

RECREATION DEPARTMENT

The Recreation Commission, during the past year, experienced the most pronounced growth in its entire history.

Recreation units, all of which are supervised, were increased to 80. The four new areas placed under supervision were: Crocker-Amazon, Fulton and Potrero Hill Playgrounds, and the Marina Gymnasium. Additional playgrounds were lighted for evening use and provided increased play hours, so essential for the welfare of children and adults. For the third consecutive summer, additional schoolyards were operated during vacation period. This season, 37 were supervised for a ten weeks' period.

Total department expenditures for the fiscal year ending June 30, 1939 amounted to $684,770.59 of which $89,045.31 was spent for capital expenditures including land, buildings and improvements, and equipment.

The varied and comprehensive program of the Recreation Department brought the highest attendance figure ever recorded—6,918,968. This number exceeded the highest figure previously recorded by more than 855,742.

The second season for the Sigmund Stern Grove Midsummer Musicals began on May 21, 1939. It was most successful from the standpoint of musical talent, variety of programs, and size of audiences. Twenty-one concerts were held and the attendance averaged 4,500 per Sunday. The programs included events such as orchestras composed of members from the San Francisco Symphony Orchestra, San Francisco Opera Ballet, Shakespearean production, Woodwind Ensemble, San Francisco Municipal Chorus, Festival of Folk Songs and Dances, Pacific Coast Singing Festival, Soloists, and Chamber Music Ensemble.

The highlight in this year's activities was our participation at the Golden Gate International Exposition on Treasure Isalnd. The San Francisco Recreation Department took an active part in presenting programs. Activities included athletic events of every conceivable type, a children's play day, a Camp Mather Get-Together, 113 performances by the Drama Department including weekly puppetry programs, story telling, 34 musical programs, exhibits by the Junior Recreation Museum and Garden Clubs, and demonstrations of various crafts. The Recreation Department had a comprehensive exhibit in both the San Francisco Building, and the State Recreation Building.

The Recreation Department took an active part in the program and entertainment for the delegates attending the national convention of the American Association of Health, Physical Education and Recreation which convened in San Francisco in April 1939.

The activities of the Junior Recreation Museum were broadened by the establishment of a Junior Academy of Arts and Sciences, and the acquisition of an adequate printing press, used for the printing of the Museum's official monthly publication.

The Recreation Department published a uniquely-designed, abundantly illustrated recreation booklet bearing the title "Supervised Recreation" describing the scope of the work of this department in meeting the needs of all age groups in San Francisco. This was the first

recreation booklet published by this department since 1931. Hundreds of letters of congratulation were received and national commendatory recognition was given.

Camp Mather, one of the most outstanding municipal summer camps of the United States, was operated for a longer season than any preceding year, i. e., from May 27 to September 16, 1939. A total of 23,084 camper days were sold during the 112-day season. The auto camp, which is adjacent to Camp Mather, and which is operated by the Recreation Department, registered over 200 cars for the season.

This department was asked to formulate plans for the operation of a children's day camp in San Francisco, and a study is therefore in progress to make that plan a reality. Since the value of camping is of inestimable merit from a character-building and educational standpoint, this department is eager to bring this plan to fruition.

The director-at-large plan in recreation work progressed most satisfactorily and a chart showing the number of San Francisco boys booked at the Juvenile Court since January 1936 showed an appreciable decrease for the years 1938 and 1939, which demonstrates the efficacy of this type of work to curb juvenile delinquency.

BOARD OF PERMIT APPEALS

The Board of Permit Appeals is comparable to the Small Claims Court inasmuch as appeals can be taken from the various departments and commissions having granting and revocating power with regard to permits and licenses without any cost whatever. There are five members appointed who sit as an Appellate Court with regard to permits and licenses, although the members of this Board are laymen. It is their duty when matters are appealed to them to hear both sides and make their decisions.

On numerous occasions, appeals were taken where a permit was denied, due to a minor infraction of the law. While this Board has not the power to authorize anyone to violate any laws, in many instances, methods were suggested by which minor changes could be made so that the appellant would be conforming with our laws and the permit granted.

In the past year, 49 appeals were heard. These were taken from action by the following officials and departments: Director of Works, 23; Director of Health, 14; Chief of Police, 2; Chief, Fire Department, 7; Art Commission, 2; Tax Collector, 1. Of these 18 were Affirmed, 26 Reversed, 3 Dismissed, and 2 are Pending.

CITY PLANNING COMMISSION

The City Planning Commission experienced one of its busiest years since its establishment. Contributing factors to this increased activity included the following:

This year, building activities returned to near pre-depression levels, more particularly, because the F.H.A. plan for home building and owning made greatest progress. Great increase in the field of home building involved the development of practically virgin territory, and caused the Commission an unusually large amount of supervisory work. Home building development requires establishment of building set-back lines, location and establishment of commercial areas built to conform to a well considered plan of development and the study of related transportation problems. One needs but to visit the sites of new subdivisions such as Ewing Terrace, Lakeside, McLaren Park Extension, University Terraces and Francisco Heights to visualize the advantages that have accrued to the City and its residents by giving forethought to these problems.

In connection with the development of Federal Low Cost Housing Projects, the department has cooperated with the local Housing Authority in the matter of reporting and consulting on proposed sites for such projects.

Shortly to be completed are several surveys made by the W.P.A. under the sponsorship of the City Planning Commission. These surveys include: (1) Land Use Survey, which has been completed and is now available for reference in the office. This survey is a series of maps showing the use to which property in the City and County is actually being put and is a handy reference which does away with costly and time consuming field investigation, (2) a Wood Model of the City, to be completed during the month of January, 1940. This model has been made at a scale of 1 inch to 100 feet and the complete model will be approximately 37½' by 41'. During the Golden Gate International Exposition, held on Treasure Island, a section of the model was on exhibit at the Redwood Empire Building. Upon completion of the model it is hoped that space will be made available somewhere in the City Hall for public showing; (3) a city-wide Mapping Project to cost about $180,000, will be completed about the end of 1940. This project consists of a series of individual block maps of each block in the City and County made to the scale of 1 inch to 50 feet. Each map will show the outline of the buildings and uses thereof; their construction, height, etc. When completed these, together with the model, will afford full information regarding conditions existing on all land within the City and County, both above and below ground.

There was continued in 1939, in accordance with Section 24 of the Charter, which provides that no building permit or license affected by the zoning or set-back line ordinances shall be issued without the prior approval of the City Planning Commission, the checking as to conformity with the ordinances, of licenses and permits as issued by the Tax Collector's Office, Department of Public Health, Fire Department and Board of Public Works. In the matter of building permits alone there were checked approximately 8500 applications.

A total of 167 applications for changes in zoning classification were filed. Of the total applications, 73 were approved, 35 disapproved and 15 withdrawn. Set for hearing were 12 applications. The volume of applications for changes in zoning during the year 1938 was 94. This year will show an increase of approximately 100% over 1938. There were filed with the Commission a total of 43 applications for changes or establishment of building set-back lines. Of this number 10 were filed by property owners, 33 being introduced by the Commission. Of the 10 property owner applications, 6 were approved, 1 disapproved, 1 was awaiting action and 2 were set for hearing. The number of 43 applications compares with a total of 16 for 1938.

San Francisco has been selected as the 1940 Convention City for the National Conference of Planning Officials. The convention will be held July 8th, 9th, 10th and 11th. The participating organizations will be the American Society of Planning Officials, American Planning and Civic Associations, American Institute of Planners and the National Economic & Social Planning Association.

The Controller, in his current annual report, suggested that an endeavor be made toward the coordination of departmental plans with the fiscal problem involved. With respect to all future physical development of our City, no such coordination can be achieved until a Master Plan of our City has been made. Such Master Plan would not only include solutions of much discussed traffic and transportation problems, which are only phases of such plan, but would include every factor involved in the physical development of our City. No proper solution of the traffic and transportation problem can be arrived at without such Master Plan which would give consideration to all other related problems of physical development. Section 116

of the Charter makes it the duty of the Planning Commission to make such Master Plan. Ways and means will be found to comply with this Charter provision.

WAR MEMORIAL TRUSTEES

Perhaps no municipal department in any city in the United States is so unique as is the War Memorial in San Francisco. The management and operation of the Opera House, the Veterans' Building and the Museum of Art and the Court of Memory are included in this Department.

San Francisco's Opera House is the only municipally-owned building of its kind in the United States; the Veterans' Building constitutes what is probably the most pretentious home ever built in this country for the exclusive use of Veterans of all the wars in which America has participated; while the Museum of Art is the only museum open to the public, evenings.

The very nature of this group, which was constructed by the people as a War Memorial, shows at a glance the importance and widely different appeal that each unit of the Memorial holds forth to the various groups of our citizens using its privileges. Music lovers of San Francisco are genuinely proud of their possession of this beautiful Opera House, the headquarters of the cultural life of the City. Veterans take joyous zest in the magnificent edifice which houses their activities, and art lovers have not been slow to recognize the extraordinarily fine museum which occupies the fourth floor of the Veterans' Building. It is reported that upward of 200,000 people have availed themselves of these splendidly lighted and equipped galleries during the past year.

The four floors of the Veterans' Building devoted to the offices, meeting rooms, club rooms, auditorium and other facilities serve over 150 organizations of Veteran groups. It is reported that more than three-quarters of a million persons annually make use of these facilities. The Veterans' Building is probably used by more people than any other building in the City of San Francisco. Day and night it is a beehive of activity and a show place to hundreds of thousands of visitors who come to the City every year.

During the year just passed, the Opera House was busier and more consistently used by the people than ever before in its remarkable record. Press and public alike seemed to feel that the 1939 opera season, recently concluded, was more glamorous and successful than any, previous. The world's greatest artists presented a season of eighteen performances, the magnificence and sumptuousness of which were not exceeded by those of any opera house or opera company in the world. The San Francisco Symphony has definitely taken its place among the foremost of the world's major symphonic organizations. Artists of the first rank appear regularly in its recital programs. All these things prove that the existence of this glorious building is contributing, more than any other factor, toward making San Francisco known the world over as a foremost music center and highly cultural locale. Another and increasingly more important use, to which the Opera House is put, is the holding therein of the graduation exercises of San Francisco's high schools. The presentation of noted lecturers and speakers from all over the world is another use which is made of the Opera House. Last year an outstanding use to which the building was put was the holding therein of a half dozen international conventions, which brought thousands of visitors to the City. Without exception, delegates and officials of these conventions and the officers have gone on record as stating that facilities for the conventions, thanks to the availability of the Opera House, make San Francisco one of the most ideal convention cities in the Nation.

The San Francisco Opera Association is able to maintain the fine organization that is San Francisco's own opera company, largely because of having the Opera House as its home base. This Company, carrying the City's name in all its announcements, is now making annual visits to Los Angeles, Sacramento, Pasadena and other places, giving our city premier advertising throughout the land.

Visitors from every part of the globe inspect the Opera House. It is counted a poor day when there are not at least fifty or more such visitors or groups of visitors signing the great register, which already contains the names of some of the most prominent citizens in the world. Likewise, the Veterans' Auditorium, in the Veterans' Building, where the famous Frank Brangwyn murals adorn the walls, and the Museum galleries, attract and entertain many thousands of visitors during the year.

For the uses to which these buildings are put, giving so much pleasure to such a great percentage of local citizens of all types and classes, and for the sheer advertising value which accrues to the City from their very presence, their construction has been fully justified, and a wise and far-seeing service to all the West.

The War Memorial Department is operated by a Board of eleven Trustees, the President of which, during 1939, was Ralph J. A. Stern.

ART COMMISSION

The activities of the Art Commission were of vital importance during the year of the Golden Gate International Exposition.

The architecture, painting, sculpture and decoration of the beautiful San Francisco Building on Treasure Island, executed under the supervision and direction of this Commission, conspired to produce one of the outstanding masterpieces of the Fair. The work of the Art Commission and their untiring efforts to make this building an artistic achievement, in the medium of the arts, is gratefully acknowledged and their good taste and excellent judgment is widely praised.

In the utilitarian field the Commission continued its rigid supervision of all works of art placed in public buildings, parks and squares on property belonging to the City and County of San Francisco.

The year 1939 marked the peak of the Art Commission's activities in music. When the Commission came into existence in 1932, and the municipality's policy and program of music was entrusted to them, a series of four Municipal Symphony Concerts was presented with a total attendance of 9,000. In 1939, the Art Commission gave fourteen Municipal Concerts with a total attendance of over 65,000. Conforming with their established policy to give the people of San Francisco and the visitors these concerts, they utilized our splendid San Francisco Symphony Orchestra, the ballet, internationally famed soloists, and our own Municipal Chorus, offering the very best in music, and at prices within the reach of all. I know of no city in America that gives such paramount musical attractions at such nominal prices. Surely the Music Tax, established by the Art Commission four years ago, which makes this possible, has been more than justified.

The Municipal Band continued to give concerts in neighborhood parks and squares and to furnish music for shut-ins at hospitals, the Health Farm, and the Laguna Honda Home.

At its inception, the San Francisco Art Commission was experimental for it was one of the first Commissions of its kind to be given such jurisdiction and power by the people's mandate. The experiment has worked out nobly, as is evidenced by the splendid work accomplished and plans, under consideration for the future, assure a program which will bring to our City and our people the finest in art and music.

SAN FRANCISCO MUSEUMS

The continued importance of the M. H. de Young Memorial Museum and the California Palace of the Legion of Honor in the cultural life of San Francisco is again attested by an attendance at these two municipal museums of approximately 750,000 for the year 1939.

Among the exhibitions at the California Palace of the Legion of Honor which received great local response were the Memorial Exhibitions of Paintings which were shown throughout the year. They included such well-known local artists as: Toby Rosenthal (1848-1917); Mary Curtis Richardson (1848-1931); Thaddeus Welch (1844-1919); Francis McComas (1874-1938); Florence V. Robinson (1874-1938) and Orrin M. Peck (1862-1921).

Also of great interest was the exhibition of Italian Renaissance Bronzes, from the collection of Mrs. Charles A. Baldwin. The Greek Vases, from the collections of the Museum and the University of California, have been reinstalled in new specially designed and lighted cases.

Other exhibitions included a collection of Landscapes, Seascapes, Flower and Figure Paintings; Paintings and Sculptures by San Francisco Artists and several groups of American Artists; paintings by Victor Arnautoff, Edward Farmer and Daniel M. Mendelowitz; Richard Allman and Edward Johnson; Robert Bach and Daniel Romano; Water Colors by George Post and Sculptures by Raymond Puccinelli; Prints and Drawings by John Taylor Arms; Regional exhibition of Arts and Crafts by members of the San Francisco Branch of the Junior League; Paintings and Sculpture by members of the San Francisco Branch of "The Society for Sanity in Art"; original covers for "The New Yorker" and paintings of Spain by Wells M. Sawyer.

Further gifts to the California Palace of the Legion of Honor during the year were two important paintings, "View of the Rialto Bridge, Venice" by Francesco Guardi, Venetian (1712-1793) and "Grand Canal, Venice" by J. M. W. Turner, English (1775-1851) presented as notable additions to the Mildred A. Williams Collection; two sculptures in aluminum, "Fawns Playing" and "Greyhounds Playing" by Anna Hyatt Huntington, presented by Mrs. Huntington.

Exhibitions held at the M. H. de Young Memorial Museum during the year included the "Frontiers of American Art," murals and mosaics, easel paintings, graphic arts, sculpture, Index of American Design and educational activities (presented with the assistance of the National Staff of the Works Progress Administration). The exhibition, assembled from all parts of the country, provided an excellent survey of all the activities of the Federal Art Project.

Also of great interest was the exhibition "Glass Through the Ages" which was assembled by the Museum mainly from Pacific Coast collectors and was displayed in a specially designed setting. The exhibit was rich in 16th and 17th century Dutch-German enameled glass and 18th and 19th century English and Irish and American glass. It was brought up to date by examples of the beautiful modern pieces of Lalique, Steuben and Orresfors.

Other exhibitions included a collection of etchings by Rembrandt van Rijn, lent by Mr. Lessing J. Rosenwald; British Wood Engravings (contemporary); Technique of Chinese Painting; Chinese Rubbings and a collection of Spanish Peruvian Furniture. Also, children's drawings and puppets made in the Museum; paintings by school children; arts and crafts by the Campfire Girls.

A number of collections of photographs were displayed, including International Salons of Pictorial Photography and The Royal Photographic Society of Great Britain.

Another important exhibition was the Pre-Columbian Peruvian Textiles which portrayed the artistic importance as well as the archaeological significance of the antiquities of Peru. Other extile exhibitions

included Kashmir and Paisley shawls; Swedish weaving; costume models; Chinoiserie Textiles and Porcelain. In many cases the exhibitions lent by private collectors were augmented from the Museum's large textile collection.

Among the acquisitions of the M. H. de Young Memorial Museum were a very fine Franco-Flemish Tapestry, middle 15th century, a wood sculpture "Mary and St. John the Evangelist" South German, circa 1500, a late 16th century English Court Cupboard and Oak Chest, two Italian chairs, 18th century, and a portrait of "Marchioness Rospigliosi-Pallavincini" by Carlo Maratti (1625-1713), acquired through the M. H. de Young Endowment Fund; a suit of armor, German, circa 1540, presented by Mr. Archer M. Huntington; a collection of 18th, 19th and 20th century silver, presented by Miss Carlotta Mabury; twenty Kashmir and Paisley shawls from the Estate of Mrs. Josephine H. Mitchell. Also additions to the ethnographical department, library, textile study room, ship models, firearms and costume room.

The Educational Department carried on its regular activities for both adults and children. Regular lectures and gallery tours have been held for the public, illustrating current exhibitions and permanent material and special work has been conducted with study groups, schools, clubs, universities and other organizations. The children's puppet plays and classes at the de Young Museum are continuing with great success. Two new and most successful activities are the Art Classes for Children and the Pottery Classes for the Blind at the California Palace of the Legion of Honor.

EXPOSITION ART DEPARTMENT

The exhibition of European art from the 14th through the 19th centuries in the Fine Arts Department at the Golden Gate International Exposition, assembled by Dr. Walter Heil, will undoubtedly go down in the annals of American art shows as the richest and most significant ever held in this country. This is largely due to the fact that for the first—and probably the last—time, not only one or two but actually twenty-four of the Old World's most famous museums and several of Europe's foremost private collections contributed to this exhibition. In fact, more than fifty per cent of the works assembled were brought from across the Atlantic.

And, what means still more, most of these were not merely characteristic examples by certain masters, but, in many cases, were works of world renown and of singular importance even among the wealth of the galleries from which they came. The contributions from Italy alone, coming from such celebrated galleries as the Pitti Palace, the Uffizi and Gargello in Florence, the Brera Gallery in Milan and the great museums of Naples and Venice, included such widely known works as Michelangelo's Marble Madonna, Botticelli's Birth of Venus and Raphael's Madonna of the Chair. These twenty-seven masterworks from Italy would have made a singularly important exhibition but Dr. Heil was also able to secure a large number of works from the London National Gallery, the Royal Museum in Brussels, the Frans Hals Museum in Haarlem and the Louvre in Paris as well as private collections in Antwerp, Amsterdam and Paris. From American museums and private collections came choice works which added substantially to the scope and color of the exhibition and revealed at the same time the high standards which collecting in our country has attained.

The exhibition proved to be the most popular attraction of the entire Exposition. Nearly 2,000,000 people have seen it, indeed, a splendid evidence of the taste and cultural aspirations of the visitors to our Fair as well as a gratifying compliment to Dr. Heil for his great efforts.

SAN FRANCISCO PUBLIC LIBRARY

The Library Department has experienced one of its most active years. During the Exposition a large number of visitors not only inspected the library system but also availed themselves of its facilities. The circulation of books for home reading amounted to approximately 4,000,000. The home circulation combined with the number of books used in the main and branch libraries for research purposes would bring the total amount of books used to three times this amount.

Each year a drive is made to place the resources of the library before the people of San Francisco. This year I proclaimed a Public Library Week from November 11th to November 18th. The Junior Chamber of Commerce cooperated by securing valuable publicity through the radio, street cars and newspapers. Librarians contacted all the schools, and classes of children visited the main and branches to have the resources explained to them. Letters were also sent to the managers of our leading local firms urging them to have their employees use the library. The results of this campaign have been excellent and thousands of new members have been enrolled.

At the beginning of the year a complete program for the renovating and cleaning of the main and branches was drawn up. All the buildings are now in first class condition.

The American Library Association held its annual conference in San Francisco during June. Three thousand librarians attended from all parts of the United States. The library staff acted as the committee for arrangements and hospitality. This was one of the most successful conferences held.

The dedication of the new branch building for the West Portal district was held on Sunday, May 7th. At this time I officially accepted the building for the City of San Francisco. It is a model branch building with an up-to-date collection of 14,000 volumes. This building was a W.P.A. project and cost approximately $100,000. I was also present at the ground breaking for the Bernal Branch building on Sunday, February 5th. This is another W.P.A. project and will cost around $80,000. All the necessary preparations regarding books and equipment are well under way and will be ready when the building is completed sometime at the beginning of next year. The Bernal Branch will fill a long felt need as this district has never had adequate library service.

We have received a number of requests for other extensions to the branch system, but it is impossible to grant any further requests until we are in a position to set aside additional funds for this purpose, as it is just possible to maintain the present set-up on the current appropriation.

A complete inventory of the book collections of the main library and twenty-one branches has been taken by the Order Department. All the desirable missing material will be ordered for replacement.

The Music Department has assembled and arranged an interesting and useful collection of programs covering performances given in San Francisco from the pioneer days to the last one in our municipal opera house.

The children's rooms at the main library and branches carried on projects and programs, such as vacation reading clubs, story hours, radio talks, etc., to attract the young people to the library. Librarians made regular visits to the schools throughout the year and gave talks before the various P.T.A. groups.

Series of interesting lectures were given in the assembly hall and seasonal displays held at the main and branches.

Many items were added by gift and purchase to the Max John Kuhl and James D. Phelan memorial rooms. These outstanding collections were of great interest to the many visitors during the year.

It is with deep regret that I report the death of Mr. Frank P. Deering who was a member of the Library Commission for many years. Mrs. Gertrude Atherton resigned to resume a place on the Art Commission. Mrs. Clarence P. Cuneo was appointed to fill this vacancy.

In reviewing the volume of work accomplished during the year I wish to acknowledge with appreciation the cheerful and ready cooperation of the library staff.

CHIEF ADMINISTRATIVE OFFICER

The following information from reports of departments under the jurisdiction of A. J. Cleary, Chief Administrative Officer, shows continued progress.

During the year 1939, the Department of Public Health assumed an added burden in the supervision of public health at Treasure Island, as well as caring for the health of the millions of visitors in San Francisco during the Exposition. This entailed a broader scope of examination of food-handling, foodstuffs, hotels, restaurants, as well as plumbing installation on the Exposition grounds.

The building program financed by bond issues, enlarging our Health Department Institutions is nearly completed. This program includes among other things, a new hospital unit and a new clinic at the Laguna Honda Home, also the construction of new ward buildings and employees' quarters at the Hassler Health Home.

The Bureau of Communicable Diseases has continued to be of major importance in this Department. Unusual success has been reported in preventing the spread of communicable diseases. No cases of smallpox were reported during the year.

The Department of Public Works awarded building contracts during 1939, amounting to nearly $5,000,000. In addition to this, approximately $1,200,000 in building work was in course of construction on contracts previously awarded.

The San Francisco Building on Treasure Island was completed within the allotted time. This beautiful structure proved itself to be the outstanding example in the Exposition of modern interior design. The large numbers visiting this building accepted it as the most popular place for official and social activities on Treasure Island.

Building permits and inspection service show an increase over the previous year in excess of ten per cent, indicating a healthy improvement in private construction work.

Street-widening has been pursued vigorously, with a view of continuing this important program during the coming year. A number of streets have been completed, notably, Franklin street, Castro street, Fulton street, Union street, Third street and Fourth street. In addition to this the PWA grants from the Federal Government have enabled us to start construction on the San Francisco Junior College, Abraham Lincoln High School, and Outer Mission Junior High School. These projects will be completed within the prescribed time.

The traffic problem continues to be of major importance and the Street Traffic Advisory Board is meeting regularly, in an endeavor to alleviate the congested condition of our down town streets. Some progress has been made through street widening and the placing of additional adequate signs and additional traffic signals by the Department of Electricity. The overtime parking problem, which has such important bearing on traffic congestion, will be materially corrected through enforcement of the prima facie law and it is expected that results will obtain during the coming year.

It is becoming more apparent daily that more strict enforcement of the parking laws by the Police Department is absolutely essential to the efficient handling of vehicular and pedestrian traffic.

The various county offices have functioned efficiently through careful management and close attention to detail by the department heads. Studies are constantly being made to insure the use of modern equipment and up-to-date methods, with a view to economical operation and service to the public.

Budgeting and control of the Publicity and Advertising Fund has been an important duty of the Chief Administrative Officer, particularly during 1939, due to the heavy demands upon the Fund, on account of the many large national conventions held in San Francisco, as well as the unusual expense for exploitation during the Exposition year.

DEPARTMENT OF FINANCE AND RECORDS

The expenses of the Director's office for the calendar year 1939 were $7,942.25. The divisions included in this Department are the Tax Collector, Registrar of Voters, County Clerk, Recorder, and Public Administrator.

Many improvements have been made in some of the above offices in order to care for more rapid handling of the public and more are in contemplation.

Detailed reports on all these offices are submitted immediately following this report.

TAX COLLECTOR

Real Estate Taxes and Secured Personal Property Taxes, collected for the fiscal year ending June 30, 1939—$30,184,945.36; Unsecured Personal Property Taxes (exclusive of Delinquent Revenue)—$934,208.01.

The Bureau of Delinquent Revenue Collections, for the fiscal year ending June 30, 1939 were $197,744.20, an increase of $27,422.62 over 1937-8.

In Bureau of Licenses, the total collections to June 30, 1939 were $337,635.56; the grand total of collections was $31,654,533.13, an increase of $1,266,068.48 over 1937-8.

REGISTRAR OF VOTERS

The office of the Registrar of Voters climaxed a busy 1939, not alone with the largest registration ever compiled, but with the greatest vote ever cast at an election in the City and County of San Francisco.

The regular general municipal election held November 7, 1939 pursuant to Charter provisions, joined with the Special State Election called by the Governor for the same day, and a Special Election called by the Board of Supervisors and held May 19, 1939, was sufficient incentive to keep the Registrar of Voters fully occupied.

These figures on registration and voting are interesting:

Net Registration for May 19th election, 274,474; Total Vote for May 19th election, 175,007; Net Registration for Nov. 7th election, 343,405; Total Vote for November 7th election, approximately 290,000.

To bring about these figures, the Registrar's office registered during the year 74,563 new registrants, re-registered 46,377 who had changed residence; cancelled on account of duplications or removals from this City and County 2,668, and changed the political affiliations of 1,508 on affidavits of registration.

Few realize the amount of detail necessary in handling such a large registration to see that all are properly placed in their own voting precincts and that mistakes, which often are not detected until the day of election, are rectified.

Besides all these details, this office also was called upon to issue approximately 7,000 certificates of registration and to notarize about 6,000 papers, particularly of applicants for Civil Service examinations.

Operation of the Absent Voter's Law is the cause of a great deal of work in this office. For the May 19th election, applications were received from 1,151 voters of whom 1,046 voted, while at the November election, applications were received from 4,850, of whom 4,385 voted.

Fifty candidates filed Declarations of Candidacy for the November municipal election, two of whom subsequently withdrew. Twenty Sponsors' Certificates were also filed for each candidate to complete each nomination, making a total of 1,050 required to be checked.

Initiative and referendum petitions, eight in number, were filed for examination and certification to the proper officers, aggregating 286,881 signatures in all, a truly monumental job.

This office strives to enlist capable and efficient people to serve as officers of election, and while some may be slow or prove inefficient, on the whole there is little complaint from the 1084 polling places in San Francisco.

During the current year, it was necessary to increase the number of polling places from 1,055 to 1,084, and as the outlying districts, particularly in the Sunset and Parkside and west of Twin Peaks are building up very rapidly, it will be necessary to further increase the number of polling places. This increase in polling places is a source of great expense. Effort is being made at this time to keep the number to be increased to a minimum, as the 1941 session of the State Legislature will re-district the entire State into Assembly Districts, and the changing of Assembly District lines in San Francisco will necessitate the re-precincting of the entire city.

The Special Election held on May 19th and the General Municipal and Special State Election held November 7, 1939, were conducted with efficiency and dispatch, particularly the November 7th election, when the greatest number ever to turn out at any election here, responded to their civic duty and voted without any confusion or inconvenience and practically no delay. This office used its full complement of voting machines, which again demonstrated the fact of the greater superiority of the voting machine over the old-fashioned, out-of-date paper ballot. In some of the larger precincts additional machines could have been used to prevent a congestion of voters, if this office had them, and before another major election more voting machines should be provided.

Full returns from the 1084 polling places were received by the Registrar of Voters before 11 o'clock P. M. within three hours after the polls were closed, and a full semi-official tabulation of the results given to the public and press by 1 o'clock A. M., a record only possible by strict coordination and cooperation.

Again it is urged that a large central warehouse be provided for the handling and storing of the voting machines, to give better protection from unfavorable weather conditions, possible fire, as well as from possible miscreants.

Besides the public elections referred to above, this office also conducted the elections of Directors for Retirement Commission and for the Health Service Board.

This office loaned the use of voting machines to several labor organizations for conducting their elections. Also the use of the voting machines were allowed the students of our Junior and Senior High Schools, both public and private, in the selection of their student body officers, and not only served as a means of educating young people, who in a very few years will be of voting age, in the use and operation of the voting machines, but also as a means of instilling in them their greatest civic and patriotic duty—that of participating actively in elections.

The tremendous drive put on by many organizations to insure the registration of every eligible in San Francisco caused as unusually large increase, bringing such registration to a figure larger than any previous registration in San Francisco, and far exceeded anything anticipated when compiling the budget of this Department for the current fiscal year, and the action of the Governor in calling the Special Election to be held on the same day as our Municipal Election, and the action of the Board of Supervisors in submitting various propositions at the same election caused a great deal heavier expense than was anticipated. It will be necessary to ask for additional funds to conduct the May Presidential Primary in 1940.

The continued growth of registration, indicative of a healthy increase in the population of this City, required much expansion in this office, and besides more voting machines, considerable additions will soon be necessary to our filing system and to the addressograph plant.

COUNTY CLERK

In order to provide one of the new courtrooms required by the addition of two new Judges to the bench of our Superior Court, the record room of the County Clerk's Office has been moved to the basement of the City Hall. This moving of over half a million court records has been completed and within a short time complete rearrangement of these filed in their new location will be effected.

The pre-marital examination law, requiring applicants for marriage licenses to take physical examinations prior to marriage, has resulted in a substantial decrease in the number of applicants, due to the proximity of Reno, Nevada, where no such restrictions prevail. Every possible effort is being made to convince San Francisco applicants of the benefits of this public health measure and it is hoped that through the cooperation of our people, the local press, and the medical profession, that all of the benefits of this law will be secured without a substantial loss of business and revenue, not only to the County Clerk's Office, but to local merchants as well.

The total received for the year 1938-39 for Fees and Fines and Forfeitures in criminal cases, was $125,717.50.

PUBLIC ADMINISTRATOR

The Public Administrator submits the following report of the operations of his office from January 2nd to November 30, 1939: Number of estates wherein Public Administrator took possession, 300; Number of estates in which final accounts have been settled and allowed, 252; Administrator's commissions collected and paid into County Treasury, $22,447.82; Attorney's fees collected and paid into County Treasury, $22,447.82; Total commissions and fees paid into County Treasury, $44,895.64; Total cost of operation of office, $38,259.92; Profit, $6,635.72.

The number of estates wherein the Public Administrator took possession is practically of equal number, as for the same period in 1938.

It is expected that all accounts will be settled within the fiscal year, and that the office will produce the same amount of revenue for the fiscal year of 1939-1940 as was produced in the year previous.

A profit of $6,635.72 is shown, but a much larger profit will appear when the operations of the fiscal year have been completed.

Alexander W. Potts, a British subject coming to the Exposition from Scotland to operate the restaurant and Tam O'Shanter Inn, died April 6, 1939. At the time of his death the estate was bankrupt and claims aggregating $6500.00 were filed, with some $1100.00 in cash in bank together with a stock of merchandise in the Scottish village. Public Administrator Katz took over the administration of

this estate and, by careful management and fine co-operation of the Scotch employees, operated the two concessions until the Fair closed. All expenses of operation incurred by Mr. Katz have been fully paid and the estate expects to pay every creditor in full, with the possibility of a small residue for transmission to Scotland. The creditors expressed great satisfaction.

RECORDER

During the past year the Honorable Edmund Godchaux, Recorder of the City and County of San Francisco for more than forty years, passed away and his successor was chosen by competitive civil service examination. This office has always functioned in an efficient manner and receipts from fees have far exceeded the salary expense of the office.

This office has continued to supply free service to ex-service men and other governmental jurisdictions without increase in the cost of operations. Under direction of the Director of Finance & Records, certain improvements in the operations of the department are contemplated and, with some slight changes in the state law, will be accomplished.

These changes will increase the efficiency of the department, enable the staff to render a better service to the public, and materially decrease the cost of operation.

Fees for the calendar year amounted to $122,995.97, while expenses for salaries was $89,026.00.

DEPARTMENT OF ELECTRICITY

This department manufactures, installs and maintains fire alarm boxes, police boxes, and traffic-control devices.

Radio receiving sets were maintained and repaired in Fire Department and Police Department cars and motorcycles, and in 19 Police Stations and offices. Teletype system, consisting of 16 teletypes maintained for the Police Department.

A new Central Ring-in System was installed for the Police Department. The new system consists of a two-position telephone switchboard and a six-position recording desk, which are located in the second floor of the Northern Police Station. The new system permitted the abandonment of signal boards in fourteen district police stations, effecting a yearly saving in salaries of $67,536.00. In addition to this saving, the system has greatly increased the efficiency of the Police Department, in ways too numerous to relate in this report.

Fire Alarm System: Installed 44 fire alarm boxes, making a total of 1582 boxes in service. Monthly tests of fire alarm boxes totaled 18,796. Total number of signals transmitted 37,104.

Traffic Signals: Automatic Stop and Go traffic signals were installed at 25 new intersections, making a total of 209 intersections controlled by automatic signals.

Street Signs: 172 new street signs were manufactured and installed; 335 old signs taken to shop, repaired and re-installed; 2150 signs painted in service.

Inspection Bureau: 22,958 applications received, 67,118 inspections made, 22,875 installations approved. Inspection fees and other revenue received amounted to $95,242.88.

Inspections of overhead line construction totaled 4,897.

Machine Shop: There were manufactured 74 traffic signals, 41 fire alarm boxes, 4 police boxes, 172 street signs, 4 reflector units, 3 automatic timers and 1 underground terminal box.

Exposition: This department inspected and supervised all electrical work at the Golden Gate International Exposition and not one fire was started from electrical origin. Inspection fees totaled $15,351.20, the cost of this work to the department was $9,248.73, leaving a new revenue to this department of $6,102.47.

Total expenditures amounted to $224,991.68.

REAL ESTATE DEPARTMENT

During the year 1939, the Real Estate Department has acquired rights of way for the widening of 19th Avenue between Sloat Boulevard and Lincoln Way, the widening of Third Street between Mariposa Street and Islais Creek, the widening of Army Street between Harrison Street and South Van Ness Avenue, the widening of Portola Drive between 24th and 26th Streets, also between Sidney and Waitham Way, the widening and extension of Adam and Eve Streets, Silver Avenue, Bernal Heights Boulevard and O'Shaughnessy Boulevard. Lands have also been purchased for various schools, playgrounds and parks, including a parcel for the Palace of Fine Arts grounds. Work has been started to acquire a 100 foot right of way for widening Lombard Street between Richardson Avenue and Van Ness Avenue.

The acquisition of property for widening 19th Avenue has been completed and all buildings removed from the right of way.

Agreements have been entered into for the rental and purchase of additional lands for the Aquatic Park and Yacht Harbor. The City has purchased one parcel for each of these projects and has the right to buy the remaining parcels over a period of years.

The last parcel under the agreement with Mills Estate has been purchased for the San Francisco Airport. About 20 acres of land at the airport have been conveyed to the United States of America for a Coast Guard Aviation Station.

The Housing Authority of the City and County of San Francisco has purchased land from the City for the low rental housing projects at Holly Park and Potrero Hill. Negotiations are under way for the conveyance of certain land to the Housing Authority for the Sunnydale project in exchange for other lands required for McLaren Park.

A number of new leases of City owned lands and buildings have been awarded at a total annual rental of about $8,000.00.

The Department has purchased 125 parcels of land for the various City projects at a cost of $719,185. A total sum of $129,352 has been received by the City from the sale of 24 parcels of real property. Approximately $144,000 has been collected as miscellaneous rentals. About $46,000 revenue has been earned by the Civic Auditorium despite the fact that many free conventions were held in the building.

SEALER OF WEIGHTS AND MEASURES

The report of the Sealer of Weights and Measures for the calendar year shows:

Scales sealed, 17,793; adjusted, 735; condemned, 237; confiscated, 55; total, 18,820.

Weights tested, 21,282; adjusted 28; condemned, 10; confiscated, 59; total, 21,379.

Lineal and liquid measures tested, 26,398; adjusted, 1; condemned, 12; confiscated, 20; total, 26,431.

Gasoline pumps inspected, 3,515; adjusted, 27; condemned, 61; confiscated, 1; total, 3,604.

Merchandise in packages re-weighed, 210,879; condemned, 216; total, 211,095.

Complaints received and adjusted, 29; establishments visited, 11,177; certificates issued, 9,473.

Arrests, 5; convictions, 5; fines, $125.00.

The past year was outstanding in that the businessmen, more than ever, have co-operated with the Department fully, in the effort to deal honestly with the purchasing public. Complaints were few. Weighing and measuring devices of today protect the public splendidly.

DEPARTMENT OF PUBLIC WORKS

The following major projects were completed during the calendar year 1939:

Public Buildings

San Francisco Building. Treasure Island, interior construction, exhibits, murals, etc., $250,000.00.

San Francisco Hospital. Alterations to Maternity and Psychopathic Building and new garage building. Additions to laundry, improvement of grounds, elevator shafts and cubicles, roads, etc., gate shelters, and alterations to present gate and fence. Alterations and additions to present Service Buildings at an estimated cost of $358,331.00.

Laguna Honda Home. New garage building, new elevators, alterations to Infirmary Building and Nurses' Home, new switchboard and transformers and X-ray equipment, at an estimated cost of $142,825.00.

Hassler Health Home. New Children's Building, new ward buildings, duplex residence for nurses, doctors' residence and dormitory ward buildings, at an estimated cost of $336,464.00.

Laguna Honda Home. At the present time, new ward buildings are being constructed and will be completed in the latter part of January at an estimated cost of $900,000.00. Bids will be received in the early part of January for the rehabilitation of the Male Attendants' Building at an estimated cost of $64,000.00.

The hospital buildings completed and under construction were financed by a bond issue in 1938 together with grant received from the Federal Emergency Administration in the amount of 45 per cent of the actual cost of said construction. The total amount to be expended on hospital buildings, together with necessary furnishings and equipment, is estimated at $2,283,000.

School Buildings

A School Building Program in the amount of $5,475,559.00 is now under way and all buildings will be completed prior to June 30, 1940. The money was derived from the School Bond issue, common school funds and a P.W.A. Grant in the amount of 45 per cent of construction cost. The following schools have been completed to date: Portola Jr. High School Auditorium, $75,000.00; Lawton School Auditorium and Kindergarten, $87,827.00; Visitacion Valley Kindergarten, $25,000.00; Glen Park School Kindergarten, $22,000.00; Mission High School Athletic Field, $49,000.00; George Washington High School Gymnasium and Athletic Field, $450,000.00; Marina Jr. High School Auditorium Building, $200,000.00.

The following schools are under construction and will be completed prior to June 30, 1940: George Washington High Auditorium, $375,000.00; San Francisco Junior College Academic Building, $1,500,000.00; San Francisco Junior College Gymnasium Building, $400,000.00; Samuel Gompers Trade School, $200,000.00; F. S. Key Kindergarten Building, $50,000.00; F. S. Key Auditorium Building, $75,000.00; Horace Mann Junior High Gymnasium Building and Cafeteria, $150,000.00; Abraham Lincoln Academic Building, $700,000.00; Outer Mission District (James

Denman High School) Academic Building, $700,000.00; Outer Mission District (James Denman High School) Gymnasium Building, $170,000.00.

Boulevards and Streets

The following projects were completed or construction started during the year 1939 with moneys derived from the first ¼ cent gas Tax: Park Presidio Boulevard, from Golden Gate Park to the Presidio, $108,000.00; 19th Avenue, Lawton to Taraval under way, $200,000.00; The Alemany Boulevard between Bayshore Highway and the Mission Viaduct was reconstructed with moneys available from the 1927 Boulevard Bond Issue at a cost of $20,000.00; Bernal Avenue repaved at a cost of $47,000.00; Alemany Boulevard paved at a cost of $22,000.00; Junipero Serra Boulevard, from St. Francis Circle to County line was repaved at a cost of $17,000; 19th Avenue extension from Sloat Boulevard to Junipero Serra Boulevard at a cost of approximately $30,000. The cost of paving these boulevards was derived from the 1927 Boulevard Bond Issue.

Sewage Treatment Plants

The Richmond Sunset Sewage Treatment Plant which was completed at the end of 1938, was placed in operation in April of 1939, the cost of which amounted to $986,000. This plant is one unit of a complete system for treatment of all sewage of the City, and other units will follow as fast as funds are provided.

Special Gas Tax Street Improvement Fund—Second ¼ Cent Gas Tax

The following streets were widened and repaved by W.P.A. forces with sponsorship from the Special Gas Tax Street Improvement Fund: Bay Street, Polk to The Embarcadero, widened at a cost of $22,000.00; Columbus Avenue, Montgomery to Bay, widened at a cost of $36,120.00; Townsend Street, The Embarcadero to 3rd, widened and repaved at a cost of $11,400.00; Fulton Street, Franklin to Lyon, widened at a cost of $22,000.00; Divisadero, Waller to Clay, widened at a cost of $33,000.00; 11th Street, Market to Division, widened at a cost of $25,000.00.

Street Widening with County Road Funds

The following streets were widened and repaved by the W.P.A. forces, with sponsorship from the County Road fund, as follows: Castro Street, 24th to 26th Streets, widen, $4,500.00; Franklin, Market to Bay, widen, $42,000.00; Townsend, 3rd to 4th—widen and repave, $1,675.00; Fulton, Lyon to Masonic—widen, $3,600.00; Irwin, 7th to 8th—reconstructed, $9,300.00; Clay—Waller to Frederick, sewer and pavement, $6,700.00; Jefferson, Hyde 500′ Westerly, $5,000.00; Buena Vista Avenue, widen one side, $1,100.00; Bernal Heights Boulevard, grading and paving, $20,000.00; O'Shaughnessy Boulevard, grading, $7,000.00.

The following projects were completed during the year by contract, with moneys derived from the Special Gas Tax Street Improvement Funds:

Polk Street, Market intersection—widen, $12,000.00; Third Street—Market to Harrison—widen, $14,000.00; Army, Bryant to Harrison—widen, $28,000.00; Fourth Street, Channel to Third—repave, $6,000.00; Taraval Street underpass—reconstruct, $14,000.00; Market Street—10th to Van Ness, $8,500.00.

During the year of 1939 street work was performed under private contract and paid for by the property owners in an amount in excess of $100,000.00.

With new motor driven apparatus our streets are in much better condition than ever before in the history of San Francisco. During the year 3,196,766 sq. ft. asphalt repairs have been made on streets of San Francisco at a cost of $155,210.00. In addition to asphalt repairs of the public streets, many blocks have been resurfaced during this year.

Building Operation

During the year 1939, 2345 new home buildings were constructed at a cost of $9,968,616. In addition to new home building, 4,630 permits were issued for alterations to existing buildings at a cost of $3,070,124.00. There was also constructed during the year five Class "A" buildings, 8 Class "B" buildings and 92 Class "C" buildings at a cost of $2,223,-682.00. The privately owned building operations increased during the year 1939, $1,809,645.00 over a like period in the year 1938.

DEPARTMENT OF PUBLIC HEALTH

The outstanding activity of this department during the year 1939 was the supervision of the public health at Treasure Island, Golden Gate International Exposition. Prior to the opening of the Exposition measures were instituted to prepare for the handling of millions of guests who visited San Francisco during this period.

A survey of conditions in hotels and restaurants was undertaken. This included an examination of food-handling employees, including laboratory examinations of specimens obtained from individual employees. The survey was particularly directed at the possibilities of carriers capable of spreading amebic dysentery. Four hundred persons were examined; 14 or 3.7 per cent were found to be positive. These people were eliminated from food-handling activities.

In addition to investigation of food handlers, a cross-connection survey of all hotels in San Francisco was conducted. Examination of plumbing disclosed the fact that within the 650 major hotels inspected, 82 or 12.6 per cent were found to have a total of 1,501 hazards in the form of faulty plumbing. All of these were eliminated prior to the opening of the Exposition.

As an added precaution, the routine bacteriological examinations of our drinking water were increased to four times weekly, and broadened in scope to include a larger range of storage and flow.

In addition to the pre-Exposition preparations, it was necessary for the Department to formulate a special inspection group to supervise the construction of eating establishments and other buildings coming under our supervision, including all plumbing work, the installation of high pressure and domestic water supply, and the construction and proper location of sewage disposal unit and outfall. All this work was done prior to the opening of the Exposition.

During the time that the Exposition was open, beginning February 18th and ending October 29th, many problems arose, some of which were potential major calamities, but because of the alert and constant public health supervision, these problems were met and properly handled before any serious conditions could result.

Three hundred and nineteen concessionaires operated directly under the Department of Public Health, and the services necessary for proper inspection included meat and food inspection, milk inspection, housing inspection, industrial inspection, plumbing inspection, examination of water supply, refuse collection and disposal, general sanitation of grounds and buildings, and medical inspection and supervision of premises such as the Incubator Baby show and Infant Parking Station.

During the operation of the Exposition the unit investigated nine dog bites, one snake bite and three monkey bites; cooperated successfully with Exposition officials, and endeavored to minimize expense to this group as much as possible, keeping in mind at all times the endeavors of all to make the Exposition a financial success.

Rat control was maintained throughout the entire period. Prior to the Exposition opening, the sea walls surrounding the grounds were poisoned thoroughly on three different occasions, and during the Exposition close observation was made daily for indications of rat infes-

tation and breeding. Beginning September 12th the Exposition Company employed one man who, under the supervision of the Health Department, trapped 788 rats up to and including October 29th, the closing date. Traps were the only means of eradication that could be employed, as it was obviously impossible and dangerous to use poisons or other methods.

During the operation period, approximately 21,500,000 meals were served at Treasure Island by sixty restaurants, and of this number only thirty-seven complaints were received as to faulty foodstuffs. Sixteen alleged food-poisoning cases were reported, and of this number only seven proved to be genuine. In this respect it is well to mention that these seven cases were all caused by the same food, a minced egg and olive sandwich. As a result, investigation has brought forth conditions previously existing in the wrapped sandwich business that were potential hazards. As a result of this piece of work in connection with the World's Fair, this industry will in the very near future inaugurate changes that will be followed throughout the entire country.

In addition to the restaurants, there were 164 stands from which food was purveyed. These included almost every conceivable type of food and drink.

Another activity closely supervised was the catering service rendered to two hundred official functions, at which over 90,000 persons were served in groups of from ten to 2,400. These functions were supervised by an inspector in the kitchen during the preparation of the food and remaining on the premises until the last guest was served. It is worthy of note that of these 90,000 persons served, not one case of illness resulted.

During the operation of the Exposition, this unit inspected 80,000 pounds of ground meat, 400,000 pounds of frankfurters, 4,000,000 frankfurter buns, and 600,000 hamburger buns, which were used for 560,000 hamburgers and 4,000,000 hot dogs served on Treasure Island.

The inspection service condemned 5,338 pounds of assorted foodstuffs; and 15,991 pieces of foodstuff such as bread, pies, buns, etc.; and in addition thereto condemned six gallons of liquids.

During the operation of the Fair, 163 samples of water, 115 samples of ice cream and 15 samples of miscellaneous foodstuffs were examined.

There were 143,944 gallons of milk, 34,145 gallons of cream and 7,729 gallons of chocolate milk inspected.

Inspections were made daily of all rest room facilities, ferry boat washrooms, and practically every building operating on Treasure Island.

Restaurants were visited on an average of at least three times each day.

One of the outstanding serious situations that confronted the Department was the delivery of a shipment of psittacine birds from Australia prior to the opening of the Exposition without the permission of the Department of Public Health. This shipment of birds was actively infected with psittacosis, and many died at Treasure Island. The Department had to act quickly, quietly and remove and destroy all these birds before any illness was transmitted to human beings, and certainly before the Exposition was opened to the public.

During the months of August and September, a serious fly infestation occurred, but our inspectors successfully abated the nuisance in a short while by proper advice to Exposition officials and supervision of employees assigned to the eradication of the flies.

Mosquito control was exercised at all times, and we were able to prevent serious infestation by this insect.

One of the outstanding achievements of the inspection service unit

was the supervision, housing and feeding of twelve hundred boys of the 4-H Cattle Club between the ages of eight and eighteen, for a period of one week. This group was served 25,200 meals and not one case of illness occurred.

During the operation of the Golden Gate International Exposition there was no appreciable increase in communicable diseases in San Francisco.

All of this inspection service and public health control was accomplished without additional costs to the taxpayer.

The building program enlarging the institutions which was made possible by the bond issue is nearly complete. This includes the new hospital unit and clinic at the Laguna Honda Home, reconstruction of the nurses' home and the reconstruction of a building for male employees at the Hassler Health Home, the ward building for male patients and children's ward. The dormitory ward for female patients will be complete early in February, 1940. The building program of the San Francisco Hospital includes the reconstruction of the service building including dining rooms, dietetic department, kitchens, pharmacy and x-ray.

Although the total reported cases of communicable diseases during the calendar year will slightly exceed that of last year, nevertheless an analysis of the facts reveals that this is largely due to the epidemic of measles which spread throughout the State. This outbreak exceeded all previous records.

Venereal disease continues to be of interest to the public and the medical profession as the national campaign progresses. During this year we received assistance from the State Department of Public Health in the creation of a new clinic. Opened in March, it was equipped, staffed, and maintained by the State Department of Public Health until July 1st when the City and County assumed the responsibility.

The pre-marital and pre-natal laws recently passed by the State Legislature became effective September 19, 1939. These made necessary new machinery providing facilities for such service. Plans were perfected by the medical profession, the medical clinics, and the Department of Public Health, to the end that this work may be performed with the least difficulty to the citizen.

The occurrence of several cases of smallpox in neighboring counties stimulated the vaccination program so that a total of almost ten thousand children were vaccinated in the schools and health centers. No case of the disease occurred in San Francisco, however. There were forty-six hundred children who received immunization against diphtheria. Over six thousand tuberculin tests were done in the schools and thirty-six early cases of tuberculosis were discovered and removed from school and either hospitalized or put under medical care at home.

During the year this department succeeded through the cooperation of the owners in having sixty structures demolished and the lots thoroughly cleaned.

At Hunters Point District Shrimp Camps there were twenty-three structures, two piers and four drying platforms demolished. Repairs were ordered on four structures used for housing. This work has eliminated rat harbors and cleaned up a very insanitary condition.

In addition, in one block twenty-seven nondescript shacks and sheds were ordered demolished and on September 5, 1939 the entire block was cleaned.

For the fiscal year 1938-39 Social Service Division handled a total of 21,500 cases. Of these 5,872 were discharged through Social Service and 1,529 went to private care.

Fifty-eight non-resident cases were sent to their places of legal residence. According to report of the statistician, this saved the City and County of San Francisco 11,161 hospital days or a cost of $29,283.03.

The Department maintained its record established in recent years in the number of scientific articles published. The Director of Public Health and his associates prepared numerous articles for publication among which was the Health Officers' Manual which has received national recognition. The articles published were:

Trichinelliasis and Carnivorous Mammals (Bears). Report of Seven Cases from Bear Meat.

Syphilis from the Public Health Officer's Viewpoint.

Administrative Problems in Connection with Psittacosis and the Importation of Australian Parrots.

San Francisco Hotels are Examined for Cross Connections.

The Problem of the Hard of Hearing School Child.

Suggestions Concerning Selection, Construction and Operation of Recreational Camps.

Articles on Prison or Locked Hospital Ward.

Typhoid Fever and Vegetable Juices.

Convalescent Serum in Acute Anterior Poliomyelitis.

A Unique and Effective Determination of the Extent and Degree of Pollution by Sewage of the West and North Shores of the City and County of San Francisco.

Articles Appearing in the Monthly Bulletin of the San Francisco County Medical Society on Various Public Health Subjects.

HEALTH SERVICE SYSTEM

The first year of operation of Plan 1 of the Health Service System was completed October 1, 1939. Prior to its effective date the plan had been approved by the Retirement Board and upheld by the Supreme Court of the State.

Under its provisions the services of over 1,100 doctors of medicine and all but one of the local hospitals were made available for the medical protection of the municipal employees of San Francisco, the employees of the Board of Education, and their dependents.

The average monthly membership for the year was 9,771 employees, 3,090 adult dependents and 1,792 minor dependents. Most of the adult dependents are spouses. This is a total average monthly membership of 14,653. The total as of December 1, 1939, had increased to nearly 16,000.

Rates of contribution were $2.50 monthly, each, for employees and adult dependents, $1.50 for one minor dependent and $1.00 each if the employee brought more than one minor into the system. The rate for employees and adult dependents remains unchanged, but that for minor dependents has been increased to $1.50 each regardless of the number enrolled by the employee. In the future, however, those employees wishing to bring minor children under the service will be required to bring them all in or none. The adjustment of the rate on children was made because the Board found that their cost to the system was entirely out of proportion to the amount contributed for them.

Exemption from membership was granted by the Health Service Board to employees with religious objections and to those who could demonstrate that they had made some other provision for adequate medical care.

Of all the employees entitled to benefits under the plan, 65 per cent availed themselves of the service of a doctor. Similar figures on dependents revealed that 77 per cent of the adults and 89 per cent of the minors received the attention of a doctor during the year. The average for the three groups was over 70 per cent. This meant that upward of 10,000 individual cases were handled under the service. The cost of these cases ranged all the way from two and a half units for one office visit up to several hundred dollars for doctor, hospital, x-ray, clinical laboratory and ambulance bills. Many employees were saved from indebtededness that would have kept them in financial straits for months, or even years.

In payment for these services the Board disbursed, through the office of the Controller, a total of $355,500. This included operation of the Health Service's own physio-therapy department. Doctors of medicine received approximately $242,000; hospitals, $81,000; x-ray and clinical laboratories and other agencies of auxiliary medical care, $26,600.

Payment to the doctors is made on a so-called unit basis. Each service the doctor renders is evaluated in terms of units according to a fixed schedule of fees. The maximum value of a unit under the plan is one dollar. The unit value varied during the year from 50 cents for the winter months of January and March to the maximum for October, November and December of 1938. The average for the twelve months was 66 cents.

As the activities of this office increased it became evident that it could not continue to function efficiently without more space. As more space was not available in the City Hall, adequate quarters were provided on the third floor of the Civic Auditorium.

PUBLIC WELFARE COMMISSION

The Public Welfare Commission, created by Charter amendent in 1937, is a policy-forming and supervisory body directing the activities of the Public Welfare Department. It has a grave and ever-increasing responsibility. The welfare of over 17,000 of San Francisco's men, women and children is dependent upon that Commission. Its five members meet at least twice a month to consider the problems and solve the difficulties inherent in disbursing annually between six and seven million dollars of federal, state and county funds for the benefit of those who are unable to care for themselves.

The Public Welfare Department is the agency of your City and County government that is charged with the responsibility of the administration of two distinct types of public assistance: (1) Aid to Indigents or Unemployables, the cost of which is borne wholly by the taxpayers of San Francisco and (2) Aid to three categories of needy persons eligible under the Social Security Act to public assistance, namely, the Needy Aged, Needy Children, and Needy Blind, for which the San Francisco taxpayer supplies approximately 30% of the funds; the State of California, 30%; and the Federal Government the remaining 40%. The three needy groups are sometimes known as the "Categorical Aids."

The Department of Public Welfare during the calendar year just ended authorized the disbursement of $5,785,000 which was distributed to the Needy Aged, the Needy Children, the Needy Blind, and the Indigents. The cost of administration was $451,500, bringing the grand total to $6,236,500. The following tabulated statement shows how the money was divided between the recipients, the parts that were provided by Federal and State subventions, and the portion that was paid from City and County tax funds.

Disbursements of the Public Welfare Department
Calendar Year 1939

The City and County's share of Old Age Assistance is usually about 30% of the total cost of that type of aid. It was reduced to 23% during the last calendar year because the State made a specific grant of $6,000,000 to assist the counties of the State in meeting this particular item of cost. The special grant was applicable only during the fiscal year ended June 30, 1939.

I am grateful to the five members of the Public Welfare Commission, recognized as authorities on matters concerning relief and social welfare, not only throughout the State of California but by the Federal authorities as well, for their devotion to those in our City and County who are unable to provide for themselves. California leads the Nation and San Francisco leads the State in providing for its needy. But I call your attention to the word "Needy." The mistaken idea prevails in a great many quarters that the monthly check that averages almost $33.00 for our San Francisco's Needy Aged is a "Pension" and that type of aid is often erroneously referred to as an "Old Age Pension." The Federal Social Security Act and the Social Security Law of the State of California specifically provides that every eligible "person residing in the State, if in need, shall be entitled to aid in old age from the State." A pension is a right. Under our law Old Age Assistance is a privilege and not a right.

The Public Welfare Department is by law required to investigate each and every applicant and to approve only those who are found to be "Needy" within the meaning of the Federal and State statutes. If, by chance, an applicant happens to be approved that is subsequently found to be ineligible because he or she, or a responsible relative was able to provide for that applicant, they are all liable under the law, which provides for recovery of "such portion of aid granted, as said relative is able to pay and . . . the payment of any sums which may become due in the future for which the relative may be liable." The same regulations apply to applicants for Aid to Needy Children and Aid to Needy Blind. There is no such thing as an "Old Age Pension," a "Widow's Pension" or a "Pension to the Blind" under the Social Security Law that governs the Categorical Aids in the Public Welfare Department. I am happy to state it is the policy of the Public Welfare Commission of the City and County that every person in San Francisco, eligible for public assistance, be given the maximum amount for which he or she is eligible within the shortest possible time and that every ineligible person who secures, or attempts to secure, the assistance that is provided for needy eligibles be penalized as provided by law.

The reason for this just and logical policy is obvious. Ten years ago the cost to the City and County for those dependent upon public assistance, exclusive of institutional care which is not now contained in the budget of the Public Welfare Department, was $251,200 or 1% of the budget. For the calendar year just ended it was more than 11 times that amount, $2,836,700 or about 4½% of the budget. Each year it will be greater because of the normal increase in the number of recipients. These figures refer only to that portion that is paid from tax funds of the City and County and do not take into consideration the Federal and State subventions.

Aid to Needy Aged. Over 60% of all the disbursements of the Public Welfare Department are for the benefit of our Needy Aged. At the present time slightly over 10,000 eligible aged San Franciscans receive monthly assistance checks. During the year just ended almost 1,000 new cases were added to the Needy Aged rolls. Our greatest increase in the disbursements of the Department will be found in caring for the Needy Aged.

Aid to Needy Children. This is the only one of the three categorical aids financed from federal, state and local funds under the Social Security Act where California fails to lead the nation in generosity. The Public Welfare Department administers aid to only one class of

dependent children—the half-orphans whose fathers are dead or have been declared presumptively dead by court action. The other classes of needly children are granted aid through the Dependency Division of the Juvenile Court.

In San Francisco, the Public Welfare Commmission has not been unmindful of our needy children. There is provided in the budget of the Public Welfare Department from City and County tax funds, over and above the Federal and State grants, what is known as "Supplemental Aid for Needy Children." Last year it amounted to $64,500. Adding that amount to the federal and state grants, and the funds provided by the City and County, we were able to provide an over-all average per child of $22.15 per month or about 40% more than the average for the state.

Aid to Needy Blind. During the past year there has been a continuous effort to ameliorate the conditions of our handicapped citizens afflicted with the loss of sight. The Department has been able to increase its service to this group because of an increase in staff. Because it is believed that meeting the physical needs is not the real answer to their problems, a constant effort has been made toward rehabilitation. The department has cooperated with agencies whose major function is this type of constructive effort.

Aid to Indigents. The responsibility of caring for indigent persons is confined to those termed "Unemployables" and who have a County residence of one year and a State residence of three years, the State residence being independent of public or private assistance prior to application for relief. Under the Act granting aid to the indigent, relief may be extended for a temporary period only to non-residents, persons who do not have three years' independent residence in the State prior to application for relief. Non-residents may receive aid according to an ordinance of the Board of Supervisors, for sixty days, with the provision that ninety days may be allowed in cases of illness. At the present time, the Department is providing assistance for 3653 indigent cases of which 319 are non-residents.

State Relief Administration. Aside from the public assistance provided by the Public Welfare Department to the Needy Aged, Needy Children, Needy Blind and the Indigents or the Unemployables, the State Relief Administration, which maintains a county office in San Francisco, administers aid to the needy employable persons and their dependents. Aid is extended principally by direct relief payments in cash which amount to about $40 per month for family cases and $19.00 per month for single persons. That agency is providing care for approximately 5000 families and 6500 single persons. This is the only agency of government in the City and County that has the authority to certify eligible employment persons to the Work Projects Administration, a Federal agency that has conducted an excellent work relief program in San Francisco for the past four and a half years, and is presently providing jobs for over 10,000 persons in San Francisco. The State Relief Administration also supervises the distribution of surplus commodities in the City and County.

CORONER

The Coroner submits his report, covering the period January 1-November 1, 1939, in which I note the following pertinent items:

Cases handled, 2404, as against 2253 for the similar period in 1938. Inquests held, 2404; jurors summoned and serving, 697; autopsies performed, 1976; pathological examinations, 1942; toxicological examinations, 1560.

An increase of six motor vehicle fatalities is shown, 93 as against 87 last year. Sixty-one were pedestrians, and 36 happened at intersections. Three quarters of these fatalities occurred at night, one quarter during daylight. Children under fifteen, 8, as against 2 in 1938.

I am happy to note that, in this group, no deaths occurred to school children going to and from school, or in zones patroled by school boy traffic officers. On the San Francisco-Oakland Bay Bridge, 3 accidents accounted for 7 fatalities.

Suicides showed a marked decrease, 175, compared with 202, but homicides increased, 23, as against 16.

Accidental falls, 131, showed a decrease of 13; streetcar fatalities, 8; occupational fatalities, 26; steam railroad fatalities, 5.

Money received for certification of papers-deposited with the Treasurer, $1044; amount received at auction sale of uncalled-for effects of deceased persons and deposited with the Treasurer, $173.76. Coroner Leland reports 157 cases in which cirrhosis of the liver was found, due to overindulgence in intoxicants.

Coroner's juries made 39 recommendations, mostly concerning the need of safety lines on heavily traveled thoroughfares and intersections; insufficient lighting and warning signals and a better system of lighting and traffic signals along the Embarcadero, where the operation of the State Belt Line Railway increases the hazards of drivers. Also recommended is a suitable center ridge or dividing demarcation, on the roadway of Golden Gate Bridge, where speed is highest.

Referring to the death of Arthur B. Barker, while attempting to escape from the Federal prison on Alcatraz Island, in January, 1939, the jury recommended a drastic improvement in the method of guarding prisoners; also, that a more efficient system be adopted for the illumination of the shores and waters surrounding the prison. And, that our citizens unite in an effort to have a more suitable site selected for convicts of the type now housed on Alcatraz.

During the year, great numbers of the medical profession, sojourning here for the Exposition, expressed praise for the work in the post mortem, pathology and toxicology departments, and in the Mortuary Building, which was most highly commended.

JUVENILE PROBATION DEPARTMENT

The Children's Program of the Juvenile Court during the fiscal year 1938-1939 gave financial and protective care to 1414 new cases of which 661 were delinquent children and 753 dependent and neglected. An average of 151 delinquent children have been maintained during the past year in foster homes and institutions at a cost of $36,725.04. An average of 2461 dependent and neglected children were maintained in foster homes and institutions or in the homes of parents or relatives at a cost of $568,008.96.

The Probation Department also handled 209 boys and girls whose homes were in other states and returned 23 at county expense. For this group plus dependent and neglected children sent to relatives and parents, the total amount expended by the county for transportation was $1,517.42. This makes a total of $606,251.42 expended through the Juvenile Court for this type of maintenance and care. Of this amount, the county was reimbursed by the State of California in accordance with the "State Aid Act for Needy Children" in the amount of $188,971.80, and by the Federal Government under the "Social Security Act" $41,192.53. In addition, there was collected from parents during the fiscal year as reimbursements for county monies spent in behalf of their children the sum of $51,048.14, making a net total of $325,038.95 actually expended from county funds for maintenance of minor children through the Juvenile Court. There were 93 children maintained in state schools at a cost of $22,280.

In addition to children drawing maintenance, there was an average of 448 delinquent and 736 dependent and neglected children being supervised by the Juvenile Court in their own homes. The total adminis-

trative cost for the fiscal year of the Juvenile Probation Office was $81,760.99. Temporary care was given 1,489 children in the Detention Home, the total cost of operation being $39,827.

AGRICULTURAL COMMISSIONER

Inspection of all inter and intrastate shipments of plants, bulbs and seed is the responsibility of this Department. During the year 1939 the total amount of incoming nursery stock was 1165 shipments, 19,686 packages, with only 5 rejections. Nurseries inspected: 143, Private Homes inspected: 17. Nursery stock inspected for interstate shipment out of California: 88 shipments and 597 packages. Shipments to points out of the United States: 117 shipments and 153 packages.

Retail Store Inspection: 2404 stores inspected for the condition of fruits, nuts, vegetables, honey and eggs. Fruits, nuts and vegetables, reconditioned: 728 packages, remarked, 410 packages, dumped, 120 packages. Honey reconditioned, none; remarked, 260 jars, dumped, none. Eggs reconditioned, none, remarked, 4,245 dozen, dumped, none.

Wholesale fruit and vegetable stores, 1,538 inspections. Reconditioned, 12,063, remarked, 12,050, dumped, 15,416.

There were 3,789 shipments of fruits, nuts, vegetables, cereals, garden seed, plants and other miscellaneous commodities shipped, amounting to 325,743 packages.

There were 1,203 inspections of potatoes, onions, beans, rice, eggs, butter, cheese, cereals, dried fruits, alfalfa hay, red oat hay, crushed oats, rolled barley, bran, rice straw, corn, wheat and birdseed for City Institutions with only 11 rejections.

The revenues taken for export work and City Institutions together for the year will probably amount to $9,000.00.

PURCHASING DEPARTMENT

During 1939, a total of 52,307 purchase orders were issued involving an expenditure of $5,691,736.38. By comparison with the previous year, the volume of orders was greater. A summary of the number of purchase orders issued and the expenditures are: General and Miscellaneous Departments, 28,965 orders—$2,501,300.85; Education, 5,289 orders—$610,194.49; Health Department, 5,402 orders—$808,071.92; Utilities (exclusive of Water Department), 4,702 orders—$1,024,314.57; Water Department, 3,471, orders—$379,450.68; Works Progress Administration, 3,636 orders—$255,856.89 and Unemployment Relief, 842 orders—$112,546.98.

Purchasing the material, supply, equipment and contractual requirements for so large a municipal organization as the City, is a major responsibility. It involves the expenditure of many millions of dollars a year under normal conditions. It embraces thousands of items, infinite in variety. These materials are destined for use in every department of the Municipality, and range from staple merchandise and standard materials to technical items that must meet the most exacting requirements. Quality is of major importance and receives first consideration in purchasing negotiations. The organization that has been set up to perform this function is based on the principle of centralized responsibility and authority. The Purchasing Department has the complete and final responsibility for selection of vendors, negotiation of contracts and relations with suppliers.

Since the beginning of my administration over fifty million dollars has been expended honestly through the Purchasing Department, with the result that the taxpayers secure the maximum value for the public dollar. It has compiled a highly creditable record of accomplishment over the years, and is constantly improving upon that record. And

it is efficient, operating at a cost of slightly over 1% of the purchase budget.

Today, after eight years of ceaseless effort, we can lay claim to a purchasing agency which compares favorably with private enterprise.

The repair shops for automotive equipment, etc., garages, storerooms and warehouses have completed their eight years of operation as units of the Purchasing Department and continue to reflect the Administration's policy for economical and efficient performances.

SAN FRANCISCO-SAN MATEO LIVESTOCK EXPOSITION BUILDINGS

Work has been resumed under W.P.A. project at the Livestock Pavilion in Visitacion Valley, which will make possible the completion of the horse barns known as Units 3-N and 3-S. This will provide a complete operating unit on a minimum basis, when $50,000, from San Francisco is made available in the budget. The State of California recently allocated $130,000. from the Fair and Exposition Fund to sponsor a portion of the W.P.A. project and make possible the construction of the buildings referred to.

The date has now been definitely fixed for the opening of the Grand National Livestock Exposition and this will be held in October, 1940. It is the conviction of the Board of Number One-A District that additional funds should be provided to furnish material necessary to sponsor the construction of additional buildings under W.P.A., so as to demonstrate the value of this project to San Francisco and the important livestock interests, believing that such demonstration will cause interested parties to provide additional funds to complete the project, as originally planned.

MUNICIPAL COURT

During the period January 1—November 15, 1939 the following is a report of the activities of the Municipal Court of the City and County of San Francisco:—

In 12 courts, 15,633 cases were handled in the Civil Department; 126,649 in the Criminal Department, a total of 142,282 proceedings.

Of Official and Pauper Actions, for which no fees are exacted, 337 were in the Civil Department and 143 in the Small Claims.

Receipts of the Court $224,860.24; expenditures, $205,263.65—excess of receipts over expenditures, $19,596.59.

PUBLIC DEFENDER

The Public Defender reports: total number of cases in all courts—1263; total number of appearances—2994; indigent persons receiving advice in civil matters (not required by charter)—3009.

In cases where defendants are obviously guilty of the crime with which they are charged, the Public Defender's Office advises them to enter a plea of guilty, thereby saving the costs incidental to trials by jury. Of the 532 cases handled in the Superior Court, 37 were tried by a jury.

In other cases the Public Defender's Office, when it is considered proper, advises defendants to waive jury trial, thereby saving the City and County expenses of juries' fees. Sixty-one of the defendants in the Superior Court waived jury trials.

During 1939, the office of the Public Defender was conducted on the same budget basis as in the previous year.

DISTRICT ATTORNEY

During 1939, this office participated in and conducted approximately 41,000 court hearings; issued 20,500 citations; conducted 17,500 citation hearings; was represented at all sessions of the Grand Jury during the year, both regular and special, and collected and turned into the City Treasurer's office in bail money the total sum of $732,635.

Also, this office participated in all Coroner's inquests wherein suspicion of crime in connection with deaths was present, attended all meetings of the Parole Board, all meetings of the Traffic Committee on safety matters, met with groups of merchants and organizations interested in the various phases of the Unfair Practices Act and prepared and gave instructions and lectures on the same to such groups for the purpose of averting law violations and court prosecutions.

The total cost of conducting the office for the year was $114,420. I am informed that this is lower than that of any other District Attorney's office of comparable size in the United States.

Of the cases handled by the office of the District Attorney in 1939, of the 41,000 court hearings, approximately 1,500 were felony cases that reached the Superior Court, and approximately 39,500 were misdemeanor cases disposed of in the Municipal Court; approximately 300 were crimes involving children, disposed of in the Juvenile Court.

Of the total number of approximately 20,500 citations issued, 11,000 were issued by the Bureau of Domestic Relations of this office, dealing with failure to provide for minor children, indigent wives and aged parents and similar domestic cases; 2,200 were issued by the Fraud Bureau of this office, dealing with crimes of frauds, swindles and violations of the Corporate Securities Act, misleading advertising and various other rackets; 8,379 were issued by the Warrant and Bond Office dealing with miscellaneous offenses, felony and misdemeanor alike, and with violations of City Ordinances; 500 were issued by the deputy in charge of the Juvenile Court work, relating particularly to sex offenses and juvenile delinquencies. Hearings on citations were approximately as follows: Bureau of Domestic Relations, 10,000; Fraud Bureau, 1,950; Warrant and Bond Office, 8,000; Juvenile Department, 450.

The Warrant and Bond Clerk's Department, aside from the issuance of citations as above noted, prepared 47,000 complaints, and 14,000 warrants were issued upon these complaints, and by telephone and personally answered over 13,000 requests for advice and information.

The Food and Helath Bureau of this office, which investigates and prosecutes offenders under the pure food and drug act, the State agricultural code and various City Health ordinances, handled and disposed of more than 300 cases during the year.

Out of 246 narcotic cases disposed of during the year, 227 were convictions. These figures pertain to proceedings in the Superior Court.

CITY ATTORNEY

During the calendar year of 1939, there was an increase in the amount of litigation in the office of the City Attorney, carrying with it not only a great amount of court procedure but also much advisory discussion. This increase is shown, not only in the number of actions filed against the City and County and its officers, but also in the matter of defining the scope and powers of the various departments and persons having dealings with them.

In 1939 the legal output of the office was as follows: Civil suits received this current year, 292; Cases actually prosecuted, 119; Cases pending trial, 507; Cases involving McEnerny Act, 18; Cases on appeal, 28; Major opinions rendered the various departments, 87.

LEGISLATIVE ACTIVITIES: During the current year, the Legisla-

ture of the State was in session and the office, in conjunction with the Controller, maintained two representatives in Sacramento. These men were in a position to advise both the departments and the members of the Legislature on various matters. Many important legislative enactments were accomplished through their activities.

ADMINISTRATIVE AGENCIES: The number of cases handled by this department continues to mount. To enable this office to represent the interests of the City and County before the Railroad Commission, the City Attorney maintains a rate department consisting of two valuation engineers, constantly studying and preparing rates and schedules on the several utilities. Studies on the distribution of the Hetch Hetchy Power, preparatory to the special election of May 19, 1939, were made and published. Various studies on electric rates, in which the engineers of this office co-operated with the engineers of the Railroad Commission, resulted in rate revisions, effective July 1, 1939, which benefited consumers of San Francisco to the extent of $638,000 annually. The Railroad Commission has no jurisdiction over transbay tolls. Constant study has been given on the operation of the Market Street Railway Company, to determine the effect of the increase to the seven cent fare.

NUISANCES: At the request of the Board of Supervisors, the City Attorney brought some twenty-four suits to abate existing nuisances. This most essential work is done with the co-operation and the assistance of the Board of Health, the Fire Department and the Department of Public Works. Many old dwellings which have been a menace to the health and safety of the community have been demolished.

EMINENT DOMAIN: At the direction of the Board of Supervisors, 71 eminent domain suits were began, affecting property within the boundaries of the City and County of San Francisco. Most of the litigation has been in connection with the widening of 19th Avenue and the Funston Avenue approach to the Golden Gate Bridge and 56 of these cases have been settled, without necessity of court procedure. All litigation in regard to 19th Avenue, is now complete and the project of widening the street is practically finished. The City Attorney has acquired, by eminent domain, 21 parcels of property to be used for the Holly Park Unit now being completed for the San Francisco Housing Authority.

WATER DEPARTMENT: This year the City and County of San Francisco has been most successful in its litigation on behalf of the Water Department. In the first instance, the United States Circuit Court of Appeal reversed a decision of the district court of the United States in which the right of the City and County of San Francisco to distribute power through the agency of the Pacific Gas and Electric Company was questioned. The lower court held that this practice was not permissible since it violated the terms and provisions of the Raker Act. At present, the United States is seeking a writ of certiorari in the Supreme Court of the United States.

In the case of the Transbay Construction Company v. The City and County of San Francisco, an action involving damages for violation of a contract on the raising of the Hetch Hetchy Dam was submitted to the United States District Court last month. This case has not been concluded and its outcome is uncertain. The amount that the Transbay Construction Company is seeking to recover amounts to the sum of $850,000.

The Supreme Court of the State of California recently gave its decision in the case of Meridian Limited v. City and County of San Francisco. This was a most important decision to the community and to cities throughout the State as a whole, insofar as it determined the rights of a City to store water for its use, without interference from riparian owners when the latter were not damaged by the storage. At the present time, there are pending some 15 eminent domain suits for

various water and pipe lines. Many persons are involved and important property rights will be determined when these suits are finally terminated.

CLAIMS: Some 467 claims for personal injuries and property damage were received by this office. Suits have been commenced on 264 of these claims. Many of these have been settled for minor amounts, thus dispensing with necessity of court adjudication.

This office disposed of more cases than in any previous year, thus catching up with a difficult situation in which the legal load was piling up faster than it was being cleared.

However, the personal injury actions have increased this year in large proportions. At the present, three deputies devote all their time to the defense of the various departments from actions caused by defective equipment or negligent acts of the City and County. The number of claims and actions against the Municipal Railway has increased materially due, undoubtedly, to the increased traffic handled by the railway. The Department of Public Works has actions pending arising from injuries on defective streets in the amount of $247,000.

BOARD OF EDUCATION: Ten cases are pending for personal injuries arising on the various school properties; seven involving personal injury were settled without the necessity of court action; five cases have been brought in eminent domain for the purpose of acquiring necessary property for new school buildings. Six cases are pending in which the unified school district is seeking to have itself declared the owner of various properties which now stand in the name of the City, but which are used for school purposes. The sole question involved is whether the City or the School District is the owner of the respective properties.

HOUSING AUTHORITY: The Housing Authority of the City and County of San Francisco was organized in March, 1938. It has met weekly. A representative of the office is present at all meetings and acts as general counsel and legal adviser. The Authority has entered into certain agreements with the City and County of San Francisco, providing for the elimination of sub-standard dwelling units.

Land has been acquired from the City and County of San Francisco, for Holly Park project and land is now being acquired for Potrero and Sunnydale projects. As counsel for the Authority, the City Attorney examines title to all parcels acquired.

LICENSE TAXES: In the case of West Coast Advertising Company v. City and County of San Francisco, the Supreme Court upheld the right of the City to license for revenue. The adjustment of the license ordinance is now pending before the Board of Supervisors.

Ordered entered and made part of the record.

UNFINISHED BUSINESS

Final Passage

The following recommendations of the Finance Committee heretofore passed for Second Reading were taken up:

Authorizing Conveyance of Certain City Owned Lands Near Sunnydale Avenue and Hahn Street to Housing Authority in Exchange for Other Lands.

(Series of 1939)

Bill No. 452, Ordinance No....., as follows:

Authorizing conveyance of certain City owned lands near Sunnydale Avenue and Hahn Street to Housing Authority in exchange for other lands.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City owned lands hereinafter described as Parcels 1, 2, 3 and 4 to the Housing Authority of the City and County of San Francisco, in exchange for other lands hereinafter described as Parcels "A," "B" and "C."

Section 2. Said parcels are situated in the City and County of San Francisco, State of California, and are more particularly described as follows:

Parcel 1:

Providing for Subordination of Lien on Property Filed Re Aid Granted, to Mortage, or Deed of Trust, Given to Renew or Refinance Any Mortgage or Deed of Trust, or Other Encumbrance.

(Series of 1939)

Bill No. 470, Ordinance No. ....., as follows:

Amending Ordinance No. 18.013 entitled "An Ordinance Providing for the reimbursement of the City and County of San Francisco for Aid Granted to Persons Either Directly or by Institutional Care and Directing the Officer, Board or Commission Giving or Granting Such Aid, Either Directly or by Institutional Care, to Provide for the Reimbursement of the City and County for the Amount of Aid so Granted, and Directing the Taking of Applications from the Person or Persons Receiving Said Aid for the Reimbursement of the City and County for Said Aid so Granted," by adding a section thereto to be known as Section 6 thereof.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 18.013 is hereby amended by adding thereto the following section:

Section 6. Any lien created by the recording of an agreement to reimburse for moneys expended or aid granted or given pursuant to the provisions of this ordinance may be released by the Board of Supervisors upon payment to the City and County of San Francisco of the amount of aid repayment of which is thereby secured or upon payment to the City and County of San Francisco of such amount as in the opinion of the Board of Supervisors equals the net amount which would be realized in the event that said lien was foreclosed, and any such lien may be subordinated by the Board of Supervisors to the lien of any mortgage or deed of trust given to renew or refinance any mortgage, deed of trust or other encumbrance, the lien of charge of which had priority over such lien. In any case in which the Board of Supervisors determines, after investigation, that the purposes of

this ordinance will be served by releasing any such lien, in whole or in part, or by subordinating the same to any encumbrance, and determines that the property affected by such lien is at the time owned by the recipient of aid, the Board of Supervisors may release such lien, in whole or in part, or may subordinate the same to one or more designated encumbrances executed by the recipient of aid without consideration or for such consideration as the Board of Supervisors shall determine.

The releases, reconveyances, subordinations and consents herein provided for shall be authorized by a resolution of the Board of Supervisors, and the instruments of release, reconveyance, subordination or consents shall be executed by the Clerk of the Board of Supervisors, designated by the Board of Supervisors, in the name of the City and County of San Francisco, a municipal corporation, and any release, reconveyance, subordination or consent authorized by the Board of Supervisors and executed by the Clerk of said Board shall conclusively bind the City and County of San Francisco in favor of any bona fide purchaser or encumbrancer for value.

Authorizing an Appropriation of $3,000 Out of Surplus Existing in Appropriation No. 902.901.00, to the Credit of Appropriation 902.901.01 to Provide Funds for the Compensation of 1 B78 San Francisco Exposition Commissioner at $500 per Month (Mayor Exposition Organization) for the Period January 1, 1940 to June 30, 1940.

(Series of 1939)

Bill No. 471, Ordinance No....., as follows:

Authorizing an appropriation of $3,000 out of surplus existing in Appropriation No. 902.901.00, to the credit of Appropriation 902.901.01 to provide funds for the compensation of 1 B78 San Francisco Exposition Commissioner at $500 per month (Mayor Exposition Organization) for the period January 1, 1940 to June 30, 1940.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $3,000 is hereby appropriated out of surplus existing in Appropriation No. 902.901.00, to the credit of Appropriation No. 902.901.01, to provide funds for the compensation of 1 B78 San Francisco Exposition Commissioner at $500 per month (Mayor Exposition Organization) for the period January 1, 1940 to June 30, 1940.

Approved by the Mayor.

Approved as to funds available by the Controller.

Approved as to form by the City Attorney.

Approved by the Civil Service Commission.

Discussion

The Controller, in reply to questioning by Supervisor Uhl, explained that the foregoing Bill was merely a reappropriation from the surplus in the existing appropriation for Exposition participation, to cover employment of San Francisco Exposition Commissioner for the period January 1 to June 30, 1940. The Exposition Commissioner is not now employed. This appropriation is merely the first step toward that employment. Were there not to be an Exposition during 1940, this appropriation would not be necessary.

Supervisor Uhl, thereupon, announced that his protest was against making any appropriation for employment that has not been performed. This appropriation is for employment that does not yet exist.

Supervisors Colman and McSheehy spoke in favor of Final Passage of the proposed Bill.

Finally Passed

Thereupon, the roll was called and the foregoing Bill was Finally Passed by the following vote:

19th Avenue Widening—Settlement of Damage Claims

(Series of 1939)

Resolution No....., as follows:

19th Avenue Widening—Settlement of damage claims.

Whereas, the grades of portions of Quintara Street and 19th Avenue are being changed in connection with the widening of 19th Avenue; and

Whereas, the following parties have filed claims with the Controller and have agreed to release the City and County of San Francisco, a municipal corporation, its contractors and agents from all claims of damages to their lands and improvements resulting from such grade changes upon payment to them of the amounts set forth below, which lands and improvements are located in San Francisco, as follows:

Gertrude O. Dowdall $693.00
934 Quintara Street (Lot 9, Block 2138).

Veteran's Welfare Board and Hazel N. Hansen 405.00
2083-19th Avenue (Lot 11, Block 2139).

Whereas, said claims are not in litigation and the Director of Public Works has recommended and the City Attorney has approved settlement of these claims pursuant to the provisions of Ordinance No. 6.041, Bill No. 680, approved March 7, 1935.

Now, Therefore, Be It Resolved, that the Controller be and is hereby authorized and directed to pay said claims from Appropriation No. 051.908.58.

The Director of Property shall conclude the negotiations with said property owners.

Recommended by the Director of Public Works.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Approved as to Funds Available by the Controller.

19th Avenue Widening—Cancellation of Assessments

(Series of 1939)

Resolution No....., as follows:

19th Avenue Widening—Concellation of assessments.

Whereas, the City and County of San Francisco, a municipal corporation, by deed recorded August 30, 1939, acquired from Walter A. Brehn a portion of Lot 26-E, Assessor's Block 2347, San Francisco, required for the widening of 19th Avenue; and

Whereas, the remaining portion of said lot was conveyed to Ferdinand M. Stich in exchange for certain other land required for the widening of 19th Avenue; and

Whereas, it is necessary that the 1939-1940 taxes on said lot 26-E be cancelled; and

Whereas, the City Attorney has consented to said cancellation.

Now, Therefore, Be It Resolved, in accordance with Section 3804 (a) of the Political Code, that the Controller be and is hereby authorized and directed to cancel the 1939-1940 taxes and penalty on said lot amounting to $88.44.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Subordination of Lien, Property of Emma Williams, to a Mortgage or Deed of Trust

(Series of 1939)

Resolution No....., as follows:

Resolution authorizing subordination of lien securing aid furnished to an indigent person to a mortgage or deed of trust.

Whereas, An instrument executed by Board of Supervisors of the County of San Francisco was recorded in the office of the Recorder of the City and County of San Francisco, State of California, on August 10, 1936 in Book 3011 Official Records, page 109, which said instrument created a lien in favor of City and County of San Francisco, on the following real property situate in the City and County of San Francisco, State of California:

Lot Number Nineteen (19) in Block Number Ten (10), as said Lot and Block are delineated and designated upon a certain map entitled "Lakeview," a Portion of "Rancho San Miguel," filed August 11, 1890 and recorded in Liber "E" and "F" of Maps at pages 138 and 139 in the office of the County Recorder of the City and County of San Francisco, State of California.

Whereas, Said lien is subject and subordinate to the lien or charge upon said land of a mortgage given to secure the payment of $1,000.00 and other obligations; and

Whereas, It is necessary at this time for the obligations secured by said mortgage to be renewed in order to avoid foreclosure; and

Whereas, Said obligations cannot be renewed unless the lien created by the instrument recorded as aforesaid is subordinated to the lien or charge upon said land of the mortgage or deed of trust to be given as security for such renewal; and

Whereas, Such subordination is necessary for the protection and preservation of said lien in favor of City and County of San Francisco; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of said City and County of San Francisco be and he is hereby instructed to execute such instrument as may be required to effect such subordination.

Adopted by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McGowan—2.

Passage for Second Reading

The following recommendation of Joint Finance and Public Welfare Committee was taken up:

Amending Section 6 of Ordinance No. 121 (Series of 1939), Emergency Relief to Non-Residents.

(Series of 1939)

Bill No. 506, Ordinance No....., as follows:

Amending Section 6 of Ordinance No. 121 (Series of 1939), entitled "Providing for the Granting of Emergency Relief to Dependent Non-Residents of the City and County of San Francisco, Defining Certain Terms Used in This Ordinance, Determining the Amount and Character

of Relief Which May Be Granted to Dependent Non-Residents and Authorizing the Public Welfare Commission to Administer Said Relief and to Make Rules and Regulations Regarding the Granting of Said Relief and to Incur, on Behalf of the City and County of San Francisco, the Cost of Transporting Non-Resident Indigents to Another County or State."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 6 of Ordinance No. 121, (Series of 1939), the title of which is recited above, is hereby amended to read as follows:

Section 6. Any dependent non-resident who was, on the 15th day of March, 1939, receiving emergency relief through the Board of Supervisors of the City and County of San Francisco or through the Public Welfare Commission thereof, may, if the conditions on which the allowance of said relief was made have not changed, continue to receive said relief through the agency of the Public Welfare Commission until the *30th day of June*, 1940, and the Board of Supervisors does hereby declare that said persons, as long as the conditions on which the granting of said relief were based have not changed, are entitled to emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, to and until the *30th day of June*, 1940, at which time it is presumed that due provision will have been made by the Federal Government or by the government of the State of California for the care of non-residents who are entitled to emergency relief.

Supervisor Uhl, in discussing the foregoing Bill, reported on the disposition of several cases of non-resident relief which had been considered by the Joint Committee on Finance and Public Welfare, stating that those cases had been satisfactorily cared for. The matter now before the Board was recommended by the Public Welfare Department, and covered the cases of some 220 non-residents who were on relief prior to March 15, 1939.

Thereupon, the roll was called and the foregoing Bill was Passed for Second Reading by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McGowan—2.

Absent: Supervisor McGowan—1.

Requiring an Agreement in Connection with the Mortgage or Transfer of Property by Recipients of Relief

Supervisor Brown reported that at the last meeting of the Public Welfare Committee, discussion, in some detail, was had with Mr. Frank Y. McLaughlin, Director of Public Welfare, on the question of liens in connection with the old age security grants. Mr. McLaughlin

stated at that time that he did not believe it was necessary to take any immediate action on the matter, but that the whole subject would be considered by the State Board of Social Welfare.

Following report by Mr. McLaughlin, stressing the necessity of prompt action in securing agreements from recipients of old age assistance that they would not transfer or encumber their property without the consent of the Board of Supervisors, such agreements being required by the State Social Service Department, Supervisor Brown presented in substance the following resolution, and moved adoption of same.

(Series of 1939)

Resolution No....., as follows:

Resolved, by the Board of Supervisors of the City and County of San Francisco, that all recipients of aid under the Old Age Security Law, Statutes of 1937, Chapter 375, and amendments thereto, effective as of October 1, 1939, who own or acquire real property or any estate or interest therein, are hereby required to enter into a written agreement with the City and County of San Francisco, a municipal corporation, that such recipient will not, during his lifetime, without the consent of the said Board of Supervisors, transfer or encumber such property and each written agreement shall specifically describe such property and be acknowledged by such recipient in the same manner as a grant of real property, and the same to be recorded in the office of the County Recorder of each county wherein such real property or some part thereof lies.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McGowan—1.

In Memoriam—Howard A. Welch

(Series of 1939)

Supervisor Colman presented Resolution No. 776, as follows:

Whereas, Howard A. Welsh, Retail Advertising Manager of the San Francisco Chronicle, and brother of the late Father Oliver A. Welsh, the distinguished Paulist Priest, has been summoned to his eternal rest; and

Whereas, Howard Welsh, a native Californian, prominent in social and fraternal circles of San Francisco, rose to prominence in his chosen work and was widely known as the "dean of advertising men." A good citizen, a devoted father, and a genial friend—Howard Welsh was loved and respected by all who knew him, and his passing is a distinct loss to San Francisco and leaves a void in the hearts of his many friends and associates who will long mourn him; now, therefore, be it

Resolved, That this Board of Supervisors learns with deep regret the passing of Howard A. Welsh, and extends its heartfelt condolences to his surviving daughter and relatives; and, be it

Further Resolved, That when this Board adjourns this day, it does so out of respect to his revered memory.

Unanimously adopted by rising vote.

In Memoriam—Mary Huddart

(Series of 1939)

Supervisor Colman presented Resolution No. 775, as follows:

Whereas, Miss Mary Huddart has been summoned to her eternal reward; and

Whereas, Miss Huddart, a resident of Woodside, was a member of a pioneer family and the sister of Mr. James M. Huddart, who bequeathed to the City and County of San Francisco, the Huddart Estate in San Mateo County, to be used for park purposes; and

Whereas, Miss Huddart, a lady of charm and simple dignity, was noted for her acts of charity and her work for social betterment; now, therefore, be it

Resolved, That this Board of Supervisors notes with deep regret the passing of Miss Mary Huddart and takes this opportunity to express its heartfelt sympathy to her bereaved relatives; and be it

Further Resolved, That when this Board adjourns today it does so out of respect to the memory of the late Mary Huddart; and be it

Further Resolved, That a copy of this resolution be sent to Mr. Albert L. Baker.

Unanimously adopted by rising vote.

In Memoriam—James E. Britt

(Series of 1939)

Supervisor Shannon presented Resolution No. 776, as follows:

Whereas, James E. Britt, former Lightweight Champion of the World in the field of pugilism, has passed to the Great Beyond; and

Whereas, James Britt, during his life and during his pugilistic career, was an example of athletic training, outstanding in his chosen profession and brought glory to the athletic standards of San Francisco and the State of California by his outstanding victories; now, therefore, be it

Resolved, That this Board of Supervisors expresses its keen regret on the passing of James E. Britt and tenders to those he leaves behind its sincere expression of sympathy; and be it

Further Resolved, That when this Board adjourns this day it does so out of respect to his memory.

Unanimously adopted by rising vote.

Supervisor McSheehy joined with Supervisor Shannon in a brief eulogy of the late James E. Britt, and moved that a copy of the foregoing resolution be engrossed, and presented to Mr. Britt's mother.

No objection and so ordered.

President to appoint committee to investigate feasibility of developing Treasure Island as Central Air Terminal

(Series of 1939)

Supervisor Schmidt presented Resolution No. ....., as follows:

Whereas, The United States Government is at present proposing to build up naval defenses of the Pacific Coast as well as that of its insular possessions; and

Whereas, It is generally conceded by Naval authorities that the San Francisco bay area is the logical site for the main Naval operating base of the Pacific Coast; and

Whereas, The establishment of such a base in our midst would also greatly benefit the commercial and business growth of our city; and

Whereas, The Treasure Island site does not seem suitable for the landing of modern major aircraft; and

Whereas, Treasure Island has been mentioned as an ideal site for the development of a naval operating base; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as requesting that the President of the Board appoint a committee of this Board to investigate and report to the Board as to the feasibility of developing this site as a central air terminal and, if found not to be practicable, to further investigate and determine if the Navy Department is able and willing to make use of Treasure Island as a naval operating base.

Referred to Public Utilities Committee.

Flood-Lighting of Statue of Dr. Sun Yat Sen in St. Mary's Square

(Series of 1939)

Supervisor Shannon presented Resolution No. ....., as follows:

Resolved, That the Board of Park Commissioners gives consideration to the matter of installing flood lights in St. Mary's Square, on California Street, east of Grant Avenue, to illuminate at night, the statue of Dr. Sun Yat Sen, first president of China.

This work of art, seen and appreciated in daylight, is totally obscured after nightfall, and many visitors to San Francisco who come here to see it, have called attention to this condition and ask for its correction.

Referred to Education, Park and Recreation Committee.

Authorizing Appointment of Committee for Investigation and Improvement of Relief Condition

(Series of 1939)

Supervisor Uhl presented Resolution No. ....., as follows:

Whereas, There exists much distress among many of the people of San Francisco due to unemployment, technical non-residence, etc.; and

Whereas, Improvement, greater efficiency and other factors might be possible by merging some of the existing county and state agencies in order to avoid duplication; and

Whereas, There appears no equality in the matter of amount of money allowed persons on relief or for dependents. For example: a mother and four children on relief, was allowed $58 per month. The children were taken from the mother and placed in a foster home in Richmond, Contra Costa County, at a cost of $90 a month; and

Whereas, It might prove more desirable if the children can be placed in an equally clean home in San Francisco where the mother could call on them without considerable transportation costs and further fact that the $90 would then be spent in San Francisco; and

Whereas, No investigation has been made by any committee regard-

ing the matter in which the several organizations to which the City and County of San Francisco appropriates part or all of the cost for aid, relief, etc.; now, therefore, be it

Resolved, That the Mayor shall immediately appoint a committee of four, two men and two women, not now serving the City and County of San Francisco, as well as Charles Wollenberg, ex-officio member of said committee, said members of the committee to be persons who have retired from business activities and who will devote the necessary time for said investigation and render a detailed report and suggestions regarding the possibility of improving existing conditions; and be it further

Resolved, That said committee shall be authorized to employ an Executive Secretary who is conversant with the subject-matter herein referred to.

Referred to Public Welfare Committee.

Adopted

The following recommendation of His Honor the Mayor was taken up:

Confirming Appointment of Mr. John J. Sullivan, as Member of the Board of Trustees of the War Memorial

(Series of 1939)

Resolution No....., as follows:

Whereas, Pursuant to the provisions of Section 44 of the Charter, his Honor the Mayor has appointed Honorable John J. Sullivan a member of San Francisco War Memorial Board of Trustees for the term expiring January 2, 1943, vice himself; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in meeting assembled, does hereby approve and confirm the appointment of said Honorable John J. Sullivan as member of the Board of Trustees of the San Francisco War Memorial for said term expiring January 2, 1943.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McGowan—1.

Control of Stray Dogs for Prevention of Spread of Rabies

(Series of 1939)

Supervisor Schmidt presented Resolution No. ....., as follows:

Whereas, The Director of Public Health has reported that up to May 15, 1939, when the first positive examination for animal rabies was reported in San Francisco, this city had been free from rabies for many years; and

Whereas, Since the first case reported there have been twenty-two cases reported to date, and in each case the brain of the animal involved has proved positive for rabies on microscopic examination; and

Whereas, The alarming increase in the prevalence of this dread

disease makes it imperative that prompt and effective measures be adopted to curb its spread throughout the City and County of San Francisco; therefore, be it

Resolved, That the San Francisco Police Department and the Society for the Prevention of Cruelty to Animals be requested to use every effort in their power to control stray dogs.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Meeting of Peninsula Division, League of California Cities

Communication from Peninsula Division, League of California Cities, inviting the attendance of city officials to meeting to be held at San Jose on Thursday, January 25, 1940, at 6:30 P. M., at the Sainte Claire

Hotel, was received, read, and referred to his Honor, the Mayor, with the request that if possible, he appoint some official to represent San Francisco at the meeting.

Report on Reduced Schedules of Municipal Cars and Buses

Supervisor Uhl moved that the Board request Mr. E. G. Cahill, Manager, to appear before the Board on Monday, January 29, 1940, at 2:30 P. M. and explain the reasons for reduced schedules of Municipal cars and buses and the consequent lay-off of some 67 men.

Referred to Public Utilities Committee.

Hearing on Proposed Relief Consolidation Program

Supervisor Uhl called attention to recommendation contained in the Mayor's Annual Message approving proposed consolidation of relief administration for employables and unemployables in California, and moved that the Board recess until Wednesday, January 24, 1940, at 10 A. M. in order to hear from representatives of the Public Welfare Department and from the State Relief Administration. Motion seconded by Supervisor Mead, and carried by the following vote:

Ayes: Supervisors Colman, Mead, Ratto, Schmidt, Uhl—5.

Noes: Supervisors Brown, Shannon—2.

Absent: Supervisors McGowan, McSheehy, Meyer, Roncovieri—4.

Supervisors Brown and Shannon announced it would be impossible for them to attend.

Recess

There being no further business, the Board, pursuant to above motion, recessed to reconvene on Wednesday, January 24, 1940, at 10 A. M.

DAVID A. BARRY, Clerk.

WEDNESDAY, JANUARY 24, 1940, 10 A. M.

In Board of Supervisors, San Francisco, Wednesday, January 24, 1940, 2 P. M.

The Board of Supervisors met pursuant to recess.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors Brown, McGowan, McSheehy, Shannon—4.

Supervisors Brown and Shannon excused.

Supervisor McGowan excused because of illness.

Supervisor Meyer presiding.

Consideration of Proposed Relief Consolidation Program

Pursuant to motion at meeting of Monday, January 22, 1940, Supervisor Uhl moved the privilege of the floor for Mr. Frank Y. McLaughlin, Director of Public Relief, who presented, read and commented on the following Minutes of the Meeting of the Advisory Committee on State Legislation and the Coordinating Committee on Work Relief Projects:

Minutes of Meeting of The Advisory Committee on State Legislation and The Coordinating Committee on Work Relief Projects of the City and County of San Francisco

A meeting of the Advisory Committee on State Legislation and the Coordinating Committee on Work Relief Projects, both of the City and County of San Francisco, was held in the office of Mayor Rossi at 11 a. m., Thursday, December 28, 1939, to consider and act upon a "Proposed Program for Consolidating the Administration of Relief for Employables and Unemployables in California."

Present: Hon. Angelo J. Rossi, Mayor and Member Ex-officio of both Committees

Members of the Advisory Committee on State Legislation:
Warren Shannon, President of the Board of Supervisors, Chairman
Alfred Roncovieri, Chairman of Supervisors' Finance Committee, Member
James B. McSheehy, Chairman of Supervisors' Legislative Committee, Member
A. J. Cleary, Chief Administrative Officer, Member
J. J. O'Toole, City Attorney, Member
Duncan Matheson, Treasurer, Member
Harold J. Boyd, Controller, Member

Members of Coordinating Committee on Work Relief Projects:
Warren Shannon, President of the Board of Supervisors, Chairman
A. J. Cleary, Chief Administrative Officer, Member
J. J. O'Toole, City Attorney, Member
Harold J. Boyd, Controller, Member
E. G. Cahill, Manager of Utilities, Member
F. M. McAuliffe, Chairman Public Welfare Commission, Member
A. D. Wilder, Director of Public Works, Member

Absent: Russell Wolden, Assessor, Member of the Advisory Committee on State Legislation.

Mr. F. M. McAuliffe, Chairman of the Public Welfare Commission presided at the meeting. Chairman McAuliffe called the meeting to order and informed the gentlemen present that the purpose of the meeting was to consider and act upon the recommendations contained in a report consisting of 8 pages, titled, "Proposed Program for Consolidating the Administration of Relief for Employables and Unemployables in California," which was prepared by the Public Welfare Commission of the City and County of San Francisco.

Chairman McAuliffe called upon Frank Y. McLaughlin, Director of the Department of Public Welfare, to read the report. The report was read and freely discussed by the members of the two Committees present. Upon motion made by Mr. McSheehy and seconded by Mr. Shannon, the following resolution was unanimously adopted:

Resolved, That the Proposed Program for Consolidating the Administration of Relief for Employables and Unemployables in California as set forth in a document consisting of 8 pages, signed by F. M. McAuliffe, Chairman of the Public Welfare Commission, dated December 26, 1939, be and it hereby is adopted, be it

Further Resolved, That another meeting be held in Mayor Rossi's office on or about January 10, 1940, to be called by Mr. F. M. McAuliffe, Chairman of the Public Welfare Commission, to which the legislative delegation of the City and County of San Francisco to the State Legislature will be invited, as well as the members of the two Committees that were present at today's meeting, so that final action may be taken on the legislation recommended to

be enacted in connection with the "Proposed Program for Consolidating the Administration of Relief for Employables and Unemployables in California."

Chairman McAuliffe was requested to provide the press with copies of the proposed program.

There being no further business to be considered, the meeting was adjourned at 12:30 p. m. on Thursday, December 28, 1939.

Proposed Program for Consolidating the Administration of Relief for Employables and Unemployables in California

Foreword:

Public Assistance in California may be divided into the following principal programs:

(a) *Social Security or Categorical Aids.*

1. Aid to the Needy Aged
2. Aid to Dependent Children
3. Aid to Needy Blind

This program is financed by Federal, State and County Funds and administered by the County Welfare Departments under the supervision of the State Department of Social Welfare.

(b) *Relief for the Unemployables or Indigent.*

This program is financed solely by County funds and administered by the County Welfare Departments.

(c) *Relief for the Employables (Direct Relief).*

This program is financed by the State and administered by the State Relief Administration.

(d) *Unemployment Relief (Work Relief).*

This program is administered by the Work Projects Administration, a Federal Agency. About 85% of the cost of the program is financed by Federal funds, and the balance by sponsoring agencies, principally local governments. The State acts as the sponsoring agency on certain state-wide projects such as the production and distribution of food and clothing by projects of the W.P.A.

(e) *Other Federal Programs.*

1. National Youth Administration
2. Farm Security Administration
3. Civilian Conservation Corps
4. Surplus Commodities Corporation

The National Youth Administration is financed by the Federal Government and directed by federal officials. Various public and private relief agencies are accepted by the N.Y.A. as referral agencies for the placement of young people between the ages of 18 and 25 for employment by the N.Y.A. at wages ranging from $18 to $21 a month.

The Farm Security Administration serves only non-resident cases which have had agricultural experience as farm workers, tenants, share croppers or owners. Relief is solely in the form of direct relief at the rate of about $20 monthly per case.

The Civilian Conservation Corps provide jobs for youths from relief homes, certified by the SRA at $25 per month over and above board and lodging which is provided in the camps. Twenty dollars per month per enrollee is sent to dependent relatives, usually the parents.

The Federal Surplus Commodities Corporation bears the cost of surplus commodities purchased from producers such as fruits, vegetables, and butter, and donates them to relief clients. The surplus commodities,

Supervisory and distributing costs of surplus commodities are borne jointly by the SRA and the WPA.

The Social Security Program is administered by established county welfare departments under the supervision of the State Department of Social Welfare. The basic principles governing the present administration of these programs are sound. It is recognized that the State has the right to establish certain standards and require current reports. No substantial changes are required in the administration of these programs. Whatever changes may become necessary can undoubtedly be worked out to the mutual satisfaction of the State and County governments through the Association of California's Executives of Public Welfare, the Public Welfare Commissions of the Counties, the Public Welfare Directors, the State Social Welfare Board, and the State Department of Social Welfare.

The Unemployment Relief Program of the Work Projects Administration by work relief is being conducted in an excellent manner.

The program of Relief for the Employables conducted under the direction of the State Relief Administration is the only Public Assistance program in the State of California that requires prompt and drastic revisions in its administration. It is recommended that the efforts of the government of the City and County of San Francisco and its legislative delegation be concentrated on a program for the special session of the legislature that will have for its object revisions in the laws hereinafter suggested. If such a program will bring about the desired revisions in the laws governing the administration of the Unemployment Relief Program now being directed by the State Relief Administration, the major difficulties besetting one of the largest agencies of Public Assistance in California will be corrected.

Proposed Revisions in the Law Governing the Activities of the S.R.A.

The State Relief Administration and its predecessor, the State Emergency Relief Administration, were created to relieve "destitution due to and caused by unemployment." The funds that support the State Relief Administration come from the taxpayers of the various counties of the State and are paid into the general fund of the State. Funds are then allocated to the counties presumably on the basis of their respective case loads of unemployment. The boards of supervisors or the public welfare commissions of the respective counties should have the right to determine: (a) the type of relief it desires, and (b) the manner in which it should be administered locally, subject to certain fixed standards by the State.

Funds to defray the cost of education in the State are collected from the taxpayers of the respective counties, paid into the general fund of the State, and re-allocated to the counties on the basis of average daily attendance of students. The State Department of Education sets up certain standards for the administration of the educational program, but its actual administration is in the hands of the County governments. The same procedure should apply to State Relief Administration.

In order that this equitable arrangement should be made effective, it is proposed that the existing laws of the State of California be amended during the coming special session of the legislature to provide:

(a) That the present powers and duties of the emergency State Relief Administration organization be transferred to the Department of Social Welfare.

(b) For the creation of a division of the Department of Social Welfare which shall exercise general supervision over a joint State and County program to be administered by the counties to provide relief for the eligible employables and unemployables.

(c) For a uniform ratio of local and State participation for the financing of said joint program provided, however, that the formula for

determining the uniform ratio will be based on the premise that the county governments of the State with their limited resources of taxable property are now carrying an inequitable share of the increasing burden of social welfare and relief and that some portion of this should be transferred to the broader tax base of the State.

It is only logical and equitable that the administration of relief to the eligible employables should be administered by the counties, under State supervision, for the following reasons:

(1) The necessary permanent machinery for local administration already exists in established County Welfare Departments to provide relief for the eligible Unemployables and needs only to be expanded and brought under central supervision to provide relief for the eligible Employables.

(2) Local boards of supervisors, public welfare commissions and county welfare departments are in a better position to determine the needs of local employables who are unemployed than a state agency.

(3) The possibilities of politics in relief are far greater and far more dangerous under a completely State administered plan than under a joint plan such as is proposed where there is a double check on all political tendencies or political abuses.

(4) The adjustments necessary to remove inequalities in the financial burden as between counties and to safeguard and relieve local property taxpayers can be accomplished under this plan.

(5) The local county boards of supervisors, public welfare commissions and public welfare departments will have the right to determine the kind of relief to be extended to the eligible Employables.

(6) The Social Security program embracing Aid to the Needy Aged, Aid to Needy Children and Aid to Needy Blind is being administered by the local boards of supervisors, public welfare commissions and public welfare departments under the general supervision of the State Department of Social Welfare. It is generally conceded that the social welfare program is being administered economically and efficiently by local county governments. In San Francisco County, the monthly payments for Aid to the Needy Aged, Aid to Needy Children and Aid to Needy Blind amount to approximately $400,000, of which about 30%, or $120,000, is represented by County funds, the balance by State and Federal funds. Relief for the unemployed employables in San Francisco County, under the direction of the State Relief Administration, amount to about $325,000 a month at the present time, while relief to the unemployables, under the administration of the County Welfare Department, amounts to about $105,000, for a total of $430,000 a month. There is no sound reason why relief to the employables and unemployables cannot be consolidated into a joint program and administered by the counties under the general supervision of the State instead of the present method of two separate and distinct organizations administering the same kind of relief.

(7) There will be a substantial saving in the cost of administration to both the government of the City and County of San Francisco and the government of the State of California under the proposed joint program. The existing inequalities of the distribution of relief to the employables under the proposed joint program will be corrected. The City and County of San Francisco, with a population 35% greater than that of Alameda County, has a lesser number of recipients of unemployment relief through the State Relief Administration than does Alameda County.

(8) The Director of the State Relief Administration in the City and County of San Francisco for the past four or five months has been endeavoring to impose an unsound work relief program on the City and County. The proposed work relief program was thoroughly

analyzed and reported upon under date of November 6, 1939, and unanimously rejected by the Coordinating Committee on Work Relief Projects of the City and County. This demonstrates that the State Relief Administration is attempting to impose a type of relief program that this county does not desire.

(9) The average annual expenditure for Unemployment Relief from state funds during the past 6 years has been at the rate of $24,630,000 a year. Current expenditures from state funds are at the rate of 60 millions of dollars a year, based on the present appropriation of $35,000,000 which State Relief Administration officials estimate will provide for 7 months of this fiscal year. Considering our present stage of recovery, with manufacturing employment and payrolls in California for the month of November 1939 the highest for any November on record with the Division of Labor Statistics and Law Enforcement of the Department of Industrial Relations, and the demands from private industry and agriculture more than sufficient to offset the reduction of the Federal employment relief agencies, it becomes bewildering to contemplate the enormous estimated expenditures of the State Relief Administration during the present year—approximately 150% greater than the average for the past six years when the depression was at its worst.

Conclusion

It is hoped, and strongly recommended, that the City and County government of San Francisco and its legislative delegation will consider carefully the recommendations herein contained and that they will be willing to support a movement for the enactment of the legislation herein proposed, at the coming special session of the legislature that will correct the abuses in the administration of relief to the unemployed unemployables by the SRA and bring about the results so essential to the welfare of the State.

F. M. McAuliffe, Chairman,
Public Welfare Commission,
San Francisco, California
December 26, 1939.

Following the foregoing presentation, Mr. McLaughlin stated that a meeting had been held on January 18, 1940, attended by the Advisory Committee on State Legislation and the Coordinating Committee on Work Relief Projects, together with San Francisco's State Legislature delegation. However no formal action was taken by San Francisco's legislators or by either committee, except the arrival of the understanding that Mr. McAuliffe would furnish to San Francisco's Senator and Assemblymen, and to both committees, supplementary statistical data in support of the position previously taken.

Thereupon, on Motion by Supervisor Uhl, Mr. Edwin James Cooley, Sr., SRA Director for San Francisco County, presented, read and discussed the following report:

UNEMPLOYMENT RELIEF—A STATE PROBLEM

I. The Problem of Unemployment and Relief

When the basic facts of unemployment and relief are understood the amazing fact is not that relief case loads have risen slightly during the past year but that they have not risen much more sharply.

Today, in California, there are approximately 600,000 non-agricultural workers unemployed. This estimate has been scientifically worked out by the State Relief Administration and checks with all available state and national sources of information. In addition to the non-agricultural unemployed there are, at the very least, 100,000 unemployed agricultural workers; this is actually a conservative figure since the number of unemployed in agriculture may well total 200,000.

Thus, by the most conservative estimate, there are at least 700,000 potential workers who want jobs and cannot find them in California today. Of this number approximately 250,000 receive relief from the SRA, the WPA, and the Farm Security Administration Camp Program. The remaining 450,000 workers who are unemployed receive no relief at all.

This is the key to a rising relief case load. The huge army of unemployed people not on relief stand as a barrier between the unemployed and any possible jobs which may show themselves.

On the one hand, the army of 450,000 workers not on relief have a huge advantage in the sharp competition for a limited number of jobs for the very reasons which prevent their seeking relief or make them ineligible for relief. They are more highly employable: they have more resources, their health is better, and they have more recent employment histories.

On the other hand, at the other end of the group of unemployed not on relief there is an ever-growing number of persons who have completely run through their resources who have no recourse but to apply for relief.

To re-emphasize the point, even though there may be a considerable improvement in local business conditions, the *need for relief* will not be lessened because:

Business improvement first absorbs the full time services of those previously employed but part time; because

New hiring is largely of *young workers* who take the place of middle aged men and women considered to be poor employment risks by industry. Older people must come to SRA rolls for aid; because

Young people from middle and upper income families, many of whom have never worked before, and who never have had to seek relief assistance, are finding employment through family contacts and business connections. Most of them, having had an education, are hired first because of training; because

Slight increase in employment opportunities does not take up the slack of California's rapid population increase; because

Technological developments in industry have steadily, and at an ever increasing rate, reduced the man hours required per unit of production; and because

Marginal workers, those who because of slight physical handicaps and age, those whose efficiency has been reduced by years of hard service in industry are increasing in number among the unemployed and must turn to the SRA as savings and private resources are exhausted.

The relief burden cannot be expected to decrease, and the San Francisco County Administration, if it accepted the burden, would merely multiply the problems of its already difficult civic responsibilities.

II. Relief as a State and National Problem

The problem of unemployment relief has its roots in the state and national problems of economic maladjustment. Unemployment can be solved only on the same level as its causes. There can be no solution to a problem of this magnitude, a problem that affects all the state, all the nation, on the level of local governmental units. No mere change in administration will aid us in solving this problem. It will merely break it up into a multitude of small units and add to the difficulties of effecting any permanent improvements.

III. Problems of Local Relief Administration

Let us examine some of the problems which would face the San Francisco city government if unemployment relief were to be ad-

ministered on the county level. In the first place, although the proposal for county control carries with it the idea of State financing, San Francisco will eventually have increased relief costs if it is adopted.

The division of authority and financial responsibility would inevitably lead to conflict between the county and the state. Without the authority of administration the State would rigidly budget each county and would not be prone to allow for emergencies or changed conditions. The State is bound to dodge financial responsibility of a program it doesn't control, and San Francisco is certain to be stuck for the bill. No governmental unit has ever accepted administrative responsibility without having to meet additional costs in the end.

The desperate plight of Ohio is a vivid example of what local control may lead to. In Cleveland, when state funds were refused and local funds exhausted, the unemployed virtually barricaded the City administration. Toledo officials, caught between an empty city treasury and hungry thousands who held them responsible, were in actual danger if they appeared on the street.

In addition to assuming primary financial responsibility, the City's costs would mount as the unemployed of agricultural counties flock to San Francisco to take advantage of its higher relief benefits. It must be remembered that county administration is most strongly urged by interests of rural districts who see in it a means of shifting their burden upon the cities. Because the rural problem is spread over large areas, the agricultural counties are in a position to avoid responsibility by relaxing standards, low budgets, and by denying relief. San Francisco, a concentrated focal point, large in public interest, and with a progressive relief policy could not dodge the added burden. The influx of destitute to San Francisco would only add to its unemployment and housing problems.

Further consider that local administrations would be subject to pressure from all sides; from unions and unemployed organizations as well as from taxpayers. Because of local control, every interested party in the county will besiege the Boards of Supervisors to make changes in the way it handles its problem, or to demand relief, or more relief, for this or that group. State administration, with its broader scope and wider powers can withstand such local pressure groups, and maintain a uniform and equitable policy.

The administration of a program for a turbulent and ever-changing employable group cannot be compared to the relatively simple problem of handling a stable indigent load and the categorical aids. Unemployment relief is a constant emergency. SRA rolls in San Francisco have varied from four to twelve thousand within the period of one year. Such changes would result in untold difficulties for the City Controller in managing and disbursing funds. They mean constant shifts in personnel. The city would be faced with the difficult personnel problem of selecting a large new staff each winter, and firing it each summer. The problem is rendered more difficult by a case load turnover higher than 30% per month. The amount of Federal aid available at any time is unpredictable, and the relief agency must make sudden adjustments to changes in WPA quotas and other Federal employment.

IV. The Facts of State Administration

The SRA has been accused of gross inefficiencies, of relaxing relief standards to increase relief rolls, and a multitude of other charges. Yet the record shows there is no substantial basis for these charges. For example, the increase in San Francisco's SRA case load over 1938 exactly balances the decrease in WPA employment in 1939. The figures for December of both years bear out this fact. In 1938, the WPA had 18,200 workers, the SRA 4,200 cases; a total of 22,400. In December, 1939 the WPA had 10,400, the SRA 12,000, again a total of 22,400. Upon Federal instructions, WPA cut down; the SRA picked up the

workers laid off WPA. This certainly does not indicate any relaxing of standards, even though the case load has substantially increased.

Most of the increase in the SRA case load over the last year is a direct result of the curtailment of WPA activities in this state. This is not a wild assertion or the result of any juggling with percentages, but a simple statement of arithmetical fact. In the year between January 11, 1939 and January 11, 1940 the WPA case load in California decreased by approximately 23,000 cases. During the same period the SRA case load in California increased approximately 31,500. In other words, 73%, or all but 8,500 of the SRA increase is accounted for by WPA cuts.

Then, too, we hear much of the greater efficiency of county administration. However, no direct comparison can be made. County indigent aid is given to a much more static group than SRA aid, the turnover of SRA case load is roughly 3 times that of indigent aid. This means more administrative work. The SRA bears additional functions, such as CCC enrollment, WPA certification, Food Stamp certification, and employment service for its clients.

The records of the SRA show that while the SRA case load has risen 40 per cent, between December, 1938 and December, 1939, personnel during the same period has risen only 19 per cent. The increased number of cases handled per administrative worker is strikingly illustrated by the following comparison: On December 31, 1938, there were 128 cases for every 10 SRA administrative workers; on December 31, 1939 this ratio had risen so that for every 10 administrative workers there were 160 cases.

V. State Integration of Relief

Realizing the futility of the Ohio and similar experiences, knowing that local control effects no economies, solves no problems, but does increase the hazards of unemployment and its administration, certain states have taken the lead in establishing a progressive and current trend. Arizona, New Mexico, Pennsylvania, Oklahoma and Delaware have abandoned local control of relief and have assumed complete state-wide responsibility for the administration of general relief. In California, Nevada and Rhode Island, responsibility is divided by the type of relief granted. I believe that it is up to these latter states, particularly California, to reach the modern goal of public welfare: *integration of all programs on the State level.* County administration would be *a step backwards.*

Such a program would eliminate all duplicating functions between the administration of the various types of aids. It would provide uniform relief standards throughout the State. It would eliminate any unjust financial inequalities between the relief burdens of the counties of the State.

Let California maintain its reputation for leadership by establishing a strong State Department of Public Welfare capable of administering all types of public assistance justly and uniformly. Only under State-wide administration can California conduct the long range planning and initiate the decisive action so urgently needed.

VI. Summary

Let me briefly summarize my position. Frst, we must realize that we are faced with a state-wide and national problem of large magnitude, and one that will continue, as far as we can see, for some time. Because of the nature and extent of the problem, we see that it can be solved more efficiently and constructively on a state-wide basis than on an individual community basis. Secondly, we see that a change in administration from the state to local units of government would make no real advance in reducing this problem, rather it would only further add to the difficulties of finding a solution. From the viewpoint of the counties, it would place them in the position of assuming a primary

financial responsibility that would certainly increase their relief costs and effect no economies, it would give them an administrative problem of greater difficulty, and one that would subject them to pressure from all sides. For San Francisco it would be inviting an influx of unemployed from the rural areas of the state.

I request you gentlemen, for the welfare of the needy citizens of San Francisco and of the state, for increased efficiency in the administration of all relief, to go on record as being in favor of the establishment of a State Department of Public Welfare charged with the administration of all public assistance.

Mr. Cooley, in supplementing the foregoing report, and in answer to statements by Mr. McLaughlin, recited briefly the history of SRA, stating that in 1930-1931-1932 and 1933, unemployment relief was administered by the counties in California. However, the Federal Government would furnish aid to California unless the State took over the administration of such relief, so for five years, the SRA has administered all unemployment relief. In answer to the statement that "only on the community level can you know your people," Mr. Cooley remarked that he works in San Francisco, lives in San Francisco, and knows as much about local unemployment needs as does the Director of Public Relief of any of his staff. In fact, he declared, it was the SRA which had trained the staff now employed by the Public Welfare Department. He pointed out what he considered the inadvisability of decentralizing authority—fifty-eight different counties handling all unemployment relief, which after all was a state problem.

In conclusion, Mr. Cooley stated that should San Francisco take over SRA it would have to take the taff, the 12,000 people on relief. The only change would be in control. Under SRA the administration overhad is at present 16%. However, under simplification of procedure, a study of which is being made, that overhead may possibly be cut to 14% or 15%.

In reply to questioning by Supervisor Colman, Mr. Cooley stated that he understood Los Angeles was wavering, and had not expressed definitely its preference for proposed change in administration of relief. About Alameda County, he did not know. He felt, though, that in general the rural counties local control while the other counties should prefer State control of relief administration. The states of Arizona, Mexico, Pennsylvania, Oklahoma and Delaware have turned over the problem to the states. Of the people on SRA, one-third have not established county residence, and the problem is, therefore, one for the State to handle.

Supervisor Roncovieri, referring to proposed legislation which he understood to be practically the same as Assembly Bill 1177, passed by the State Legislature but vetoed by the Governor in 1937, and to which San Francisco had expressed strong opposition, questioned the Controller as to figures prepared at that time, under the direction of the late Controller, Leonard S. Leavy, and if such figures would be applicable at the present time.

In reply, Mr. Harry Ross, Chief Deputy Controller, stated that all present discussion was on the problem of relief administration. There is no contemplated change in the financial program. The present plan is not the same as that in 1937, and the data supplied at that time would not be applicable.

Mr. McLaughlin, in answer to remarks by Mr. Cooley, read portions of the proposed measure to be considered by the State Legislation, and assured the Board that, in his opinion, nothing in the proposed legislation would add to San Francisco's burden should the legislation become effective.

Thereupon, Supervisor Uhl stated that the Board did not really know what it was stepping into by approving the proposed legislation,

and he objected to any delegation going to Sacramento and try to force the matter through the state legislature which has not yet been presented to the Board. Accordingly, he moved that the Board do not, at this time approve the proposed change for the administration of relief. Motion seconded by Supervisor Mead.

Amendment to Motion

Supervisor Schmidt, seconded by Supervisor Colman, moved as an amendment to the motion, that further consideration of the matter be continued and made a special order of business on Monday, January 29, 1940, at 2:30 P. M.

No objection, and so ordered.

ADJOURNMENT

There being no further business, the Board at the hour of 12:15 P. M., adjourned.

Supervisor McGowan excused because of illness.

Supervisor Shannon was excused, at his own request, at 5:15 P. M. when Supervisor Mead took the chair.

Consideration of Mayor's Veto of Bill No. 450, Repealing Certain Sections of the Municipal Code Regulating Licensing for Revenue

January 12, 1940.

To the Honorable, the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I am returning herewith Disapproved Bill No. 450, repealing certain sections of the Municipal Code regulating licensing for revenue. I have disapproved this measure for the same reasons set forth to you in my letter of December 29, 1939, when I vetoed Bill No. 440.

Very truly yours,

ANGELO J. ROSSI, Mayor.

Amending San Francisco Municipal Code by Repealing Various Sections Providing for License Taxes for Revenue Only

(Series of 1939)

Bill No. 450, Ordinance No. 476, as follows:

Amending San Francisco Municipal Code, concerning license taxes for revenue only, by repealing various sections of Article 2, Part III

thereof, as follows: Section 113, Employment Offices; Section 121, Laundry Offices; Section 146, Transfer and Draying; Section 150, Warehouses; Section 153, Stage Line Agencies and Section 154, Dyeing and Cleaning Offices.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Supervisor Roncovieri, who was absent when the above roll was called, subsequently announced that had he been present, he would have voted "No," and he desired the record so to show.

SPECIAL ORDER—2:30 P. M.

Consideration of proposed state legislation affecting administration of relief, pursuant to Motion by Supervisor Schmidt, in recessed meeting of the Board, January 24, 1940.

Privilege of the Floor

Mr. Florence McAuliffe, President, and Mr. Frank Y. McLaughlin, Director, set forth in detail the position of the Public Welfare Department and urged that the proposed return to the counties of all relief administration be approved by the Board of Supervisors. The provisions of the Bill expected to be presented in the State Legislature were explained in detail. Under the proposed state legislation the ratio for financing the relief program will be, State 75 per cent and county 25 per cent. The necessary machinery for the administration of relief already exists in the Public Welfare Department. It will merely have to be expanded to take in the administration of relief for employables. It was contended that the S.R.A. overhead for unemployed relief administration was about 18 per cent. That overhead, under the proposed change, would be cut to not more than 13 per cent, thus effecting a great saving to San Francisco. It is expected, also, that a substantial decrease in the case load would be made.

Mrs. Robert Jessee and Mrs. Archer Taylor, representing San Francisco Center, League of Women Voters, outlined the recommendations of their organization with respect to the administration of relief: adequate relief for unemployed and needy persons; one state agency and single agency in each county with relationship between state and county agencies clearly defined; one general category of all needy persons; all forms of direct assistance directly administered through a single county agency; State Social Welfare Department to be empowered by statute to supervise the county program.

Mr. Will Merryman, representing the Chamber of Commerce, advocated central relief administration subject to local authorities. All relief should be administered by the counties.

Mr. Masterson, representing Federal Unemployed Union; Mr. Max Posey, President of Workers' Alliance; Mr. Harold Sawyer, Chairman of San Francisco Defense Committee against De-centralized Relief; Mr. Herman Stuyvelaar, Secretary of C. I. O. of San Francisco; Mr. Estol V. Ward, representing State Labor Non-Partisan League; and Mr. George W. Schultz, representing American Political Economy League, opposed the recommendations of Mr. McAuliffe and Mr. McLaughlin.

Mr. Edwin J. Cooley, State Relief Administration Director for San Francisco, reviewed arguments presented at the recessed meeting of January 24, 1940. Mr. Cooley questioned the accuracy of statements made by Mr. McLaughlin, stating that the S.R.A. overhead was not 18 per cent, but 16 per cent. He questionad also the possibility of any reduction of that percentage by the Public Welfare Department, or the possibility of any considerable reduction in the relief rolls except by the withholding of relief from those entitled thereto. In support of his argument that no economy would be realized by San Francisco from change in the administration of relief, he repeated statements previously made.

Telegrams from San Francisco Chamber of Commerce and from San Francisco Center of California League of Women Voters, addressed to President Warren Shannon and favoring county administration of relief, were presented, read by the Clerk, and ordered filed.

In Hands of the Board

All citizens so desiring, having been heard, on motion by Supervisor Uhl, the entire matter was taken into the hands of the Board.

Thereupon, Supervisor Uhl, seconded by Supervisor Schmidt, moved that the Board of Supervisors oppose the proposal to transfer relief of unemployed employables from SRA to County control.

In explanation of the reasons prompting his motion, Supervisor Uhl recited his experiences with both the SRA and the Public Welfare Department, stressing particularly several cases which he had recently brought to the attention of the Board.

Supervisor Brown urged the approval by the Board of the proposed change in administration of relief from the SRA to the counties, and in support of his views presented the following "Proposed Program for Consolidating the Administration of Relief for Employables and Unemployables in California," which he read in part, and requested that it be made part of the record.

Proposed Program for Consolidating the Administration of Relief for Employables and Unemployables in California

Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco met with the members of the Advisory Committee on State Legislation, the members of the Coordinating Committee on Work Relief Projects and the members of the Legislative Delegation of the City and County of San Francisco, in his office at the City Hall on January 18, 1940, to discuss the proposed program for consolidating the administration of relief for employables and unemployables in Cali-

fornia. The proposed program was previously adopted at a meeting held in Mayor Rossi's office on Thursday, December 28, 1939, at which in addition to Mayor Rossi, there were present the members of the Advisory Committee on State Legislation and the members of the Coordinating Committee on Work Relief Projects, both of the City and County of San Francisco.

The principal subject of the discussion at the meeting held on January 18, 1940, was the economies that could be effected in the cost of administration of unemployment relief in the State of California. At that meeting supplementary information was promised to all present. That information is now being furnished through this circular.

While the main subject considered at that time was the possible saving in administration costs this saving is only a small part of the economy which should be effected, which will in no way cause hardship and suffering, to those entitled to assistance from the SRA. Everyone is aware of the tremendous increase in cost and case load which has taken place in the SRA during the past year. The latest figures available from the State Controller's Office show that disbursements during this fiscal year are up 43 per cent from costs during the same period in the previous fiscal year and that the case load is up approximately 87 per cent. These figures are the more amazing when consideration is given to the fact that approximately $58,000,000 has been paid out in Unemployment Compensation during the past 18 months. Also, the Aged Rolls have increased from 122,446 in September, 1938, to 134,669 in September, 1939 (latest available figure), and employment conditions have, in general, been better in 1939.

There has been constant reiteration on the part of the SRA administrators that the increase in the SRA case load is caused by the curtailment of WPA employment. Figures do not justify this statement. At the lowest point WPA case load has been only 40 per cent below its maximum during the past two years. This would certainly not justify the 87 per cent rise in the SRA case load.

It is also notable that the SRA always compares WPA case load in 1939 with that of 1938 when employment conditions were far less favorable in California than they are at present. Employment conditions during the last six months, however, are really comparable with those of 1937 when WPA case load was approximately that of today (75,641 in October, 1937—74,254, October, 1939), whereas SRA case loads have more than doubled. (SRA case load 35,742, October, 1937—SRA case load, 84,188, October, 1939).

Quoting from statistical tables in the SRA's Monthly Bulletins, we find very interesting facts. In October, 1939, 61 per cent of the applications for relief considered were accepted and 39 per cent were rejected. This is a complete reversal of the condition in the same month in 1938 when 36 per cent were accepted and 64 per cent were rejected as not eligible for assistance under the terms of the SRA Act.

The following table shows that the change in trend from rejecting a majority of the applications to accepting a majority of applications came about as follows:

Month	*Accepted*	*Rejected*
September, 1938	36%	64%
December, 1938	49%	51%
February, 1939	52%	48%
April, 1939	50%	50%
July, 1939	51%	49%
October, 1939	61%	39%

These figures seem to indicate without possibility of disagreement that the real cause of the enormous increase in SRA case load has been relaxing eligibility requirements (which are clearly set up in the law) and less efficient and effective case work rather than the curtailment of the WPA program.

In regard to the possible savings in administrative costs, three points should be kept in mind:

(1) The large number of employees in the SRA due to extravagant staffing and the caring for ineligible cases.

(2) The duplication of case work by two or more welfare agencies serving the same family unit.

(3) The fact that the apparent lower salary scale in SRA would not be continued if as recommended by the Governor's report SRA employees are given civil service status.

One need only look to any specific county such as San Joaquin to discover the large number of employees being used in the SRA in proportion to case load. In San Joaquin you find for 1800 cases, 131 (7.27 per cent) administrative employees. As in the San Francisco Public Welfare Department, 220 (1.46 per cent) employees are able to care for about 15,000 cases. This will give some idea of the possible saving from such a transfer.

As of September, 1939 (the last bulletin available) the SRA staff was 6,096—of these, 4,948 (total regular relief program) compares with 3,500 employees one year ago. Tremendous increases, therefore, in administrative costs have taken place in the SRA in recent months without any improvement in efficiency and such expenditures could be greatly curtailed by the introduction of sensible methods of administration.

By continuing the wasteful method of having two state departments and the counties in the welfare field, it is self evident that many of the cases carried by these agencies are made up of persons in the same family unit: for example, where a grandmother receiving Old Age Aid resides with her son and daughter-in-law who are on SRA, that family is carried as two cases, and two visitors will call on them and count them as part of their pyramiding administrative costs. Also, where there is an eighteen year old son in a State Aid (widow's) family, he is transferred to SRA and receives aid from them—bringing two social workers into that family of a mother and her children. California is the only state in the United States which still maintains two such agencies, though almost all of them started State Emergency Relief programs at Federal behest in 1933. It is interesting to note that in the abolition of the emergency agencies Pennsylvania alone of the large states placed the administration of relief in a state program, and that all but five of the states returned the administration to local units of government. Pennsylvania, it might be remarked, has a relief scandal of no mean proportion.

A further point brought out in the discussion was that the high salaries paid in San Francisco would vitiate any savings in administrative cost. It was stated that social workers were paid $100 in the SRA and $150 in the San Francisco Public Welfare Department. While it is true that a Probationary Case Aid in the SRA starts at $100 per month, they may be reclassified as a Case Aid at a salary of $120 at the end of three months—they must be so classified at the end of six months, or be dismissed. Case workers in the SRA are paid $130 a month.

Recommendations from Mr. Richards and other persons studying the SRA, recommended civil service for the employees. The State Personnel Board has set up the following range for social workers: Assistant Welfare Agent—$130-$170; and Social Welfare Agent—$160-$200, with automatic increases until the maximum is reached. It is quite evident that the present slight differential in the wage scale is small in comparison to the duplication of services in an identical field.

Moreover, San Francisco salaries are not typical of those paid by

counties throughout the State but are considerably higher so even at present rate of SRA pay, transfer to the counties would not result in any average increase per employee when all the counties are considered.

F. M. McAULIFFE, Chairman,
Public Welfare Commission,
San Francisco, California,
January 24, 1940.

Supervisor Colman supported the proposed change in the administration of relief, stating that to him it seemed to be a sound and logical proposal. He considered the county better qualified, from any angle, to administer relief than is the state. In his opinion, the Public Welfare Commission has done a very splendid job.

Supervisor Roncovieri, in expressing his views, stated that as a member of the committee to which Supervisor Colman had alluded, and because of his great faith and respect for Mr. McLaughlin, he was inclined to vote in favor of the return of the administration of relief to the counties, especially since he had been told that economies would be effected thereby. However, he feared that the proposd legislation, like former Assembly Bill 1177, which it had been stated, was very similar, might work to the financial detriment of San Francisco, and he inquired of Mr. McLaughlin if the proposed legislation was substantially the same as A. B. 1177.

Mr. McLaughlin, in reply to Supervisor Roncovieri, stated that the proposed bill differed from Bill 1177 in that it would definitely limit the cost to San Francisco, and would set the financial responsibility for relief, 75 per cent to the state and 25 per cent to the counties.

Supervisor Roncovieri thereupon quoted from an analysis of the former Bill 1177, made by the late Controller, Leonard S. Leavy, and pointed out the cost to San Francisco County had that proposal become effective. Under that proposal several counties with heavy relief burdens would have been unduly aided at the cost of other counties. Such a proposal, Supervisor Roncovieri declared, he could not approve. Supervisor Roncovieri desired a report and analysis of the effect of the proposed legislation on San Francisco County, and suggested, therefore, that it might be well to postpone any action on the matter for a week.

Mr. Florence McAuliffe assured Supervisor Roncovieri that under no circumstances would the tax rate in San Francisco be increased by the proposed change in the administration of relief.

Mr. Edwin Cooley, in reply to Mr. McAuliffe declared that the City and County of San Francisco, today, has a larger problem than it had four years ago, and it would, of course, cost the city more money. It is proposed that the state assume 75 per cent of the cost of relief to unemployed employables and the city pay 25 per cent. However, the Chamber of Commerce estimates that the city and county will pay one-third of such cost while the state will pay only two-thirds. Emergencies which the state now meets, should the change become effective, will then have to be met by the counties. Further economies cannot be effected except by cutting people off from relief or lower the standards for those on relief. There is nothing in the proposal except to change the control of administration.

Supervisor McSheehy urged that the Board take no action in the matter until the attitude of the state legislature is known, and suggested that further consideration be postponed, or that the entire matter be re-referred to committee until such time as the state legislature had acted on it.

Supervisor Roncovieri stated that he would like to have the entire matter, particularly the proposed legislation, referred to the Controller for study and analysis as to its effect upon the City and County

of San Francisco. He was interested in it only as to its effect upon San Francisco.

Thereupon, Supervisor McSheehy expressed agreement with Supervisor Roncovieri's views, and announced he would be glad to second a motion for reference to the Controller, as suggested.

Amendment to Motion

Whereupon, Supervisor Roncovieri, seconded by Supervisor McSheehy, moved as an amendment to motion by Supervisor Uhl, that the matter be referred to the Controller for report and analysis.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Meyer, Roncovieri—5.

Noes: Supervisors Mead, Ratto, Schmidt, Uhl—4.

Absent: Supervisors McGowan, Shannon—2.

NEW BUSINESS

Adopted

The following recommendations of Finance Committee were taken up:

Release of Lien Filed re Old Age Security Aid—Mary Godin

(Series of 1939)

Resolution No. 780, as follows:

Whereas, Notices of Aid granted Mary Godin have been recorded in this County pursuant to Section 4 of the Old Age Security Act and Section 2225 of the Welfare and Institutions Code, and

Whereas, The filing of such Notices created a lien on the property of the recipients of such aid, and

Whereas, the recipients of such aid, on payment of the debt secured by such lien, are entitled to receive a release thereof; now, therefore, be it

Resolved, That upon receipt of $203.00, being the amount secured by said lien, David A. Barry, Clerk of the Board of Supervisors, is hereby authorized to execute and deliver a release of such lien.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McGowan—1.

Release of Lien Filed re Old Age Security—Victor G. Godin

(Series of 1939)

Resolution No. 781, as follows:

Whereas, A Notice of Aid granted Victor Godin was recorded in the office of the Recorder of San Francisco County, which created a lien on the following described property:

Commencing at a point on the northwesterly line of Arlington Street distant thereon 178 feet southwesterly from the southwesterly line of Miguel Street, running thence southwesterly along the said northwesterly line of Arlington Street 50 feet; thence at a right angle northeasterly 50 feet; thence at a right angle southeasterly 100 feet to the northwesterly line of Arlington Street and the point of commencement.

Being lots Numbers 26 and 27 in Block Number 19, Fairmount Tract.

And Whereas, The recipient of aid named in such Notice of Aid is now deceased and

Whereas, The sale of the property has been ordered by the Court in order that the estate may be settled, and

Whereas, The net amount to be received from such sale would not be equal to the full amount of aid, repayment of which is secured by the above mentioned lien; and

Whereas, After investigation by this Board it has been determined that the net amount to be received from such sale is equal to the net amount that would be received in the event of a foreclosure of said lien, and

Whereas, It is deemed advisable by this Board to consent to such sale and accept $454.99, being said net amount, as full payment of the amount secured by said lien; now, therefore, be it

Resolved, That upon payment of said sum of $454.99, David A. Barry, Clerk of the Board of Supervisors, is hereby authorized to execute and deliver a release of such lien.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McGowan—1.

19th Avenue Widening—Settlement of Damage Claims

(Series of 1939)

Resolution No. 784, as follows:

19th Avenue widening—settlement of damage claims.

Whereas, the grades of portions of Quintara Street and 19th Avenue are being changed in connection with the widening of 19th Avenue; and

Whereas, the following parties have filed claims with the Controller and have agreed to release the City and County of San Francisco, a municipal corporation, its contractors and agents from all claims of damages to their lands and improvements resulting from such grade changes upon payment to them of the amounts set forth below, which lands and improvements are located in San Francisco, as follows:

Fred L. Banner, et ux.....$140.00
925 Quintara Street (Lot 14-D, Block 2199).

Harold Stanton Brodie, et ux.....$102.00
2079-19th Avenue (Lot 10, Block 2139).

Whereas, said claims are not in litigation and the Director of Public Works has recommended and the City Attorney has approved settlement of these claims pursuant to the provisions of Ordinance No. 6.041, Bill No. 680, approved March 7, 1935.

Now, Therefore, Be It Resolved, that the Controller be and is hereby authorized and directed to pay said claims from Appropriation No. 051.908.58.

The Director of Property shall conclude the negotiations with said property owners.

Recommended by the Director of Public Works.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Approved as to Funds Available by the Controller.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Release of Lien Filed re Old Age Security—Grace and Harry Nathan Sales

(Series of 1939)

Resolution No. 785, as follows:

Whereas, Notices of Aid granted Grace and Harry Nathan Sales have been recorded in this County pursuant to Section 4 of the Old Age Security Act and Section 2225 of the Welfare and Institutions Code; and

Whereas, The filing of such Notices created a lien on the property of such recipients of such aid; and

Whereas, The recipients of such aid, on payment of the debt secured by such lien, are entitled to receive a release thereof; now, therefore, be it

Resolved, That upon receipt of $70.00 being the amount secured by said lien, David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, is hereby authorized to execute and deliver a release of such lien.

Subordination of Lien to Renewal of Existing Encumbrance, Property of Mrs. Kittie S. Meyers

(Series of 1939)

Resolution No. 786, as follows:

Whereas, Notices of Aid were recorded in the office of the Recorder of the City and County of San Francisco, State of California, which created a lien on the following described property:

Beginning at a point on the westerly line of Ninth Avenue, distant thereon 225 feet northerly from the northerly line of Judah Street; turning thence northerly along said line of Ninth Avenue 25 feet; thence at a right angle westerly 120 feet; thence at a right angle southerly 25 feet; thence at a right angle easterly 120 feet to the point of beginning.

Being part of Outside Land Block No. 681.

And, Whereas, Such a lien was subordinate to the lien or charge upon the land of a mortgage given to secure the payment of $1150; and

Whereas, It is necessary at this time for the obligation secured by such mortgage to be renewed, and

Whereas, Such obligation cannot be renewed unless the lien created by the filing of Notices of Aid is subordinated to the lien or charge upon the land of a deed of trust or mortgage to be given as security for such renewal; and

Whereas, The purposes of the Act will be served by subordinating such lien; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors

of said City and County be, and he is hereby, instructed to execute an agreement subordinating the lien created by the filing of such Notices of Aid to the lien or charge upon the land of any mortgage or deed of trust given as security for the renewal of such obligation.

Consideration Postponed

The following recommendation of Fire, Safety and Police Committee was taken up:

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, Reclassifying the Seating Capacity of Moving Picture Theatres for Construction or Alteration.

(Series of 1939)

Bill No. 404, Ordinance No....., as follows:

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, reclassifying the seating capacity of moving picture theatres for construction or alteration.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 610 and Section 611, of Article 17, Chapter 1, Part 2, of the San Francisco Municipal Code, are hereby amended to read as follows:

Section 610. Theatre Construction Required. All places of amusement hereafter to be constructed, erected or altered wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of three hundred (300) or more persons, shall be built and constructed to conform to all laws, conditions and requirements now existing or hereafter to come in force and effect relating to theatres and places where theatrical or operatic performances are given. Provided, however, this section shall not apply to the reconstruction, alteration or remodeling of any place of amusement where motion pictures are exhibited and in operation at the time of the passage of this section as amended, and the seating capacity shall not be increased to more than three hundred ninety-nine (399). Where the seating capacity is increased to three hundred (300) or more seats, three (3) emergency exits, exclusive of the exits in the front, shall be required, the same to be located as designated by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

Section 611. *Construction.* All such places of amusement hereafter

to be constructed, erected or altered, wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of less than three (300) persons shall be built and constructed in accordance with the following laws, conditions and requirements, to-wit:

(a) All such places of amusement must be and shall only be contained in "Class A," "Class B," or "Class C" buildings.

(b) All such places of amusement not contained in "Class A" or "Class B" buildings must have their interior entirely and throughout lined with sheet metal, or metal lathed and plastered. Brick, tile or concrete walls need not be lathed or plastered.

(c) All such places of amusement shall have at least one (1) frontage on a street, and in each such frontage there shall be at least two (2) exits, each of which is to be at least five (5) feet wide.

In addition to such exits on the street there shall be reserved for service in case of emergency, where the seating capacity is one hundred fifty (150) or less, one (1) exit in the rear; where the seating capacity is greater than one hundred fifty (150) and less than three hundred (300), there shall be one (1) exit in the rear and an additional exit in the rear half of the auditorium. Each exit shall be not less than five (5) feet in width. All exits must open into public streets, public or private alleys or into passageways at least five (5) feet wide, communicating directly with the streets. Said passageways must have their interiors lined throughout with sheet metal or be metal lathed and plastered. Exits which lead into five (5) foot interior passageways must have no doors, but may be hung with curtains or portieres. All doors and exits must open outward and be unfastened at all times during which people are assembled.

At each exit there shall be installed an approved type of exit sign light. Each exit light shall be located not more than twenty-four (24) inches above the top of the exit opening, said distance to be measured to the bottom of the exit light sign.

The construction, installation and operation of exit sign shall conform to the specific requirements of Sections 214, 215 and 216, Part 2, Chapter 3, of the San Francisco Municipal Code.

All courts and passageways shall remain lighted during the performance, except that exterior passageways are not required to have artificial illumination during the period of the day when subjected to natural daylight lighting.

(d) There shall be aisles of the width hereinafter specified, extending the entire length of the auditorium to each and every exit opening into said streets or alleys, or passageways; there shall be space of at least ten (10) feet between the front tier of seats and the screen or stage; cross aisles leading to side exits shall extend from the center aisle to said exits. Where exits are at rear, aisles leading to the same shall be of the maximum widths prescribed, throughout their entire length.

(e) All aisles in the auditorium having seats on both sides of the same shall not be less than three and one half (3½) feet in width when the aisles are sixty (60) feet or less in length and not less than four (4) feet in width when the aisles are more than sixty (60) feet in length. Aisles having seats on one (1) side only shall not be less than two and one-half (2½) feet in width when the aisles are sixty (60) feet or less in length, and not less than three (3) feet in width when the aisles are more than sixty (60) feet in length.

(f) All seats in the auditorium shall be not less than twenty-nine (29) inches from back to back, measured in a horizontal direction and firmly secured to the floor. No seat in the auditorium shall have more than six (6) seats intervening between it and an aisle. No seat or stool shall be placed in any aisle.

(g) All such places of amusement having a seating capacity of less than three hundred (300) persons shall be equipped with at least one (1) 1½ inch galvanized standpipe in the middle of one (1) side wall of the auditorium. Said standpipe shall have a one and one-half (1½) inch direct connection to the street main. Attached to said standpipe there shall be fifty (50) feet of approved one and one-half (1½) inch hose, and at the end of such hose there shall be a five-eighths (⅝) inch play pipe.

(h) The projection room or operators booth shall be constructed as required by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

There shall be at least two (2) means of egress from the projection room or operators booth, located as may be designated by the above mentioned departments.

(i) Openings for the picture and operator's view shall not be larger than one hundred fifty (150) square inches, and opening for the spot light shall have a vertical opening not greater than twenty-seven (27) inches and a horizontal opening not greater than seventy-two (72) inches. The picture, the operator's view and spot light openings must have gravity doors made of No. 14 B. and I. gauge sheet iron, arranged to drop freely in heavy metal grooves on the inside of the booth. Doors shall be held in position (open) by fusible links placed in series with a single strand of cord so arranged that cord will be suspended directly above the film when in place in the machine, so that in case of ignition of film the link will fuse or cord will burn and allow the gravity doors to drop and close openings and operator's view.

There must be in the operator's booth, for the ventilating of the projection room proper, a metal ventilating pipe not smaller than eight (8) inches in diameter, which must extend through an exterior wall or roof of the building.

There shall be a vent from each projection machine lamp house and from one or more points in the ceiling, and each vent pipe shall terminate in an approved ventilating duct in the ceiling and shall be maintained by an exhaust fan having a capacity of not less than two hundred (200) cubic feet a minute for each eighty (80) square feet of floor area of the projection room.

Immediately outside the projection room or operator's booth there shall be two (2) buckets, each containing at all times not less than (3) gallons of water together with two approved fire extinguishers; said buckets and fire extinguishers shall be ready for service at all times.

(j) No wooden fixtures, benches, or appliances, unless the same be metal clad and no other inflammable materials not required for the operating of moving picture machines shall be allowed in the projection room or operator's booth.

(k) All electrical wiring and equipment shall conform to the provisions of Ordinances 11.113, 11.114 and 11.115, Articles 1, 3 and 5, Part 2, Chapter 3, of the San Francisco Municipal Code.

Consideration of application of Market Street Railway Company for bus permtis.

Granting to Market Street Railway Company a Permit to Maintain and Operate Automobile Buses Over and Along Streets of the

City and County of San Francisco in Conformity with the Provisions of Section 132 of the Charter of the City and County of San Francisco Setting Forth the Conditions Upon Which Said Permit Shall be Granted.

(Series of 1939)

Bill No. 527, Ordinance No....., as follows:

Granting to Market Street Railway Company a permit to maintain and operate automobile buses over and along streets of the City and County of San Francisco in conformity with the provisions of Section 132 of the charter of the City and County of San Francisco setting forth the conditions upon which said permit shall be granted.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The right is hereby granted to Market Street Railway Company, a corporation, its successors and assigns, to maintain and operate for the unexpired term of the operating permit granted to Market Street Railway Company, dated February 9, 1931, automobile buses over, upon, and along the following described streets, avenues, and boulevards in the City and County of San Francisco:

(a) Commencing at the intersection of the line dividing the County of San Mateo and the City and County of San Francisco with San Jose Avenue, thence along San Jose Avenue to Diamond Street.

And also,

Commencing at the intersection of Guerrero Street and 18th Street, thence along 18th Street to Mission Street, thence along Mission Street to 14th Street.

in conjunction with the street railways already operated over and along certain of said streets, avenues, and boulevards, and as a supplementary and substitute service for the street car service now in effect over and upon certain of said streets.

The operation of said automobile buses and the rights hereby granted shall be deemed to be an extension of the street railways operated under and by virtue of the franchises heretofore granted permitting said street railway operation over certain of the streets herein described and set forth, and shall be subject to the terms and conditions of said operating permit, dated February 9, 1931.

The headway under which said automobile buses are to be operated over the streets herein described shall not be more than fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. o'clock daily when street cars are not operated over said streets. When said buses are operated in conjunction or in combination with street cars over the same route, the interval between buses, or street cars, or a bus and a street car shall not exceed fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. daily.

Section 2. The permission or any of the privileges hereby granted shall not in any proceedings instituted by the City and County of San Francisco to acquire the street railway system of Market Street Railway Company be deemed an asset or thing of value in arriving at the valuation of the properties of said Company.

Section 3. Market Street Railway Company is hereby authorized to operate buses over and along any of the streets hereinbefore described in substitution for existing street car service during such days or periods of a day as traffic may not require the operation of street cars in order to accommodate the number of persons offering themselves for transportation along said streets, and may also operate said buses over and along any of said streets where grantee now maintains street car tracks, in combination with or in conjunction with, street cars, or as supplementary to the street railway service now being performed. The operation of buses over the streets herein described in the manner herein set forth shall be without prejudice to any of the other rights now owned and held by Market Street Railway Company under its said operating permit dated February 9, 1931.

Section 4. Should Market Street Railway Company at any time cease to operate street cars over and along the streets named herein, the Company shall, within a reasonable time, remove the rails from said streets and repave that portion of the streets occupied by said rails.

Section 5. The right and privilege granted by this ordinance to operate buses over each street, avenue, and boulevard hereinbefore

named is granted to said grantee, its successor and assigns, upon the terms and conditions set forth in the particular franchise by which grantee or its predecessor in interest was granted the right to operate street railway cars over such street, avenue, or boulevard, and continued in said operating permit dated February 9, 1931, and subject to such rules and regulations as the Board of Supervisors may hereafter adopt.

Section 6. The grantee shall pay to the City and County of San Francisco all franchise taxes to become due from revenue of every kind and nature derived from the operation of said buses to the same extent as if said revenue were derived from street railway cars operated over the respective streets hereinbefore referred to; said revenue is to be reported and paid in accordance with the provisions of Ordinance No. 15.0919, and all of the said provisions of said ordinance shall apply to the revenue of said buses.

Section 7. If at any time the Board of Supervisors shall determine that the interval between buses operated on any of the streets mentioned is too long for the proper service of the public, it may amend this ordinance so as to provide a proper service.

Section 8. All buses operated pursuant to the provisions of this ordinance shall be operated in accordance with the laws of the State of California and the ordinances of the City and County of San Francisco, and shall be provided with such safety devices for the benefit of the public as may be provided by the laws of the State of California or the ordinances of the City and County of San Francisco.

Section 9. Transfers shall be issued to and from the several bus lines of the grantee in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street railway cars of grantee operating over and along the respective streets hereinbefore set forth.

Section 10. Said buses shall not receive or discharge passengers at places other than street intersections, excepting at terminals, unless the Police Department shall designate other places for the receipt and discharge of said passengers.

Section 11. The grantee shall permit and allow all policemen and firemen of the City and County of San Francisco and all mail carriers in the employ of the United States Government, while in the discharge of their official duties, to ride on said buses without the payment of any fare or charge.

Section 12. The permission to operate said automobile buses, as in this ordinance set forth, will more adequately serve the transportation needs of the public and will be in aid of the public service and convenience.

Section 13. The grantee shall, before this ordinance shall become effective, file with the Clerk of the Board of Supervisors an acceptance of all the terms and conditions thereof.

Section 14. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances, and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 15. All and singular the conditions contained in this ordinance shall be conditions precedent to the right of the grantee to exercise the privileges herein granted, and upon the failure of the grantee to observe said conditions, the City may revoke the privilege herein granted.

Consideration Postponed

The Clerk presented and read a communication from the City Attorney, in which he explained he had withheld his approval of the

proposed legislation, pending receipt from the Board as to its views on several proposed amendments.

Suggestion for Recessed Meeting

Supervisor Uhl, following a brief statement as to his reasons for calling the matter out from Committee, moved that the Board, at the conclusion of the day's business, recess, to reconvene at 2 P. M. on Wednesday, February 7, at which time the Market Street Railway Company's application for bus permits would receive further consideration.

Amendment to Motion to Provide for Week's Postponement

Supervisor McSheehy, seconded by Supervisors Ratto and Roncovieri, moved as an amendment to the motion, that the matter remain on the Calendar, be made a special order of business at 3 P. M. on Tuesday, February 13, 1940, and that the Clerk of the Board so notify all departments concerned.

Motion carried by the following vote:

Ayes: Supervisors McGowan, McSheehy, Ratto, Roncovieri, Schmidt, Shannon—6.

Noes: Supervisors Colman, Mead, Meyer, Uhl—4.

Absent: Supervisor Brown—1.

SPECIAL ORDER 2:00 P. M.

Rezoning of Southeasterly Corner of Grove and Baker Streets

Appeal from decision of the City Planning Commission granting application to rezone from Second Residential District to Commercial District, property located at the southeasterly corner of Grove and Baker Streets.

Request for Postponement of Consideration

Mr. Al Rhyne, representing the respondents, requested a week's postponement of the consideration of the foregoing appeal from the decision of the City Planning Commission, stating that he had not learned of the hearing in time properly to present his arguments in the matter, and that the interested parties whom he represented were not present.

Mr. E. J. Foulds, representing the Southern Pacific Company, objected to any postponement because of the inability of Dr. C. A. Walker, Manager of the Southern Pacific Hospital to be present at the next meeting of the Board. Other citizens and property owners objecting to the proposed rezoning would also be unable to be present at a later date.

Supervisor Colman announced that he did not wish to oppose a continuance, but stated that he would be absent from the next meeting, and would, therefore, prefer that there be no continuance of consideration.

The Chair, thereupon, announced that, if there were no objection, the appellants could be heard, further consideration be postponed, and Mr. Rhyne could present his arguments at the next meeting of the Board.

No objection being voiced, it was so ordered.

Privilege of the Floor

Mr. E. J. Foulds, representing the Southern Pacific Company; Dr. C. A. Walker, Manager of Southern Pacific Hospital; Mr. G. F. Irvine,

representing the Brotherhood of Locomotive Firemen and Engineers, and other railroad labor organizations; Dr. M. Bertola, representing the Native Daughters' Home, 555 Baker Street; Mr. M. J. Kelly, representing Mr. and Mrs. John Stauffer, property owners; and Mrs. Matthew Ronge, Mr. Frank Potasz and Mr. O. A. Oyant, property owners within three hundred feet of the property sought to be rezoned, all opposed the proposed rezoning.

Following the above presentation, Mr. Foulds urged that the matter be concluded without postponement.

Supervisor Mead suggested that the Board continue with the hearing, unless the respondents can convince the Board that a skating rink should be built near the Southern Pacific Hospital.

Mr. Al Rhyne, in reply, repeated his previous statement that he was not prepared properly to present his case and to protect the interests of his clients. He objected to the term "sports arena" which had been applied to the proposed structure, stating that the sole purpose for the requested rezoning was to permit the erection and operation of an ice skating rink.

Supervisor McSheehy, in reply to question by Supervisor Uhl, read from the "Zoning" Ordinance, the section setting up the uses to which Commercially zoned property could be used, and pointed out that the Board could exact no stipulation as to business that would be conducted should the proposed rezoning be approved. Any business permitted in a Commercial District could be carried on were this requested zoning be allowed. He felt, too, that no postponement should be granted.

Supervisor McGowan announced his readiness to see consideration concluded without postponement.

Previous Action of Board Rescinded

Thereupon, Supervisor Uhl, seconded by Supervisor McGowan, moved that the previous action of the Board, in granting a week's continuance of consideration, at the request of Mr. Rhine, be rescinded, and that the Board continue with the hearing.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Continuance of Consideration

Mr. Al Rhyne, representing the respondent, and Mr. Reardon Lyons, owner of property adjacent to the site sought to be rezoned, urged that the City Planning Commission's decision be approved.

Mr. Mark Jorgensen represented the City Planning Commission.

Matter in Hands of the Board

All citizens so desiring having been heard, the matter was taken into the hands of the Board.

Supervisor Colman announced his intention to vote to disapprove the decision of the City Planning Commission, stating that although he usually voted to sustain the Commission, when a matter of this sort comes before the Board which is of so much concern to the people in the district, and particularly an institution like the Southern Pacific Hospital, he must vote to overrule the Commission.

City Planning Commission Decision Disapproved

Thereupon, the following Resolution, presented by the Public Buildings, Lands and City Planning Commission was taken up:

Disapproving Decision of City Planning Commission Granting Application to Rezone Property at Southeasterly Corner of Grove and Baker Streets.

(Series of 1939)

Resolution No. 793, as follows:

Resolved, That the appeal from the decision of the City Planning Commission granting application to rezone from Second Residential District to Commercial District, property located at the southeasterly corner of Grove and Baker Streets, is hereby disapproved.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl.—11.

Consideration Postponed.

Rezoning of W/S Gough Street, 98 Feet 5 Inches Southerly from Pacific Avenue

Appeal from the decision of the City Planning Commission denying application to rezone from First Residential District to Second Residential District, property located at the west side of Gough Street, 98 feet 5 inches southerly from Pacific Avenue.

SPECIAL ORDER 2:30 P. M.

Abolishing 5 Foot Set Back Line Easterly Side of Lyon Street from Jefferson Street Northerly 159.484 Feet Northeasterly

Appeal from decision of the City Planning Commission abolishing 5 foot set back line easterly side of Lyon Street from Jefferson Street 159.484 feet northeasterly.

Privilege of the Floor

Mr. James Adams, representing the Marina Home Owners Protective Association, protested the abolishment of set-back line on Lyon Street, northeasterly from Jefferson Street, and asserted that the appeal of interested citizens was in reality a protest against the proposed construction of three dwellings on Jefferson Street, facing the lagoon at the Palace of Fine Arts.

Mr. Charles L. Conlan, of 2016 Jefferson Street, recited at length the efforts made to preserve not only the Palace of Fine Arts, but the grounds around same.

Mr. Frank H. Roden, representing Marina Home Owners and the Baker Street Association, also protested the abolishment of the set-back line in question.

Mr. Samuel F. Johnson, owner of property affected, explained his plans and disavowed any intention to do anything to destroy the beauty of the Palace of Fine Arts or its surroundings. Mr. Franchesci, owner of property adjoining that of Mr. Johnson, supported Mr. Johnson's arguments for the abolishment of the proposed set-back line.

Mr. James E. Ricketts, representing the San Francisco Building Trades Council, Mr. A. C. Nelson, of the Carpenters Union, and Mr. Milton Morris, of the Associated Home Builders, urged that the decision of the City Planning Commission abolishing set-back line, be sustained.

In Hands of the Board

All citizens so desiring, having been heard, the matter was taken into the hands of the Board.

Discussion

Supervisor Colman, in explaining his views in the matter, stated he believed that the City Planning Commission should be sustained. He was convinced that no harm could come to the district by the building of the proposed homes, but rather, that property values would increase. For the best interests of the city, he would vote to sustain the Commission.

Supervisor Mead declared that while he was naturally in favor of any reasonable condition to bring about employment he felt that if every member of the Board should take the time to look the section over, there would be, in his mind, no question as to result of the vote. He was opposed to the proposed construction and insisted that every attempt should be made to preserve the beauty of the Palace of Fine Arts and its surroundings.

Supervisor Uhl expressed his opposition to permit any building on the property in question. He further advocated the inclusion in the budget for the coming fiscal year, of sufficient sums to purchase the property of both Mr. Johnson and Mr. Franchesci. In the meanwhile he would vote to overrule the Commission.

Supervisor Meyer expressed his views briefly, stating that the owner of the property in question, Mr. Johnson, could at the present time, construct two of the proposed houses. He should have the privilege of using his property.

Supervisor McSheehy expressed confidence in the Director of Property and his opinion that no harm could come to the district by the abolishment of set-back line on Lyon Street. Accordingly he intended to vote to sustain the City Planning Commission.

Consideration Continued

Supervisor Roncovieri expressed the desire for a week's postponement of action, to permit him time more fully to consider the matter and to decide just what his vote would be, and moved, accordingly, for postponement of further consideration until Tuesday, February 13, 1940.

Thereupon, the roll was called and a week's postponement was granted, by the following vote:

Ayes: Supervisors Colman, McSheehy, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes: Supervisors Brown, McGowan, Mead, Meyer, Ratto—5.

SPECIAL ORDER—3 P. M.

Recommendation of Fire, Safety and Police Committee

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, Reclassifying the Seating Capacity of Moving Picture Theatres for Construction or Alteration.

(Series of 1939)

Bill No. 404, Ordinance No....., as follows:

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, reclassifying the seating capacity of moving picture theatres for construction or alteration.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 610 and Section 611, of Article 17, Chapter 1, Part 2, of the San Francisco Municipal Code, are hereby amended to read as follows:

Section 610. Theatre Construction Required. All places of amusement hereafter to be constructed, erected or altered wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of three hundred (300) or more persons, shall be built and constructed to conform to all laws, conditions and requirements now existing or hereafter to come in force and effect relating to theatres and places where theatrical or operatic performances are given. Provided, however, this section shall not apply to the reconstruction, alteration or remodeling of any place of amusement where motion pictures are exhibited and in operation at the time of the passage of this section as amended, and the seating capacity shall not be increased to more than three hundred ninety-nine (399). Where the seating capacity is increased to three hundred (300) or more seats, three (3) emergency exits, exclusive of the exits in the front, shall be required, the same to be located as designated by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

Section 611. *Construction.* All such places of amusement hereafter to be constructed, erected or altered, wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of less than three (300) persons shall be built and constructed in accordance with the following laws, conditions and requirements, to-wit:

(a) All such places of amusement must be and shall only be contained in "Class A," "Class B," or "Class C" buildings.

(b) All such places of amusement not contained in "Class A" or "Class B" buildings must have their interior entirely and throughout lined with sheet metal, or metal lathed and plastered. Brick, tile or concrete walls need not be lathed or plastered.

(c) All such places of amusement shall have at least one (1) frontage on a street, and in each such frontage there shall be at least two (2) exits, each of which is to be at least five (5) feet wide.

In addition to such exits on the street there shall be reserved for service in case of emergency, where the seating capacity is one hundred fifty (150) or less, one (1) exit in the rear; where the seating capacity is greater than one hundred fifty (150) and less than three hundred (300), there shall be one (1) exit in the rear and an additional exit in the rear half of the auditorium. Each exit shall be not less than five (5) feet in width. All exits must open into public streets, public or private alleys or into passageways at least five (5) feet wide, communicating directly with the streets. Said passageways must have their interiors lined throughout with sheet metal or be metal lathed and plastered. Exits which lead into five (5) foot interior passageways must have no doors, but may be hung with curtains or portieres. All doors and exits must open outward and be unfastened at all times during which people are assembled.

At each exit there shall be installed an approved type of exit sign light. Each exit light shall be located not more than twenty-four (24) inches above the top of the exit opening, said distance to be measured to the bottom of the exit light sign.

The construction, installation and operation of exit sign shall conform to the specific requirements of Sections 214, 215 and 216, Part 2, Chapter 3, of the San Francisco Municipal Code.

All courts and passageways shall remain lighted during the per-

formance, except that exterior passageways are not required to have artificial illumination during the period of the day when subjected to natural daylight lighting.

(d) There shall be aisles of the width hereinafter specified, extending the entire length of the auditorium to each and every exit opening into said streets or alleys, or passageways; there shall be space of at least ten (10) feet between the front tier of seats and the screen or stage; cross aisles leading to side exits shall extend from the center aisle to said exits. Where exits are at rear, aisles leading to the same shall be of the maximum widths prescribed, throughout their entire length.

(e) All aisles in the auditorium having seats on both sides of the same shall not be less than three and one half (3½) feet in width when the aisles are sixty (60) feet or less in length and not less than four (4) feet in width when the aisles are more than sixty (60) feet in length. Aisles having seats on one (1) side only shall not be less than two and one-half (2½) feet in width when the aisles are sixty (60) feet or less in length, and not less than three (3) feet in width when the aisles are more than sixty (60) feet in length.

(f) All seats in the auditorium shall be not less than thirty-two (32) inches from back to back, measured in a horizontal direction and firmly secured to the floor. No seat in the auditorium shall have more than six (6) seats intervening between it and an aisle. No seat or stool shall be placed in any aisle.

(g) All such places of amusement having a seating capacity of less than three hundred (300) persons shall be equipped with at least one (1) 1½ inch galvanized standpipe in the middle of one (1) side wall of the auditorium. Said standpipe shall have a one and one-half (1½) inch direct connection to the street main. Attached to said standpipe there shall be fifty (50) feet of approved one and one-half (1½) inch hose, and at the end of such hose there shall be a five-eighths (⅝) inch play pipe.

(h) The projection room or operators booth shall be constructed as required by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

There shall be at least two (2) means of egress from the projection room or operators booth, located as may be designated by the above mentioned departments.

(i) Openings for the picture and operator's view shall not be larger than one hundred fifty (150) square inches, and opening for the spot light shall have a vertical opening not greater than twenty-seven (27) inches and a horizontal opening not greater than seventy-two (72) inches. The picture, the operator's view and spot light openings must have gravity doors made of No. 14 B. and I. gauge sheet iron, arranged to drop freely in heavy metal grooves on the inside of the booth. Doors shall be held in position (open) by fusible links placed in series with a single strand of cord so arranged that cord will be suspended directly above the film when in place in the machine, so that in case of ignition of film the link will fuse or cord will burn and allow the gravity doors to drop and close openings and operator's view.

There must be in the operator's booth, for the ventilating of the projection room proper, a metal ventilating pipe not smaller than eight (8) inches in diameter, which must extend through an exterior wall or roof of the building.

There shall be a vent from each projection machine lamp house and from one or more points in the ceiling, and each vent pipe shall terminate in an approved ventilating duct in the ceiling and shall be maintained by an exhaust fan having a capacity of not less than two

hundred (200) cubic feet a minute for each eighty (80) square feet of floor area of the projection room.

Immediately outside the projection room or operator's booth there shall be two (2) buckets, each containing at all times not less than (3) gallons of water together with two approved fire extinguishers; said buckets and fire extinguishers shall be ready for service at all times.

(j) No wooden fixtures, benches, or appliances, unless the same be metal clad and no other inflammable materials not required for the operating of moving picture machines shall be allowed in the projection room or operator's booth.

(k) All electrical wiring and equipment shall conform to the provisions of Ordinances 11.113, 11.114 and 11.115, Articles 1, 3 and 5, Part 2, Chapter 3, of the San Francisco Municipal Code.

January 29, 1940—*Consideration postponed to February* 5, 1940, *and made a special order of business at* 3 *P. M. On motion by Supervisor Uhl.*

Discussion

Supervisor Uhl, after reviewing the consideration accorded the foregoing matter in Committee, requested the privilege of the floor for all interested persons who desired to be heard.

Mr. Afred E. Grazziani, Attorney, and Mr. Philio Zurga, representing Bridge Theaters, and Mr. George H. Allen, President of Visitacion Valley Improvement Association, opposed the enactment of the proposed ordinance, contending that in effect the enactment would mean the elimination of the small neighborhood motion picture theatre. It was argued that a fire hazard does not exist because of the number of people, but in the manner of egress from a building. The real purpose of the proposed ordinance, the opponents insisted, was to stifle competition by making it economically impossible to construct and operate small neighborhood motion picture theatres.

Mrs. Bauman, of the Eureka Valley Promotion Association, opposed the proposed ordinance, and asserted that that organization had filed with the Board a written protest against the proposed change in reducing from 399 to 299, the seating capacity of theatres not of Class A construction.

Communications protesting the enactment of the proposed ordinance were received from 24th Street Boosters Association and from Clifton G. Reynolds.

Fire Chief Charles J. Brennan urged that the proposed measure be enacted by the Board. He stated that regardless of statements previously made by Mr. Frank Kelly, Chief of the Fire Prevention Bureau, the present permissible seating capacity of 399 was not satisfactory to the Fire Department. Reduction of permissible seating capacity to 299, was most desirable from the point of view of the Fire Department.

Mrs. Rose Walker, speaking for the Southern Council of Civic Clubs, and Mrs. Erickson, of the Longfellow-Mount Vernon Improvement Club, favored the enactment of the proposed ordinance.

Mr. R. A. McNeill, representing Golden State Theater Company, declared that it would be better if every theatre, regardless of seating capacity, were of class A construction. He insisted that the proposed ordinance was a good one—not a selfish one. Its purpose is to afford protection against fire hazards.

Supervisor Brown, in reply thereto, asked Mr. McNeill if all of the Golden State Theaters throughout the state of California were of Class A construction.

Point of Order

Whereupon, Supervisor Uhl rose to a point of order, stating that the question was out of order since the proposed ordinance was framed to affect San Francisco, not any other part of the state.

Supervisor Brown, in reply thereto, pointed out that the entire discussion had been on safety, and safety applies to any part of California as well as to San Francisco.

Amendment to Measure

Supervisor Roncovieri called attention to Paragraph (f), Section 611, providing for a minimum distance of twenty-nine inches between seats, from back to back, and moved that the words "Twenty-nine" and the figures following in parentheses, "(29)" be changed to read "Thirty-two" and "(32)" respectively, thus making a motion picture theatre, in that respect, conform with other theaters.

Proposed amendment accepted by Committee.

Explanation of Votes

In explanation of his proposed vote, Supervisor Colman declared that because of the testimony of Fire Chief Brennan, his position must be changed from that held during the previous hearing on the matter. He was at that time told, by authorities other than the Fire Chief, that there was no difference in hazards between a 399 seat theater and a 299 seat theater, provided, of course, there were a greater number of exits. That being the case, he felt the proposed ordinance to be one of the most unfair measures he had ever seen come before the Board. However, in view of the opinion by the Fire Chief that the proposed measure is definitely a safety measure, affording protection to the people, especially the children, against fire hazards, he would vote in favor of the proposed ordinance.

Supervisor Brown announced that he had previously opposed the proposed ordinance and would now vote against it, in spite of the fact that in the main it is a good ordinance, since it contains much that pertains to public safety. The measure, in addition to its regulatory features, limits the construction of theaters in San Francisco, seating 300 or more people, to Class "A," and permits the construction of theaters seating less than 300 people, of "A," "B" or "C" construction. The practical effect of the ordinance will be to prevent the construction of the smaller theaters, since theaters seating less than 300 people cannot hope to survive in the light of the cost of their operation. Of course as Chief of the Fire Department, Mr. Charles Brennan must endorse any ordinance that reduces a fire hazard. However, too severe regulation would force any business out of existence, and the choice must be made between having, or not having, small neighborhood theaters, for that will be the result of the vote. The Board should, he warned, consider very seriously the tendency to over-regulate business. We may have a city 100 per cent safe against fire, but if so, it will be a city without any business.

Supervisor Uhl stated that in his opinion, the difference in cost between Class "A" and Class "C" construction would not prevent the construction and operation of the small neighborhood theater. School buildings are of Class "A" construction. Theaters, also, should, as nearly as possible, be of the same construction.

Passage for Second Reading

Thereupon, the roll was called and the foregoing Bill was passed for Second Reading by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

No: Supervisor Brown—1.

Controller and Tax Collector to Cancel Assessments—State Property

(Series of 1939)

Resolution No. 796, as follows:

Controller and Tax Collector to cancel assessments—state property.

Whereas, a petition has been filed by John R. Richards, as Director of Finance of the State of California, reporting the property hereinafter described as now recorded in the name of the State of California, a deed having been recorded November 20, 1939, said property having been purchased by the State of California from the Spring Valley Company, Ltd., in whose name it was assessed for the year 1939; and

Whereas, it further appears from said petition that said Spring Valley Company, Ltd., as grantor, has agreed to pay the pro rata share of the taxes due upon said property hereinafter described up to the date of purchase, and it further appearing that the sum of One Thousand, Nine Hundred Fifteen and 40/100 Dollars ($1,915.00) as such pro rate share is being held for payment to the City and County of San Francisco; and

Whereas, said petition prays that said property being State property the Tax Collector and the Controller of the City and County of San Francisco be directed to cancel the assessment on said property and any and all taxes heretofore assessed upon said real property hereinafter more particularly described, save and excepting such taxes as may be covered by the sum of One Thousand, Nine Hundred Fifteen and 40/100 Dollars ($1,915.40).

The property herein referred to is: Lot No. 14A, Block No. 7201, Assessed Valuation, $125,080.

And Whereas, the Tax Collector and the Controller of the City and County of San Francisco confirm the fact that One Thousand, Nine Hundred Fifteen and 40/100 Dollars ($1,915.40) would be and is the correct prorata assessment of taxes on said property up to the date of purchase by the State of California, and the City Attorney having consented thereto,

Now, Therefore, Be It Resolved that the Tax Collector and the Controller of the City and County of San Francisco be, and each is, hereby directed to cancel said assessment in accordance with the provisions of

Section 3804A, of the Political Code, save and excepting such taxes as may be covered by the said sum of One Thousand, Nine Hundred Fifteen and 40/100 Dollars ($1,915.40).

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McGowan, McSheehy, Mead Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl.—11.

Cancellation of Tax Sale and Assessments

(Series of 1939)

Resolution No. 797, as follows:

Cancellation of tax sale and assessments.

Whereas, pursuant to Resolution No. 3944, adopted by this Board on May 2, 1938, the City and County of San Francisco, a municipal corporation, is leasing Lots 16 and 16A, Assessor's Block 819, San Francisco, from Leavenworth-McAllister Realty Corporation, for the Hayes Valley Recreation Center; and

Whereas, said property was sold to the State of California on June 26, 1939, for delinquent taxes; and

Whereas, said property is being used for municipal purposes and said sale and the following taxes, penalties and costs should be cancelled, the City Attorney having consented to said cancellations:

Year	*Tax*	*Del. Pen.*	*Cost*
1938	$783.76	$109.74	$ .50
1939	763.78	30.55	

Now, Therefore, Be It Resolved, That the Controller be and is hereby authorized and directed to cancel said sale, taxes, penalties and costs.

Recommended by the Director of Property.

Approved as to form by the City Attorney.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Authorizing Funds Heretofore Appropriated to Joint Highway District No. 10, for Maintenance and Repairs, to be Used for Right-of-Way Purchase.

(Series of 1939)

Resolution No. 800, as follows:

Resolved, That Resolution No. 196, adopted by the Board of Directors, Joint Highway District No. 10 on July 6, 1939, reading as follows:

RESOLUTION NO. 196

"Rescinding that portion of Resolution No. 149 heretofore adopted on the 6th day of January, 1938, pertaining to maintenance assessment and totaling $6,000.00 (included in Appropriation No. 848.985.00, 1938-1939) and providing that said sum of $6,000.00 be applied under this resolution to expenses in connection with the acquisition of rights of way."

Whereas, heretofore and on the 6th day of January, 1938, the Board of Directors of Joint Highway District No. 10 under Resolution No. 149 providing for a total assessment of $14,000.00 for current maintenance and administration expenses 1938-1939, of which the sum of $6,000.00 was provided for maintenance and repairs; and

Whereas, The Board of Directors of Joint Highway District No. 10 at its regular meeting on July 6, 1939, have determined that the said moneys hertofore assessed for maintenance and repairs are not required for said maintenance of said Junipero Serra Boulevard; and

Whereas, The Board of Directors find that the said sum of $6,000.00 is required for additional expenses in connection with the acquisition of rights of way,

Now, Therefore, Be It Resolved, That that portion of Resolution No. 149 providing $6,000.00 for maintenance be and the same is hereby rescinded; and

Be It Further Resolved, That the said sum of $6,000.00 heretofore provided for maintenance and repairs be applied for the purposes of ad-

ditional expenses in connection with the acquisition of rights of way, and

Be It Further Resolved, That the said sum of $6,000.00 be apportioned in the percentages agreed on at the formation of the District, as follows:

City and County of San Francisco—85%	$5,100.00
San Mateo County—15%	900.00
Total	$6,000.00

And Be It Further Resolved, That the Board of Directors of Joint Highway District No. 10 do hereby authorize and request the Honorable Harold J. Boyd, Controller of the City and County of San Francisco, to turn over into the Treasury of Joint Highway District No. 10 the sum of $5,100.00 now in the hands of said Controller and heretofore regularly appropriated to the uses of Joint Highway District No. 10 and included in Appropriation No. 848.985.00, 1938-1939 budget, and that the said sum of $5,100.00 be applied for the purposes hereinabove set forth.

Rejecting Salary Standardization Proposed by Civil Service Commission and Requesting Submission of Schedule of Compensations and Classifications for Per Diem Crafts Which Are Subject to Section 151 of the Charter.

(Series of 1939)

Resolution No....., as follows:

Resolved, That the schedule of compensations proposed by the Civil Service Commission on February 16, 1938, pursuant to the provisions of Section 151 of the Charter, be and it is hereby rejected by the Board of Supervisors and the same is ordered returned to the Civil Service Commission for further study; and be it further

Resolved, That the Civil Service Commission is hereby requested to submit to this Board of Supervisors at the earliest possible moment a proposed schedule of compensations for per diem crafts employed by the City and County of San Francisco and for classifications which, in its judgment, are directly related thereto whose compensations are subject to the provisions of Section 151 of the Charter.

Supervisor Roncovieri, Chairman of the Finance Committee, in explaining the purport of the foregoing resolution at the request of Supervisor Uhl, stated that the resolution was presented following the ruling of the City Attorney that if the Board desired to make any change in Salary Standardization that had been submitted by the Civil Service Commission it would be necessary first to reject the entire Salary Standardization report as submitted by the Civil Service Commission.

Seriatim Consideration of Resolution

At the request of Supervisor Colman, who stated that he was in favor of the first "Resolve" of the foregoing Resolution, but opposed to the second "Resolve," consideration of the Resolution was taken up seriatim.

Roll Call on First "Resolve"

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Unanimously approved.

Consideration of Second "Resolve"

Supervisor Colman announced his intention to vote against the second "Resolve," stating that while he did favor the principle of paying the employees affected the general prevailing wage being paid in private employment, he objected to piece-meal standardization. By piece-meal standardization, he felt, there might be accomplished just what the citizens had rejected by their vote.

Supervisor Uhl, in answer to Supervisor Colman, called attention to charter amendment approved by the people at the election in November, 1939, granting increased compensation to institutional employees, which, to him, signified the approval by the citizens of payment of prevailing wages to city employees. Supervisor Uhl pointed out, also, that opponents to the salary standardization proposal, as submitted to the voters, had, through their representative, Mr. Will Merryman, endorsed the principle of payment to the members of organized labor the recognized prevailing wage being paid in private employment.

Supervisor Colman, in reply, stated that while Mr. Merryman did endorse the payment of general prevailing wages to city employees, as did he, Mr. Merryman was opposed to piece-meal standardization.

Roll Call on Second "Resolve"

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

No: Supervisor Colman—1.

Approved, Supervisor Colman dissenting.

Adopted

Thereupon, the roll was again called, and the foregoing resolution was adopted by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

No: Supervisor Colman—1.

(Series of 1939)

Bill No. 523, Ordinance No. ....., as follows:

Authorizing an Appropriation of $930.00 out of the Emergency Reserve Fund to the credit of the Municipal Court for the purpose of providing funds for the employment for two months of three General Clerks at $155.00 a month, in order to comply with the provisions of State Law effective September 19, 1939, relative to the illegal parking of vehicles; An Emergency Ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $930.00 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of the appropriation listed below for the employment for two months of three general clerks in order to comply with the provisions of State Law, effective September 19, 1939, relative to the illegal parking of vehicles:

Appropriation No. 920.102.01—Temporary Salaries.....$930.00

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is necessary in order to comply with provisions imposed by State Law.

Recommended by the Clerk of the Municipal Court.

Approved by the Presiding Judge of the Municipal Court.

Approved by the Civil Service Commission.

Approved as to form by the City Attorney.

Authorizing an Appropriation of $688.96 Out of the Emergency Reserve Fund, $192.00 Out of Surplus Existing in Appropriation 924.108.00, $680, Out of Surplus Existing in Appropriation 924.350.00, to the Credit of the Juvenile Detention Home for the Purpose of Paying Cash Allowances to Employees for Rooms and Meals Not Furnished and Not Contracted for During the Period July 1, 1939, to November 30, 1939.

(Series of 1939)

Bill No. 524, Ordinance No. ....., as follows:

Authorizing an appropriation of $688.96 out of the Emergency Reserve Fund, $192.00 out of surplus existing in Appropriation 924.-108.00, $680 out of surplus existing in Appropriation 924.350.00, to the credit of the Juvenile Detention Home for the purpose of paying cash allowances to employees for rooms and meals not furnished and not contracted for during the period July 1, 1939 to November 30, 1939.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $688.96 is hereby appropriated and set aside out of the Emergency Reserve Fund, $192 out of surplus existing in Appropriation 924.108.00, $680 out of surplus existing in Appropriation 924.350.00, to the credit of the following Juvenile Detention Home appropriations for the purpose of paying cash allowances to employees for rooms and meals not furnished and not contracted for during the period July 1, 1939 to November 30, 1939:

Appropriation No. 924.101.00/1 Room Allowance	$589.62
Appropriation No. 924.101.00/3 Meal Allowance	914.48
Appropriation No. 924.101.00/1 Room Allowance	28.05
Appropriation No. 924.102.00/3 Meal Allowance	28.81
Total	$1560.96

Section 2. The Board of Supervisors by the vote by which this ordinance is passed does declare that an actual emergency exists as it is necessary to provide funds for the uninterrupted operation of the Juvenile Detention Home, as the funds heretofore appropriated have proven to be insufficient. During the hearings before the Board of Supervisors, of the 1939-40 budget estimates, it was impossible to calculate what the cost of room and meal allowances would be. It was then concluded that the money would be made available as herein provided as the obligations were incurred.

Consideration Postponed

The following recommendation of the Public Buildings, Lands and City Planning Committee was taken up:

Amendment to San Francisco Municipal Code to Provide for Establishment and Maintenance of Health Institutions, Homes for the Aged, and Nursing Homes in Second Residential Districts.

(Series of 1939)

Bill No. 526, Ordinance No. ....., as follows:

Amendment to San Francisco Municipal Code to provide for establishment and maintenance of health institutions, homes for the aged, and nursing homes in second residential districts.

An ordinance amending Section 4, Chapter II, Part II, of the San Francisco Municipal Code, by adding thereto Section (h).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 4, Chapter II, Part II, of the San Francisco Municipal Code is hereby amended to read as follows:

Sec. 4. Second Residential District. In a Second Residential District no building or premises shall be used and no building shall be constructed or altered which is arranged, designed or intended to be used for any purpose other than the purposes specified in Section 3 of this Article and those of a:

(a) Tenement house or apartment house;
(b) Flat;
(c) Boarding or lodging house;
(d) Hotel;
(e) Library;
(f) Police station;
(g) Fire station;
(h) Health Institutions, Homes for the Aged and Nursing Homes; for the accommodation of not to exceed eight (8) inmates, provided however, that no sign, advertising matter or other device of any character shall be displayed on any portion of the exterior of such building or premises which will give any outward indication of the character of its occupancy.

Supervisor Roncovieri, who objected to consideration of the foregoing Bill until a Companion Bill, under consideration of the Public Health Committee, was also reported to the Board, moved consideration be postponed until February 13, 1940—Motion seconded by Supervisor McGowan.

No objection and so ordered.

Adopted

The following recommendations of the Public Utilities Committee were taken up:

Petitioning Railroad Commission for Five Cent Fare to Treasure Island

(Series of 1939)

Resolution No. 802, as follows:

Whereas, The Golden Gate International Exposition will reopen in May of this year, and

Whereas, It is conducive to the success of this year's Exposition that transportation costs involved in traveling to and from Treasure Island be reduced to a minimum, thereby increasing attendance, and

Whereas, An examination of Railroad Commission reports discloses that during the Exposition in 1939, the Key Route, even though operating at a loss on the Oakland side, realized a very handsome profit on the venture as a whole, and

Whereas, There is now pending before the Railroad Commission, the petition of the Key Route asking that the transportation rates to Treasure Island be established at the same rate which prevailed last year, namely ten cents, now, therefore, be it

Resolved, That this Board of Supervisors acting in the interests of the people of San Francisco does hereby petition the Railroad Commission and does request that transportation rates from San Francisco to Treasure Island be established at five cents, and be it

Further Resolved, That the City Attorney be and is hereby requested to appear before the Railroad Commission and oppose the petition of the Key System requesting the establishment of a ten cent fare for transportation from San Francisco to Treasure Island, during the 1940 Exposition.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Consideration Postponed

Removal and Abandonment of Street Railway Tracks—Ninth Street Between the Southeasterly Line of Bryant Street and the Northwesterly Line of Market Street.

(Series of 1939)

Resolution No....., as follows:

Whereas, The Market Street Railway Company is the owner and holder of an operating permit, granted by the City and County of San Francisco and dated February 9, 1931, wherein and whereby said company maintains certain railway tracks and operates certain electric railway cars over and on Ninth Street between Bryant Street and Market Street, being known as Line No. 19; and

Whereas, The Market Street Railway Company has requested permission to abandon its tracks on Ninth Street between Bryant Street and Folsom Street, and has previously obtained, at its request by Ordinance No. 170, approved on May 22, 1939, authorization to abandon its street car service and remove its railway tracks on Ninth Street between Brannan Street and Bryant Street; and

Whereas, It appears to the Board of Supervisors of the City and County of San Francisco that it is necessary to widen and reconstruct the roadway on Ninth Street between Division Street and Market Street, and also to remove the street car railway tracks thereon between Folsom Street and the northwesterly line of Market Street in order to meet the increased traffic conditions over and on Ninth Street; and

Whereas, It appears that public interest will not be injured or suffer by the abandonment of said railway tracks on Ninth Street between Bryant Street and Market Street, as said Market Street Railway Company is the holder of a permit, revocable at the will of the Board of Supervisors, to maintain and operate automobile buses over and on Ninth Street between Brannan Street and Market Street;

Now, Therefore, Be It Resolved, That the City and County of San Francisco enter into an agreement with the Market Street Railway Company, wherein and whereby the said company will agree to petition the Board of Supervisors of the City and County of San Francisco and request authority to abandon its railway tracks on Ninth Street from the southeasterly line of Bryant Street to the northwesterly line of Market Street and to discontinue railway service over and along said street; and

That when the Board of Supervisors of the City and County of San Francisco shall by ordinance permit the abandonment of said tracks and the discontinuance of said street railway service over the same, said Market Street Railway Company will, at its own expense, remove said railway tracks from Ninth Street from the southeasterly line of Bryant Street to the northwesterly line of Market Street, including the crossings where said tracks intersect other lines of said Market Street Railway Company; and excepting the track crossings of the Municipal Railway at Market Street and Ninth Street and the track crossings at Howard Street and Ninth Street, and also, at its own expense, remove all trolley poles and wires; excepting those trolley poles necessary to

support trolley feeder cable which shall be allowed to remain on one side of the street only; said Market Street Railway Company will also remove in conjunction with the removal of its tracks, and at its own expense, all street railway ties from Ninth Street between the southeasterly line of Bryant Street and the southeasterly line of Folsom Street; said Market Street Railway Company will also construct, at its own expense, simultaneously with the construction of the pavement proposed to be installed in Ninth Street by the City and County of San Francisco, a standard asphalt-concrete pavement, consisting of a 6-inch Class F concrete base and a 2-inch asphaltic concrete wearing surface, twenty feet wide, and over its present track area on Ninth Street from the northwesterly line of Brannan Street to the southeasterly line of Folsom Street; all work to be done in accordance with the Standard Specifications of March, 1929, amended October, 1939, on file in the City Engineer's office.

That in the agreement the City and County of San Francisco will agree to repave, at its own expense, after the removal of the rails by the Market Street Railway Company, the roadway of Ninth Street between the southeasterly line of Folsom Street and the northwesterly line of Market Street; the City will also agree to remove railway ties where necessary, to furnish and place at its own expense all fill necessary to bring the track area on Ninth Street to the new subgrade and to remove the track crossings of the Municipal Railway at Market Street and Ninth Street and the track crossings at Howard Street and Ninth Street.

The City and County of San Francisco shall also agree to allot to the Market Street Railway Company a section of the roadway of Ninth Street and to allow said Company to install at its own expense, and prior to the paving of the roadway, not to exceed four rails to be used as a negative return and to be installed at a minimum depth of 16 inches below the subgrade of the pavement;

In conjunction with the removal of the tracks on Ninth Street, as in this resolution provided, it is agreed by the City and County of San Francisco that the Market Street Railway Company will be granted a supplemental permit to operate its motor coaches over Ninth Street from Brannan Street to Market Street, thence across Market Street to Larkin Street for the unexpired term of the operating permit heretofore mentioned, upon all the terms and conditions set forth in Resolution No. 93 (Series of 1939) of the Board of Supervisors of the City and County of San Francisco, dated February 14, 1939, and approved by the Mayor of the City and County of San Francisco on February 15, 1939, except as to the period of duration of the right hereby granted.

The acceptance by Market Street Railway Company of this resolution and the removal of the tracks on Ninth Street, as therein provided, shall be without prejudice to any of the other rights now owned or held by Market Street Railway Company under its operating permit dated February 9, 1931.

Be It Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized to execute such agreement for and on behalf of the City and County of San Francisco.

And Be It Further Resolved, That all work to be performed by the Company shall be started within ..... days after the effective date of the ordinance to be passed by the Board of Supervisors authorizing the Company to abandon and discontinue its railway street car service over and along the route described herein, and the Company shall thereafter with an adequate force of men and equipment diligently complete the work to be done by it.

Approved as to form by the City Attorney.

Supervisor McGowan, following request of Mr. Mills, representing the Market Street Railway Company, moved that consideration of the foregoing Resolution be postponed until February 13, 1940.

No objection and so ordered.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Memorializing the Legislature of the State of California for Passage of Bill Proposing Appropriation for the 1940 Exposition.

(Series of 1939)

Supervisor McGowan presented Resolution No. 803, as follows:

Whereas, Official reports show that 1,547,445 out-of-state visitors drawn to San Francisco and the State of California through the advent of the Golden Gate International Exposition in 1939 spent a total of $212,380,000 during the 254 days of the Exposition, and

Whereas, Statistics of the State of California show that gasoline tax revenues for the nine months of the Exposition in 1939 exceeded those for the same period in 1938 by $1,859,731.43, and

Whereas, Retail sales tax collections throughout the State for the period from January 1 to September 30, 1939, show an increase of $5,562,352.59, and San Francisco-Oakland Bay Bridge receipts increased approximately $900,000 as a direct result of the Exposition, and

Whereas, It is reliably estimated that the attendance at the 1940 Golden Gate International Exposition will be between seventy-five per cent and eighty per cent of that of 1939, and figured on the same basis the State would receive between six million dollars and seven million dollars in revenue that would be lost were the Exposition not to be held in 1940, and

Whereas, It is imperatively essential to the conduct and success of the 1940 Exposition that the State of California participate therein and lend its financial support thereto; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize the Legislature of the State of California and does urge immediate passage of the Bill now pending before the Legislature proposing an appropriation for the Golden Gate International Exposition in 1940; and be it

Further Resolved, That telegraphic copies of this resolution be immediately dispatched to His Excellency Governor Olson, to Lieutenant Governor Patterson, to Speaker of the Assembly Garland, and to the San Francisco delegation in both Houses of the Legislature.

Adopted by the following vote:

Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Further Resolved, That the damage, cost and expense of said closing and abandonment, including the City's expense of advertising and posting, be paid for by the owners of the property benefited; and be it

Further Resolved, That Resolution No. 761 (Series of 1939), adopted January 15, 1940, is hereby repealed.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Dickinson Street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Memorializing Congress to Pass Proposed $6,000,000 Appropriation for Central Valley Project.

(Series of 1939)

Supervisor Mead presented Resolution No. 804, as follows:

Whereas, The great Central Valley Project has been and still is the means of employment for numerous workers from San Francisco and other localities of this State, providing at the present time employment for over six thousand (6000) artisans and laborers on the site together with an additional number of workers indirectly employed producing materials necessary to this project; and

Whereas, Both local Labor and Industry are now sharing to a considerable extent in all of the building operations of the Central Valley Project, and the opportunity for a further increase in employment and purchase of materials will result if sufficient funds are presently made available by Congress; and

Whereas, There is now pending in Congress a six million dollar emergency appropriation and also an additional sum to cover funds required to carry on the work for the next fiscal year, beginning July 1, 1940, all of which funds are necessary to provide for the uninterrupted construction of the Central Valley Project; and

Whereas, If these funds are not made available in the amounts required, curtailment of the work and possible stoppage on some projects will occur, thereby again increasing the unemployment rolls and bringing further hardship to Labor and Industry as well as to Agriculture, the progress and welfare of which will again be retarded by reason of water shortage; now therefore be it

Resolved, That the San Francisco Board of Supervisors immediately wire all members of the California delegation in both houses, as well as the Secretary of the Interior, Harold L. Ickes, and the President of the United States, to the effect that their support is urgently requested to make available these essential appropriations in order that the contract for the Central Valley Project may proceed to early culmination, thereby benefiting our neighbors of the agricultural area as well as Labor and Industry in San Francisco and California generally.

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McSheehy—2.

Mayor Requested to Negotiate with Traffic Engineers on What Terms They Will Submit Transportation Plan.

(Series of 1939)

Supervisor Uhl presented Resolution No....., as follows:

Whereas, The problem of transportation and traffic is daily becoming more acute; and

Whereas, It is essential that action be taken to provide adequate modern transportation to insure the proper growth and future prosperity of our City; and

Whereas, Numerous surveys have been made at a tremendous cost to the taxpayers of San Francisco, notably the McClintock report upon which no action has been taken and which contains some valuable recommendations which should be studied and adopted at the earliest possible moment; and

Whereas, The proposed employment of Mr. Charles Purcell on a part time basis, as advocated by the Mayor, is declared to be "quite impracticable and therefore inadvisable," in the opinion of Mr. Frank W. Clark, State Director of Public Works; and

Whereas, The money has been appropriated for the purpose of getting technical advice on our Transportation and Traffic Problem, and many valuable suggestions are being held in abeyance pending the expected survey; and

Whereas, San Francisco is in need of aggressive, intelligent traffic planning at once to provide rapid transit and relief to our citizens who are taxpayers and who are clamoring for adequate transportation to their homes; and

Whereas, Bus transportation will provide rapid transit and promote the development of our City, and the private company is now demonstrating this by adding buses to their system as rapidly as possible; now, therefore, be it

Resolved, That this Board of Supervisors request the Mayor to immediately negotiate with Traffic Engineers of proven ability on what terms they will furnish a transportation plan so that immediate attention may be given the problem of transportation and traffic in this City; and be it

Further Resolved, That the Mayor be requested to submit to this Board of Supervisors information as to the cost and time required by Traffic Engineers to properly recommend a plan of action to provide modern, rapid and adequate transportation for San Francisco, taking into consideration the proper system to be extended into San Mateo County and the Peninsula.

The Board of Supervisors met in regular session.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Colman—1.

Quorum present.

Supervisor Warren Shannon presiding.

Supervisor Colman on leave of absence.

APPROVAL OF JOURNAL

The Journal of Proceedings of the meeting of February 5, 1940, was considered read and approved.

SPECIAL ORDER—2:00 P. M.

Rezoning of W/S Gough Street, 98 Feet 5 Inches Southerly from Pacific Avenue

Appeal from the decision of the City Planning Commission denying application to rezone from First Residential District to Second Residential District, property located at the west side of Gough Street, 98 feet 5 inches southerly from Pacific Avenue.

February 5, 1940—*Consideration continued until Tuesday, February* 13, 1940, *at* 2 *P. M. On motion by Supervisor Brown.*

Privilege of the Floor

Mr. Roland R. King, Attorney, represented Dr. and Mrs. Calvin W. Knowles, owner of the property sought to be rezoned. The interior of the property, if rezoned, will be altered in order that property may be used for studio apartments.

Mr. Willard Ellis, and J. H. Clinton, represented Mrs. Sigmund Stern and Edward Hohfelt, protestants against proposed rezoning.

Mr. Mark Jorgensen presented the views of the City Planning Commission. He pointed out that a similar application was filed for rezoning of near-by property. The application was disapproved. Subsequently the old buildings were demolished and new single family buildings were erected.

Supervisor McSheehy announced his intention to vote to sustain the decision of the City Planning Commission.

Supervisor Brown stated that he believed that the district was destined eventually to become one of apartment houses, and must, sooner or later, be rezoned. He would vote to overrule the City Planning Commission.

Rezoning of West Side of Gough Street 98 Feet 5 Inches Southerly from Pacific Avenue

(Series of 1939)

Resolution No. 814, as follows:

Resolved, That the appeal from the decision of the City Planning Commission denying application to rezone from First Residential District to Second Residential District, property located at the west side of Gough Street 98 feet 5 inches southerly from Pacific Avenue, is hereby disapproved.

Adopted by the following vote:

Ayes: Supervisors Brown, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

SPECIAL ORDER—2:30 P. M.

Abolishing 5 Foot Set Back Line Easterly Side of Lyon Street from Jefferson Street Northerly 159.484 Feet Northeasterly

Appeal from decision of the City Planning Commission abolishing 5 foot set back line easterly side of Lyon Street from Jefferson Street 159.484 feet northeasterly.

February 5, 1940—*Consideration postponed until February* 13, 1940, *at* 2:30 *P. M.*

Privilege of the Floor

Mr. James Adams represented the Marina Home Owners Protective Association in protesting the proposed abolishment of set-back lines on Lyon Street. His views were supported by the following: Mrs. Edgar Swazey, representing herself; Mrs. Alice Eastwood, for the California Academy of Sciences; Miss Shaffer, representing different residents of the Marina and other civic groups; Mrs. H. R. Baker, representing herself; Mrs. Frank H. Rodin, representing the Baker Street Home Owners; Mr. Charles L. Conlan.

Mr. J. J. Phillips, Director of Property, recited his endeavors to find a solution to the problem, which would protect for the city the beauty of the Palace of Fine Arts and its surroundings, and would not deprive the owner of the property affected from the full enjoyments of such ownership. He believed that the proposed abolishment of set-back line along Lyon Street would permit Mr. Johnson to enjoy the full use of his property, and would, in no way detract from the beauty of the Palace of Fine Arts and its surroundings.

Mr. Samuel F. Johnson, owner of the property affected, again explained his plans, and stated that he had no intention of doing anything to detract from the beauty of the district.

Following the foregoing discussions, Supervisor Brown pointed out that the question being considered was merely the abolishment of set-back line along Lyon Street; there was nothing before the Board with respect to building construction.

Supervisor Uhl suggested that the city purchase the property from Mr. Johnson and from Mr. Franchesci, thus to insure the preservation of the beauty of the Palace of Fine Arts and its surroundings. He announced that he would move that $50,000 be placed in the budget, for capital expenditure, at the proper time, in order that the property might be purchased.

Supervisor Brown, in explanation of his intended vote, stated that he had no argument with anybody who desired to beautify the city. He pointed out, too, that Mr. Johnson had already evidenced his own civic pride by selling the more desirable part of his holdings and accepted in lieu thereof, a less desirable piece of property. Mr. Johnson had shown his good faith and is entitled to the full use of his property. The purchase of his property is an entirely different question. The city should be prepared, if it desires the property, to pay the owners a fair amount for it. However, the question before the Board at the present time is merely that of the set-back line.

City Planning Commission Sustained

The following Recommendation of the Public Building, Lands and City Planning Committee, was taken up:

Appeal From Decision of City Planning Commission Abolishing 5 Foot Set Back Lines Easterly Side of Lyon Street From Jefferson Street 159.484 Feet Northeasterly.

(Series of 1939)

Resolution No....., as follows:

Resolved, That the decision of the City Planning Commission abolishing 5 foot set back lines on the easterly side of Lyon Street from Jefferson Street 159.484 feet northeasterly is hereby disapproved.

Refused Adoption by the following vote:

Ayes: Supervisors McGowan, Mead, Ratto, Schmidt, Shannon, Uhl —6.

Noes: Supervisors Brown, McSheehy, Meyer, Roncovieri—4.

Absent: Supervisor Colman—1.

Proposed Inclusion in Budget of Sufficient Amount for Purchase of Marina Property to Insure Preservation of Beauty of Palace of Fine Arts and Its Surroundings.

Supervisor Roncovieri, referring to the previous matter, just concluded, called attention to the fact that the proposed construction by Mr. Johnson would probably be started very soon, and that if the Board desired to preserve that portion of the Marina free from building, it would be necessary to act very promptly. He moved, that it be the sense of the Board that it would place in the budget for the coming fiscal year, a sum sufficient to purchase the entire property on the easterly side of Lyon Street, from Jefferson Street northerly, belonging to Mr. Johnson and to Mr. Franchesci. Motion seconded by Supervisor Mead.

Motion referred to Finance Committee by the Chair.

SPECIAL ORDER—3 P. M.

Referred by Public Utilities Committee Without Recommendation.

Consideration of application of Market Street Railway Company for bus permtis.

Granting to Market Street Railway Company a Permit to Maintain and Operate Automobile Buses Over and Along Streets of the City and County of San Francisco in Conformity with the Provisions of Section 132 of the Charter of the City and County of San Francisco Setting Forth the Conditions Upon Which Said Permit Shall be Granted.

(g) Commencing at the intersection of San Jose Avenue and 29th Street, thence along 29th Street to Castro Street, thence along Castro Street to 30th Street, thence along 30th Street to Noe Street, thence along Noe Street to 29th Street.

in conjunction with the street railways already operated over and along certain of said streets, avenues, and boulevards, and as a supplementary and substitute service for the street car service now in effect over and upon certain of said streets.

The operation of said automobile buses and the rights hereby granted shall be deemed to be an extension of the street railways operated under and by virtue of the franchises heretofore granted permitting said street railway operation over certain of the streets herein described and set forth, and shall be subject to the terms and conditions of said operating permit, dated February 9, 1931.

The headway under which said automobile buses are to be operated over the streets herein described shall not be more than fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. o'clock daily when street cars are not operated over said streets. When said buses are operated in conjunction or in combination with street cars over the same route, the interval between buses, or street cars, or a bus and a street car shall not exceed fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. daily.

Section 2. The permission or any of the privileges hereby granted shall not in any proceedings instituted by the City and County of San Francisco to acquire the street railway system of Market Street Railway Company be deemed an asset or thing of value in arriving at the valuation of the properties of said Company.

Section 3. Market Street Railway Company is hereby authorized to operate buses over and along any of the streets hereinbefore described in substitution for existing street car service during such days or periods of a day as traffic may not require the operation of street cars in order to accommodate the number of persons offering themselves for transportation along said streets, and may also operate said buses over and along any of said streets where grantee now maintains street car tracks, in combination with or in conjunction with, street cars, or as supplementary to the street railway service now being performed. The operation of buses over the streets herein described in the manner

herein set forth shall be without prejudice to any of the other rights now owned and held by Market Street Railway Company under its said operating permit dated February 9, 1931.

Section 4. Should Market Street Railway Company at any time cease to operate street cars over and along the streets named herein, the Company shall, within a reasonable time, remove the rails from said streets and repave that portion of the streets occupied by said rails.

Section 5. The right and privilege granted by this ordinance to operate buses over each street, avenue, and boulevard hereinbefore named is granted to said grantee, its successor and assigns, upon the terms and conditions set forth in the particular franchise by which grantee or its predecessor in interest was granted the right to operate street railway cars over such street, avenue, or boulevard, and continued in said operating permit dated February 9, 1931, and subject to such rules and regulations as the Board of Supervisors may hereafter adopt.

Section 6. The grantee shall pay to the City and County of San Francisco all franchise taxes to become due from revenue of every kind and nature derived from the operation of said buses to the same extent as if said revenue were derived from street railway cars operated over the respective streets hereinbefore referred to; said revenue is to be reported and paid in accordance with the provisions of Ordinance No. 15.0919, and all of the said provisions of said ordinance shall apply to the revenue of said buses.

Section 7. If at any time the Board of Supervisors shall determine that the interval between buses operated on any of the streets mentioned is too long for the proper service of the public, it may amend this ordinance so as to provide a proper service.

Section 8. All buses operated pursuant to the provisions of this ordinance shall be operated in accordance with the laws of the State of California and the ordinances of the City and County of San Francisco, and shall be provided with such safety devices for the benefit of the public as may be provided by the laws of the State of California or the ordinances of the City and County of San Francisco.

Section 9. Transfers shall be issued to and from the several bus lines of the grantee in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street railway cars of grantee operating over and along the respective streets hereinbefore set forth.

Section 10. Said buses shall not receive or discharge passengers at places other than street intersections, excepting at terminals, unless the Police Department shall designate other places for the receipt and discharge of said passengers.

Section 11. The grantee shall permit and allow all policemen and firemen of the City and County of San Francisco and all mail carriers in the employ of the United States Government, while in the discharge of their official duties, to ride on said buses without the payment of any fare or charge.

Section 12. The permission to operate said automobile buses, as in this ordinance set forth, will more adequately serve the transportation needs of the public and will be in aid of the public service and convenience.

Section 13. The grantee shall, before this ordinance shall become effective, file with the Clerk of the Board of Supervisors an acceptance of all the terms and conditions thereof.

Section 14. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances, and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 15. All and singular the conditions contained in this ordi-

nance shall be conditions precedent to the right of the grantee to exercise the privileges herein granted, and upon the failure of the grantee to observe said conditions, the City may revoke the privilege herein granted.

February 5, 1940—*Consideration continued until February* 13, 1940, *at* 3 *P. M.*

Recommendations from Organizations re Granting Application for Bus Permits

Before proceeding with discussion of proposed legislation granting to Market Street Railway Company, permits to operate buses over certain streets with the city and county, the Clerk presented and read communications as follows:

From Eugene N. Fritz, urging that requested permits be granted;

From City Attorney, suggesting certain amendments to proposed legislation;

From Manager of Utilities and Director of Public Works, recommending approval of application for bus permits, if Company agrees to certain stipulations, as follows: 1. Not to operate street cars and buses simultaneously along the same street, except by mutual agreement between the Public Utilities Commission and the Market Street Railway Company; 2. To pave and keep in good condition the street area between, and for a distance of two feet outside of, its rails.

The Clerk announced, also, the names of about twenty-five different organizations who were urging the granting of the application for bus permits.

Committee of the Whole

On motion by Supervisor Uhl, seconded by Supervisor Mead, the Board resolved itself into a Committee of the Whole, President Shannon to preside as Chairman.

Privilege of the Floor

On motion by Supervisor Uhl, the following citizens were granted the privilege of the floor:

Proponents

Mr. Sam McKee, representing Mission Merchants; Mr. Will Merryman, Streets Committee of the Chamber of Commerce; Mrs. Linsley, President of Fairmount Improvement Association; Mr. George Gearhard, representing Civic League of Improvement Clubs; Mr. Charles Christin, representing apartment house owners; Mr. J. Mahoney, of the Upper Noe Valley Improvement Association; Mrs. Elizabeth Cassidy, Secretary of Crescent District Improvement Club; Mr. E. H. Brownstone, of the Polk and Van Ness Avenue Improvement Club; Mr. Charles Stockwitz, Secretary of Fillmore Merchants & Improvement Association; Mrs. Dalstrom, Ocean View District; Mr. Douglas Kline, of the 29th and Castro Streets Club; Mr. Adolph Petry, of the Central Council of Civic Clubs; Mr. Lloyd Taylor, Market Street Association; Mrs. Annie Scanlon, of the Women's Civic Center; Mr. George Allen, Visitacion Valley Improvement Association; Mr. M. J. Kelly, Divisadero Street Improvement Club; Mr. C. J. Murphy, Central Council of Civic Clubs; Mrs. Chisholm, of the 29th and Castro Streets District.

Opponents

Mr. Louis Masterson, representing himself; Mr. R. J. O'Rourke, San Francisco Property Owners League.

In Hands of the Board

The foregoing citizens having been heard, the matter was, on motion by Supervisor Schmidt, seconded by Supervisor Ratto, taken into the hands of the Board.

Mr. L. V. Newton, Vice President in Charge of Operations, outlined the proposed routes for which permits to operate buses were sought.

Supervisor McSheehy, following statement by Mr. Newton, as to the Company's endeavors, and hopes, ultimately to be able to meet more satisfactorily its obligations regarding street improvements, etc., moved that further consideration of the entire matter be postponed one week, and that the departments, (Public Utilities Commission and Department of Public Works) be requested to meet with Mr. Newton, and endeavor to arrive at some sort of compromise. He further moved that the matter be made a special order of business for Monday, February 19, 1940, at 3:30 P. M.

Motion failed for lack of a second.

Thereupon Supervisor Brown presented the following suggested amendment suggested by the Director of Public Works, to be substituted for Section 4 of the proposed ordinance:

"Should the Board of Supervisors of the City and County of San Francisco decide, by Resolution, at any time during the life of this permit that the operation of both street cars and buses over and along the streets named herein is not necessary and that the public interest will be better served by the removal of either street car operation or the operation of buses from any or all of the said streets, then the Market Street Railway Company, shall, if said Board decides on the removal of the street car service along any of the streets named herein, remove its rails and appurtenances and repave that portion of the streets occupied by said rails and appurtenances, in accordance with the requirements stipulated in Section 4 of the Permit. In any street named herein, when the City and County of San Francisco orders the company to remove its street car service, the Market Street Railway Company shall be granted, by the City and County of San Francisco, a supplemental permit to operate motor coaches on said street under all the terms and conditions contained herein and for the unexpired term of the operating permit granted to the Company by the City and County of San Francisco and dated February 9, 1931."

In support of his proposed amendment, Mr. Wilder, Director of Public Works, stated that under the ordinance, should his amendment be approved, the Company could operate either buses or street cars as it desired. To permit the operation of both street cars and buses on the same street, at the same time would be most unwise.

Supervisor McGowan, in discussing the proposed amendment, pointed out that the Market Street Railway Company is proposing to furnish transportation to the people of San Francisco, which the Public Utilities Commission is not giving. He criticized the Public Utilities Commission for not giving the service to which the people are entitled and which they are demanding.

Thereupon, Supervisor Brown, offered by motion, the amendment suggested by the Director of Public Works, and moved further that the entire matter be re-referred to committee, with instructions that it be reported back to the Board and made a special order of business at its next meeting. Motion seconded by Supervisor McSheehy.

Mr. Newton announced that the amendment, as presented, would not be agreeable to his Company, and if it were tied into the ordinance he was afraid there would be no buses. He pointed out, also, in answer to other objections, that Section 15 of the proposed ordinance gave the City the right to revoke the privileges granted, should not the terms thereof be complied with. Too severe demands for street repairs would make it impossible for the Company to obtain buses

under the terms it can at present enjoy. That would, Mr. Newton stated, prohibit the establishment of any of the proposed bus operation.

Mr. Newton announced that he would agree to the inclusion of a provision, as suggested by the City Attorney, inhibiting the Company from assigning permits granted without the consent of the City.

Mr. Newton expressed, also, his willingness for removal of "rails and ties." In so far as "other appurtenances" are concerned, poles are sometimes needed to be maintained to carry feeder lines. He would agree, though to "ties and overhead trolley wires." As to time for such removal, he considered Section 4 stringent enough.

Committee Arises and Reports

Supervisor Schmidt, seconded by Supervisor Mead, moved that the Committee of the Whole rise and report.

No objection and so ordered.

Motion for Postponement

Supervisor Brown, seconded by Supervisor McSheehy, moved that the entire matter be re-referred to committee and that the committee be instructed to report to the Board at its next meeting.

Motion failed by the following vote:

Ayes: Supervisors Brown, McSheehy, Shannon—3.

Noes: Supervisors McGowan, Mead, Meyer, Ratto, Schmidt, Uhl—6.

Absent: Supervisors Colman, Roncovieri—2.

Recess

Thereupon, on motion by Supervisor Brown, seconded by Supervisor McSheehy, no objection being made, the Board, at the hour of 7:00 P. M. recessed, to reconvene at 8:30 P. M.

TUESDAY, FEBRUARY 13, 1940, 8:30 P. M.

The Board of Supervisors reconvened at 8:30 P. M., pursuant to recess.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Consideration of Application for Bus Permits Continued

Proposed Amendments to Section 4

Supervisor Schmidt, pursuant to suggestions earlier during the consideration, and acceptance thereof by Mr. Newton, representing the Market Street Railway Company, moved that Section 4 of the proposed ordinance be amended by inserting therein, after the word "rails," in the third line, the words "ties and overhead trolley wires," and after the word "rails" at the end of the section, strike out the period and add the words "and ties."

No objection, and amendment accepted.

Supervisor McSheehy, announced that in the absence of Supervisor Brown, he would offer the amendment suggested by Director of Public Works, and presented by Supervisor Brown earlier during the proceedings as a substitute for Section 4.

Motion failed for lack of a second.

Supervisor McSheehy moved, as an additional amendment to Section 4, that the words "reasonable time" be stricken out, and the words "five years" be inserted therefor.

Motion failed for lack of a second.

Thereupon, Supervisor McGowan moved that the words "a reasonable time" be stricken out and in lieu thereof, the words "one year" be inserted. Motion seconded by Supervisor McSheehy.

Supervisor Uhl, in discussing the amendment proposed by Supervisor McGowan, stated that he believed the Company was trying to meet the city more than half way, and is giving people, (cited Excelsior District) service which the the Municipal Railway has failed to give, and that the restriction of "one year" might seriously handicap the Company.

Supervisor Meyer also favored giving the Company a reasonable time to make street repairs. He did not want to see the Company thrown into bankruptcy.

Mr. Dion Holm, representing the City Attorney, suggested, should the proposed amendment be approved, that the words "one year" be changed to "one year from time of abandonment."

Thereupon, no objection being voiced, the Chair announced the proposed amendment, to strike out the words "a reasonable time" and insert in lieu thereof, the words, "one year from time of abandonment" as duly carried.

Action Rescinded

Subsequently, it having become apparent that the foregoing action had taken place unnoticed, although there was objection to same, on motion by Supervisor Uhl, seconded by Supervisor Meyer, the same was rescinded by the following vote:

Ayes: Supervisors McSheehy, Mead, Meyer, Schmidt, Uhl—5.

Noes: Supervisors McGowan, Ratto, Shannon—3.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Renewal of Motion

Thereupon, Supervisor McGowan, seconded by Supervisor McSheehy, renewed the motion that the words "a reasonable time" be stricken out and the words "one year from time of abandonment" be inserted in lieu thereof.

Amendment to Motion

Supervisor Mead, moved as an amendment to the foregoing motion, that the words "one year from time of abandonment" be changed to "three years from time of abandonment." Motion seconded by Supervisor Uhl.

Mr. Newton, representing the Market Street Railway Company, in reply to question by Supervisor Meyer, stated that "three years" would be acceptable to his Company.

Thereupon, Supervisor McSheehy, who had seconded the motion by Supervisor McGowan, announced that although he would prefer to vote for "three years" than "one year," he would have to stand by his second unless the maker of the motion would relieve him therefrom.

Supervisor McGowan, in reply, stated that he did not wish anyone to be bound by his decision, and that Supervisor McSheehy, could, of course, vote as he desired.

Thereupon, the roll was called and Section 4, amended to read as follows, was carried by the following vote:

"Section 4. Should Market Street Railway Company at any time cease to operate street cars over and along the streets named herein, the Company shall, within three years from time of abandonment, re-

move the rails, ties and overhead trolley wires from said streets and repave that portion of the streets occupied by said rails and ties."

Ayes: Supervisors McSheehy, Mead, Meyer, Schmidt, Shannon, Uhl—6.

Noes: Supervisors McGowan, Ratto—2.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Prohibiting Assignment of Permits Without Consent of Board of Supervisors

Mr. Dion Holm, representing the City Attorney, called attention to the suggestion contained in the City Attorney's letter of February 5, 1940, that there is no provision in the proposed ordinance inhibiting the Market Street Railway to assign the permits without the consent of the Board of Supervisors, whereas, in Ordinance No. 280, Series of 1939, granting other bus operating permits, there is such a provision.

Supervisor Uhl, at the suggestion of the City Attorney, and following statement by Mr. Nelson that he would not oppose such a provision, moved that there be added to Section 4 an additional sentence reading as follows: "Said permit to operate buses as herein set forth shall not be assigned, transferred or sold without the consent of the Board of Supervisors," and that the words in Section 1 and Section 5, "its successors and assigns," be deleted.

Mr. Newton objected to the deletion of the words "its successors and assigns," but offered no objection to the addition of the proposed sentence to Section 4.

Supervisor McSheehy announced his intention to follow the recommendation of the City Attorney.

Supervisor Uhl stated his desire to vote on proposed ordinance without further delay, and would accept the proposed amendments as suggested by the City Attorney.

Whereupon, there being no objection voiced, the Chair announced that the motion as stated above, "that there be added to Section 4 an additional sentence, reading as follows: 'Said permit to operate buses as herein set forth shall not be assigned, transferred or sold without the consent of the Board of Supervisors,' and that the words in Section 1 and in Section 5, 'its successors and assigns,' be deleted" was carried.

Passage for Second Reading

Thereupon, Bill No. 527, granting application of Market Street Railway Company for permit to maintain and operate buses over certain streets, amended to read as follows, was passed for second reading by the following vote:

Granting to Market Street Railway Company a Permit to Maintain and Operate Automobile Buses Over and Along Streets of the City and County of San Francisco in Conformity with the Provisions of Section 132 of the Charter of the City and County of San Francisco Setting Forth the Conditions Upon Which Said Permit Shall be Granted.

in conjunction with the street railways already operated over and along certain of said streets, avenues, and boulevards, and as a supplementary and substitute service for the street car service now in effect over and upon certain of said streets.

The operation of said automobile buses and the rights hereby granted shall be deemed to be an extension of the street railways operated under and by virtue of the franchises heretofore granted permitting said street railway operation over certain of the streets herein described and set forth, and shall be subject to the terms and conditions of said operating permit, dated February 9, 1931.

The headway under which said automobile buses are to be operated over the streets herein described shall not be more than fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. o'clock daily when street cars are not operated over said streets. When said buses are operated in conjunction or in combination with street cars over the same route, the interval between buses, or street cars, or a bus and a street car shall not exceed fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. daily.

Section 2. The permission or any of the privileges hereby granted shall not in any proceedings instituted by the City and County of San Francisco to acquire the street railway system of Market Street Railway Company be deemed an asset or thing of value in arriving at the valuation of the properties of said Company.

Section 3. Market Street Railway Company is hereby authorized to operate buses over and along any of the streets hereinbefore described in substitution for existing street car service during such days or periods of a day as traffic may not require the operation of street cars in order to accommodate the number of persons offering themselves for transportation along said streets, and may also operate said buses over and along any of said streets where grantee now maintains street car tracks, in combination with or in conjunction with, street cars, or as supplementary to the street railway service now being performed. The operation of buses over the streets herein described in the manner herein set forth shall be without prejudice to any of the other rights now owned and held by Market Street Railway Company under its said operating permit dated February 9, 1931.

Section 4. Should Market Street Railway Company at any time cease to operate street cars over and along the streets named herein, the Company shall, within three years from time of abandonment, remove the rails, ties and overhead trolley wires from said streets, and repave that portion of the streets occupied by said rails and ties. Said permit to operate buses as herein set forth shall not be assigned, transferred or sold without the consent of the Board of Supervisors.

Section 5. The right and privilege granted by this ordinance to operate buses over each street, avenue, and boulevard hereinbefore named is granted to said grantee upon the terms and conditions set forth in the particular franchise by which grantee or its predecessor in interest was granted the right to operate street railway cars over such street, avenue, or boulevard, and continued in said operating permit dated February 9, 1931, and subject to such rules and regulations as the Board of Supervisors may hereafter adopt.

Section 6. The grantee shall pay to the City and County of San Francisco all franchise taxes to become due from revenue of every kind and nature derived from the operation of said buses to the same

extent as if said revenue were derived from street railway cars operated over the respective streets hereinbefore referred to; said revenue is to be reported and paid in accordance with the provisions of Ordinance No. 15.0919, and all of the said provisions of said ordinance shall apply to the revenue of said buses.

Section 7. If at any time the Board of Supervisors shall determine that the interval between buses operated on any of the streets mentioned is too long for the proper service of the public, it may amend this ordinance so as to provide a proper service.

Section 8. All buses operated pursuant to the provisions of this ordinance shall be operated in accordance with the laws of the State of California and the ordinances of the City and County of San Francisco, and shall be provided with such safety devices for the benefit of the public as may be provided by the laws of the State of California or the ordinances of the City and County of San Francisco.

Section 9. Transfers shall be issued to and from the several bus lines of the grantee in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street railway cars of grantee operating over and along the respective streets hereinbefore set forth.

Section 10. Said buses shall not receive or discharge passengers at places other than street intersections, excepting at terminals, unless the Police Department shall designate other places for the receipt and discharge of said passengers.

Section 11. The grantee shall permit and allow all policemen and firemen of the City and County of San Francisco and all mail carriers in the employ of the United States Government, while in the discharge of their official duties, to ride on said buses without the payment of any fare or charge.

Section 12. The permission to operate said automobile buses, as in this ordinance set forth, will more adequately serve the transportation needs of the public and will be in aid of the public service and convenience.

Section 13. The grantee shall, before this ordinance shall become effective, file with the Clerk of the Board of Supervisors an acceptance of all the terms and conditions thereof.

Section 14. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances, and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 15. All and singular the conditions contained in this ordinance shall be conditions precedent to the right of the grantee to exercise the privileges herein granted, and upon the failure of the grantee to observe said conditions, the City may revoke the privilege herein granted.

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncoveri—3.

NEW BUSINESS

Adopted

The following recommendations of the Finance Committee were taken up:

Subordination of Lien to Renewal of Existing Encumbrance—Caroline Warner Leon

(Series of 1939)

Resolution No. 807, as follows:

Whereas, Notices of Aid were recorded in the office of the Recorder

of the City and County of San Francisco, State of California, which created a lien on the following described property owned by Caroline Warner Leon, a married woman:

Beginning at a point on the southerly line of Twenty-second Street, distant thereon 175 feet westerly from the westerly line of Noe Street; running thence westerly along said line of Twenty-second Street 25 feet; thence at a right angle southerly 114 feet; thence at a right angle easterly 25 feet; and thence at a right angle northerly 114 feet to the point of beginning.

Being part of Horner's Addition Block No. 157.

And, Whereas, Such liens were subordinate to the lien or charge upon the land of a Mortgage made by Caroline Leon, formerly Caroline Warner, also called Carolina Warner, and Richard R. Leon, her husband, to secure the sum of $1500.00 to the San Francisco Bank, a corporation; and

Whereas, It is necessary at this time for the obligation secured by such Mortgage to be renewed; and

Whereas, Such obligation cannot be renewed unless the liens created by the filing of Notices of Aid are subordinated to the lien or charge upon the land of a deed of trust or mortgage to be given as security for such renewal; and

Whereas, The purposes of the Act will be served by subordinating such lien; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of said City and County, be, and he is hereby instructed to execute an agreement subordinating the lien created by the filing of such Notices of Aid to the lien or charge upon the land of any mortgage or deed of trust given as security for the renewal of such obligation.

Subordination of Lien to Renewal of Existing Encumbrance—Thomas Segurson and Julia Segurson

(Series of 1939)

Resolution No. 808, as follows:

Whereas, Notices of Aid were recorded in the office of the Recorder of the City and County of San Francisco, State of California, which created a lien on the following described property owned by Thomas Segurson and Julia Segurson, his wife:

Beginning at a point on the northeasterly line of San Bruno Avenue, distant thereon 188 feet and 2⅝ inches southeasterly from the southeasterly line of Thornton Avenue; running thence southeasterly along said line of San Bruno Avenue 25 feet; thence at a right angle northeasterly 100 feet; thence at a right angle northwesterly 25 feet; and thence at a right angle southwesterly 100 feet to the point of beginning.

Being Portion of Block "B," Haley Purchase.

And, Whereas, Such a lien was subordinate to the lien or charge upon the land of a Deed of Trust made by Thomas Segurson and Julia Segurson, his wife, to Corporation of America, a corporation as Trustee to secure the payment of $1,500.00 to Bank of America National Trust and Savings Association, a corporation; and

Whereas, it is necessary at this time for the obligation secured by such Deed of Trust to be renewed, and

Whereas, Such obligation cannot be renewed unless the lien created by the filing of Notices of Aid is subordinated to the lien or charge upon the land of a deed of trust or mortgage to be given as security for such renewal, and

Whereas, The purposes of the Act will be served by subordinating such lien; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of said City and County, be and he is hereby instructed to execute an agreement subordinating the lien created by the filing of such Notices of Aid to the lien or charge upon the land of any mortgage or deed of trust given as security for the renewal of such obligation.

An Ordinance Amending Section 45, Article 1, Part III, of the San Francisco Municipal Code, Establishing Procedure for Refund of Money Erroneously Collected, and Repealing Sections 46 and 47 of Article 1, Part III, of the San Francisco Municipal Code.

(Series of 1939)

Bill No. 542, Ordinance No. ....., as follows:

An ordinance amending Section 45, Article 1, Part III, of the San Francisco Municipal Code, establishing procedure for refund of money erroneously collected, and repealing Sections 46 and 47 of Article 1, Part III, of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 45, Article 1, Part III, of the San Francisco Municipal Code is hereby amended to read as follows:

"Section 45 (a) Refund of Money. Any fees, or amounts imposed by licenses, or penalties, or costs or deposits hereafter paid to any department, board or commission of the City and County of San Francisco may be refunded as hereinafter set forth, provided that such payment was made by reason of:

1. Duplicate payment.
2. Payment made in excess of the actual amount due by reason of a clerical error of said department, board or commission.
3. Payment erroneously collected by reason of a clerical error of said department, board or commission.

(b) *Time for Presentation of Claims.* Claims for refund under this section shall be presented and filed with the head of the department, board or commission originally receiving such money within one (1) year after the last item of the account or claim accrued.

(c) *Itemization of Claims—Verification.* Claims for refund shall be itemized, giving names, addresses, dates and particulars relative to the payment or deposit of the money therefor and all other details necessary to a full consideration of the merit and legality of such claim, and shall state that the amount claimed is justly due and that it is presented and filed within the time prescribed with the head of the department, board or commission originally receiving said money. Such claim shall be sworn to before an officer authorized to administer oaths, and shall be made by the person who paid said money, or his authorized agent, or by his guardian, or in case of his death, by his executor or administrator.

(d) *Approval by Department.* Such verified claim shall be examined by the head of the department, board or commission originally collecting said fees, or amounts imposed for licenses, or penalties, or costs or deposits. When such verified claim shall be found to be correct in all details said head of the department, board or commission shall execute such forms as prescribed by the Controller, attach thereto the verified claim for refund, and transmit same to the Controller.

(e) *Claims Returned for Correction.* When any such claim for refund which has been presented and filed is ascertained to be incomplete or incorrect in one or more details, said head of the department, board or commission must withhold his approval of same and shall cause written notice to be given the claimant of that fact, and shall allow the claimant thirty (30) days from the date of said notice to have the claim completed or corrected and reverified. Should said claimant not do so within the time prescribed, the claim shall be disapproved. Subsequent to such disapproval, the head of the department, board or commission shall notify the claimant in writing of said fact and reason therefor.

(f) *Audit by Controller.* The Controller shall audit such approved claim for refund. If he ascertains the same to be correct and proper in all particulars, he shall draw and approve a warrant therefor payable to the person who paid said money, or his guardian, or in case of his death, to his executor or administrator.

(g) *Disapproval by Controller—Claimant to be Notified.* When, in the Controller's opinion, such claim is not legal, or if all proceedings required incidental to such payment have not been followed, the Controller shall withhold his approval and shall return the claim to the department, board or commission concerned with a statement of his action thereon and reason therefor, and the head of said department, board or commission upon receipt of same must notify the claimant in writing of the fact of the Controller's action and reason therefor.

(h) *Exceptions.* The provisions of this section shall not apply to claims for refund of money paid or deposited by reason of property taxes, real estate taxes, improvement taxes, personal property taxes, special taxes or special assessment district levies."

Section 2. Sections 46 and 47 of Article 1, Part III, of the San Francisco Municipal Code are hereby repealed.

Approved as to form by the City Attorney.

Authorizing the Approval and Execution of Agreement Between Charles H. Purcell, and the City and County of San Francisco, Concerning Survey of Traffic and Transit Problems of the City and County of San Francisco.

(Series of 1939)

Bill No. 546, Ordinance No....., as follows:

Authorizing the approval and execution of agreement between Charles H. Purcell, and the City and County of San Francisco, concerning survey of traffic and transit problems of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Agreement, dated....., 1940, between the City and County of San Francisco and Charles H. Purcell, concerning a survey of the traffic and transit problems of the City and County of San Francisco, be and the same is hereby approved.

Section 2. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors be, and they are hereby authorized and empowered to execute said Agreement for and on behalf of the City and County of San Francisco.

THIS AGREEMENT, made and entered into this.....day of....., 1940, by and between the City and County of San Francisco, a municipal corporation, and hereinafter designated the City, and Charles H. Purcell, of the City and County of San Francisco, hereinafter designated the Engineer.

WITNESSETH:

Whereas, the City is desirous of having a plan or plans prepared looking to the solution of its traffic and transit problems; and

Whereas, the preparation of such proposed plan or plans will involve a study of existing and anticipated future traffic and transit conditions, all of which will require the services of a skilled engineer for an estimated period of five (5) years; and

Whereas, the Engineer is capable of preparing such plan or plans, so that present and reasonably anticipated future pedestrian and vehicular traffic may be regulated and new and improved traffic regulating devices, structures, and methods for the regulation of traffic installed or constructed so that traffic congestion will be avoided; and

Whereas, the Engineer is willing to undertake the preparation of said plan or plans when and if this contract shall become effective, notwithstanding that the undertaking of such work will deprive the Engineer of other important and remunerative work; and

Whereas, the City is desirous that all of said work shall be completed within five (5) years from and after the effective date of this agreement, and it is estimated that the said period of five years (5) is a reasonable period for the completion of said work;

Now, Therefore, it is Agreed by and between the parties hereto as follows:

1. The City hereby contracts with the Engineer, as an independent contractor and not as an employee of the City and County of San Francisco, to advise the City in traffic and transit problems, and to advise said City as to the matters herein set forth and the proper solution thereof, and from time to time make and submit to the Mayor of the City a report or reports of such conditions as may be found to exist and to recommend a method for improving said conditions in so far as the same pertain to said traffic and transit problems, and in connection therewith to make from time to time a preliminary report or reports of the cost of carrying out such recommendations as may be made. Said reports, surveys and recommendations shall be completed with reasonable promptness and shall be made and submitted as rapidly as the same are completed, provided that partial or unfinished reports, whenever possible, shall be made at the request of the Mayor. A reasonable number of copies of each such report shall be furnished to the Mayor and one such copy of each such report shall be delivered to the Clerk of the Board of Supervisors. The first such report shall be made not later than the first day of July, 1941; thereafter the Engineer's reports shall be made at intervals of not less than six months. Upon the completion of the work of the Engineer, a full and complete report, containing all his recommendations and estimated costs thereof and the general method of carrying out the same, shall be made to the Mayor.

2. The Engineer agrees to perform all and singular the services herein set forth and to complete the same within five (5) years from the effective date of this agreement, and the City agrees to allow the Engineer the said period of five (5) years within which to complete the said survey and to render a full and complete report and full and complete plans and specifications. That all during the term of this contract the Engineer shall give sufficient of his time to fully and faithfully perform the terms of this contract, and shall not undertake any other work or calling that shall prevent him from so doing. Within thirty (30) days after this contract shall have become effective, the

Engineer shall file with the City a surety bond in the amount of Twenty-Five Thousand ($25,000) Dollars, satisfactory to the City for the faithful performance of his duties hereunder.

3. In consideration of the services to be rendered by the Engineer, the City agrees to pay to the Engineer as compensation the sum of Twenty Thousand ($20,000.00) Dollars per annum payable in twelve equal monthly installments of One Thousand Six Hundred Sixty-Six and 67/100 Dollars ($1,666.67). The City also agrees to pay monthly all actual costs and expenses of the Engineer incurred in the performance of his duty hereunder in the manner of, and subject to the conditions of this agreement. No liability for such costs and expenses shall arise until the same shall have been actually incurred by the Engineer in such performance of his duty hereunder.

4. The Engineer shall develop his own organization and may engage the following of his employees to aid in the performance of the work at the expense of the City at the maximum compensation herein set forth:

One principal Assistant Engineer and One Structural Designing Engineer, a total compensation not to exceed $12,000.00 per year, provided neither shall receive compensation in excess of $7,200.00;

Two Draftsmen, at a salary not to exceed $2,400.00 per year each;

One Stenographer, at a salary not to exceed $1,800.00 per year.

The City shall furnish the Engineer, without cost to him, with suitable office space, but if the City shall be unable or shall fail to supply such suitable office space, the Engineer may incur the expense of office rent not to exceed $2,400.00 per year. The City shall furnish the Engineer with stationery, office supplies and furniture. The Engineer may incur the expense of telephone, telegraph and messenger service, not to exceed, however, $2,400.00 per year. In the event the Engineer shall be required to travel outside the City and County of San Francisco in connection with his duties hereunder, the City shall, with the approval of the Mayor, and in accordance with the budgetary procedure of the charter, provide said Engineer with the necessary traveling expenses.

5. The office of the Engineer shall be maintained in the City and County of San Francisco, and all of said employees shall be selected and employed by the Engineer in his sole discretion and shall be deemed to be the employees of the Engineer as an independent contractor and shall have no claim for any compensation against the City; and the Engineer shall carry proper Workmen's Compensation insurance for the protection of all employees. The City shall reimburse the Engineer for all amounts paid out and expended by him for the hiring of any of his aforesaid employees, as well as for all amounts paid out and expended for office rental or other expenses herein provided for. Said employees shall be compensated only for acutal service rendered to the Engineer for the City, and the Engineer shall render to the Controller full reports as to the amounts expended for said employments, office rental and other expenses, and the actual amount of service rendered to him for the City by each of said employees. All reimbursements to be made to the Engineer for employees hired or expenses incurred, as hereinbefore set forth, shall be paid to him in equal monthly installments as said services are rendered and said expenses incurred, and then only upon the Engineer's presenting proper vouchers showing the payment of the respective amounts expended, and said Engineer shall not be reimbursed for any of said expenditures incurred in one fiscal year from funds of any succeeding fiscal year, but the City will, out of the funds of each fiscal year, cause to be appropriated an amount sufficient to meet the maximum reimbursements herein provided for, at the time said reimbursements are due and not otherwise.

6. The said Engineer shall not be entitled to any other compensation for his services hereunder or other sums for expenses incurred by him except as in this agreement set forth. The cost of borings and traffic checks required in connection with any survey, as well as the actual cost of reproducing maps and plans, together with the cost of performance of any duties not in the ordinary course of employment of those persons hereinbefore detailed to be employed by the Engineer, shall be performed and borne by the City, provided that the necessary appropriation is made as provided by law to meet the expense thereof; and in addition thereto, the Engineer shall be entitled to and shall receive, when the same is requested, the help of the several officers and departments of the City interested in the work which he is performing, and that said several officers and departments will continue to perform their respective usual duties and functions and the Engineer may call upon any such officer or department for the performance of any duty or function which said officer or department would ordinarily perform in so far as the same may apply to the work of the Engineer and is not being performed by the Engineer or his employees, and said officers or departments shall perform said function without charge to said Engineer.

7. The Engineer will keep full and correct records of the amount of time which he or his assistants or employees give to any particular project, report or investigation, and furnish said reports to the Controller whenever called upon to do so, to the end that the cost of the services rendered by the Engineer or his assistants may be charged to the proper department or account and so that the Controller may make the proper entries in his records showing the cost of the said services of said Engineer to the several departments interested in his work. Said records shall at all reasonable times be open to the inspection of the Controller or other interested departments.

8. The Engineer shall, with reasonable frequency, if and when required, attend any meeting or hearing of the Board of Supervisors and of any interested department to explain or comment on any report, plan or recommendation submitted by him.

9. The services to be performed by the Engineer are personal in character, and this contract shall not be assignable by operation of law or otherwise. In the event of the death of the Engineer during the term of this contract, this contract shall immediately cease and terminate and all rights of said Engineer, his heirs, executors and assigns, shall cease and terminate, except in so far as compensation already earned by said Engineer or expenses already incurred by him as provided in this agreement and which have not been paid.

10. All plans, specifications, services and reports made by said Engineer shall become the property of the City and County of San Francisco as soon as made, and on the expiration of the job or upon the termination of this agreement by the death of said Engineer, the Engineer agrees that all and singular said plans, specifications, reports and surveys will be delivered to the City.

11. The Engineer shall not hire or retain any of the employments herein provided for or incur any other expense in connection with the performance of his duties hereunder until the Controller of the City and County of San Francisco certifies to the amount of money which has been set aside to reimburse the Engineer for costs incurred by him. All claims of the Engineer for reimbursement of costs incurred contrary to the provisions hereof or in excess of said certification or certifications shall be void and any claims or demand against the City and County based thereon shall be invalid.

In Witness Whereof, the City has caused this agreement to be executed by its Mayor and the Clerk of the Board of Supervisors, pursuant to Ordinance No. ..... of said Board of Supervisors, copy of

which is hereto attached, and the Engineer has executed the same, the day and year first above written.

Abatement Proceedings—Northeast Corner of North Point and Larkin Streets

(Series of 1939)

Resolution No. ....., as follows:

Resolved, That in accordance with the recommendation of the Department of Public Health, the Board of Supervisors of the City and County of San Francisco, State of California, does hereby declare that the structures situate on the lot at the northeast corner of North Point and Larkin Streets, in the City and County of San Francisco, be and the same are hereby declared to be a public nuisance, and the City Attorney of said City and County is hereby directed to abate the same in conformity with the provisions of Section 731 of the Code of Civil Procedure of the State of California.

Re-referred to Health Committee on motion by Supervisor Schmidt.

The following recommendation of the Public Utilities Committee was taken up:

Removal and Abandonment of Street Railway Tracks—Ninth Street Between the Southeasterly Line of Bryant Street and the Northwesterly Line of Market Street.

(Series of 1939)

Resolution No. 812, as follows:

Whereas, The Market Street Railway Company is the owner and holder of an operating permit, granted by the City and County of San Francisco and dated February 9, 1931, wherein and whereby said company maintains certain railway tracks and operates certain electric railway cars over and on Ninth Street between Bryant Street and Market Street, being known as Line No. 19; and

Whereas, The Market Street Railway Company has requested permission to abandon its tracks on Ninth Street between Bryant Street

and Folsom Street, and has previously obtained, at its request by Ordinance No. 170, approved on May 22, 1939, authorization to abandon its street car service and remove its railway tracks on Ninth Street between Brannan Street and Bryant Street; and

Whereas, It appears to the Board of Supervisors of the City and County of San Francisco that it is necessary to widen and reconstruct the roadway on Ninth Street between Division Street and Market Street, and also to remove the street car railway tracks thereon between Folsom Street and the northwesterly line of Market Street in order to meet the increased traffic conditions over and on Ninth Street; and

Whereas, It appears that public interest will not be injured or suffer by the abandonment of said railway tracks on Ninth Street between Bryant Street and Market Street, as said Market Street Railway Company is the holder of a permit, revocable at the will of the Board of Supervisors, to maintain and operate automobile buses over and on Ninth Street between Brannan Street and Market Street;

Now, Therefore, Be It Resolved, That the City and County of San Francisco enter into an agreement with the Market Street Railway Company, wherein and whereby the said company will agree to petition the Board of Supervisors of the City and County of San Francisco and request authority to abandon its railway tracks on Ninth Street from the southeasterly line of Bryant Street to the northwesterly line of Market Street and to discontinue railway service over and along said street; and

That when the Board of Supervisors of the City and County of San Francisco shall by ordinance permit the abandonment of said tracks and the discontinuance of said street railway service over the same, said Market Street Railway Company will, at its own expense, remove said railway tracks from Ninth Street from the southeasterly line of Bryant Street to the northwesterly line of Market Street, including the crossings where said tracks intersect other lines of said Market Street Railway Company; and excepting the track crossings of the Municipal Railway at Market Street and Ninth Street and the track crossings at Howard Street and Ninth Street, and also, at its own expense, remove all trolley poles and wires; excepting those trolley poles necessary to support trolley feeder cable which shall be allowed to remain on one side of the street only; said Market Street Railway Company will also remove in conjunction with the removal of its tracks, and at its own expense, all street railway ties from Ninth Street between the southeasterly line of Bryant Street and the southeasterly line of Folsom Street; said Market Street Railway Company will also construct, at its own expense, simultaneously with the construction of the pavement proposed to be installed in Ninth Street by the City and County of San Francisco, a standard asphalt-concrete pavement, consisting of a 6-inch Class F concrete base and a 2-inch asphaltic concrete wearing surface, twenty feet wide, and over its present track area on Ninth Street from the northwesterly line of Brannan Street to the southeasterly line of Folsom Street; all work to be done in accordance with the Standard Specifications of March, 1929, amended October, 1939, on file in the City Engineer's office.

That in the agreement the City and County of San Francisco will agree to repave, at its own expense, after the removal of the rails by the Market Street Railway Company, the roadway of Ninth Street between the southeasterly line of Folsom Street and the northwesterly line of Market Street; the City will also agree to remove railway ties where necessary, to furnish and place at its own expense all fill necessary to bring the track area on Ninth Street to the new subgrade and to remove the track crossings of the Municipal Railway at Market Street and Ninth Street and the track crossings at Howard Street and Ninth Street.

The City and County of San Francisco shall also agree to allot to the Market Street Railway Company a section of the roadway of Ninth

Street and to allow said Company to install at its own expense, and prior to the paving of the roadway, not to exceed four rails to be used as a negative return and to be installed at a minimum depth of 16 inches below the subgrade of the pavement;

In conjunction with the removal of the tracks on Ninth Street, as in this resolution provided, it is agreed by the City and County of San Francisco that the Market Street Railway Company will be granted a supplemental permit to operate its motor coaches over Ninth Street from Brannan Street to Market Street, thence across Market Street to Larkin Street for the unexpired term of the operating permit heretofore mentioned, upon all the terms and conditions set forth in Resolution No. 93 (Series of 1939) of the Board of Supervisors of the City and County of San Francisco, dated February 14, 1939, and approved by the Mayor of the City and County of San Francisco on February 15, 1939, except as to the period of duration of the right hereby granted.

The acceptance by Market Street Railway Company of this resolution and the removal of the tracks on Ninth Street, as therein provided, shall be without prejudice to any of the other rights now owned or held by Market Street Railway Company under its operating permit dated February 9, 1931.

Be It Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized to execute such agreement for and on behalf of the City and County of San Francisco.

And Be It Further Resolved, That all the foregoing work as mentioned to be done by the Company shall be accomplished at the Company's own expense. All work to be done by the Company shall be started and completed coincidental with the work to be performed by the City and County of San Francisco on the said street.

Discussion

Supervisor Uhl objected to the adoption of the foregoing resolution, holding that the improvement of other streets were more important, and referring specifically to Mission Street, between Sixth and Sixteenth Streets.

Mr. A. D. Wilder, director of Public Works, explained that the above resolution has nothing to do with the paving of Ninth Street. It merely authorizes an agreement with the Market Street Railway Company for the abandonment and removal of tracks on Ninth Street. Voting against the resolution will not stop the paving of Ninth Street.

Adopted

Thereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon—7.

No: Supervisor Uhl—1.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Public Utilities Commission Requested to Investigate Transportation Service in San Francisco and Report to Board Within 30 Days Definite Recommendations for Improvement.

(Series of 1939)

Supervisors McGowan and Mead presented Resolution No. 815, as follows:

Whereas, Citizens throughout San Francisco have protested against existing transportation facilities; and

Whereas, There have been increasing complaints about inadequate service on the Municipal Railway, and curtailment of operations, particularly to the residential districts; and

Whereas, Fast and efficient transportation is vital to the growth, development and prosperity of San Francisco; and

Whereas, It would appear that protests of citizens against existing service, and requests for improvements and betterments on the Municipal Railway have been repeatedly ignored by the Manager and members of the Public Utilities Commission; and

Whereas, His Honor, the Mayor, Angelo J. Rossi, has publicly stated that the Municipal Railway should be operated for the convenience of the public, and not for profit; and

Whereas, Revenues of the Municipal Railway last year exceeded any previous year in the railway's history, with an increase of approximately 14 per cent over the previous year; and

Whereas, It is time for the Board of Supervisors to consider the interests of the taxpayers and the street railway patrons and insist that present deplorable conditions in transportation facilities be remedied; now, therefore, be it

Resolved, That the Board of Supervisors demands that the Public Utilities Commission take immediate steps to investigate the existing transportation service throughout the various districts of San Francisco, and report back to the Board within 30 days with definite recommendations for improvement.

Following motion for suspension of the rules, to which, after brief discussion, no objection was voiced, the foregoing resolution was adopted by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Ratto, Schmidt, Shannon—6.

Noes: Supervisors Meyer, Uhl—2.

Absent: Supervisors Brown, Colman, Roncovieri.

Inviting Redwood Empire Association to Hold Its Semi-Annual Convention in San Francisco

(Series of 1939)

Supervisor Ratto presented Resolution No. 818, as follows:

Whereas, Our Redwood Empire Association is contemplating the staging of its usual Inter-County Highway Conference and Semi-Annual Convention early in March; and

Whereas, Among other things, the biennial "Master Schedule of Recommendations," (lists of State and Federal Highway projects prepared by respective County Boards of Supervisors of San Francisco and Northbay counties and the Bridge District), will be established at said Conference, for subsequent transmission to the California Highway Commission, State Department of Public Works, and United States Public Roads Administration, for consideration when formulating 1941-1943 State Highway Biennial Budget; now, therefore,

Be It Resolved, That our Redwood Empire Association be and the same is hereby invited to stage said sessions in the City and County of San Francisco—Southern Gateway to, and for many years an important part of, our Redwood Empire.

Adopted by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Mayor Requested to Declare Week of March 11 to 17, "Dental Health Week"

(Series of 1939)

Supervisor Schmidt presented Resolution No. 819, as follows:

Whereas, In the health program of the United States the American people consider the dental profession an important institution of public welfare; and

Whereas, The profession of dentistry was founded as an American institution and, therefore, an American contribution to the realm of science; and

Whereas, The first dental college in the world was founded in Baltimore, Maryland, in 1840, and from which the first scientific American dental literature emanated; and

Whereas, Throughout the nation celebrations in commemoration of the Centennial of Dentistry will be held during the week of March 11 to 17; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco respectfully request that his Honor the Mayor declare the week of March 11 to 17 "Dental Health Week" in commemoration of the One Hundredth Anniversary of the Founding of American Dentistry as a Profession.

Adopted by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Requesting That Necessary Steps Be Taken to Provide for Six Lanes for Traffic on Important Down Town Streets

(Series of 1939)

Supervisor Uhl presented Resolution No. ....., as follows:

Whereas, Improved traffic is of paramount and immediate necessity, I respectfully offer the following suggestions which will

(1) Provide thousands of additional parking spaces for autos; (2) obviate, where six lanes are provided, the objection to double parking of commercial vehicles, including taxis, and

Whereas, Where six lanes are provided, for example, Taylor Street, Golden Gate Avenue and other six lane streets in downtown areas, double parking by autos and taxis in lanes adjacent to the curb parking lane, does not block traffic as it leaves the center lanes open for moving traffic, and

Whereas, On streets having six lanes, it will be possible at peak hours to use three lanes in which to direct heavy traffic, leaving one lane open for light traffic in opposite directions, and

Whereas, By permitting commercial vehicles and taxis to load and unload in the lane adjacent to the curb parking lane, yellow and white zones, except where ingress and egress to parking lots is necessary, and

Whereas, Honorable Alfred J. Cleary, Chief Administrative Officer, stated that wherever possible, six lanes should be provided; now, therefore, be it

Resolved, That immediate steps be taken to provide six lanes on the important downtown streets, such as Post Street, east of Presidio Avenue; Bush Street, east of Presidio Avenue; particularly the streets to take care of heavy traffic during peak hours, Mission Street between First and Army, most necessary; Kearny Street, Market to Columbus Avenue, most necessary; Mason Street, Market to Sutter; Ellis Street, Market to Leavenworth, and be it

Further Resolved, That the Street and Traffic Committee of the Board of Supervisors hold a meeting within ten days to act upon this resolution and return their recommendation to the Board on February 26.

Referred to Streets Committee.

In Memoriam Charles F. Traung

(Series of 1939)

Supervisor Shannon presented Resolution No. 821, as follows:

Whereas, The Creator in His infinite wisdom has summoned to his eternal reward, Honorable Charles F. Traung, Police Commissioner of San Francisco, and president of the Stecher-Traung Lithograph Corporation; and

Whereas, Charles F. Traung, born and raised in San Francisco, a member of the South of Market Boys, Native Sons, the Olympic Club, the Shriners, and numerous other organizations, had a host of friends who admired and loved him for his many endearing traits of character; and

Whereas, Charles F. Traung, as a public official, served faithfully on the Recreation Commission and on the Police Commission of San Francisco, in which position he was distinguished for his integrity, ability and devotion to the city that he loved; and

Whereas, The State of California, long cognizant of the worth, quality and sterling character of Charles F. Traung, attested to its confidence and trust in him by his appointment to the State Athletic Commission, the duties of which he discharged in a most able, honorable and commendable manner; now, therefore, be it

Resolved, That this Board of Supervisors commiserate with the many friends who knew and loved Charles F. Traung and extends to his sorrowing twin brother and his bereaved widow its deep and sincere sorrow at his passing; and be it

Further Resolved, That when the Board of Supervisors adjourns this day it do so out of respect to the revered memory of our beloved Charles F. Traung; and be it

Further Resolved, That an engrossed copy of this resolution be forwarded to his sorrowing widow and brother.

Unanimously adopted by rising vote.

Request for Refusal of Building Permit for Property at Jefferson and Lyon Streets

Supervisor McSheehy, seconded by Supervisors Uhl and Mead, moved that the Board of Supervisors request the Chief Administrative Officer to request the Building Department of the city and county not to grant a building permit to S. F. Johnson, the owner of property located on the easterly line of Lyon Street, from Jefferson Street 159.484 feet northeasterly, until such time as the motion made by Supervisor Roncovieri, which has been referred to the Finance Committee, has been reported back to the Board.

The Chair referred the foregoing motion to the public Buildings, Lands and City Planning Committee, with request that Committee obtain an opinion from the City Attorney as to the legality of the proposed withholding of the granting of building permits.

Supervisor McSheehy, in objecting to the ruling of the Chair, pointed out that the foregoing was but a motion, and did not require unanimous consent of the Board for its adoption.

Thereupon, the roll was called and the foregoing motion was carried by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Ratto, Schmidt, Uhl —6.

Noes: Supervisors Meyer, Shannon—2.

Absent: Supervisors Brown, Colman, Roncovieri—3.

Explanation of Vote

Following the above roll call, Supervisor Shannon announced that he desired the record to show that he had voted "No" on the foregoing motion, because he believed it to be illegal and that any court would mandate the Department of Public Works to issue the permits requested.

Request for Enactment of Licensing for Revenue Ordinance

The Clerk presented and read, at the request of Supervisor Roncovieri, communication from George W. Gearhard, of the Civic League of Improvement Clubs, requesting the enactment of an ordinance to provide for licensing for revenue, to replace such ordinances recently repealed.

Referred to Finance Committee.

Passage for Second Reading

The following Bill, *passed for second reading* on February 5, 1940, but inadvertently omitted from the Journal of Proceedings of the meeting of that date, is inserted here for record purposes:

Salary Standardization for Per Diem Crafts and Related Classifications

Proposed salary standardization schedules for certain per diem crafts and related classifications, received from Civil Service Commission, pursuant to provisions of Resolution No. 801, adopted February 5, 1940. Referred by Finance Committee, without recommendation.

February 13, 1940—*Consideration postponed until February* 19, 1940, *at* 2:30 *P. M.*

Committee of the Whole

On motion by Supervisor McGowan, seconded, the Board resolved itself into a Committee of the Whole, President Warren Shannon acting as Chairman.

The following communication from the Civil Service Commission, was read by the Clerk:

February 7, 1940

Hon. Board of Supervisors
City Hall
San Francisco

Gentlemen:

We are in receipt of Resolution No. 801, which was adopted by your honorable board on February 5, 1940. Pursuant thereto, we are

submitting for your consideration proposed salary standardization schedules for certain per diem crafts and related classifications, such as foremen and superintendents of crafts and inspectors who first are required to be journeyman craftsmen. No classification except per diem crafts and these directly related classifications have been included. We have not included the railroad service in these proposals as considerable investigation as to present conditions is required. It will therefore be impossible to submit schedules for these employments for some time to come.

In this connection, we call your attention to an opinion rendered to this commision by the Honorable John J. O'Toole, City Attorney, on February 8, 1937. A copy of this opinion is attached hereto and we quote the last paragraph of that opiniion, reading as follows:

> "In consideration of the foregoing, it is my opinion that section 151 is authority for your commission in submitting to the Board of Supervisors, from time to time, salary standardization recommendations covering a group of related classifications, and you are so advised."

The rates proposed in the attached schedule are as previously proposed to your honorable board except in the case of Leadman, Class U104, which is now proposed at $6.50 instead of the $6.00 originally proposed. There are also two new classifications which have been recently added by the Civil Service Commission. These are Scenic Artist and Sound Technician.

The rates herein proposed are based on data obtained within the past year and a half by the Civil Service Commission, which have been rechecked to bring the data up to date. We call your attention to the fact that the rates for the respective basic crafts affiliated with the Building and Construction Trades Council are in practically every instance the uniform rate being paid the craft throughout the industry in the Bay area. That is not necessarily the case in some basic crafts not affiliated with the Building and Construction Trades Council. In certain of these latter classifications, the rates obtaining in private employment are not uniform and vary as between employers and as between types of business. The rates proposed for foremen, superintendents, and inspectors are directly related on a uniform basis with the rate proposed for the basic craft. The proposed rates are, in the judgment of the Civil Service Commission, in accord with the provisions of Section 151 of the charter, which provides that the rates proposed shall not be higher than prevailing rates for like service and working conditions in private employment or in other comparable governmental organizations in this state.

We call your attention also to another provision of Section 151 of the charter which provides that "the board of supervisors may approve, amend or reject the schedule of compensations proposed by the civil service commission for report as to what other changes, and the cost thereof such proposed amendment would require to maintain an equitable relationship with other rates in such schedule."

The proposed schedules submitted herewith were approved by the Civil Service Commission at its meeting on February 7, 1940 and were ordered submitted to the Board of Supervisors by the Civil Service Commission.

Respectfully

CIVIL SERVICE COMMISSION

W. H. HENDERSON,

Personal Director and Secretary.

Discussion

Supervisor Schmidt, in commenting on the foregoing communication and the accompanying schedules for certain per diem crafts and related classifications, stated that he felt the Civil Service Commission's report was going beyond what had been requested by the Board.

Supervisor Uhl objected to bringing in "piece-meal" standardization for anyone outside of the per diem men.

Supervisor Roncovieri expressed his desire that those per diem men whose wages are well established on union principles should be recommended by the Board for salary standardization, but he would not recommend any increases of $75 per month to people already getting some $325 per month. Such raises would require study, and he did not want to approve them at this time.

Supervisor Roncovieri moved that the schedule in so far as it affects per diem men whose wages are to be raised to those prevailing in private employment, be approved by the Board immediately. Motion seconded by Supervisor Schmidt.

Motion Declared Out of Order

The Chair ruled such motion, made while the Board was sitting as a Committee of the Whole, was out of order.

Privilege of the Floor

Mr. Vid Larson, and Mr. Frederick M. Levy, representing the San Francisco Federation of Municipal Employees; Mr. Grover O'Connor and Mr. Ivan Flamm, representing the Municipal Civil Service Association, Mr. H. S. Foley, Streetcar Men's Union No. 518; Mr. Will L. Merryman, representing the Chamber of Commerce and Samuel Tabach, representing cooks, waiters and waitresses employed by the Public Health Department, all commented at length of the schedule of wages represented by the Civil Service Commission and postponement of consideration or re-reference to committee in order that more adequate consideration can be given thereto.

Mr. James E. Ricketts, Mr. Alexander Watchman, Mr. Leonard, Mr. Nelson, Mr. Del Carlo, Mr. Larry Roche and Mr. Massa, representing the Building Trades Council and various Unions with members in the employ of the City and County, opposed delay in consideration of the proposed Standardization of Salaries for Per Diem Men and related classifications. Mr. W. L. Coughlin, Associated General Contractors also supported the proposed schedules of wages.

Mr. F. M. Levy, answering some of the statements made by representatives of various labor organizations, pointed out that the Federation of Municipal Employees did not oppose any of the rates as set up in the proposed schedule, but merely desired postponement of action so that the entire matter could be considered in a proper manner

Committee of the Whole Arises

Supervisor McGowan moved that the Committee of the Whole rise and report.

No objection and so ordered.

In reply to question by Supervisor Schmidt, Mr. Henderson, representing the Civil Service Commission, stated that in the proposed schedule of wages for per diem men, there were, perhaps, a half dozen rates for employments where there were no private employments, and, hence, no comparable rates. Also, Mr. Henderson, pointed out that there were a few employments (citing machinists in particular), wherein union rates vary in different types of employment.

Mr. William Nanry, representing the Bureau of Governmental Research, announced that if the Board should take up only per diem rates, the Bureau would offer no immediate objection, but would, before

final passage of proposed legislation, call attention to any rates which the Bureau felt did not conform to the prevailing rates.

Thereupon, the following Bill, prepared by the Civil Service Commission, was presented to the Board by Supervisor Mead:

Salary Standardization for Per Diem Men and Related Classifications

(Series of 1939)

Bill No....., Ordinance No....., as follows:

An ordinance fixing schedules of salaries and wages to be paid employees of the City and County in certain specified classifications whose salaries and wages are subject to the provisions of Section 151 of the Charter, and providing that the said schedules shall be effective for the fiscal year 1940-41.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service as specified herein which are subject to the provisions of Section 151 of the Charter.

Section 2. Employees legally occupying positions allocated by the Civil Service Commission to the classifications set forth herein which are subject to Section 151 of the Charter shall be paid, effective July 1, 1940, the amount set forth herein for the classification in which their position is classified and allocated and in accordance with the seniority increments as set forth herein.

Section 3. Employees entering the service on or after July 1, 1940, shall enter the service at the entrance rate fixed in the said compensation schedules for the classification to which such employee is appointed; provided that no new employee shall be paid more than other appointees then serving in the same classification under the same appointing officer.

Section 4. Employees being promoted to a new classification shall enter such promotive classification at the entrance rate fixed in said compensation schedules for the classification to which such employee is being promoted; provide that an employee receiving in the lower class a rate in excess of the minimum for the promotive class shall not be reduced in salary.

Section 5. No salary paid as of June 30, 1940, to an employee who is regularly holding his position shall be reduced so long as such employee continues to regularly hold such position.

Section 6. Salaries and wages herein fixed are gross compensations. Deductions shall be made from the salaries or wages of employees as herein specified for maintenance and other accommodations as provided by law, and charges therefor shall be as fixed by law, provided, however, that no charge shall be made for maintenance furnished employees in institutions unless such employees use such accommodations and maintenance. Wages fixed herein on a per hour or per diem basis are for eight hours' work per day.

Section 7. Department heads are hereby directed to prepare and submit budget estimates of personal service for the fiscal year 1940-41 or amendments thereof in accordance with the provisions of this ordinance.

Section 8. If the compensation of any position herein established on a per diem or hourly basis is included in the budget estimates and salary ordinance on a monthly compensation basis, the monthly rate for such position shall be computed by multiplying the per diem or

hourly rate herein established for the position by the average or normal working time of the position as provided in Section 151 of the Charter.

Section 9. If it shall be determined that any salary or wage fixed in the said compensation schedules is contrary to the provisions of Section 151 of the Charter, such determination shall not affect the validity of any other salary or wage fixed in the said compensation schedules.

Section 10. The compensation schedules for classifications included in Division A—Building Trades Service, as set forth in the Civil Service Commission's classification of positions, are as follows, subject to the provisions of this ordinance:

(Append hereto the compensation schedules for Division A. Division E and the others included in the schedules submitted to the Board of Supervisors and now under consideration will also be appended, each under a separate section and heading.)

The Chair ruled that the foregoing Bill, not having been drafted by the City Attorney, or approved by him as to form, in accordance with charter provisions, could not, at the time, be acted on by the Board, but that the Board could consider the various rates proposed and indicate the action that would be taken at a later date, after the City Attorney had approved the ordinance.

Supervisor Uhl inquired from the Civil Service Commission, if the Board could take the proposed ordinance up seriatim, accept it in part, or must the ordinance be approved or rejected in its entirety.

Mr. Henderson, representing the Civil Service Commission, in reply thereto, stated that should the Board see fit to change any of the rates submitted, the matter must be returned to the Commission, with request for submission of any other changes that would be required to maintain an equitable classification. As to any deletions, Mr. Henderson declined to state, but considered that possibly the Board would have the final decision as to whether or not one class was related to another.

Mr. Dion Holm informed the Board that the opinion of the City Attorney, on that question, had already been requested, and his answer would be furnished in time for the next meeting of the Board.

Tentative Approval of Specific Rates of Compensation for Specific Classifications of Employments

Thereupon, on motion by Supervisor McGowan, seconded by Supervisor Roncovieri, the following Classifications of Employments, with the rates proposed by the Civil Service Commission as the prevailing wage therefor, were tentatively approved:

Recommendation of the Fire, Safety and Police Committee

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, Reclassifying the Seating Capacity of Moving Picture Theatres for Construction or Alteration.

(Series of 1939)

Bill No. 404, Ordinance No....., as follows:

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, reclassifying the seating capacity of moving picture theatres for construction or alteration.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 610 and Section 611, of Article 17, Chapter 1, Part 2, of the San Francisco Municipal Code, are hereby amended to read as follows:

Section 610. Theatre Construction Required. All places of amusement hereafter to be constructed, erected or altered wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of three hundred (300) or more persons, shall be built and constructed to conform to all laws, conditions and requirements now existing or hereafter to come in force and effect relating to theatres and places where theatrical or operatic performances are given. Provided, however, this section shall not apply to the reconstruction, alteration or remodeling of any place of amusement where motion pictures are exhibited and in operation at the time of the passage of this section as amended, and the seating capacity shall not be increased to more than three hundred ninety-nine (399). Where the seating capacity is increased to three hundred (300) or more seats, three (3) emergency exits, exclusive of the exits in the front, shall be required, the same to be located as designated by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

Section 611. *Construction.* All such places of amusement hereafter to be constructed, erected or altered, wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of less than three (300) persons shall be built and constructed in accordance with the following laws, conditions and requirements, to-wit:

(a) All such places of amusement must be and shall only be contained in "Class A," "Class B," or "Class C" buildings.

(b) All such places of amusement not contained in "Class A" or "Class B" buildings must have their interior entirely and throughout lined with sheet metal, or metal lathed and plastered. Brick, tile or concrete walls need not be lathed or plastered.

(c) All such places of amusement shall have at least one (1) frontage on a street, and in each such frontage there shall be at least two (2) exits, each of which is to be at least five (5) feet wide.

In addition to such exits on the street there shall be reserved for service in case of emergency, where the seating capacity is one hundred fifty (150) or less, one (1) exit in the rear; where the seating capacity is greater than one hundred fifty (150) and less than three hundred (300), there shall be one (1) exit in the rear and an additional exit in the rear half of the auditorium. Each exit shall be not less than five (5) feet in width. All exits must open into public streets, public or private alleys or into passageways at least five (5) feet wide, communicating directly with the streets. Said passageways must have their interiors lined throughout with sheet metal or be metal lathed and plastered. Exits which lead into five (5) foot interior passageways must have no doors, but may be hung with curtains or portieres. All doors and exits must open outward and be unfastened at all times during which people are assembled.

At each exit there shall be installed an approved type of exit sign light. Each exit light shall be located not more than twenty-four (24) inches above the top of the exit opening, said distance to be measured to the bottom of the exit light sign.

The construction, installation and operation of exit sign shall conform to the specific requirements of Sections 214, 215 and 216, Part 2, Chapter 3, of the San Francisco Municipal Code.

All courts and passageways shall remain lighted during the per-

formance, except that exterior passageways are not required to have artificial illumination during the period of the day when subjected to natural daylight lighting.

(d) There shall be aisles of the width hereinafter specified, extending the entire length of the auditorium to each and every exit opening into said streets or alleys, or passageways; there shall be space of at least ten (10) feet between the front tier of seats and the screen or stage; cross aisles leading to side exits shall extend from the center aisle to said exits. Where exits are at rear, aisles leading to the same shall be of the maximum widths prescribed, throughout their entire length.

(e) All aisles in the auditorium having seats on both sides of the same shall not be less than three and one half (3½) feet in width when the aisles are sixty (60) feet or less in length and not less than four (4) feet in width when the aisles are more than sixty (60) feet in length. Aisles having seats on one (1) side only shall not be less than two and one-half (2½) feet in width when the aisles are sixty (60) feet or less in length, and not less than three (3) feet in width when the aisles are more than sixty (60) feet in length.

(f) All seats in the auditorium shall be not less than thirty-two (32) inches from back to back, measured in a horizontal direction and firmly secured to the floor. No seat in the auditorium shall have more than six (6) seats intervening between it and an aisle. No seat or stool shall be placed in any aisle.

(g) All such places of amusement having a seating capacity of less than three hundred (300) persons shall be equipped with at least one (1) 1½ inch galvanized standpipe in the middle of one (1) side wall of the auditorium. Said standpipe shall have a one and one-half (1½) inch direct connection to the street main. Attached to said standpipe there shall be fifty (50) feet of approved one and one-half (1½) inch hose, and at the end of such hose there shall be a five-eighths (⅝) inch play pipe.

(h) The projection room or operators booth shall be constructed as required by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

There shall be at least two (2) means of egress from the projection room or operators booth, located as may be designated by the above mentioned departments.

(i) Openings for the picture and operator's view shall not be larger than one hundred fifty (150) square inches, and opening for the spot light shall have a vertical opening not greater than twenty-seven (27) inches and a horizontal opening not greater than seventy-two (72) inches. The picture, the operator's view and spot light openings must have gravity doors made of No. 14 B. and I. gauge sheet iron, arranged to drop freely in heavy metal grooves on the inside of the booth. Doors shall be held in position (open) by fusible links placed in series with a single strand of cord so arranged that cord will be suspended directly above the film when in place in the machine, so that in case of ignition of film the link will fuse or cord will burn and allow the gravity doors to drop and close openings and operator's view.

There must be in the operator's booth, for the ventilating of the projection room proper, a metal ventilating pipe not smaller than eight (8) inches in diameter, which must extend through an exterior wall or roof of the building.

There shall be a vent from each projection machine lamp house and from one or more points in the ceiling, and each vent pipe shall terminate in an approved ventilating duct in the ceiling and shall be maintained by an exhaust fan having a capacity of not less than two

hundred (200) cubic feet a minute for each eighty (80) square feet of floor area of the projection room.

Immediately outside the projection room or operator's booth there shall be two (2) buckets, each containing at all times not less than (3) gallons of water together with two approved fire extinguishers; said buckets and fire extinguishers shall be ready for service at all times.

(j) No wooden fixtures, benches, or appliances, unless the same be metal clad and no other inflammable materials not required for the operating of moving picture machines shall be allowed in the projection room or operator's booth.

(k) All electrical wiring and equipment shall conform to the provisions of Ordinances 11.113, 11.114 and 11.115, Articles 1, 3 and 5, Part 2, Chapter 3, of the San Francisco Municipal Code.

January 29, 1940—*Consideration postponed to February* 5, 1940, *and made a special order of business at* 3 *P. M. On motion by Supervisor Uhl.*

The following communication from Supervisor Jesse C. Colman, was read by the Clerk:

February 15, 1940.

The Honorable Board of Supervisors,
City Hall,
San Francisco, California.

Gentlemen:

Since the Moving Picture Theatre Ordinance was passed by us for second reading on February 5th, I have carefully examined the questions involved. In the city of Los Angeles, moving picture theatres of 900 seats or less, without balcony and with a small stage not to exceed ten feet in depth, require only "Class C" construction. Fire insurance men and members of the Fire Department, all have told me they do not consider theatres built in this way, a fire hazard. They are not contemplating making any changes in this law. If 900 seats are not a fire hazard in Los Angeles, then 399 seats should not constitute a fire hazard in San Francisco.

Fire Chief Brennan told us on February 5th, "Class C" theatres with the proper number of exits and without a balcony, with 399 seats were a greater fire hazard than the same construction with 299 seats. All the information I have gathered applying to Los Angeles and other cities as well, does not confirm this statement.

On the contrary, Fire Marshal Kelly stated that "Class C" theatres with the proper number of exits and no balcony, containing 399 seats, were not a greater fire hazard than theatres similarly built for 299 seats. This statement was strongly corroborated by everyone with whom I discussed the matter.

This being the case, only one thing is accomplished by the reduction in the number of seats, namely, it will prevent the smaller theatres from being built. This is not fair and I am opposed to legislation which only accomplishes this result.

I believe from the information I have gathered that I can convince some members of the Board not to vote for this ordinance. Accordingly, I respectfully ask that it remain upon the calendar and that action be postponed for two weeks. However, should this not be done, I want the record to show that had I been present I would have noted "No" on final passage.

With my kindest regards to you all, I am,

Sincerely yours,
JESSE C. COLMAN.

Privilege of the Floor

On motion by Supervisor Uhl, the privilege of the floor was granted Mrs. Thomas R. Best, who relinquished the floor to Mr. Allen Spivock. Mr. Spivock, on behalf of the Central Council of Civic Clubs, urged postponement of two weeks.

Consideration Postponed

Whereupon, on motion by Supervisor Ratto, to which Supervisors Uhl and McSheehy had first objected, which objections, however, they did not press, consideration of the foregoing Bill was postponed until March 4, 1940, at 3 P. M.

Authorizing the Approval and Execution of Agreement Between Charles H. Purcell, and the City and County of San Francisco,

Concerning Survey of Traffic and Transit Problems of the City and County of San Francisco.

(Series of 1939)

Bill No. 546, Ordinance No....., as follows:

Authorizing the approval and execution of agreement between Charles H. Purcell, and the City and County of San Francisco, concerning survey of traffic and transit problems of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Agreement, dated....., 1940, between the City and County of San Francisco and Charles H. Purcell, concerning a survey of the traffic and transit problems of the City and County of San Francisco, be and the same is hereby approved.

Section 2. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors be, and they are hereby authorized and empowered to execute said Agreement for and on behalf of the City and County of San Francisco.

THIS AGREEMENT, made and entered into this.....day of....., 1940, by and between the City and County of San Francisco, a municipal corporation, and hereinafter designated the City, and Charles H. Purcell, of the City and County of San Francisco, hereinafter designated the Engineer.

WITNESSETH:

Whereas, the City is desirous of having a plan or plans prepared looking to the solution of its traffic and transit problems; and

Whereas, the preparation of such proposed plan or plans will involve a study of existing and anticipated future traffic and transit conditions, all of which will require the services of a skilled engineer for an estimated period of five (5) years; and

Whereas, the Engineer is capable of preparing such plan or plans, so that present and reasonably anticipated future pedestrian and vehicular traffic may be regulated and new and improved traffic regulating devices, structures, and methods for the regulation of traffic installed or constructed so that traffic congestion will be avoided; and

Whereas, the Engineer is willing to undertake the preparation of said plan or plans when and if this contract shall become effective, notwithstanding that the undertaking of such work will deprive the Engineer of other important and remunerative work; and

Whereas, the City is desirous that all of said work shall be completed within five (5) years from and after the effective date of this agreement, and it is estimated that the said period of five years (5) is a reasonable period for the completion of said work;

Now, Therefore, it is Agreed by and between the parties hereto as follows:

1. The City hereby contracts with the Engineer, as an independent contractor and not as an employee of the City and County of San Francisco, to advise the City in traffic and transit problems, and to advise said City as to the matters herein set forth and the proper solution thereof, and from time to time make and submit to the Mayor of the City a report or reports of such conditions as may be found to exist and to recommend a method for improving said conditions in so far as the same pertain to said traffic and transit problems, and in connection therewith to make from time to time a preliminary report or reports of the cost of carrying out such recommendations as may be made. Said reports, surveys and recommendations shall be completed with reason-

able promptness and shall be made and submitted as rapidly as the same are completed, provided that partial or unfinished reports, whenever possible, shall be made at the request of the Mayor. A reasonable number of copies of each such report shall be furnished to the Mayor and one such copy of each such report shall be delivered to the Clerk of the Board of Supervisors. The first such report shall be made not later than the first day of July, 1941; thereafter the Engineer's reports shall be made at intervals of not less than six months. Upon the completion of the work of the Engineer, a full and complete report, containing all his recommendations and estimated costs thereof and the general method of carrying out the same, shall be made to the Mayor.

2. The Engineer agrees to perform all and singular the services herein set forth and to complete the same within five (5) years from the effective date of this agreement, and the City agrees to allow the Engineer the said period of five (5) years within which to complete the said survey and to render a full and complete report and full and complete plans and specifications. That all during the term of this contract the Engineer shall give sufficient of his time to fully and faithfully perform the terms of this contract, and shall not undertake any other work or calling that shall prevent him from so doing. Within thirty (30) days after this contract shall have become effective, the Engineer shall file with the City a surety bond in the amount of Twenty-Five Thousand ($25,000) Dollars, satisfactory to the City for the faithful performance of his duties hereunder.

3. In consideration of the services to be rendered by the Engineer, the City agrees to pay to the Engineer as compensation the sum of Twenty Thousand ($20,000.00) Dollars per annum payable in twelve equal monthly installments of One Thousand Six Hundred Sixty-Six and 67/100 Dollars ($1,666.67). The City also agrees to pay monthly all actual costs and expenses of the Engineer incurred in the performance of his duty hereunder in the manner of, and subject to the conditions of this agreement. No liability for such costs and expenses shall arise until the same shall have been actually incurred by the Engineer in such performance of his duty hereunder.

4. The Engineer shall develop his own organization and may engage the following of his employees to aid in the performance of the work at the expense of the City at the maximum compensation herein set forth:

One principal Assistant Engineer and One Structural Designing Engineer, a total compensation not to exceed $12,000.00 per year, provided neither shall receive compensation in excess of $7,200.00;

Two Draftsmen, at a salary not to exceed $2,400.00 per year each;

One Stenographer, at a salary not to exceed $1,800.00 per year.

The City shall furnish the Engineer, without cost to him, with suitable office space, but if the City shall be unable or shall fail to supply such suitable office space, the Engineer may incur the expense of office rent not to exceed $2,400.00 per year. The City shall furnish the Engineer with stationery, office supplies and furniture. The Engineer may incur the expense of telephone, telegraph and messenger service, not to exceed, however, $2,400.00 per year. In the event the Engineer shall be required to travel outside the City and County of San Francisco in connection with his duties hereunder, the City shall, with the approval of the Mayor, and in accordance with the budgetary procedure of the charter, provide said Engineer with the necessary traveling expenses.

5. The office of the Engineer shall be maintained in the City and County of San Francisco, and all of said employees shall be selected and employed by the Engineer in his sole discretion and shall be deemed

to be the employees of the Engineer as an independent contractor and shall have no claim for any compensation against the City; and the Engineer shall carry proper Workmen's Compensation insurance for the protection of all employees. The City shall reimburse the Engineer for all amounts paid out and expended by him for the hiring of any of his aforesaid employees, as well as for all amounts paid out and expended for office rental or other expenses herein provided for. Said employees shall be compensated only for acutal service rendered to the Engineer for the City, and the Engineer shall render to the Controller full reports as to the amounts expended for said employments, office rental and other expenses, and the actual amount of service rendered to him for the City by each of said employees. All reimbursements to be made to the Engineer for employees hired or expenses incurred, as hereinbefore set forth, shall be paid to him in equal monthly installments as said services are rendered and said expenses incurred, and then only upon the Engineer's presenting proper vouchers showing the payment of the respective amounts expended, and said Engineer shall not be reimbursed for any of said expenditures incurred in one fiscal year from funds of any succeeding fiscal year, but the City will, out of the funds of each fiscal year, cause to be appropriated an amount sufficient to meet the maximum reimbursements herein provided for, at the time said reimbursements are due and not otherwise.

6. The said Engineer shall not be entitled to any other compensation for his services hereunder or other sums for expenses incurred by him except as in this agreement set forth. The cost of borings and traffic checks required in connection with any survey, as well as the actual cost of reproducing maps and plans, together with the cost of performance of any duties not in the ordinary course of employment of those persons hereinbefore detailed to be employed by the Engineer, shall be performed and borne by the City, provided that the necessary appropriation is made as provided by law to meet the expense thereof; and in addition thereto, the Engineer shall be entitled to and shall receive, when the same is requested, the help of the several officers and departments of the City interested in the work which he is performing, and that said several officers and departments will continue to perform their respective usual duties and functions and the Engineer may call upon any such officer or department for the performance of any duty or function which said officer or department would ordinarily perform in so far as the same may apply to the work of the Engineer and is not being performed by the Engineer or his employees, and said officers or departments shall perform said function without charge to said Engineer.

7. The Engineer will keep full and correct records of the amount of time which he or his assistants or employees give to any particular project, report or investigation, and furnish said reports to the Controller whenever called upon to do so, to the end that the cost of the services rendered by the Engineer or his assistants may be charged to the proper department or account and so that the Controller may make the proper entries in his records showing the cost of the said services of said Engineer to the several departments interested in his work. Said records shall at all reasonable times be open to the inspection of the Controller or other interested departments.

8. The Engineer shall, with reasonable frequency, if and when required, attend any meeting or hearing of the Board of Supervisors and of any interested department to explain or comment on any report, plan or recommendation submitted by him.

9. The services to be performed by the Engineer are personal in character, and this contract shall not be assignable by operation of law or otherwise. In the event of the death of the Engineer during the term of this contract, this contract shall immediately cease and terminate and all rights of said Engineer, his heirs, executors and assigns, shall cease and terminate, except in so far as compensation already earned

by said Engineer or expenses already incurred by him as provided in this agreement and which have not been paid.

10. All plans, specifications, services and reports made by said Engineer shall become the property of the City and County of San Francisco as soon as made, and on the expiration of the job or upon the termination of this agreement by the death of said Engineer, the Engineer agrees that all and singular said plans, specifications, reports and surveys will be delivered to the City.

11. The Engineer shall not hire or retain any of the employments herein provided for or incur any other expense in connection with the performance of his duties hereunder until the Controller of the City and County of San Francisco certifies to the amount of money which has been set aside to reimburse the Engineer for costs incurred by him. All claims of the Engineer for reimbursement of costs incurred contrary to the provisions hereof or in excess of said certification or certifications shall be void and any claims or demand against the City and County based thereon shall be invalid.

In Witness Whereof, the City has caused this agreement to be executed by its Mayor and the Clerk of the Board of Supervisors, pursuant to Ordinance No. ..... of said Board of Supervisors, copy of which is hereto attached, and the Engineer has executed the same, the day and year first above written.

Authorizing the Approval and Execution of Agreement Between Charles H. Purcell, and the City and County of San Francisco, Concerning Survey of Traffic and Transit Problems of the City and County of San Francisco.

(Series of 1939)

Bill No. 546, Ordinance No....., as follows:

Authorizing the approval and execution of agreement between Charles H. Purcell, and the City and County of San Francisco, concerning survey of traffic and transit problems of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Agreement, dated....., 1940, between the City and County of San Francisco and Charles H. Purcell, concerning a survey of the traffic and transit problems of the City and County of San Francisco, be and the same is hereby approved.

Section 2. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors be, and they are hereby authorized and empowered to execute said Agreement for and on behalf of the City and County of San Francisco.

THIS AGREEMENT, made and entered into this.....day of....., 1940, by and between the City and County of San Francisco, a municipal

corporation, and hereinafter designated the City, and Charles H. Purcell, of the City and County of San Francisco, hereinafter designated the Engineer.

WITNESSETH:

Whereas, the City is desirous of having a plan or plans prepared looking to the solution of its traffic and transit problems; and

Whereas, the preparation of such proposed plan or plans will involve a study of existing and anticipated future traffic and transit conditions, all of which will require the services of a skilled engineer for an estimated period of five (5) years; and

Whereas, the Engineer is capable of preparing such plan or plans, so that present and reasonably anticipated future pedestrian and vehicular traffic may be regulated and new and improved traffic regulating devices, structures, and methods for the regulation of traffic installed or constructed so that traffic congestion will be avoided; and

Whereas, the Engineer is willing to undertake the preparation of said plan or plans when and if this contract shall become effective, notwithstanding that the undertaking of such work will deprive the Engineer of other important and remunerative work; and

Whereas, the City is desirous that all of said work shall be completed within five (5) years from and after the effective date of this agreement, and it is estimated that the said period of five years (5) is a reasonable period for the completion of said work;

Now, Therefore, it is Agreed by and between the parties hereto as follows:

1. The City hereby contracts with the Engineer, as an independent contractor and not as an employee of the City and County of San Francisco, to advise the City in traffic and transit problems, and to advise said City as to the matters herein set forth and the proper solution thereof, and from time to time make and submit to the Mayor of the City a report or reports of such conditions as may be found to exist and to recommend a method for improving said conditions in so far as the same pertain to said traffic and transit problems, and in connection therewith to make from time to time a preliminary report or reports of the cost of carrying out such recommendations as may be made. Said reports, surveys and recommendations shall be completed with reasonable promptness and shall be made and submitted as rapidly as the same are completed, provided that partial or unfinished reports, whenever possible, shall be made at the request of the Mayor. A reasonable number of copies of each such report shall be furnished to the Mayor and one such copy of each such report shall be delivered to the Clerk of the Board of Supervisors. The first such report shall be made not later than the first day of July, 1941; thereafter the Engineer's reports shall be made at intervals of not less than six months. Upon the completion of the work of the Engineer, a full and complete report, containing all his recommendations and estimated costs thereof and the general method of carrying out the same, shall be made to the Mayor.

2. The Engineer agrees to perform all and singular the services herein set forth and to complete the same within five (5) years from the effective date of this agreement, and the City agrees to allow the Engineer the said period of five (5) years within which to complete the said survey and to render a full and complete report and full and complete plans and specifications. That all during the term of this contract the Engineer shall give sufficient of his time to fully and faithfully perform the terms of this contract, and shall not undertake any other work or calling that shall prevent him from so doing. Within thirty (30) days after this contract shall have become effective, the

Engineer shall file with the City a surety bond in the amount of Twenty-Five Thousand ($25,000) Dollars, satisfactory to the City for the faithful performance of his duties hereunder.

3. In consideration of the services to be rendered by the Engineer, the City agrees to pay to the Engineer as compensation the sum of Twenty Thousand ($20,000.00) Dollars per annum payable in twelve equal monthly installments of One Thousand Six Hundred Sixty-Six and 67/100 Dollars ($1,666.67). The City also agrees to pay monthly all actual costs and expenses of the Engineer incurred in the performance of his duty hereunder in the manner of, and subject to the conditions of this agreement. No liability for such costs and expenses shall arise until the same shall have been actually incurred by the Engineer in such performance of his duty hereunder.

4. The Engineer shall develop his own organization and may engage the following of his employees to aid in the performance of the work at the expense of the City at the maximum compensation herein set forth:

One principal Assistant Engineer and One Structural Designing Engineer, a total compensation not to exceed $12,000.00 per year, provided neither shall receive compensation in excess of $7,200.00;

Two Draftsmen, at a salary not to exceed $2,400.00 per year each;

One Stenographer, at a salary not to exceed $1,800.00 per year.

The City shall furnish the Engineer, without cost to him, with suitable office space, but if the City shall be unable or shall fail to supply such suitable office space, the Engineer may incur the expense of office rent not to exceed $2,400.00 per year. The City shall furnish the Engineer with stationery, office supplies and furniture. The Engineer may incur the expense of telephone, telegraph and messenger service, not to exceed, however, $2,400.00 per year. In the event the Engineer shall be required to travel outside the City and County of San Francisco in connection with his duties hereunder, the City shall, with the approval of the Mayor, and in accordance with the budgetary procedure of the charter, provide said Engineer with the necessary traveling expenses.

5. The office of the Engineer shall be maintained in the City and County of San Francisco, and all of said employees shall be selected and employed by the Engineer in his sole discretion and shall be deemed to be the employees of the Engineer as an independent contractor and shall have no claim for any compensation against the City; and the Engineer shall carry proper Workmen's Compensation insurance for the protection of all employees. The City shall reimburse the Engineer for all amounts paid out and expended by him for the hiring of any of his aforesaid employees, as well as for all amounts paid out and expended for office rental or other expenses herein provided for. Said employees shall be compensated only for acutal service rendered to the Engineer for the City, and the Engineer shall render to the Controller full reports as to the amounts expended for said employments, office rental and other expenses, and the actual amount of service rendered to him for the City by each of said employees. All reimbursements to be made to the Engineer for employees hired or expenses incurred, as hereinbefore set forth, shall be paid to him in equal monthly installments as said services are rendered and said expenses incurred, and then only upon the Engineer's presenting proper vouchers showing the payment of the respective amounts expended, and said Engineer shall not be reimbursed for any of said expenditures incurred in one fiscal year from funds of any succeeding fiscal year, but the City will, out of the funds of each fiscal year, cause to be appropriated an

amount sufficient to meet the maximum reimbursements herein provided for, at the time said reimbursements are due and not otherwise.

6. The said Engineer shall not be entitled to any other compensation for his services hereunder or other sums for expenses incurred by him except as in this agreement set forth. The cost of borings and traffic checks required in connection with any survey, as well as the actual cost of reproducing maps and plans, together with the cost of performance of any duties not in the ordinary course of employment of those persons hereinbefore detailed to be employed by the Engineer, shall be performed and borne by the City, provided that the necessary appropriation is made as provided by law to meet the expense thereof; and in addition thereto, the Engineer shall be entitled to and shall receive, when the same is requested, the help of the several officers and departments of the City interested in the work which he is performing, and that said several officers and departments will continue to perform their respective usual duties and functions and the Engineer may call upon any such officer or department for the performance of any duty or function which said officer or department would ordinarily perform in so far as the same may apply to the work of the Engineer and is not being performed by the Engineer or his employees, and said officers or departments shall perform said function without charge to said Engineer.

7. The Engineer will keep full and correct records of the amount of time which he or his assistants or employees give to any particular project, report or investigation, and furnish said reports to the Controller whenever called upon to do so, to the end that the cost of the services rendered by the Engineer or his assistants may be charged to the proper department or account and so that the Controller may make the proper entries in his records showing the cost of the said services of said Engineer to the several departments interested in his work. Said records shall at all reasonable times be open to the inspection of the Controller or other interested departments.

8. The Engineer shall, with reasonable frequency, if and when required, attend any meeting or hearing of the Board of Supervisors and of any interested department to explain or comment on any report, plan or recommendation submitted by him.

9. The services to be performed by the Engineer are personal in character, and this contract shall not be assignable by operation of law or otherwise. In the event of the death of the Engineer during the term of this contract, this contract shall immediately cease and terminate and all rights of said Engineer, his heirs, executors and assigns, shall cease and terminate, except in so far as compensation already earned by said Engineer or expenses already incurred by him as provided in this agreement and which have not been paid.

10. All plans, specifications, services and reports made by said Engineer shall become the property of the City and County of San Francisco as soon as made, and on the expiration of the job or upon the termination of this agreement by the death of said Engineer, the Engineer agrees that all and singular said plans, specifications, reports and surveys will be delivered to the City.

11. The Engineer shall not hire or retain any of the employments herein provided for or incur any other expense in connection with the performance of his duties hereunder until the Controller of the City and County of San Francisco certifies to the amount of money which has been set aside to reimburse the Engineer for costs incurred by him. All claims of the Engineer for reimbursement of costs incurred contrary to the provisions hereof or in excess of said certification or certifications shall be void and any claims or demand against the City and County based thereon shall be invalid.

In Witness Whereof, the City has caused this agreement to be ex-

ecuted by its Mayor and the Clerk of the Board of Supervisors, pursuant to Ordinance No. ..... of said Board of Supervisors, copy of which is hereto attached, and the Engineer has executed the same, the day and year first above written.

February 19, 1940—*On motion by Supervisor Uhl, consideration continued until Monday, February* 26, 1940, *at* 3:30 *P. M.*

Supervisor Mead, seconded by Supervisor Ratto, moved consideration of the foregoing matter be postponed until March 4, 1940, at 3:30 P. M.

Discussion

Supervisor Uhl objected to postponement. He read an editorial from the San Francisco News of February 20, 1940, entitled "Know Anything Slower," criticizing the Board for failure to act on the Purcell matter. For that reason, Supervisor Uhl stated he was opposed to postponement. He was ready to act without further delay, and would vote against the proposed contract.

Supervisor McSheehy announced he would be opposed to any further postponements.

Thereupon, the roll was called and the foregoing matter was postponed until March 4, 1940, at 3:30 P. M., by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon—8.

No: Supervisor Uhl—1.

Absent: Supervisors Brown, Colman—2.

An Ordinance Amending Section 45, Article 1, Part III, of the San Francisco Municipal Code, Establishing Procedure for Refund of Money Erroneously Collected, and Repealing Sections 46 and 47 of Article 1, Part III, of the San Francisco Municipal Code.

(Series of 1939)

Bill No. 542, Ordinance No. 524, as follows:

An ordinance amending Section 45, Article 1, Part III, of the San Francisco Municipal Code, establishing procedure for refund of money erroneously collected, and repealing Sections 46 and 47 of Article 1, Part III, of the San Francisco Municipal Code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 45, Article 1, Part III, of the San Francisco Municipal Code is hereby amended to read as follows:

"Section 45 (a) Refund of Money. Any fees, or amounts imposed by licenses, or penalties, or costs or deposits hereafter paid to any department, board or commission of the City and County of San Francisco may be refunded as hereinafter set forth, provided that such payment was made by reason of:

1. Duplicate payment.
2. Payment made in excess of the actual amount due by reason of a clerical error of said department, board or commission.
3. Payment erroneously collected by reason of a clerical error of said department, board or commission.

(b) *Time for Presentation of Claims.* Claims for refund under this section shall be presented and filed with the head of the department, board or commission originally receiving such money within one (1) year after the last item of the account or claim accrued.

(c) *Itemization of Claims—Verification.* Claims for refund shall be itemized, giving names, addresses, dates and particulars relative to the payment or deposit of the money therefor and all other details necessary to a full consideration of the merit and legality of such claim, and shall state that the amount claimed is justly due and that it is presented and filed within the time prescribed with the head of the department, board or commission originally receiving said money. Such claim shall be sworn to before an officer authorized to administer oaths, and shall be made by the person who paid said money, or his authorized agent, or by his guardian, or in case of his death, by his executor or administrator.

(d) *Approval by Department.* Such verified claim shall be examined by the head of the department, board or commission originally collecting said fees, or amounts imposed for licenses, or penalties, or costs or deposits. When such verified claim shall be found to be correct in all details said head of the department, board or commission

shall execute such forms as prescribed by the Controller, attach thereto the verified claim for refund, and transmit same to the Controller.

(e) *Claims Returned for Correction.* When any such claim for refund which has been presented and filed is ascertained to be incomplete or incorrect in one or more details, said head of the department, board or commission must withhold his approval of same and shall cause written notice to be given the claimant of that fact, and shall allow the claimant thirty (30) days from the date of said notice to have the claim completed or corrected and reverified. Should said claimant not do so within the time prescribed, the claim shall be disapproved. Subsequent to such disapproval, the head of the department, board or commission shall notify the claimant in writing of said fact and reason therefor.

(f) *Audit by Controller.* The Controller shall audit such approved claim for refund. If he ascertains the same to be correct and proper in all particulars, he shall draw and approve a warrant therefor payable to the person who paid said money, or his guardian, or in case of his death, to his executor or administrator.

(g) *Disapproval by Controller—Claimant to be Notified.* When, in the Controller's opinion, such claim is not legal, or if all proceedings required incidental to such payment have not been followed, the Controller shall withhold his approval and shall return the claim to the department, board or commission concerned with a statement of his action thereon and reason therefor, and the head of said department, board or commission upon receipt of same must notify the claimant in writing of the fact of the Controller's action and reason therefor.

(h) *Exceptions.* The provisions of this section shall not apply to claims for refund of money paid or deposited by reason of property taxes, real estate taxes, improvement taxes, personal property taxes, special taxes or special assessment district levies."

Section 2. Sections 46 and 47 of Article 1, Part III, of the San Francisco Municipal Code are hereby repealed.

Approved as to form by the City Attorney.

in conjunction with the street railways already operated over and along certain of said streets, avenues, and boulevards, and as a supplementary and substitute service for the street car service now in effect over and upon certain of said streets.

The operation of said automobile buses and the rights hereby granted shall be deemed to be an extension of the street railways operated under and by virtue of the franchises heretofore granted permitting said street railway operation over certain of the streets herein described and set forth, and shall be subject to the terms and conditions of said operating permit, dated February 9, 1931.

The headway under which said automobile buses are to be operated over the streets herein described shall not be more than fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. o'clock daily when street cars are not operated over said streets. When said buses are operated in conjunction or in combination with street cars over the same route, the interval between buses, or street cars, or a bus and a street car shall not exceed fifteen (15) minutes between the hours of 7:00 A. M. and 9:00 P. M. daily.

Section 2. The permission or any of the privileges hereby granted shall not in any proceedings instituted by the City and County of San Francisco to acquire the street railway system of Market Street Railway Company be deemed an asset or thing of value in arriving at the valuation of the properties of said Company.

Section 3. Market Street Railway Company is hereby authorized to operate buses over and along any of the streets hereinbefore described in substitution for existing street car service during such days or periods of a day as traffic may not require the operation of street cars in order to accommodate the number of persons offering themselves for transportation along said streets, and may also operate said buses over and along any of said streets where grantee now maintains street car tracks, in combination with or in conjunction with, street cars, or as supplementary to the street railway service now being performed. The operation of buses over the streets herein described in the manner herein set forth shall be without prejudice to any of the other rights now owned and held by Market Street Railway Company under its said operating permit dated February 9, 1931.

Section 4. Should Market Street Railway Company at any time cease to operate street cars over and along the streets named herein, the Company shall, within three years from time of abandonment, remove the rails, ties and overhead trolley wires from said streets, and repave that portion of the streets occupied by said rails and ties. Said permit to operate buses as herein set forth shall not be assigned, transferred or sold without the consent of the Board of Supervisors.

Section 5. The right and privilege granted by this ordinance to operate buses over each street, avenue, and boulevard hereinbefore

named is granted to said grantee upon the terms and conditions set forth in the particular franchise by which grantee or its predecessor in interest was granted the right to operate street railway cars over such street, avenue, or boulevard, and continued in said operating permit dated February 9, 1931, and subject to such rules and regulations as the Board of Supervisors may hereafter adopt.

Section 6. The grantee shall pay to the City and County of San Francisco all franchise taxes to become due from revenue of every kind and nature derived from the operation of said buses to the same extent as if said revenue were derived from street railway cars operated over the respective streets hereinbefore referred to; said revenue is to be reported and paid in accordance with the provisions of Ordinance No. 15.0919, and all of the said provisions of said ordinance shall apply to the revenue of said buses.

Section 7. If at any time the Board of Supervisors shall determine that the interval between buses operated on any of the streets mentioned is too long for the proper service of the public, it may amend this ordinance so as to provide a proper service.

Section 8. All buses operated pursuant to the provisions of this ordinance shall be operated in accordance with the laws of the State of California and the ordinances of the City and County of San Francisco, and shall be provided with such safety devices for the benefit of the public as may be provided by the laws of the State of California or the ordinances of the City and County of San Francisco.

Section 9. Transfers shall be issued to and from the several bus lines of the grantee in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street railway cars of grantee operating over and along the respective streets hereinbefore set forth.

Section 10. Said buses shall not receive or discharge passengers at places other than street intersections, excepting at terminals, unless the Police Department shall designate other places for the receipt and discharge of said passengers.

Section 11. The grantee shall permit and allow all policemen and firemen of the City and County of San Francisco and all mail carriers in the employ of the United States Government, while in the discharge of their official duties, to ride on said buses without the payment of any fare or charge.

Section 12. The permission to operate said automobile buses, as in this ordinance set forth, will more adequately serve the transportation needs of the public and will be in aid of the public service and convenience.

Section 13. The grantee shall, before this ordinance shall become effective, file with the Clerk of the Board of Supervisors an acceptance of all the terms and conditions thereof.

Section 14. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances, and, if so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 15. All and singular the conditions contained in this ordinance shall be conditions precedent to the right of the grantee to exercise the privileges herein granted, and upon the failure of the grantee to observe said conditions, the City may revoke the privilege herein granted.

NEW BUSINESS

Adopted

The following recommendations of the Finance Committee were taken up:

Providing for Sale of $1,000,000 Tax Anticipation Notes

(Series of 1939)

Resolution No. 835, as follows:

Whereas, Ordinance No. 269, heretofore enacted by the Board of Supervisors of the City and County of San Francisco, authorized the issuance of certain Tax Anticipation Notes, the same to be issued as needed for the immediate requirements of the City and County in order to meet and pay the appropriations heretofore made for the current fiscal year, as authorized by the Charter of the City and County, which appropriations will become due and payable prior to June 30, 1940, and which may be paid in advance of receipt of the income for said fiscal year; and

Whereas, in order to meet the said immediate requirements of the said City and County it is necessary to forthwith issue and offer for sale Tax Anticipation Notes as authorized by said ordinance above mentioned to the amount of one million ($1,000,000) dollars; now, therefore be it

Resolved, that the President of the Board of Supervisors of the City and County of San Francisco, the Controller of said City and County, and the Treasurer thereof, be and they are hereby authorized and directed to execute and issue for and on behalf of the City and County of San Francisco, the aforesaid Tax Anticipation Notes, to the amount of one million ($1,000,000) dollars, and that said notes be offered for sale by this Board of Supervisors; and be it

Further Resolved, that the Clerk of this Board be and is hereby directed to advertise in the official newspaper of the City and County of San Francisco a notice of the sale of said Tax Anticipation Notes to the amount of one million ($1,000,000) dollars, and that sealed bids or offers for all or any part of said notes will be received by the Board of Supervisors up to the hour of 3 o'clock P. M. on Monday, the 11th day of March, 1940, and that said Tax Anticipation Notes will be sold to the bidder offering to accept and pay for said note or notes so sold at the lowest net interest cost to the City and County of San Francisco computed from the date fixed for the presentation of bids to May 10, 1940.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Pledging Financial Support for Low Cost Housing Project in San Francisco's Chinatown During Next Fiscal Year

(Series of 1939)

Supervisor Roncovieri prosented Resolution No. ....., as follows:

Whereas, San Francisco's famous Chinatown has long been one of our City's major tourist attractions, representing, as it does, the

largest Chinese colony in the Americas, and its approximately 18,000 residents take great pride in maintaining their well-established reputation as law-abiding, industrious and useful members of our community; and

Whereas, The problem of housing the residents of our Chinese quarter has for scores of years been a vexatious one both to occupants and City authorities, magnified by the restriction of expansion on three sides of the district by the retail business section, the commission market area and the North Beach Italian colony, and on the fourth side by the reluctance of the Occidental residents to permit further encroachment upon their property; and

Whereas, Various civic and social activities have been undertaken to advance the cause of better living among the Chinese in San Francisco, but, owing to difficulties encountered due to geographical, racial and other reasons, the housing standards of Chinatown remain at an deplorably low level whereat six or more Chinese still occupy apartments which would be deemed small for the tenancy of a single American; and

Whereas, In order to preserve the integrity of our Chinatown, correct its dangerously insanitary and unhealthful conditions brought about by overcrowding, insufficient sanitary facilities, and necessarily slow progress of rehabilitation of condemned property, it is incumbent upon our City to proceed immediately with plans for alleviation of Chinatown's distressing housing problem; and

Whereas, The Housing Authority of the City and County of San Francisco has under consideration the establishment of a Low Cost Housing Project for Chinatown, the executing of which proposed project has been hampered by the fact that the United States Housing Authority has set a maximum appropriation, for the purchase of housing site land, at $1.50 per square foot; and

Whereas, The cost of land in Chinatown is such that a contribution from the City will be required to take care of the amount needed, beyond the maximum which will be furnished by the Housing Authority; and

Whereas, The United States Housing Authority has made an exception in the case of Chinatown, and has agreed to take care of two-thirds of the excess cost providing the remaining one-third is contributed by the City or by private contribution; and

Whereas, It is estimated that San Francisco's one-third contribution to the excess cost of a housing project in Chinatown will amount to approximately $75,000; now, therefore, be it

Resolved, That conditioned upon subsequent receipt of an opinion from the City Attorney to the effect that such action would be legal and proper, this Board of Supervisors does hereby pledge itself to vote for and make available in the Appropriation Ordinance for the fiscal year 1940-1941, $75,000, that sum estimated necessary to augment Federal funds for the purpose of financing a low cost housing project in San Francisco's Chinatown.

Referred to Finance Committee.

Advisory Committee—Commerce and Industry

(Series of 1939)

Supervisor McGowan preesnted Resolution No. ....., as follows:

Whereas, This Board of Supervisors has been petitioned by the Central Council of Civic Clubs to submit a charter amendment to the electorate to provide for the establishment of a branch of municipal

government to be known as the Department of Commerce and Industry, the functions of which shall tend to the establishment and stimulation of business and industry in San Francisco, and

Whereas, It is the opinion of this Board of Supervisors that no good purpose will be served by the establishment of such a department, but that, on the contrary, such action would result in an increased burden to the taxpayers—and through duplication of efforts, confuse, weaken and deter the work of the Chamber of Commerce, which is qualified to specialize in such matters and which is now doing as good a job as can be expected under present day circumstances, and

Whereas, Some beneficial effect might be obtained through the establishment in the City government of an Advisory Committee on Commerce and Industry, the duties of which would be to cooperate with the Chamber of Commerce in its efforts to promote and establish new industry for San Francisco; now, therefore, be it

Resolved, That the President of this Board be and is hereby authorized to appoint an Advisory Committee on Commerce and Industry, such committee to consist of the Mayor, the Chief Administrative Officer, the City Attorney, the President of this Board, the Chairman of the Committee on Industrial Development, and such other officers as he may deem proper, the functions of said Committee to be as outlined in this resolution.

Referred to Judiciary Committee.

Restricting Operation of Interurban Buses in San Francisco

Supervisor Ratto presented a Bill, prohibiting the operation of buses, except over routes already established, over streets within the area bounded by the southerly line of Bay Street, the easterly line of Van Ness Avenue, the easterly line of Eleventh Street, the northerly line of Harrison Street and the westerly line of the Embarcadero.

Referred to Streets Committee.

In Memoriam—William A. Sherman

(Series of 1939)

Supervisor Uhl presented Resolution No. 842, as follows:

Whereas, The death of William A. Sherman, civic leader and former official of this City, is a distinct loss to San Francisco and to his host of friends and followers, and

Whereas, Mr. Sherman, a native San Franciscan and one of our City's foremost businessmen, devoted a great deal of his time to the service of his fellow citizens as former president of the Board of State Harbor Commissioners and former president of the San Francisco Board of Fire Commissioners, and

Whereas, Mr. Sherman will be deeply mourned by the many people in San Francisco and throughout the State who respected and loved him; now, therefore, be it

Resolved, That this Board of Supervisors notes with profound regret the passing of William A. Sherman, and takes this occasion to extend to his bereaved widow and family its heartfelt condolences; and be it

Further resolved, That when the Board adjourns this day, it does so out of respect to the fond memory of the late William A. Sherman.

Unanimously adopted by rising vote.

Communications

The following communications were presented and read by the Clerk:

From Golden Gate International Exposition, addressed to the President, soliciting the cooperation of the Board of Supervisors in planning a special day at the exposition.

Referred to Industrial Development Committee.

From United States Department of the Interior, Bureau of Reclamation, acknowledging receipt of copy of resolution urging appropriations for Central Valley reclamation project.

Communication ordered filed.

From Chief Administrative Officer, informing the Board that granting of building permits to Mr. S. F. Johnson, for construction of three buildings at Jefferson and Lyon Streets, cannot be denied.

Communication ordered filed.

Reduction of SRA Relief Budgets

From Workers Alliance of San Francisco, protesting the proposed curtailment of SRA relief, and "demanding" that the City and County absorb the deficiency of 40% resulting from the reduction of SRA relief budgets.

Privilege of the Floor

Mr. Mack Posey, President of Workers Alliance of San Francisco, on being granted the privilege of the floor at the suggestion of the Chair, supplemented the written protest presented and urged that the city appropriate sufficient money to take care of the 40% deficiency in SRA relief budget. He demanded, also that an emergency be declared, and a special meeting of the Board be called to take up the entire question with delegates from his organization.

Supervisor Uhl, following the statement by Mr. Posey, suggested that such meeting be called for Wednesday, February 28, 1940, but that in the meanwhile, the Board ascertain from the Controller, what funds are available that can be used for this requested additional relief.

Supervisor McGowan disagreed with the suggestion by Supervisor Uhl. He believed the matter could be discussed without any delay, and that any information needed could be obtained. He objected, also, to the presentation by Mr. Posey and to the "demands" made.

Thereupon, Supervisor Uhl moved that the Board invite the Mayor to attend a meeting, with the Board, at 8 P. M., in order to discuss the entire matter.

Supervisor McSheehy suggested that Supervisor Uhl bring in a resolution, outlining the facts, and presenting some concrete proposal for consideration of the Board.

Supervisor Uhl, in reply thereto, stated that lacking any assurance, or commitment that some member of the Board would not object to consideration of such resolution, and so would not force its reference to committee, he would renew his motion that, due to an emergency, the Board invite the Mayor to attend a meeting at 8 P. M., to discuss the situation that confronts those people on SRA.

Motion failed for lack of a second.

Consolidation of Administration of Relief for Employables and Unemployables

Supervisor McSheehy, under his name on Roll Call, inquired about

resolution memorializing the legislature to pass, and the Governor to support, legislation for consolidating administration of relief for employables and unemployables, and placing both under supervision of local county governments. The Judiciary Committee, Supervisor McSheehy continued, had recommended this resolution to the Board for adoption.

The Chair, in reply to Supervisor McSheehy, explained that having received word that the legislature was about to adjourn, he had suggested to the Clerk that the matter be not printed on the Calendar, but it could be, if necessary or advisable, be taken up "off calendar."

Thereupon, at the suggestion of Supervisor McSheehy, Chairman of the Judiciary Committee, the Clerk was instructed to hold the matter until such time as he may be notified again to present it to the Board.

Progress Report on Rabies

Supervisor Schmidt reported on the increasing prevalence of rabies in San Francisco, and urged the cooperation of all citizens with the city and state authorities in order that the disease may be not only checked, but eradicated.

Proposed Rezoning of Property in Sunset and in Parkside Districts

Supervisor Uhl presented Bills providing for the rezoning of property on both sides of Irving Street, Judah Street, Taraval Street and Vicente Street, between 35th and 38th Avenues, from Commercial to Second Residential Districts.

Bills referred to Public Buildings, Lands and City Planning Committee.

ADJOURNMENT

There being no further business, the Board, at the hour of 3:40 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors March 4, 1940.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

SPECIAL ORDER 3 P. M.

Recommendation of the Fire, Safety and Police Committee

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, Reclassifying the Seating Capacity of Moving Picture Theatres for Construction or Alteration.

(Series of 1939)

Bill No. 404, Ordinance No....., as follows:

Amending Section 610 and Section 611, of Article 17, Chapter I, Part II, of The San Francisco Municipal Code, reclassifying the seating capacity of moving picture theatres for construction or alteration.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 610 and Section 611, of Article 17, Chapter 1, Part 2, of the San Francisco Municipal Code, are hereby amended to read as follows:

Section 610. Theatre Construction Required. All places of amusement hereafter to be constructed, erected or altered wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of three hundred (300) or more persons, shall be built and constructed to conform to all laws, conditions and requirements now existing or hereafter to come in force and effect relating to theatres and places where theatrical or operatic performances are given. Provided, however, this section shall not apply to the reconstruction, alteration or remodeling of any place of amusement where motion pictures are exhibited and in operation at the time of the passage of this section as amended, and the seating capacity shall not be increased to more than three hundred ninety-nine (399). Where the seating capacity is increased to three hundred (300) or more seats, three (3) emergency exits, exclusive of the exits in the front, shall be required, the same to be located as designated by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

Section 611. *Construction.* All such places of amusement hereafter to be constructed, erected or altered, wherein moving pictures are exhibited for public entertainment, and where an admission fee is charged, having a seating capacity of less than three hundred (300) persons shall be built and constructed in accordance with the following laws, conditions and requirements, to-wit:

(a) All such places of amusement must be and shall only be contained in "Class A," "Class B," or "Class C" buildings.

(b) All such places of amusement not contained in "Class A" or "Class B" buildings must have their interior entirely and throughout lined with sheet metal, or metal lathed and plastered. Brick, tile or concrete walls need not be lathed or plastered.

(c) All such places of amusement shall have at least one (1) frontage on a street, and in each such frontage there shall be at least two (2) exits, each of which is to be at least five (5) feet wide.

In addition to such exits on the street there shall be reserved for service in case of emergency, where the seating capacity is one hundred fifty (150) or less, one (1) exit in the rear; where the seating capacity is greater than one hundred fifty (150) and less than three hundred (300), there shall be one (1) exit in the rear and an additional exit in the rear half of the auditorium. Each exit shall be not less than five (5) feet in width. All exits must open into public streets, public or private alleys or into passageways at least five (5) feet wide, communicating directly with the streets. Said passageways

must have their interiors lined throughout with sheet metal or be metal lathed and plastered. Exits which lead into five (5) foot interior passageways must have no doors, but may be hung with curtains or portieres. All doors and exits must open outward and be unfastened at all times during which people are assembled.

At each exit there shall be installed an approved type of exit sign light. Each exit light shall be located not more than twenty-four (24) inches above the top of the exit opening, said distance to be measured to the bottom of the exit light sign.

The construction, installation and operation of exit sign shall conform to the specific requirements of Sections 214, 215 and 216, Part 2, Chapter 3, of the San Francisco Municipal Code.

All courts and passageways shall remain lighted during the performance, except that exterior passageways are not required to have artificial illumination during the period of the day when subjected to natural daylight lighting.

(d) There shall be aisles of the width hereinafter specified, extending the entire length of the auditorium to each and every exit opening into said streets or alleys, or passageways; there shall be space of at least ten (10) feet between the front tier of seats and the screen or stage; cross aisles leading to side exits shall extend from the center aisle to said exits. Where exits are at rear, aisles leading to the same shall be of the maximum widths prescribed, throughout their entire length.

(e) All aisles in the auditorium having seats on both sides of the same shall not be less than three and one half (3½) feet in width when the aisles are sixty (60) feet or less in length and not less than four (4) feet in width when the aisles are more than sixty (60) feet in length. Aisles having seats on one (1) side only shall not be less than two and one-half (2½) feet in width when the aisles are sixty (60) feet or less in length, and not less than three (3) feet in width when the aisles are more than sixty (60) feet in length.

(f) All seats in the auditorium shall be not less than thirty-two (32) inches from back to back, measured in a horizontal direction and firmly secured to the floor. No seat in the auditorium shall have more than six (6) seats intervening between it and an aisle. No seat or stool shall be placed in any aisle.

(g) All such places of amusement having a seating capacity of less than three hundred (300) persons shall be equipped with at least one (1) 1½ inch galvanized standpipe in the middle of one (1) side wall of the auditorium. Said standpipe shall have a one and one-half (1½) inch direct connection to the street main. Attached to said standpipe there shall be fifty (50) feet of approved one and one-half (1½) inch hose, and at the end of such hose there shall be a five-eighths (⅝) inch play pipe.

(h) The projection room or operators booth shall be constructed as required by the Bureau of Building Inspection of the Department of Public Works and the Division of Fire Prevention and Investigation.

There shall be at least two (2) means of egress from the projection room or operators booth, located as may be designated by the above mentioned departments.

(i) Openings for the picture and operator's view shall not be larger than one hundred fifty (150) square inches, and opening for the spot light shall have a vertical opening not greater than twenty-seven (27) inches and a horizontal opening not greater than seventy-two (72) inches. The picture, the operator's view and spot light openings must have gravity doors made of No. 14 B. and I. gauge sheet iron, arranged to drop freely in heavy metal grooves on the inside of the booth. Doors shall be held in position (open) by fusible links placed

in series with a single strand of cord so arranged that cord will be suspended directly above the film when in place in the machine, so that in case of ignition of film the link will fuse or cord will burn and allow the gravity doors to drop and close openings and operator's view.

There must be in the operator's booth, for the ventilating of the projection room proper, a metal ventilating pipe not smaller than eight (8) inches in diameter, which must extend through an exterior wall or roof of the building.

There shall be a vent from each projection machine lamp house and from one or more points in the ceiling, and each vent pipe shall terminate in an approved ventilating duct in the ceiling and shall be maintained by an exhaust fan having a capacity of not less than two hundred (200) cubic feet a minute for each eighty (80) square feet of floor area of the projection room.

Immediately outside the projection room or operator's booth there shall be two (2) buckets, each containing at all times not less than (3) gallons of water together with two approved fire extinguishers; said buckets and fire extinguishers shall be ready for service at all times.

(j) No wooden fixtures, benches, or appliances, unless the same be metal clad and no other inflammable materials not required for the operating of moving picture machines shall be allowed in the projection room or operator's booth.

(k) All electrical wiring and equipment shall conform to the provisions of Ordinances 11.113, 11.114 and 11.115, Articles 1, 3 and 5, Part 2, Chapter 3, of the San Francisco Municipal Code.

February 19, 1940—*Consideration postponed until March* 4, 1940, *at* 3:00 *P. M. on motion by Supervisor Uhl, pursuant to written request by Supervisor Colman.*

Discussion

Supervisor Colman, after expressing his thanks to the Board for having granted his request for postponement of final action on the foregoing Bill, stated briefly the result of his investigations as to the necessity, or advisibility of the proposed legislation. He contended that theatres of Class "C" construction with seating capacity of 399 persons did not present any greater fire hazard than did theatres of the same construction, but seating only 299 persons, provided, of course, there were adequate exit facilities to take care of the greater number of persons. Theatres of Class "C" construction, seating 900 persons were permitted in Los Angeles, and similar theatres seating 1,000 persons were permitted in Oakland. No change in their theatre ordinances were contemplated in either city.

Mr. Frank Kelly, Chief of the Division of Fire Prevention, repeated his statement, previously made, that provided a theatre was of Class "C" construction, with a proper number of exits, and no galleries, theatres seating 399 people did not present a greater fire hazard than did those seating 299 persons. However, he would, of course, prefer, and would recommend theatres of Class "A" construction, regardless of their seating capacity.

Supervisor Brown supported Supervisor Colman and offered amendments to permit seating capacity of 399 in Class "C" constructed theatres, by substituting, wherever the words and/or figures, "three (300) hundred," the words and figures "three hundred ninety-nine" (399). Motion seconded by Supervisor Colman.

Supervisors McSheehy, Schmidt and Uhl, all opposed the proposed amendments.

Mr. Allen Spivock, representing the Central Council of Civic Clubs,

on being granted the privilege of the floor, opposed the ordinance, as presented, holding it to be discriminatory.

Supervisor Brown, in closing, before the roll was called on his proposed amendments, asserted that the proposed ordinance constituted over-regulation, the sole result of which would be the prevention of a few small theatres in residential areas where there is need for them.

Motion Failed

Thereupon, the roll was called and the motion by Supervisor Brown, failed by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Final Passage

The roll was again called, and the foregoing ordinance was finally passed by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

SPECIAL ORDER 3:30 P. M.

Referred to Board by Joint Committee on Finance, Streets and Public Utilities, without recommendation.

Authorizing the Approval and Execution of Agreement Between Charles H. Purcell, and the City and County of San Francisco, Concerning Survey of Traffic and Transit Problems of the City and County of San Francisco.

(Series of 1939)

Bill No. 546, Ordinance No....., as follows:

Authorizing the approval and execution of agreement between Charles H. Purcell, and the City and County of San Francisco, concerning survey of traffic and transit problems of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Agreement, dated....., 1940, between the City and County of San Francisco and Charles H. Purcell, concerning a survey of the traffic and transit problems of the City and County of San Francisco, be and the same is hereby approved.

Section 2. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors be, and they are hereby authorized and empowered to execute said Agreement for and on behalf of the City and County of San Francisco.

THIS AGREEMENT, made and entered into this.....day of....., 1940, by and between the City and County of San Francisco, a municipal corporation, and hereinafter designated the City, and Charles H. Purcell, of the City and County of San Francisco, hereinafter designated the Engineer.

WITNESSETH:

Whereas, the City is desirous of having a plan or plans prepared looking to the solution of its traffic and transit problems; and

Whereas, the preparation of such proposed plan or plans will involve a study of existing and anticipated future traffic and transit conditions all of which will require the services of a skilled engineer for an estimated period of five (5) years; and

Whereas, the Engineer is capable of preparing such plan or plans, so that present and reasonably anticipated future pedestrian and vehicular traffic may be regulated and new and improved traffic regulating devices, structures, and methods for the regulation of traffic installed or constructed so that traffic congestion will be avoided; and

Whereas, the Engineer is willing to undertake the preparation of said plan or plans when and if this contract shall become effective, notwithstanding that the undertaking of such work will deprive the Engineer of other important and remunerative work; and

Whereas, the City is desirous that all of said work shall be completed within five (5) years from and after the effective date of this agreement, and it is estimated that the said period of five years (5) is a reasonable period for the completion of said work;

Now, Therefore, it is Agreed by and between the parties hereto as follows:

1. The City hereby contracts with the Engineer, as an independent contractor and not as an employee of the City and County of San Francisco, to advise the City in traffic and transit problems, and to advise said City as to the matters herein set forth and the proper solution thereof, and from time to time make and submit to the Mayor of the City a report or reports of such conditions as may be found to exist and to recommend a method for improving said conditions in so far as the same pertain to said traffic and transit problems, and in connection therewith to make from time to time a preliminary report or reports of the cost of carrying out such recommendations as may be made. Said reports, surveys and recommendations shall be completed with reasonable promptness and shall be made and submitted as rapidly as the same are completed, provided that partial or unfinished reports, whenever possible, shall be made at the request of the Mayor. A reasonable number of copies of each such report shall be furnished to the Mayor and one such copy of each such report shall be delivered to the Clerk of the Board of Supervisors. The first such report shall be made not later than the first day of July, 1941; thereafter the Engineer's reports shall be made at intervals of not less than six months. Upon the completion of the work of the Engineer, a full and complete report, containing all his recommendations and estimated costs thereof and the general method of carrying out the same, shall be made to the Mayor.

2. The Engineer agrees to perform all and singular the services herein set forth and to complete the same within five (5) years from the effective date of this agreement, and the City agrees to allow the Engineer the said period of five (5) years within which to complete the said survey and to render a full and complete report and full and complete plans and specifications. That all during the term of this contract the Engineer shall give sufficient of his time to fully and faithfully perform the terms of this contract, and shall not undertake any other work or calling that shall prevent him from so doing. Within thirty (30) days after this contract shall have become effective, the Engineer shall file with the City a surety bond in the amount of Twenty-five Thousand ($25,000) Dollars, satisfactory to the City for the faithful performance of his duties hereunder.

3. In consideration of the services to be rendered by the Engineer the City agrees to pay to the Engineer as compensation the sum of Twenty Thousand ($20,000) Dollars per annum payable in twelve equal monthly installments of One Thousand Six Hundred Sixty-Six and 67/100 Dollars ($1,666.67). The City also agrees to pay monthly all actual costs and expenses of the Engineer incurred in the performance of his duty hereunder in the manner of, and subject to the conditions of this agreement. No liability for such costs and expenses shall arise until the same shall have been actually incurred by the Engineer in such performance of his duty hereunder.

4. The Engineer shall develop his own organization and may engage the following of his employees to aid in the performance of the work at the expense of the City at the maximum compensation herein set forth:

One principal Assistant Engineer and One Structural Designing Engineer, a total compensation not to exceed $12,000.00 per year, provided neither shall receive compensation in excess of $7,200.00;

Two Draftsmen, at a salary not to exceed $2,400.00 per year each;

One Stenographer, at a salary not to exceed $1,800.00 per year.

The City shall furnish the Engineer, without cost to him, with suitable office space, but if the City shall be unable or shall fail to supply such suitable office space, the Engineer may incur the expense of office rent not to exceed $2,400.00 per year. The City shall furnish the Engineer with stationery, office supplies and furniture. The Engineer may incur the expense of telephone, telegraph and messenger service, not to exceed, however, $2,400.00 per year. In the event the Engineer shall be required to travel outside the City and County of San Francisco in connection with his duties hereunder, the City shall, with the approval of the Mayor and in accordance with the budgetary procedure of the charter, provide said Engineer with the necessary traveling expenses.

5. The office of the Engineer shall be maintained in the City and County of San Francisco, and all of said employees shall be selected and employed by the Engineer in his sole discretion and shall be deemed to be the employees of the Engineer as an independent contractor and shall have no claim for any compensation against the City; and the Engineer shall carry proper Workmen's Compensation insurance for the protection of all employees. The City shall reimburse the Engineer for all amounts paid out and expended by him for the hiring of any of his aforesaid employees, as well as for all amounts paid out and expended for office rental or other expenses herein provided for. Said employees shall be compensated only for actual service rendered to the Engineer for the City, and the Engineer shall render to the Controller full reports as to the amounts expended for said employments, office rental and other expenses, and the actual amount of service rendered to him for the City by each of said employees. All reimbursements to be made to the Engineer for employees hired or expenses incurred, as hereinbefore set forth, shall be paid to him in equal monthly installments as said services are rendered and said expenses incurred, and then only upon the Engineer's presenting proper vouchers showing the payment of the respective amounts expended, and said Engineer shall not be reimbursed for any of said expenditures incurred in one fiscal year from funds of any succeeding fiscal year, but the City will, out of the funds of each fiscal year, cause to be appropriated an amount sufficient to meet the maximum reimbursements herein provided for, at the time said reimbursements are due and not otherwise.

6. The said Engineer shall not be entitled to any other compensation for his services hereunder or other sums for expenses incurred by him except as in this agreement set forth. The cost of borings and traffic checks required in connection with any survey, as well as the actual cost of reproducing maps and plans, together with the cost of performance of any duties not in the ordinary course of employment of those persons hereinbefore detailed to be employed by the Engineer, shall be performed and borne by the City, provided that the necessary appropriation is made as provided by law to meet the expense thereof; and in addition thereto, the Engineer shall be entitled to and shall receive, when the same is requested, the help of the several officers and departments of the City interested in the work which he is performing, and that said several officers and departments will continue to perform

their respective usual duties and functions and the Engineer may call upon any such officer or department for the performance of any duty or function which said officer or department would ordinarily perform in so far as the same may apply to the work of the Engineer and is not being performed by the Engineer or his employees, and said officers or departments shall perform said function without charge to said Engineer.

7. The Engineer will keep full and correct records of the amount of time which he or his assistants or employees give to any particular project, report or investigation, and furnish said reports to the Controller, whenever called upon to do so, to the end that the cost of the services rendered by the Engineer or his assistants may be charged to the proper department or account and so that the Controller may make the proper entries in his records showing the cost of the said services of said Engineer to the several departments interested in his work. Said records shall at all reasonable times be open to the inspection of the Controller or other interested departments.

8. The Engineer shall, with reasonable frequency, if and when required, attend any meeting or hearing of the Board of Supervisors and of any interested department to explain or comment on any report, plan or recommendation submitted by him.

9. The services to be performed by the Engineer are personal in character, and this contract shall not be assignable by operation of law or otherwise. In the event of the death of the Engineer during the term of this contract, this contract shall immediately cease and terminate and all rights of said Engineer, his heirs, executors and assigns, shall cease and terminate, except in so far as compensation already earned by said Engineer or expenses already incurred by him as provided in this agreement and which have not been paid.

10. All plans, specifications, services and reports made by said Engineer shall become the property of the City and County of San Francisco as soon as made, and on the expiration of the job or upon the termination of this agreement by the death of said Engineer, the Engineer agrees that all and singular said plans, specifications, reports and surveys will be delivered to the City.

11. The Engineer shall not hire or retain any of the employments herein provided for or incur any other expense in connection with the performance of his duties hereunder until the Controller of the City and County of San Francisco certifies to the amount of money which has been set aside to reimburse the Engineer for costs incurred by him. All claims of the Engineer for reimbursement of costs incurred contrary to the provisions hereof or in excess of said certification or certifications shall be void and any claims or demand against the City and County based thereon shall be invalid.

In Witness Whereof, the City has caused this agreement to be executed by its Mayor and the Clerk of the Board of Supervisors, pursuant to Ordinance No. ..... of said Board of Supervisors, copy of which is hereto attached, and the Engineer has executed the same, the day and year first above written.

Presentation of Substitute Legislation

Deputy City Attorney Walter Dold explained the purpose of the following Resolution, which he had drafted and was proposing as a substitute for the foregoing draft of legislation heretofore presented to the Board.

Thereupon, Supervisor Mead presented the following resolution, and moved for suspension of the rules to permit immediate consideration thereof.

Requesting and Directing Controller to Certify Availability of Funds Sufficient to Meet Requirements of Proposed Contract With Charles H. Purcell, for Traffic Survey.

(Series of 1939)

Resolution No. ....., as follows:

Requesting and directing Controller to certify availability of funds sufficient to meet requirements of proposed contract with Charles H. Purcell, for traffic survey.

Whereas, This Board of Supervisors has under consideration the question of entering into a contract with Charles H. Purcell, a civil engineer, for the purpose of having prepared and submitted by him a plan or plans looking to the solution of the traffic and transit problems of the City and County of San Francisco; and

Whereas, A proposed contract to retain said Charles H. Purcell for the purpose aforesaid has been submitted to and is on file with this Board of Supervisors; and

Whereas, It is necessary to obtain from the Controller of the City and County of San Francisco the certificate hereinafter requested before the ordinance necessary to authorize said contract and the expenditures therein provided for may be adopted;

Now, Therefore Be It Resolved, That it is in the public interest of said City and County of San Francisco to enter into such a contract with Charles H. Purcell, a civil engineer.

Be It Further Resolved, That it is the intention of this Board to adopt an ordinance authorizing said City and County of San Francisco to enter into said proposed contract, and providing for the expenditure of money therein mentioned, and empowering and directing the Mayor of said City and County and the Clerk of said Board of Supervisors to execute said proposed contract for and in behalf of said City and County of San Francisco, and that said ordinance shall be and said contract shall be as follows:

Authorizing the Approval and Execution of Agreement Between Charles H. Purcell, and the City and County of San Francisco, Concerning Survey of Traffic and Transit Problems of the City and County of San Francisco.

(Series of 1939)

Bill No. 546, Ordinance No....., as follows:

Authorizing the approval and execution of agreement between Charles H. Purcell, and the City and County of San Francisco, concerning survey of traffic and transit problems of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Agreement, dated....., 1940, between the City and County of San Francisco and Charles H. Purcell, concerning a survey of the traffic and transit problems of the City and County of San Francisco, be and the same is hereby approved.

Section 2. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors be, and they are hereby authorized and empowered to execute said Agreement for and on behalf of the City and County of San Francisco.

THIS AGREEMENT, made and entered into this.....day of....., 1940, by and between the City and County of San Francisco, a municipal corporation, and hereinafter designated the City, and Charles H. Purcell, of the City and County of San Francisco, hereinafter designated the Engineer.

Said

reports, surveys and recommendations shall be completed with reasonable promptness and shall be made and submitted as rapidly as the same are completed, provided that partial or unfinished reports, whenever possible, shall be made at the request of the Mayor. In any event, and on the first day of July of each year, commencing with the first day of July, 1941, the Engineer shall submit to the Mayor and to the Board of Supervisors a progress report for the preceding year. This report shall include surveys and recommendations covering the year immediately preceding, together with estimates of cost for making such surveys and recommendations effective, and shall be in such form, where possible, as to permit the submission thereof to the voters. Upon the completion of the work of the Engineer, a full and complete report, containing all his recommendations and estimated costs thereof and the general method of carrying out the same, shall be made to the Mayor.

2. The Engineer agrees to perform all and singular the services herein set forth and to complete the same within five (5) years from the effective date of this agreement, and the City agrees to allow the Engineer the said period of five (5) years within which to complete the said survey and to render a full and complete report and full and complete plans and specifications. One Stenographer, at a salary not to exceed $1,800.00 per year.

The City shall furnish the Engineer, without cost to him, with suitable office space, but if the City shall be unable or shall fail to supply such suitable office space, the Engineer may incur the expense of office rent not to exceed $2,400.00 per year. The City shall furnish the Engineer with stationery, office supplies and furniture. The Engineer may incur the expense of telephone, telegraph and messenger service, not to exceed, however, $2,400.00 per year. In the event the Engineer shall be required to travel outside the City and County of San Francisco in connection with his duties hereunder, the City shall, with the approval of the Mayor, and in accordance with the budgetary procedure of the charter, provide said Engineer with the necessary traveling expenses.

5. The office of the Engineer shall be maintained in the City and County of San Francisco, and all of said employees shall be selected and employed by the Engineer in his sole discretion and shall be deemed to be the employees of the Engineer as an independent contractor and shall have no claim for any compensation against the City; and the Engineer shall carry proper Workmen's Compensation insurance for the protection of all employees. The City shall reimburse the Engineer for all amounts paid out and expended by him for the hiring of any of his aforesaid employees, as well as for all amounts paid out and expended for office rental or other expenses herein provided for. Said employees shall be compensated only for acutal service rendered to the Engineer for the City, and the Engineer shall render to the Controller full reports as to the amounts expended for said employments, office rental and other expenses, and the actual amount of service rendered to him for the City by each of said employees. All reimbursements to be made to the Engineer for employees hired or expenses incurred, as hereinbefore set forth, shall be paid to him in equal monthly installments as said services are rendered and said expenses incurred, and then only upon the Engineer's presenting proper vouchers showing the payment of the respective amounts expended, and said Engineer shall not be reimbursed for any of said expenditures incurred in one fiscal year from funds of any succeeding fiscal year.

6. The said Engineer shall not be entitled to any other compensation for his services hereunder or other sums for expenses incurred by him except as in this Agreement set forth. The cost of borings and traffic checks required in connection with any survey, as well as the actual cost of reproducing maps and plans, together with the cost of performance of any duties not in the ordinary course of employment of those persons hereinbefore detailed to be employed by the Engineer, shall be performed and borne by the City, provided that the necessary appropriation is made as provided by law to meet the expense thereof; and in addition thereto, the Engineer shall be entitled to and shall receive, when the same is requested, the help of the several officers and departments of the City interested in the work which he is performing, and that said several officers and departments will continue to perform their respective usual duties and functions and the Engineer may call upon any such officer or department for the performance of any duty or function which said officer or department would ordinarily perform in so far as the same may apply to the work of the Engineer and is not being performed by the Engineer or his employees, and said officers or departments shall perform said function without charge to said Engineer.

7. The Engineer will keep full and correct records of the amount of time which he or his assistants or employees give to any particular project, report or investigation, and furnish said reports to the Controller whenever called upon to do so, to the end that the cost of the services rendered by the Engineer or his assistants may be charged to the proper department or account and so that the Controller may make the proper entries in his records showing the cost of the said services of said Engineer to the several departments interested in his work. Said records shall at all reasonable times be open to the inspection of the Controller or other interested departments.

8. The Engineer shall, with reasonable frequency, if and when required, attend any meeting or hearing of the Board of Supervisors and of any interested department to explain or comment on any report, plan or recommendation submitted by him.

9. The services to be performed by the Engineer are personal in character, and this contract shall not be assignable by operation of law or otherwise. In the event of the death of the Engineer during the term of this contract, this contract shall immediately cease and terminate and all rights of said Engineer, his heirs, executors and assigns, shall cease and terminate, except in so far as compensation already earned

by said Engineer or expenses already incurred by him as provided by this Agreement and which have not been paid.

10. All plans, specifications, services and reports made by said Engineer shall become the property of the City and County of San Francisco as soon as made, and on the expiration of the job or upon the termination of this Agreement by the death of said Engineer, the Engineer agrees that all and singular said plans, specifications, reports and surveys will be delivered to the City.

11. Notwithstanding the foregoing provisions of this Agreement, the Engineer shall not, nor be obligated to, hire or retain any of the employments herein provided for, or incur any other expense for which he is to be reimbursed hereunder in connection with his performance of this Agreement, unless and until there shall have been first regularly and duly appropriated for the year in which the obligations are incurred, a sufficient sum of money to fully and completely provide for payment of said obligations; and that it is understood by the parties hereto that in the event there shall be no lawful appropriation for expenditures in any year, the City shall be obligated hereunder only to the extent of the sum of $20,000 payable under paragraph 3 hereof for such year.

In Witness Whereof, the City has caused this Agreement to be executed by its Mayor and the Clerk of the Board of Supervisors, pursuant to Ordinance No. ..... of said Board of Supervisors, copy of which is hereto attached, and the Engineer has executed the same, the day and year first above written.

Question on passage for second reading.....

Be It Further Resolved that this Board of Supervisors request, and it does hereby request, the Controller of the City and County of San Francisco to certify to this Board of Supervisors that there is a suf-

ficient unemcumbered balance in a fund that may legally be used for the proposed expenditure, to-wit, the sum of $100,000.00 for services of said Charles H. Purcell under the proposed contract and the maximum additional sums that may be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, and that in the judgment of the Controller revenues as anticipated in the appropriation ordinance for this fiscal year and properly applicable to meet such proposed expenditure will be avilable in the Treasury in sufficient amount to meet the same when it comes due.

Be It Further Resolved that said Controller be and he is hereby authorized, requested and directed to set apart, as the date of the certificate herein requested, the said sum of $100,000.00 and the maximum additional sums that will be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors.

Be It Further Resolved that a copy of this resolution certified by the Clerk of this Board of Supervisors be forthwith transmitted to said Controller of the City and County of San Francisco.

Re-reference to Committee

Upon objection by Supervisor Uhl to suspension of the rules, the entire matter was referred to the Joint Finance, Streets and Public Utilities Committee.

UNFINISHED BUSINESS

Re-referred to Finance Committee

The following recommendation of the Finance Committee heretofore Passed for Second Reading was taken up:

Authorizing an Appropriation of $6,772.82 Out of Surplus Existing in Appropriation No. 912.400.01, to the Credit of Appropriation No. 912.400.01, for the Purchase of Necessary Mower and Other Equipment Urgently Needed in the Park Department.

(Series of 1939)

Bill No. 546, Ordinance No....., as follows:

Authorizing an appropriation of $6,772.82 out of surplus existing in Appropriation No. 912.400.01, to the credit of Appropriation No. 912.400.01, for the purchase of necessary mower and other equipment urgently needed in the Park Department.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $6,772.82 is hereby appropriated out of surplus existing in Appropriation No. 912.400.01, to the credit of Appropriation No. 912.400.01, for the purchase of the following equipment urgently needed in the Park Department:

2 Toro Special Mowers—Sickle bar attachments	$ 920.00
1 Toro Parkmaster—5 units and sickle bar	1,850.00
1 Toro Tractor—3 units	1,330.00
3 Park Special 30" Mowers	1,120.00
1 Utility Mixer	450.00
1 Garden Tractor (nursery)	487.00
Miscellaneous Small Equipment	615.82
Total	$6,772.82

Recommended by the Superintendent.
Approved by Resolution No. 256 of Board of Park Commissioners.
Approved by the Mayor.
Approved as to form by the City Attorney.
Approved as to funds available by the Controller.

Privilege of the Floor

Mr. McLaughlin, representing Park employees, was granted the privilege of the floor on motion by Supervisor Uhl. Mr. McLaughlin objected to the proposed appropriation for the purchase of equipment, and suggested that the funds should be used to insure additional employment for park employees, a layoff of whom was being threatened because of shortage of funds.

Re-reference to Finance Committee

Supervisor Uhl moved that the matter be re-referred to the Finance Committee.

Supervisor Colman objected to re-reference to Finance Committee. All interested officials had approved the proposed appropriation, and he did not consider that the park employees should dictate as to how the department should run.

Thereupon, the roll was called and the foregoing matter was finally passed by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

Spur Track—Empire Lane and Newhall Street

(Series of 1939)

Bill No. 553, Ordinance No....., as follows:

Granting permission, revocable at will of the Board of Supervisors, to Southern Pacific Company and Kraft Cheese Company, to construct, maintain and operate a spur track in Empire Lane and Newhall Street, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Southern Pacific Company and Kraft Cheese Company, to construct, maintain and operate a spur track, as follows:

Beginning at a point in the southerly line of Empire Lane, said point being approximately 80 feet easterly from the easterly line of Newhall Street produced across Empire Lane; thence northwesterly and crossing Empire Lane and Newhall Street to a point in the westerly line of Newhall Street approximately 8 feet northerly from the northerly line of Empire Lane.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof, as completely as though the same were written in this Ordinance.

Provided, that said spur track shall be laid under the supervision

of and to the lines and grades as provided by the Bureau of Engineering, Department of Public Works, and that any and all expenses connected with the installation of the track, restoration of the pavement, and any additional requirements for surface drainage are to be paid for by the Southern Pacific Company and Kraft Cheese Company.

Referred to City Attorney

Recommended by Fire, Safety and Police Committee

Adding Sections 268 and 269 to Article 3, Part 1, of the San Francisco Municipal Code re: Heart Trouble or Penumonia Developed in Line of Duty by Members of Fire and Police Departments.

(Series of 1939)

Bill No. 557, Ordinance No....., as follows:

Amending Article 3, Part I of the San Francisco Municipal Code, relating to Employees Retirement System by adding thereto, two new sections to be known as Section 268 and Section 269.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The San Francisco Municipal Code is hereby amended by adding to Article 3, Part I thereof, the following sections which read as follows:

Section 268. Whenever any member of the Police Department or Fire Department shall become incapacitated for the performance of his duty on account of heart trouble or pneumonia which develops or manifest itself while such member is in the service of his department, such heart trouble and such pneumonia shall be presumed to arise out of and in the course of his employment unless there is evidence to the contrary.

Section 269. The provisions of Section 268 shall apply only to members of the Police and Fire Departments respectively, who shall have served five or more years in one or both of said departments.

Privilege of the Floor

Sergeant James Quigley, from the Police Department, was granted the privilege of the floor, on motion by Supervisor McGowan. Sergeant Quigley explained the proposed legislation and the need therefor.

Mr. William H. Nanry, for the Bureau of Governmental Research, contended that the Board could not act on the proposed legislation until it had first referred same to the Retirement System to ascertain the cost thereof.

Mr. Callahan, from the Fire Department, considered it impossible to obtain any report from the Retirement System as to the cost of the proposed legislation to the system, as no evidence existed on which to base any report. He considered, further, that the proposed legislation did not provide for any benefit, but merely provided definition.

Thereupon, on motion by Supervisor McGowan, the matter was referred to the City Attorney with request that he advise the Board as to the law and as to the proper method of procedure. Further consideration was postponed until receipt of advice from the City Attorney.

Confirming Sale of Land in Assessor's Block 6116

(Series of 1939)

Resolution No. 849, as follows:

Confirming sale of land in Assessor's Block 6116.

Whereas, Pursuant to Ordinance No. 206, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on February 23, 1940, for the sale of Lot 9, Assessor's Block 6116, situated in the City and County of San Francisco, State of California, and more particularly described as follows:

Commencing at the point of intersection of the southeasterly line of Woolsey Street with the northeasterly line of Hamilton Street, running thence northeasterly along the southeasterly line of Woolsey Street, 30 feet; thence at right angles southeasterly 100 feet; thence at a right angle southwesterly 30 feet to a point on the northeasterly line of Hamilton Street; thence northwesterly along last named line 100 feet to the point of commencement.

Whereas, in response to said advertisement Frank Blastic offered to purchase said land for the sum of $600.00, cash, no higher bids having been made or received, and

Whereas, said sum of $600.00 is more than 90% of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $600.00, and

Whereas, Frank Blastic has paid the Director of Property the sum of $60.00 as a deposit in connection with this transaction.

Now, Therefore Be It Resolved, that said offer be and is hereby accepted.

Be It Further Resolved, that the Mayor and the Clerk of the Board of Supervisors in behalf of the City and County of San

Francisco, a municipal corporation, be and are hereby authorized and directed to execute a deed for the conveyance of said land to Frank Blastic and Alice Maud Blastic, or their assignees. The buyer shall pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver the deed to the Grantees upon receipt of the balance of the purchase price.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Referring to Civil Service Commission Proposed Amendment to Salary Standardization Schedule Fixing Salary Range of $270-$320 per Month for Assistant Superintendent, Bureau of Sewer

Repair, and Requesting Report as to Other Changes and Costs Thereof Proposed Amendment Would Require to Maintain Equitable Relationship with Other Rates in Said Schedule.

(Series of 1939)

Resolution No. 851, as follows:

Whereas, In accordance with the provisions of Section 151 of the Charter, the Board of Supervisors, through the Civil Service Commission, has caused a schedule of compensations to be proposed which schedule is known as the Salary Standardization Report submitted to this Board on February 7, 1940, and is now before this Board for adoption, amendment or rejection; and

Whereas, This schedule now includes Classification O-214 Assistant Superintendent Bureau of Sewer Repair and proposes a salary range of $270 to $320 per month; and

Whereas, It has been proposed to amend this range to read $300 to $400 per month; now, therefore, be it

Resolved, That the proposed amendment be referred to the Civil Service Commission in accordance with the provisions of said Charter, Section 151, for report as to what other changes and the costs thereof this proposed amendment would require to maintain an equitable relationship with other rates in said schedule.

Discussion

Supervisor Roncovieri, seconded by Supervisor Colman, moved that the foregoing Resolution be re-referred to the Finance Committee, in order that it might be considered at a meeting of that Committee called for Wednesday evening, March 6, 1940, at 8 o'clock, at which time the subject of salary standardization for per diem employments and related classifications were to be considered.

Thereupon, Supervisor Mead pointed out that the Resolution was a recommendation of the Finance Committee, and he felt that no good purpose could be served by re-reference to committee. The Chair, also, suggested that the matter under consideration by the Finance Committee on Wednesday evening, would be entirely different from the subject matter of the proposed resolution. The resolution was merely a request for information and would commit no one.

Supervisor Roncovieri, thereupon, announced that since the resolution was merely an inquiry, and would bind no one, he would, with the consent of his second, withdraw his motion for re-reference to the Finance Committee.

Supervisor Colman, who had seconded Supervisor Roncovieri's motion, stated he felt that Supervisor Roncovieri should stick to his motion. However, he would consent to the withdrawal thereof, but would vote against the adoption of the resolution.

Adopted

Thereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Ayes: Supervisors McGowan, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—7.

Noes: Supervisors Brown, Colman, Roncovieri—3.

Absent: Supervisor Schmidt—1.

Pledging Financial Support for Low Cost Housing Project in San Francisco's Chinatown During Next Fiscal Year

(Series of 1939)

Resolution No. 852, as follows:

Whereas, San Francisco's famous Chinatown has long been one of our City's major tourist attractions, representing, as it does, the largest Chinese colony in the Americas, and its approximately 18,000 residents take great pride in maintaining their well-established reputation as law-abiding, industrious and useful members of our community; and

Whereas, The problem of housing the residents of our Chinese quarter has for scores of years been a vexatious one both to occupants and City authorities, magnified by the restriction of expansion on three sides of the district by the retail business section, the commission market area and the North Beach Italian colony, and on the fourth side by the reluctance of the Occidental residents to permit further encroachment upon their property; and

Whereas, Various civic and social activities have been undertaken to advance the cause of better living among the Chinese in San Francisco, but, owing to difficulties encountered due to geographical, racial and other reasons, the housing standards of Chinatown remain at a deplorably low level whereat six or more Chinese still occupy apartments which would be deemed small for the tenancy of a single American; and

Whereas, In order to preserve the integrity of our Chinatown, correct its dangerously insanitary and unhealthful conditions brought about by overcrowding, insufficient sanitary facilities, and necessarily slow progress of rehabilitation of condemned property, it is incumbent upon our City to proceed immediately with plans for alleviation of Chinatown's distressing housing problem; and

Whereas, The Housing Authority of the City and County of San Francisco has under consideration the establishment of a Low Cost Housing Project for Chinatown, the executing of which proposed project has been hampered by the fact that the United States Housing Authority has set a maximum appropriation, for the purchase of housing site land, at $1.50 per square foot; and

Whereas, The cost of land in Chinatown is such that a contribution from the City will be required to take care of the amount needed, beyond the maximum which will be furnished by the Housing Authority; and

Whereas, The United States Housing Authority has made an exception in the case of Chinatown, and has agreed to take care of two-thirds of the excess cost providing the remaining one-third is contributed by the City or by private contribution; and

Whereas, It is estimated that San Francisco's one-third contribution to the excess cost of a housing project in Chinatown will amount to approximately $75,000; now, therefore, be it

Resolved, That this Board of Supervisors does hereby pledge itself to vote for and make available in the Appropriation Ordinance for the fiscal year 1940-1941, $75,000, that sum estimated necessary to augment Federal funds for the purpose of financing a low cost housing project in San Francisco's Chinatown.

Privilege of the Floor

Mr. Truman Young, President, Junior Chamber of Commerce, on being granted the privilege of the floor, recited briefly the conditions

prompting his organization to sponsor the proposed resolution to aid in the financing of a low cost housing project in Chinatown.

Father John, Director of Chinese Catholic Center, addressed the Board at length, pointing out the great need for the correction of conditions in Chinatown, and the benefit that would accrue, not only to Chinatown, but to the entire city, from the proposed low cost housing project.

After questioning Mr. Evers, representing the Housing Authority, as to the money loaned to the Authority by the City, $15,000 of which has not yet been repaid. Supervisor Uhl moved that the resolution as presented be amended by deducting therefrom that $15,000, to make San Francisco's contribution to the excess cost of the proposed Chinatown housing project $60,000 instead of $75,000.

Motion failed for lack of a second.

Supervisor Brown moved that the resolution be amended by adding thereto, the following: "provided that such sum shall be expended only upon suitable agreement being executed by the duly constituted authorities, that the eliminations required by the Federal Housing law will be made within the limits of Chinatown itself." Motion seconded by Supervisor Uhl. Supervisor Brown explained that the purpose of the proposed amendment is to assure equivalent elimination in Chinatown itself, for unless elimination of the present slum condition in Chinatown is carried out, the purpose of the expenditure of the proposed $75,000 will not be accomplished.

After brief discussion of the proposed amendment during which Mr. O'Brien, Attorney for the Housing Authority, and Mr. Evers, pointed out that while the city had the right to impose certain conditions should it make the proposed "gift" to the Authority, the practical result of the amendment might be delay in the completion of the project.

Thereupon, at the suggestion of Supervisor Roncovieri, and on motion by Supervisor McSheehy, consideration was temporarily postponed, to permit all interested parties thereto to meet, discuss the entire matter and the effect of the proposed amendment thereon, and later during the proceeding again to report to the Board.

No objection, and so ordered.

Resumption of Consideration

Subsequently during the proceedings, Mr. O'Brien reported that it had been pointed out that if it were insisted upon that equivalent elimination of units in Chinatown be made immediately, the very purpose of the proposed low cost housing project would be defeated, because of the difficulty of providing living accommodations for the Chinese people before the housing project could be completed.

Motion Withdrawn

Supervisor Brown expressed his willingness to accept statement made in the hearing that Dr. Geiger has already ordered some 300 eliminations in Chinatown, but that he has granted a stay of execution of these eliminations pending provision for adequate housing to take the place of eliminations ordered. He would, therefore, with the consent of his second, withdraw his motion.

No objection, and motion withdrawn.

Mr. O'Brien, in reply to question by Supervisor Uhl, stated that although it would not be possible to discriminate against white people the Housing Authority would, naturally, be disposed to develop and maintain the proposed project in Chinatown for the benefit of the Chinese people. However, the Authority could not make any commitments as to restrictions.

Privilege of the Floor

Mr. Charles A. Christin, Attorney, representing Taxpayers Federation of San Francisco, and Apartment House Owners and Lessees Association, opposed the adoption of the proposed resolution.

Adopted

Thereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

The following recommendation of the Fire, Safety and Police Committee was taken up:

FIRE ESCAPE REQUIREMENTS AND SPECIFICATIONS

Amending Sections 1300 and 1301 of Article 39, Chapter I, Part II, of the San Francisco Municipal Code, Relating to Fire Escape Requirements and Specifications.

(Series of 1939)

Bill No....., Ordinance No....., as follows:

Amending Sections 1300 and 1301 of Article 39, Chapter I, Part II, of the San Francisco Municipal Code, relating to fire escape requirements and specifications.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 1300 and 1301 of Article 39, Chapter I, Part II, of The San Francisco Municipal Code, relating to fire escape requirements and specifications, are hereby amended to read as follows:

Section 1300. *Fire Escapes Required.* For the proper and necessary protection of life and property all buildings hereinafter designated in this *section and code*, that are already erected and built or that may be hereafter erected and built in this City and County shall be provided and equipped with fire escapes as follows:

Every building that is occupied or so constructed as to be occupied by two (2) or more families on the third story, not having proper and sufficient exits or facilities for escape in case of fire and every building of four (4) or more stories in height, and every building used or occupied or so constructed as to be occupied as a theater, hospital, *sanitarium, orphanage, hotel,* tenement house, lodging house, apartment house, or for a factory, mill or manufactory, or for offices, workshop or public entertainments or assemblages above the second story, and every school building of more than two (2) stories in height, shall be provided and equipped with metallic fire escapes combined with suitable metallic balconies, platforms and railings, firmly secured to the outer walls, and erected and arranged in such a way and in such proximity to one or more windows or to as many windows of each story above the first as may be necessary to make and render said fire escapes readily accessible, safe and adequate for the escape of the inmates *or occupants* in case of fire.

Said fire escapes shall extend from the level of the ceiling of the first story to and over the roof, and shall be either vertical, metallic ladder fire escapes, metallic stair fire escapes, or other approved fire escapes, *approved by the Bureau of Building Inspection of the Department of Public Works and by the Division of Fire Prevention and Investigation. The Bureau of Building Inspection and the Division of Fire Prevention and Investigation shall determine the type, construction, lo-*

cation and number of fire escapes necessary and adequate on all such buildings to make the means of escape therefrom easy and safe to the inmates or occupants in case of fire.

Said fire escapes are to be metallic throughout and fastened securely to the exterior walls of the building, with a balcony at each story above the first or ground floor thereof, with inclined stairways connecting all balconies and a goose-neck ladder extending from the topmost balcony to and over the roof. Where the lowest balcony of such fire escape is ten (10) *or more feet above the sidewalk or ground level directly under the same it shall be equipped with an approved, permanent, counterbalanced, mechanical or patented ladder or staircase of sufficient length to reach the ground.*

When the lowest balcony of such fire escape is less than ten (10) *feet above the sidewalk or ground level directly under the same, it shall be provided with a portable, metallic ladder of sufficient length to extend from the lowest balcony platform to the sidewalk or ground below, said ladder to be hung from the second* (2nd) *balcony when not in use, or to be hung from metallic brackets, securely fastened to the exterior wall of the building, adjoining the fire escape.*

The level of the inside sill of the door or window giving access to a fire escape balcony or to the balcony floor shall be not more than thirty inches above the adjoining floor of the building. Every such door or window opening shall be not less than twenty-nine (29) *inches in clear width, nor less than fifty-eight* (58) *inches in height. Windows or doors opening onto a fire escape shall be of a type that will not obstruct such fire escape.*

When double hung windows are used for such openings, the lower sash shall be at least the size of the upper sash and shall slide to the top of such opening. When such lower sash is sufficiently opened, the clear distance between the top of the window sill and the bottom of said lower sash shall be not less than twenty-nine (29) *inches. Any lock used on any such window shall be of a type which can be readily opened from the interior of the building without the use of a key or other tool.*

All fire escapes shall be erected and built as required by the provisions of Section 1301 *of this article and shall at all times be kept in good order and repair and free from any and all obstructions.*

Section 1301. *Specifications for the Types, Erection and Construction of Fire Escapes.*

Type No. 1. *Every fire escape balcony platform shall be fastened to the outside walls of the building by building in and anchoring to such walls, the balcony platform and the balustrade framings, or by securely bolting the same thereto. Every balcony shall be supported by brackets, braces or struts fastened to or built in and anchored to the walls.*

All metallic balconies shall be not less than 44 *inches in width nor less than* 33 *square feet in area. The stairway opening therein shall be not less than* 2 *feet wide and* 3 *feet* 6 *inches in length, enclosed and protected on three sides.*

The balcony balustrade shall be not less than 34 *inches high, with no opening in such balustrade greater than* 8 *inches in horizontal dimensions.*

Top rail of balconies to be not less than 1½ *inches x* ⅜ *inches; the center rail to be not less than* 1½ *inches x* 5/16 *inches; the pickets or uprights in balconies to be not less than* ¾ *inches x* ¼ *inch.*

There shall be no opening greater than 1 *inch in width in a fire escape balcony platform, except the stairwell opening.*

The grating bars on platforms of balconies shall be placed flat and shall be not less than 1½ *inches wide x* 5/16 *inch in thickness and the*

size of the cross bearing bars carrying the gratings to be not less than 1½ inches wide x ⅜ inch.

The outside frames of all fire escapes carrying the gratings shall be 2 inch x 2 inch x 3/16 inch angle iron, shall extend all around the platform and they must be bolted through the wall of the building with bolts not less than ⅞ inch thick.

Platforms shall be supported by iron brackets constructed of not less than 4 inch "I" beams, not more than 5 feet apart and built into and anchored into the walls of masonry during construction of said walls and extending through and beyond the entire thickness of said walls and securely fastened thereto on the inside of said walls by two 4 inch x 4 inch x ¼ inch, thick angle "ells," either welded or bolted to the "I" beams at the inside wall line.

On frame buildings, platforms shall be supported upon iron brackets, constructed of not less than 3 inch "I" beams and not more than 5 feet apart and shall be built into and carried through the entire thickness of said walls and shall be securely anchored on the inside of the building, or each of the brackets may be of 3 inch channel iron, supported by not less than 6 inch x 6 inch x ⅜ inch hot rolled, angle iron, bolted through the frame of the building by not less than three ⅞ inch galvanized bolts.

Braces required to support the brackets shall be not less than 1½ inches x ½ inch and shall be set at an angle of not more than 45 degrees from the vertical, and bolted through the walls of the building by bolts of not less than ¾ inch.

All balconies shall be constructed with circular corners.

All brackets carrying balconies shall be bolted through the entire walls or studding and bolts shall be not less than ⅞ inch in diameter, provided with nuts and washers.

All rails and bearing beams shall extend through the walls or studding and have washers and nuts of not less than ⅞ inch on the same; or said rails and beams may be securely fastened to the face of the building by two ⅞ inch bolts extending through the wall and securely bolted through a ¼ inch, flat, iron plate flush with the interior of the wall.

Screws or lag screws shall not be used in the construction of fire escapes.

In frame building where the studding does not correspond with the measurements for supporting balconies and ladders, extra headers shall be inserted between the studding and shall be of the same thickness as the studding.

The inclined stairways shall be not less than 18 inches in width and placed in no part nearer than 21 inches from the face of the wall. Such inclined stairways shall have an inclination of not less than 4 inches and not more than 6 inches, horizontally, to each 12 inches of vertical height and shall be made of side stringers and treads of not less than 4 inch x ¼ inch steel, treads must be turned down on ends and riveted well into each stringer at a distance of not more than 12 inches apart.

Each side of said stairway shall be provided with substantial railings of 1¼ inch pipe, the sides shall be well supported by suitable standards of 1¼ inch pipe at proper distances, viz.: four (4) standards to each run of steps and thoroughly bolted to the stringers.

The goose neck ladder shall be not less than 15 inches wide and extend vertically from the topmost balcony to three feet above the firewall or roof above, and then be brought down and fastened to the inside face of the firewall or to the roof, properly braced with braces fastened to the exterior wall of the building not more than 5 feet apart. The goose neck ladder shall be securely braced and fastened to the out-

side wall and in no case shall such ladder pass in front of any opening in the wall to the interior of the building.

The cornice opening for the passage of such ladder shall be not less than 30 inches in width and 30 inches in the clear, outside of the ladder.

The vertical metallic ladder shall be constructed according to the following requirements: Size of metal for the ladder, 2 inch x ⅜ inch; size of rungs, ¾ inch in diameter, placed not more than 12 inches apart and where vertical ladders join they shall be connected and bolted with not less than four (4) bolts on each side and shall be at least 8 inches from the building wall.

Fire escapes shall be framed and riveted or bolted together in a solid, substantial manner and properly supported, braced and fastened to the outside wall so as to be rigid, durable and secure and carry the loads imposed.

All metallic fire escapes shall be galvanized.

Type No. 2. Metallic ladders and stairways conforming to the provisions set forth for metallic fire escapes and with reinforced concrete, iron or steel fire-proofed balconies, with fastenings of similar materials. Such balconies to measure the full size inside of balustrades. Floor openings and well holes provided and protected similarly to the requirements for metallic balconies, provided, however, this type of fire escape may be permitted on the front, rear or side of any building facing a street or adjoining building where said street or said adjoining building is more than 70 feet distant, building line to building line.

Type No. 3. Any type of an enclosed, approved, metallic, spiral, fire escape which consists of a rigid form of an inclined chute or chutes constructed entirely of incombustible material; securely attached to the outside walls of the building; provided with proper means of ingress thereto from the building and egress therefrom at the bottom; having means of enabling firemen to reach the roof thereby from the ground; equipped with standpipes; painted the same as provided for metallic fire escapes; and satisfactory to the departments charged with the enforcement of this article as being solid, substantial and durable and as fireproof in construction and providing at least as safe and efficient means of escape from the building, for the occupants thereof, and furnishing all the protection and utility of the metallic fire escapes described as "type one" in this article.

Provided, however, that any building required to have a fire escape may, in lieu thereof, have an inside stairway in addition to the stairways required by law, said additional stairway may also be known as a Fire Smoke Tower and shall be one of the following types:

Type No. 4. Fire and smoke towers, consisting of a fire escape stairway not less than 30 inches in width, constructed of reinforced concrete, iron or steel, or a combination of these materials; and in all other details as required in this article for metallic fire escape stairways; said stairways being continuous the full height of the building from the first floor exit level to the roof, and with handrails on each side thereof the full length of same. Such fire and smoke towers to be constructed at a point adjoining the exterior walls of the building and be entirely enclosed with walls of brick, terra cotta tile, concrete or reinforced concrete not less than 8 inches thick; such walls to be continuous from the basement up to and extending 3 feet above the roof of the building, with no covering of any kind over the fire and smoke tower unless that such covering is constructed of approved incombustible materials and that in the said covering there is provided permanent open louvers or other permanent, unobstructed, openings to the outer air and that such permanent open louvers or other permanent unobstructed openings shall be of an aggregate open area equivalent to fifty percent of the aggregate superficial area of the covering, and with no openings of the walls of such tower into the building. The

enclosing walls of such tower not to be used to carry or support any floor joist, beam, girder or other structural feature of the building, nor to be chased for any pipe, conduit or other purpose; to have an exit from the enclosure at the first floor line opening directly to a street or yard, and having an entrance by means of an outside balcony at each floor, such balconies to have a solid floor and in all other details and kind of materials to be as in this article required for metallic fire escape balconies.

The balconies to be located and arranged to connect with a door opening from a public hallway to the interior of the building and with a door opening leading from the balcony to the tower, such door opening from the building to the balcony and from the balcony to the tower to be not less than 30 inches wide by 72 inches high and be equipped with metal lined doors and with a frame and threshold of such door openings constructed of fireproof materials.

Fire smoke tower metallic balconies of this type shall be provided with a vertical, metallic, ladder extending from 3 feet below the lowest balcony platform up to and over the firewall of the roof and then brought down and fastened to the inside face of the firewall or to the roof.

Said vertical metallic ladder shall be bolted together in a solid, substantial manner and properly supported to each balcony platform and braced to the wall of the building so as to be rigid, durable and secure to carry the loads imposed.

The metallic, vertical ladder shall be not less than 15 inches in width with the rungs 12 inches apart, the size of the metal for the ladders shall be not less than 2 inch x ⅜ inch. The size of the rungs for the ladder shall be not less than ¾ inch in diameter. Where splices are made in the ladders they shall be made by metal of the same size as the ladders, with not less than four ½ inch bolts to each splice.

Every building of four or more stories in height which is equipped with smoke tower balconies as described above shall have inside or outside of its exterior walls (if over 16 stories in height standpipe must be inside), a metal standpipe which shall extend from 4 feet above the sidewalk or ground level to and over the roof and rest on the firewall. Said standpipe shall have a siamese inlet attached 4 feet above the sidewalk or ground level; branches at each story to be accessible from the balcony, and a siamese outlet on the roof; all inlets, branches and outlets to be not less than 3 inch interior diameter and to have caps and chains and all branches and outlets to have a three inch gate valve.

The size of the standpipes, together with the number of inlets and outlets shall be in conformity with Article 40, Section 1325 of this Chapter, governing standpipe installations.

When a standpipe of this type is located on any part of a building other than a street front, the ground floor siamese inlet to said standpipe shall be extended to a point on the building designated by the Chief of the Division of Fire Prevention and Investigation, the location of said standpipe suitably marked, on a sign, at the siamese inlet, however, a standpipe of this type when installed in connection with a fire smoke tower balcony shall not exclude the installation of the standpipe already provided by Article 40 of this Chapter.

Type No. 5. A fire and smoke tower in every way similar to Type No. 4 of this section except that instead of the outside balcony there be built a vestibule with enclosing walls continuous with and of the same kind of materials and of the same thickness as the enclosing walls of the fire tower; that the vestibule opening be direct from a public hallway and be equipped with metal lined doors.

The vestibule floor to be of masonry construction. The enclosure to have an opening at each floor through the exterior wall of the building, such opening to extend from the floor to the ceiling and to be

not less in width than ¾ the width of the tower, said opening to be protected with an open metallic balustrade similar to that specified for metallic fire escape balconies.

In any building hereafter erected in which there is constructed a fire smoke tower of Type No. 4 or Type No. 5, as described in this article, such fire smoke tower may be used and constructed as a stairway and fire smoke tower combined and computed as one of the fire smoke towers and one of the stairways further required by Article 38 of this chapter, provided that such combined fire smoke tower and stairway is not less than 3 feet 6 inches wide, and further provided that there is at least one other stairway in such building, constructed in accordance with the provisions of this chapter and such stairway extends to the ground floor level and opening into a fireproof passageway, not less than 4 feet wide that leads to a street or alley.

Any second hand or reconditioned fire escape will not be permitted unless the entire fire escape is re-galvanized.

All existing ordinances or parts of ordinances which conflict *in any manner with the foregoing sections of this ordinance are hereby repealed and revoked.*

Final Passage

The following Emergency Ordinance, presented by the Chief Administrative Officer, was taken up:

Authorizing a Supplemental Appropriation, in the Amount of $2,340.00 from the Emergency Reserve Fund to the Credit of Appropriation Number 973.200.01, Public Pound, for the Purpose of Providing Funds to Meet the Emergency Expenses of the Public Pound in Connection with the Present Problem Created by the Observance of Rabies in Certain Dogs and Cats, an Emergency Ordinance.

(Series of 1939)

Bill No. 577, Ordinance No. ....., as follows:

Authorizing a supplemental appropriation, in the amount of $2,340.00 from the Emergency Reserve Fund to the credit of Appropriation Number 973.200.01, Public Pound, for the purpose of providing funds to meet the emergency expenses of the Public Pound in connection with the present problem created by the observance of rabies in certain dogs and cats, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $2,340.00 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation Number 973.200.01, Public Pound, for the purpose of providing funds to meet the emergency expenses of the Public Pound in connection with the present problem created by the observance of rabies in certain dogs and cats.

Section 2. All expenditures under this ordinance shall be perspective and shall be accounted for in a manner satisfactory to the Controller.

Section 3. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists to provide for the uninterrupted operation of the Public Pound and to safeguard the health and welfare of the people of San Francisco. The funds heretofore provided have been insufficient for the expenses necessary in connection with the impounding, caring for and disposal of the increased number of dogs and cats necessary to be provided for under the emergency conditions created by the observance of rabies in dogs and cats.

Adding Certain Sections to Chapter ....., Part ....., of the Municipal Code of the City and County of San Francisco, Fixing and Establishing a Five Day Working Week for Certain Employees Whose Compensation is Fixed on a Per Diem Basis, and Specifying the Days of Said Week on Which Said Employees Shall Ordinarily Work, Declaring What Holidays Shall Be Observed and Providing for the Number of Hours to be Worked on Each Working Day, and for the Payment of Overtime, and the Conditions Under Which Overtime Shall Be Allowed and Paid For, and Repealing Ordinance No. 9019 Heretofore Enacted by the Board of Supervisors.

(Series of 1939)

Supervisor Mead presented Bill No. ....., Ordinance No. ....., as follows:

Adding certain sections to Chapter ....., Part ....., of the Municipal Code of the City and County of San Francisco, fixing and establishing a five day working week for certain employees whose compensation is fixed on a per diem basis, and specifying the days of said week on which said employees shall ordinarily work, declaring what holidays shall be observed and providing for the number of hours to be worked on each working day, and for the payment of overtime, and the conditions under which overtime shall be allowed and paid for, and repealing Ordinance No. 9010 heretofore enacted by the Board of Supervisors.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The following sections are hereby added to Chapter ....., Part ..... of the Municipal Code of the City and County of San Francisco, to be designated as, and to read as follows:

Section ..... A five day working week, which shall comprise Monday, Tuesday, Wednesday, Thursday and Friday of each calendar week, is hereby established for all employees of the City and County of San Francisco whose compensation is fixed or paid on a per diem basis, and such employees shall not be compelled to work on, nor shall they receive compensation for the following holidays, to-wit: New Year's Day, Decoration Day, Independence Day, Labor Day, Admission Day, Thanksgiving Day and Christmas. The regular working day for all employees whose compensation is fixed on a per diem basis shall be performed between the hours of eight o'clock A. M. and five o'clock P. M. of each working day.

Section ..... All work performed and services rendered by any employee whose compensation is fixed on a per diem basis, before eight o'clock A. M. and after five o'clock P. M., or on Saturdays or on Sundays, or on any of the holidays above specified shall be deemed to be overtime and shall be paid for at the rates hereinafter provided for.

Section ..... The rates of pay for overtime and for work performed and services rendered on Saturdays, Sundays and on the holidays mentioned in Section ..... of this ordinance for the several employees whose compensation is fixed on a per diem basis shall be at the rate provided for and fixed by Resolution 646, Series 1939,

"Fixing the highest general prevailing rate of wages paid in private employment to various crafts in the City and County of San Francisco, including wages paid on holidays and for overtime work," adopted by the Board of Supervisors on November 20, 1939, and approved by the Mayor on November 22, 1939, and in the event of the modification of said resolution last above mentioned the modified or changed rates of pay for overtime and for labor performed on Saturdays, Sundays and on the holidays specified in Section ..... shall be the rates therefor paid to said employees whose compensation is fixed at a per diem basis.

Section ..... Whenever employees whose compensation is fixed on a per diem basis are actually engaged in the repair, cleaning, or maintenance of sewers or drains which are subject to the tidal flow of the bay of San Francisco, four hours of labor shall constitute a day's work while said employees are so engaged, and said work shall, without the payment of overtime, be performed within any time during any one twenty-four hour day.

Section ..... The provisions regarding payment for overtime or for work performed or services rendered on Saturdays, Sundays or on the holidays mentioned in Section ..... hereof shall not apply to those employees whose hours of labor, or compensation for overtime is provided for in the Charter of the City and County of San Francisco.

Section 2. Ordinance No. 9019, approved June 30, 1931, is hereby repealed.

Unemployed Relief

Supervisor Mead announced that a Mr. Ward, representing Labor's Non-Partisan League, and others wished to address the Board on the relief situation and the emergency created by recent state legislation and the following decrease of 40 per cent in amount of relief allowances.

Privilege of the Floor

Mr. A. E. Ward, representing Labor's Non-Partisan League and the Conference for Democratic Action, addressed the Board at length, and requested that the sum of $96,750 be appropriated monthly to restore the amount deducted from relief allowances to the unemployed.

Following the presentation by Mr. Ward, Supervisor Uhl, seconded by Supervisor Mead, moved that the Mayor be invited to appear before the Board that he might be fully informed as to the situation.

No objection and so ordered.

Subsequently during the proceedings, the hearing on the Relief Situation, which had been temporarily postponed while awaiting the presence of his Honor, the Mayor, was resumed.

Announcement having been made that the Mayor was not in his office and could not be located, Supervisor Uhl moved that the Board agree to meet at 8 P. M., and that the Mayor be requested to be present at that time.

Motion failed for lack of a second.

Privilege of the Floor

Thereupon, the privilege of the floor was accorded Mack Posey, representing the San Francisco Workers' Alliance, who repeated remarks made at the previous meeting of the Board, and urged that the Board take some definite action looking to the restoration of relief allowances to the unemployed.

Special Meeting

Thereupon, Supervisor Schmidt moved, pursuant to suggestion by the Chair, that that Board meet in special session on Wednesday, March 6, 1940, at 2 P. M. for the further consideration of unemployment relief, and that Mr. F. M. McAuliffe and Mr. Frank Y. McLaughlin, representing the Public Welfare Department; Mr. Edward J. Cooley, Director of SRA; the Mayor, the Controller, and if possible, a representative of the State Controller, be requested to be

present. Motion seconded by Supervisor Mead, and carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Proposed Presentation of Legislation to Provide for Additional Revenue.

Supervisor Colman called attention to a probable increase in the tax rate for the ensuing fiscal year, and announced his intention, at a later date, to introduce legislation to broaden the tax base and to provide for additional revenue to replace that revenue lost to the city and county by the recent repeal of ordinances providing for licensing for revenue.

Controller's Report on Refuse Collection and Disposal Ordinance.

Supervisor Uhl called attention to Controller's Report filed January 22, 1940, pursuant to the provisions of Section 16 of the Refuse Collection and Disposal Ordinance. The Controller is required to make a survey and examine into rates for collection, with view to reduction in such rates, but the agencies collecting the refuse are not required to maintain books and records that would make such examination of their rate structure possible. Until there is a clarification of the law, the Controller is powerless to make a survey and examination of rates for the purposes set forth in the ordinance. Because of that condition as set forth by the Controller, Supervisor Uhl requested that the City Attorney render a written opinion in relation to the matters set forth in the Controller's report of January 22, 1940.

No objection, and so ordered.

ADJOURNMENT

There being no further business, the Board, at the hour of 6:40 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, March 4, 1940.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

WEDNESDAY, MARCH 6, 1940 — 2:00 P. M.

In Board of Supervisors, San Francisco, Wednesday, March 6, 1940, 2 P. M.

The Board of Supervisors met in special session, pursuant to motion by Supervisor Schmidt in meeting of March 4, 1940, to consider relief for unemployed.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent: Supervisors Colman, McSheehy, Schmidt—3.

Quorum present.

President Warren Shannon presiding.

Supervisor McSheehy was noted present at 2:30 P. M.

Supervisor Schmidt was noted present at 3:45 P. M.

Supervisor Colman on leave of absence.

Communications

Communications received were read by the Clerk, as follows:

From Labor's Non-Partisan League of California, transmitting list of 20 speakers who desired to be heard on the relief problem.

From Federal Unemployed Union, Ernestine Kettler, Secretary, request for delegate from that organization be permitted the privilege of the floor.

From State Controller Harry B. Riley, expressing regrets at his inability to attend the meeting of the Board.

Privilege of the Floor

Mr. E. E. Ward, Executive Vice-President Labor's Non-Partisan League, addressed the Board, setting forth the results of the insufficiency of the amount appropriated by the state legislature at its recent special session, and urging that the city and county find some way to restore for relief purposes the sum of $96,750 per month until after the state legislature has again met and has again made proper provision for the relief of unemployed. The sum of $96,750 per month would reimburse the relief clients for the amount deducted from their allowances due to the action of the state legislature.

Mr. Herbert Nugent, San Francisco Workers' Alliance, urged that the Board appropriate immediate funds to feed the people on SRA. In support of his request he reiterated arguments presented by the previous speaker. He pointed out, also, that beginning on April 1, there would begin a reduction in WPA employment, which will, by the end of June, amount to about 35%. Those people laid-off by WPA will be returned to the relief rolls of SRA, thus aggravating an already acute condition.

Mr. William Plunkert, United Federal Workers of America, discussed the situation from a more technical point of view. He requested that whatever funds should be appropriated, be turned over to SRA to be administered.

Mr. Louis Goldblatt, Secretary State Industrial Union Council, supported the previous speakers in their requests.

Reverend Herrick Lane, Vice President of Academic and Civil Rights Council, requested that an emergency be declared and that an adequate appropriation be made for the relief of the people.

Miss Louise Bransten, of the Young Democrats; Mr. Jack Baker, Retail Department Store Employees; Mr. Revels Cayton, of the Maritime Federation of the Pacific Coast; all addressed the Board, urging the requested appropriation of $96,750 per month be made.

Mr. Julius B. Nathan represented the Federal Unemployed Union. It was the opinion of that Union, he declared, that the whole unemployed relief question had become a political football between the Olson administration and the Republican councils throughout the state, and it was about time the people found out what was being done and on what the figures showing relief requirements were based. Mr. Nathan asserted that Mr. Frank Y. McLaughlin and Mr. Florence McAuliffe both went to Sacramento and lobbied for the return of relief to the counties. They both helped to reduce the state appropriation for relief. For those reasons, Mr. Nathan contended, the Board of Supervisors should declare an emergency and should, by some method, make up the difference in the budget deficiency of the SRA.

Mr. Robert R. Hull, of 1150 Turk Street, representing himself, addressed the Board at length on the subject of relief for the needy.

His Honor, Mayor Angelo J. Rossi, in addressing the Board and the citizens present, stated that San Francisco had never failed in doing its part in the relief program. San Francisco always has provided funds for unemployed unemployables, and is still doing it. San Francisco, realizing the importance of the relief problem, created, by charter amendment, a Public Welfare Commission to coordinate all relief activities. The administration of relief is the responsibility of that Commission, and the Mayor expressed his complete confidence in that commission, and in the Director of Relief.

Mr. E. J. Cooley, SRA Director for San Francisco, in addressing the Board, stated he would be glad to offer whatever information he could and to serve as witness for examination if necessary. SRA was represented, also, he stated, by Mr. J. W. Coombs, Deputy Chief Accounting Officer of the SRA, and by representatives of the Division of Finance, Mr. Lawrence Rouble and Mr. Eastman. Mr. Cooley denied the accusations that SRA had cut the budgets of its relief clients for any political reasons or to exert pressure on the legislature or for any other reason. In support of his arguments, he presented to the members of the Board a lengthy typewritten analysis of the expenditures for SRA for February and March, which he read and explained in full, and then called upon Mr. Coombs to supplement what he had presented.

Mr. Coombs explained in detail the economies effected by SRA in the endeavor to furnish as much aid as possible to the unemployed, and answered questions propounded by members of the Board by Mr. McAuliffe and Mr. McLaughlin, and by others.

Mr. Louis Masterson questioned Mr. Coombs concerning camps for single men on relief.

Mr. J. Stitt Wilson, member of the State Relief Commission, supplemented the statement made by Mr. Cooley, and recited the efforts of his Commission to cut expenses and to effect economies in order that the greatest possible amount of aid could be accorded those on relief.

Senator Shelly spoke of the activities during the recent special session of the State Legislature. He expressed his own opposition to the proposed return of relief to the counties, fearing that should the

administration of relief be so returned, San Francisco, and other liberal counties would suffer because of less liberal counties. The Governor, stated Mr. Shelly, had requested $73,500,000 for relief. That was cut to $21,000,000. However, final passage of that Bill was refused. Subsequently the present appropriation was made, vetoed by the Governor, and then passed by the legislature, over the Governor's veto. Senator Shelly had voted to sustain the Governor's veto.

Mr. Frank Y. McLaughlin, Director of Relief, presented figures obtained from the Division of Finance, indicating that on February 16, 1940, there was available for direct relief in San Francisco, the sum of $3,895,290, which would make any 40 per cent, or even 30 per cent cut in relief appropriations necessary. The deficit, at the most, would be only seven per cent.

Mr. Lawrence Rouble explained in detail, the financial condition of relief funds. He pointed out, also, that allotments were not made to counties, nor were allotments made on the basis of the case load, but on the actual number of individuals needing relief. That accounted for the fact that the average payments per case in San Francisco are $28.25, whereas, the average payment for the state is $32.25.

The Controller, in answer to questioning by the Chair, reviewed briefly the fiscal procedure of the City and County of San Francisco, and stated that there were no funds available for relief.

Thereupon, Mr. Ward renewed his request that the sum of $96,750 per month be found for a very definite need. He was supported in his request by Mr. Alexander Noral, of the Workers' Alliance, and by Mr. Mack Posey, of the same organization, who urged that the Mayor declare an emergency, and provide funds, if necessary by means of a bond issue, to meet the situation.

In Hands of the Board

All citizens present, having been heard, the matter was taken into the hands of the Board.

Thereupon, Supervisor Uhl presented the following:

Governor Culbert L. Olson Requested to Call Special Session of State Legislature for Restoration of S. R. A. Deductions.

(Series of 1939)

Resolution No....., as follows:

Whereas, It is regrettable that budgets of persons on SRA are being reduced, and

Whereas, Said reduced budgets will be below reasonable standards of living, and

Whereas, Thousands of those on SRA are children, who will suffer due to undernourishment, and

Whereas, Due to reduced budgets and, therefore, an insufficient amount for rent, thousands will be evicted; therefore, be it

Resolved, That his excellency, Culbert L. Olson, Governor of California, be requested to immediately call a special session of the Legislature to provide sufficient funds to re-instate the budgets of persons on SRA.

Supervisor McGowan seconded Supervisor Uhl's motion for adoption thereof.

Discussion

After discussing briefly the foregoing Resolution, Supervisor Mead presented the following Resolution, announcing that he would request its adoption, should the foregoing resolution be adopted:

City Attorney to Draft Necessary Emergency Ordinance

Resolved, That when correct figures are available, it is the intention of this Board of Supervisors to direct the City Attorney to prepare the necessary emergency ordinance in accordance with the provisions of Sections 13 and 16 of the Charter in order to meet the serious emergency arising out of deductions in the Legislative appropriation for State Relief.

Objection to Foregoing Resolutions, and Reference Thereof to Committee

Thereupon, on the objection by Supervisor McSheehy, who announced that he intended to offer an amendment to the resolution presented by Supervisor Uhl, the foregoing resolutions were referred by the Chair to the Judiciary, Legislative and Civil Service Committee.

Suggested Method for Meeting Emergency

Supervisor Brown suggested that if there was a desire to meet the emergency caused by the reduction in SRA appropriation, there was one way by which such emergency could be met, and requested the Clerk to read Section 70.1 of the Charter providing for reductions from salaries and compensations of officers and employees of the City and County of San Francisco.

Announcement of Meeting of Committee

Supervisor McSheehy, Chairman, announced meeting of the Judiciary, Legislative and Civil Service Committee in the Chambers of the Board, for Saturday, March 9, 1940, at 10 A. M.

Request for Appointment of Committee to Visit the Governor

Supervisor Uhl moved that the President appoint a committee of three Supervisors to call on Governor Olson on Thursday, March 7, 1940, or at the earliest possible date, should he not be in Sacramento, to inform him of the deliberations of the Board at the current meeting.

Motion failed for lack of a second.

ADJOURNMENT

There being no further business, the Board, at the hour of 6:25 P. M., adjourned.

DAVID A. BARRY, Clerk.

MONDAY, MARCH 11, 1940, 2 P. M.

At the request of Supervisor McSheehy, the Clerk was directed to communicate with each member of the Board, explaining the details of the entire matter.

SPECIAL ORDER 3:00 P. M.

Notice of Sale of $1,000,000 of Tax Anticipation Notes

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 269, in

the amount of one million dollars ($1,000,000) to be received by the Board of Supervisors up to the hour of 3 O'clock P. M. on Monday, March 11, 1940, and to be opened by said Board at said time.

The Tax Anticipation Notes are described as follows, to wit:

Notes in the amount of one million dollars ($1,000,000) in denominations of ten thousand dollars ($10,000) each, to be dated as of the day of delivery thereof and to be payable to bearer on May 10, 1940, and issued under authority of Ordinance No. 269 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1939-1940 without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1939-1940 in which said money represented by said notes, respectively, shall be borrowed and shall be repaid from the first moneys recieved from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1939-1940 irrespective of the date the same shall be so received.

Said notes shall bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to May 10, 1940. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any and all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check or cashier's check for said five (5) per cent payable to David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit need exceed the sum of ten thousand dollars ($10,000); which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Dahlquist, Neff and Herrington, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes will be furnished to the successful bidder or bidders for said notes without cost.

BIDS

The following proposal for the purchase of $1,000,000 Tax Anticipation Notes, in denomination of $10,000 each, was received, opened, read and referred to the Finance Committee:

The Anglo California National Bank, Bankamerica Company, American Trust Company, by The Anglo California National Bank, Alger J. Jacobs, Representative—

For the $1,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed notice of sale, we hereby bid you par; in the denomination of $10,000 each; to be dated as of the day of delivery; and to be payable to bearer on May 10, 1940, and to bear interest at the rate of eighteen hundredths of one per cent (.18%) per annum, such interest to be paid at maturity of said notes.

Adopted

Subsequently during the proceedings, the following recommendation of the Finance Committee was received, read and adopted:

Sale of $1,000,000 Tax Anticipation Notes

(Series of 1939)

Resolution No. 874, as follows:

Whereas, Due notice was given as provided by Ordinance No. 269 that sealed proposals for the purchase of One Million ($1,000,000) Dollars Tax Anticipation Notes of the City and County of San Francisco would be received by the Board of Supervisors up to the hour of 3 o'clock P. M. on Monday, March 11, 1940, and opened and considered by said Board at said time; and

Whereas, The bid of The Anglo California National Bank, Bankamerica Company, American Trust Company, by The Anglo California National Bank, having been the only bid received; therefore be it

Resolved, That the bid of The Anglo California National Bank, Bankamerica Company, American Trust Company, by The Anglo California National Bank, Alger J. Jacobs, Representative, being the only bid offered, is hereby accepted, to-wit:

For the $1,000,000 par value Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed notice of sale, we hereby bid you par; in the denomination of $10,000 each; to be dated as of the day of delivery; and to be payable to bearer on May 10, 1940, and to bear interest at the rate of eighteen hundredths of one per cent (.18%) per annum, such interest to be paid at maturity of said notes.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Re-referred to Committee

SPECIAL ORDER—3:00 P. M.

Recommendation of Fire, Safety and Police Committee

FIRE ESCAPE REQUIREMENTS AND SPECIFICATIONS

Amending Sections 1300 and 1301 of Article 39, Chapter I, Part II, of the San Francisco Municipal Code, Relating to Fire Escape Requirements and Specifications.

(Series of 1939)

Bill No....., Ordinance No....., as follows:

Amending Sections 1300 and 1301 of Article 39, Chapter I, Part II, of the San Francisco Municipal Code, relating to fire escape requirements and specifications.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 1300 and 1301 of Article 39, Chapter I, Part II, of The San Francisco Municipal Code, relating to fire escape requirements and specifications, are hereby amended to read as follows:

Section 1300. *Fire Escapes Required.* For the proper and necessary protection of life and property all buildings hereinafter designated in this *section and code*, that are already erected and built or that may be hereafter erected and built in this City and County shall be provided and equipped with fire escapes as follows:

Every building that is occupied or so constructed as to be occupied by two (2) or more families on the third story, not having proper and sufficient exits or facilities for escape in case of fire and every building of four (4) or more stories in height, and every building used or occupied or so constructed as to be occupied as a theater, hospital, *sanitarium, orphanage, hotel,* tenement house, lodging house, apartment house, or for a factory, mill or manufactory, or for offices, workshop or public entertainments or assemblages above the second story, and every school building of more than two (2) stories in height, shall be provided and equipped with metallic fire escapes combined with suitable metallic balconies, platforms and railings, firmly secured to the outer walls, and erected and arranged in such a way and in such proximity to one or more windows or to as many windows of each story above the first as may be necessary to make and render said fire escapes readily accessible, safe and adequate for the escape of the inmates *or occupants* in case of fire.

Said fire escapes shall extend from the level of the ceiling of the first story to and over the roof, and shall be either vertical, metallic ladder fire escapes, metallic stair fire escapes, or other approved fire escapes, *approved by the Bureau of Building Inspection of the Department of Public Works and by the Division of Fire Prevention and Investigation. The Bureau of Building Inspection and the Division of Fire Prevention and Investigation shall determine the type, construction, location and number of fire escapes necessary and adequate on all such buildings to make the means of escape therefrom easy and safe to the inmates or occupants in case of fire.*

Said fire escapes are to be metallic throughout and fastened securely to the exterior walls of the building, with a balcony at each story above the first or ground floor thereof, with inclined stairways connecting all balconies and a goose-neck ladder extending from the topmost balcony to and over the roof. Where the lowest balcony of such fire escape is ten (10) *or more feet above the sidewalk or ground level directly under the same it shall be equipped with an approved, permanent, counterbalanced, mechanical or patented ladder or staircase of sufficient length to reach the ground.*

When the lowest balcony of such fire escape is less than ten (10) *feet above the sidewalk or ground level directly under the same, it shall be provided with a portable, metallic ladder of sufficient length to extend from the lowest balcony platform to the sidewalk or ground below, said ladder to be hung from the second* (2nd) *balcony when not in use, or to be hung from metallic brackets, securely fastened to the exterior wall of the building, adjoining the fire escape.*

The level of the inside sill of the door or window giving access to a fire escape balcony or to the balcony floor shall be not more than thirty inches above the adjoining floor of the building. Every such door or window opening shall be not less than twenty-nine (29) *inches in clear width, nor less than fifty-eight* (58) *inches in height. Windows or doors opening onto a fire escape shall be of a type that will not obstruct such fire escape.*

When double hung windows are used for such openings, the lower sash shall be at least the size of the upper sash and shall slide to the top of such opening. When such lower sash is sufficiently opened, the clear distance between the top of the window sill and the bottom of said lower sash shall be not less than twenty-nine (29) *inches. Any lock used on any such window shall be of a type which can be readily opened from the interior of the building without the use of a key or other tool.*

All fire escapes shall be erected and built as required by the provisions of Section 1301 *of this article and shall at all times be kept in good order and repair and free from any and all obstructions.*

Section 1301. *Specifications for the Types, Erection and Construction of Fire Escapes.*

Type No. 1. Every fire escape balcony platform shall be fastened to the outside walls of the building by building in and anchoring to such walls, the balcony platform and the balustrade framings, or by securely bolting the same thereto. Every balcony shall be supported by brackets, braces or struts fastened to or built in and anchored to the walls.

All metallic balconies shall be not less than 44 inches in width nor less than 33 square feet in area. The stairway opening therein shall be not less than 2 feet wide and 3 feet 6 inches in length, enclosed and protected on three sides.

The balcony balustrade shall be not less than 34 inches high, with no opening in such balustrade greater than 8 inches in horizontal dimensions.

Top rail of balconies to be not less than 1½ inches x ⅜ inches; the center rail to be not less than 1½ inches x 5/16 inches; the pickets or uprights in balconies to be not less than ¾ inches x ¼ inch.

There shall be no opening greater than 1 inch in width in a fire escape balcony platform, except the stairwell opening.

The grating bars on platforms of balconies shall be placed flat and shall be not less than 1½ inches wide x 5/16 inch in thickness and the size of the cross bearing bars carrying the gratings to be not less than 1½ inches wide x ⅜ inch.

The outside frames of all fire escapes carrying the gratings shall be 2 inch x 2 inch x 3/16 inch angle iron, shall extend all around the platform and they must be bolted through the wall of the building with bolts not less than ⅞ inch thick.

Platforms shall be supported by iron brackets constructed of not less than 4 inch "I" beams, not more than 5 feet apart and built into and anchored into the walls of masonry during construction of said walls and extending through and beyond the entire thickness of said walls and securely fastened thereto on the inside of said walls by two 4 inch x 4 inch x ¼ inch, thick angle "ells," either welded or bolted to the "I" beams at the inside wall line.

On frame buildings, platforms shall be supported upon iron brackets, constructed of not less than 3 inch "I" beams and not more than 5 feet apart and shall be built into and carried through the entire thickness of said walls and shall be securely anchored on the inside of the building, or each of the brackets may be of 3 inch channel iron, supported by not less than 6 inch x 6 inch x ⅜ inch hot rolled, angle iron, bolted through the frame of the building by not less than three ⅞ inch galvanized bolts.

Braces required to support the brackets shall be not less than 1½ inches x ½ inch and shall be set at an angle of not more than 45 degrees from the vertical, and bolted through the walls of the building by bolts of not less than ¾ inch.

All balconies shall be constructed with circular corners.

All brackets carrying balconies shall be bolted through the entire walls or studding and bolts shall be not less than ⅞ inch in diameter, provided with nuts and washers.

All rails and bearing beams shall extend through the walls or studding and have washers and nuts of not less than ⅞ inch on the same; or said rails and beams may be securely fastened to the face of the building by two ⅞ inch bolts extending through the wall and securely bolted through a ¼ inch, flat, iron plate flush with the interior of the wall.

Screws or lag screws shall not be used in the construction of fire escapes.

In frame building where the studding does not correspond with the measurements for supporting balconies and ladders, extra headers shall

be inserted between the studding and shall be of the same thickness as the studding.

The inclined stairways shall be not less than 18 inches in width and placed in no part nearer than 21 inches from the face of the wall. Such inclined stairways shall have an inclination of not less than 4 inches and not more than 6 inches, horizontally, to each 12 inches of vertical height and shall be made of side stringers and treads of not less than 4 inch x ¼ inch steel, treads must be turned down on ends and riveted well into each stringer at a distance of not more than 12 inches apart.

Each side of said stairway shall be provided with substantial railings of 1¼ inch pipe, the sides shall be well supported by suitable standards of 1¼ inch pipe at proper distances, viz.: four (4) standards to each run of steps and thoroughly bolted to the stringers.

The goose neck ladder shall be not less than 15 inches wide and extend vertically from the topmost balcony to three feet above the firewall or roof above, and then be brought down and fastened to the inside face of the firewall or to the roof, properly braced with braces fastened to the exterior wall of the building not more than 5 feet apart. The goose neck ladder shall be securely braced and fastened to the outside wall and in no case shall such ladder pass in front of any opening in the wall to the interior of the building.

The cornice opening for the passage of such ladder shall be not less than 30 inches in width and 30 inches in the clear, outside of the ladder.

The vertical metallic ladder shall be constructed according to the following requirements: Size of metal for the ladder, 2 inch x ⅜ inch; size of rungs, ¾ inch in diameter, placed not more than 12 inches apart and where vertical ladders join they shall be connected and bolted with not less than four (4) bolts on each side and shall be at least 8 inches from the building wall.

Fire escapes shall be framed and riveted or bolted together in a solid, substantial manner and properly supported, braced and fastened to the outside wall so as to be rigid, durable and secure and carry the loads imposed.

All metallic fire escapes shall be galvanized.

Type No. 2. Metallic ladders and stairways conforming to the provisions set forth for metallic fire escapes and with reinforced concrete, iron or steel fire-proofed balconies, with fastenings of similar materials. Such balconies to measure the full size inside of balustrades. Floor openings and well holes provided and protected similarly to the requirements for metallic balconies, provided, however, this type of fire escape may be permitted on the front, rear or side of any building facing a street or adjoining building where said street or said adjoining building is more than 70 feet distant, building line to building line.

Type No. 3. Any type of an enclosed, approved, metallic, spiral, fire escape which consists of a rigid form of an inclined chute or chutes constructed entirely of incombustible material; securely attached to the outside walls of the building; provided with proper means of ingress thereto from the building and egress therefrom at the bottom; having means of enabling firemen to reach the roof thereby from the ground; equipped with standpipes; painted the same as provided for metallic fire escapes; and satisfactory to the departments charged with the enforcement of this article as being solid, substantial and durable and as fireproof in construction and providing at least as safe and efficient means of escape from the building, for the occupants thereof, and furnishing all the protection and utility of the metallic fire escapes described as "type one" in this article.

Provided, however, that any building required to have a fire escape may, in lieu thereof, have an inside stairway in addition to the stair-

ways required by law, said additional stairway may also be known as a Fire Smoke Tower and shall be one of the following types:

Type No. 4. Fire and smoke towers, consisting of a fire escape stairway not less than 30 inches in width, constructed of reinforced concrete, iron or steel, or a combination of these materials; and in all other details as required in this article for metallic fire escape stairways; said stairways being continuous the full height of the building from the first floor exit level to the roof, and with handrails on each side thereof the full length of same. Such fire and smoke towers to be constructed at a point adjoining the exterior walls of the building and be entirely enclosed with walls of brick, terra cotta tile, concrete or reinforced concrete not less than 8 inches thick; such walls to be continuous from the basement up to and extending 3 feet above the roof of the building, with no covering of any kind over the fire and smoke tower unless that such covering is constructed of approved incombustible materials and that in the said covering there is provided permanent open louvers or other permanent, unobstructed, openings to the outer air and that such permanent open louvers or other permanent unobstructed openings shall be of an aggregate open area equivalent to fifty percent of the aggregate superficial area of the covering, and with no openings of the walls of such tower into the building. The enclosing walls of such tower not to be used to carry or support any floor joist, beam, girder or other structural feature of the building, nor to be chased for any pipe, conduit or other purpose; to have an exit from the enclosure at the first floor line opening directly to a street or yard, and having an entrance by means of an outside balcony at each floor, such balconies to have a solid floor and in all other details and kind of materials to be as in this article required for metallic fire escape balconies.

The balconies to be located and arranged to connect with a door opening from a public hallway to the interior of the building and with a door opening leading from the balcony to the tower, such door opening from the building to the balcony and from the balcony to the tower to be not less than 30 inches wide by 72 inches high and be equipped with metal lined doors and with a frame and threshold of such door openings constructed of fireproof materials.

Fire smoke tower metallic balconies of this type shall be provided with a vertical, metallic, ladder extending from 3 feet below the lowest balcony platform up to and over the firewall of the roof and then brought down and fastened to the inside face of the firewall or to the roof.

Said vertical metallic ladder shall be bolted together in a solid, substantial manner and properly supported to each balcony platform and braced to the wall of the building so as to be rigid, durable and secure to carry the loads imposed.

The metallic, vertical ladder shall be not less than 15 inches in width with the rungs 12 inches apart, the size of the metal for the ladders shall be not less than 2 inch x ⅜ inch. The size of the rungs for the ladder shall be not less than ¾ inch in diameter. Where splices are made in the ladders they shall be made by metal of the same size as the ladders, with not less than four ½ inch bolts to each splice.

Every building of four or more stories in height which is equipped with smoke tower balconies as described above shall have inside or outside of its exterior walls (if over 16 stories in height standpipe must be inside), a metal standpipe which shall extend from 4 feet above the sidewalk or ground level to and over the roof and rest on the firewall. Said standpipe shall have a siamese inlet attached 4 feet above the sidewalk or ground level; branches at each story to be accessible from the balcony, and a siamese outlet on the roof; all inlets, branches and outlets to be not less than 3 inch interior diameter and to have caps and chains and all branches and outlets to have a three inch gate valve.

The size of the standpipes, together with the number of inlets and outlets shall be in conformity with Article 40, Section 1325 of this Chapter, governing standpipe installations.

When a standpipe of this type is located on any part of a building other than a street front, the ground floor siamese inlet to said standpipe shall be extended to a point on the building designated by the Chief of the Division of Fire Prevention and Investigation, the location of said standpipe suitably marked, on a sign, at the siamese inlet, however, a standpipe of this type when installed in connection with a fire smoke tower balcony shall not exclude the installation of the standpipe already provided by Article 40 of this Chapter.

Type No. 5. A fire and smoke tower in every way similar to Type No. 4 of this section except that instead of the outside balcony there be built a vestibule with enclosing walls continuous with and of the same kind of materials and of the same thickness as the enclosing walls of the fire tower; that the vestibule opening be direct from a public hallway and be equipped with metal lined doors.

The vestibule floor to be of masonry construction. The enclosure to have an opening at each floor through the exterior wall of the building, such opening to extend from the floor to the ceiling and to be not less in width than ¾ the width of the tower, said opening to be protected with an open metallic balustrade similar to that specified for metallic fire escape balconies.

In any building hereafter erected in which there is constructed a fire smoke tower of Type No. 4 or Type No. 5, as described in this article, such fire smoke tower may be used and constructed as a stairway and fire smoke tower combined and computed as one of the fire smoke towers and one of the stairways further required by Article 38 of this chapter, provided that such combined fire smoke tower and stairway is not less than 3 feet 6 inches wide, and further provided that there is at least one other stairway in such building, constructed in accordance with the provisions of this chapter and such stairway extends to the ground floor level and opening into a fireproof passageway, not less than 4 feet wide that leads to a street or alley.

Any second hand or reconditioned fire escape will not be permitted unless the entire fire escape is re-galvanized.

All existing ordinances or parts of ordinances which conflict *in any manner with the foregoing sections of this ordinance are hereby repealed and revoked.*

March 4, 1940—Consideration postponed until March 11, 1940, at 3:00 P. M.

March 11, 1940—On motion by Supervisor Uhl, who explained that Fire Chief Brennan desires the inclusion in the foregoing, of an amendment which he will propose, the foregoing matter was re-referred to the Fire, Safety and Police Committee.

Yacht Harbor—Land Purchase Agreement

(Series of 1939)

Resolution No. 868, as follows:

Yacht Harbor—Land purchase agreement.

Resolved, in accordance with the recommendation of the Park Department, that the City and County of San Francisco, a municipal corporation, enter into a written agreement with Emmeline L. Bates for the right and privilege of using and purchasing the following described real property situated in the City and County of San Francisco, State of California:

All of Blocks 411 and 422, as per the current Assessor's Block Books of the City and County of San Francisco.

Said right to purchase said property and to use the same for municipal purposes prior to the acquisition thereof shall be upon the terms and conditions set forth in the written offer dated Feb. 17, 1940, from Emmeline L. Bates and this day presented to this Board for its approval. A copy of said offer is attached to the original of this resolution on file in the office of the Clerk of the Board of Supervisors. It is understood that the City and County of San Francisco may purchase the above described land for the sum of $134,707.00 according to the terms and conditions of said offer.

Be It Further Resolved, that said offer be and is hereby accepted. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute the necessary agreement on behalf of the City and County of San Francisco, a municipal corporation, for the right and privilege of using and purchasing said property subject to the terms and conditions of said offer.

Be It Further Resolved, that the sum of $5,000.00 be paid to Emmeline L. Bates from Appropriation No. 912.600.04 for the following described portion of said Block 422:

Referring to Civil Service Commission, Proposed Amendment to Salary Standardization Report Fixing Rate of Pay for Class S-106, Bus Operator, at 82½ Cents per Hour, and Requesting Report as to Other Changes and Costs Thereof Which Proposed Amendment Would Require to Maintain an Equitable Relationship With Other Rates in Said Schedule.

(Series of 1939)

Resolution No. 873, as follows:

Whereas, in accordance with the provisions of Section 151 of the Charter, the Board of Supervisors, through the Civil Service Commission, has caused a schedule of compensations to be proposed which schedule is known as the Salary Standardization Report submitted to this Board on February 7, 1940, and is now before this Board for adoption, amendment, or rejection; and

Whereas, it has been proposed to amend said schedule by including the classification S-106 Bus Operator, and to set a rate of pay of 82½c per hour; now therefore be it

Resolved, that the proposed amendment be referred to the Civil Service Commission in accordance with the provisions of said Charter, Section 151, for report as to what other changes and the costs thereof this proposed amendment would require to maintain an equitable relationship with other rates in said schedule.

Privilege of the Floor

Mr. Will Merryman, being granted the privilege of the floor on

motion by Supervisor Uhl, objected to the adoption of the foregoing resolution, holding that by its adoption, the Board would be taking the first step toward the approval of an illegal pay schedule. The proposed wage scale for bus operators is not in existence, and hence cannot be approved as the prevailing rate of pay.

Supervisors Roncovieri and Shannon, in answering Mr. Merryman, both explained that the purport of the proposed resolution was merely to obtain information.

Explanation of Vote

Supervisor Colman objected to the adoption of the foregoing resolution, stating that he agreed with Mr. Merryman that the adoption would be the start along the road over which there would be difficulty in returning. The desired information can be obtained without the adoption of the proposed resolution. The adoption of the resolution does have something of a binding effect on the Board, and Supervisor Colman desired not to be so bound by his vote, but to be free to act when the matter again is before the Board. Voting for the resolution may cause trouble later, he believed, and for that reason he intended to vote against its adoption.

Adopted

Thereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Ayes: Supervisors McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—7.

Noes: Supervisors Brown, Colman—2.

Absent: Supervisors McSheehy, Ratto—2.

Pledging the Inclusion of $50,000 in Budget for Fiscal Year 1940-41, for Purchase of Property on Lyon Street, Between Marina Blvd. and Jefferson Street, Adjoining Palace of Fine Arts, for Park Purposes.

(Series of 1939)

Resolution No. 872, as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby pledges itself to include a sum not to exceed $50,000 in the 1940-41 budget under the classification of Capital Expenditures for the purchase, by the City, of private property on Lyon Street between Marina Boulevard and Jefferson Streets adjoining the Palace of Fine Arts for park purposes.

March 4, 1940—*Presented by Supervisor Mead and referred to Finance Committee.*

Proposed Reference to Park Commission

Supervisor Colman, having been informed that the foregoing proposed purchase of land had not been referred to the Park Commission, moved that it be so referred for report and recommendation. Motion seconded by Supervisor Brown.

In support of his motion, Supervisor Colman stated that since the conduct of the various parks is given to the Park Commission, that Commission should be consulted as to whether or not any property should be purchased and dedicated for park purposes. It was not known, he contended, whether or not the Commission desired this particular property. The Commission's desires should be known before adopting the proposed resolution.

Supervisor Brown supported the views of Supervisor Colman.

Privilege of the Floor

Mrs. Blake, a resident in the Marina District, on being granted the privilege of the floor, asserted that she had worked for the preservation of the beauty of the Palace of Fine Arts' surroundings for more than ten years, and had many times contacted the Superintendent of the Parks, and the Park Commission, and knew that the Commission was strongly in favor of the acquisition of the property in question, and its dedication for park purposes.

Motion Failed

Thereupon, the roll was called and the motion to refer the proposed resolution to the Park Commission failed by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Explanations of Votes on Adoption

Before the roll was called on adoption, explanations of votes were made as follows:

Statement by Supervisor Brown:

I think the orderly method of procedure was as suggested by Mr. Colman. I think reference should have been made to the Park Commission, or the Commission should have been represented here. However, I think it will be a good thing to add this to the holdings around the Palace of Fine Arts. It is too bad the entire block was not purchased some years ago. I have no objection to placing money in the budget for the purchase of this property with the understanding, of course, that the Park Commission will accept the responsibility of property.

Statement by Supervisor Colman:

Supervisor Colman was opposed to the proposed purchase. He stated he had gone along in the matter of Gas House Cove, but there must be a limit to what should or could be done. He called attention, also, to what would possibly be one of the highest tax rates ever required in San Francisco. A commitment had just been made to appropriate $75,000 for a low cost housing project in Chinatown. $250,000 has been pledged for the exposition. Large additional appropriations must be made to meet increases in salary for institutional workers made necessary by charter amendment. Increased requirements for bond interest and redemption, and decrease in estimated revenues receivable represent more than twenty-two cents in the tax rate. All these things, plus an estimated increase of $410,000 for unemployment relief and some $175,000 for wage increases for per diem employees make probable one of the highest jumps in the tax rate that San Francisco has ever known. For these reasons, it does not seem reasonable to make this appropriation. In his opinion, also, the construction of the proposed three homes on the property in question would not in the least hurt the Palace of Fine Arts or the beauty of its surroundings. On the other hand, Supervisor Colman stated he believed there were many more important things that the city needed. The acquisition of the property for park purposes was a luxury not called for when all the facts are considered. The Palace of Fine Arts, he repeated, would not be hurt. The Board must be practical, and accordingly, he would vote against adoption of the proposed resolution.

Adopted

Thereupon, the roll was called and the foregoing resolution was adopted by the following vote:

Whereas, the City and County of San Francisco is constructing, under P.W.A. regulations, a main sanitary sewer extending from the Hassler Health Home in San Mateo County easterly through San Mateo County and the City of San Carlos to the San Francisco Bay;

And Whereas, it is the policy of the P.W.A. Administration not to permit any additional untreated sewage to be discharged into a body of water adjoining inhabited territory;

And Whereas, the Regional Director of the Federal Works Agency, P.W.A., requests assurance that this policy will be adhered to by the City of San Francisco;

And Whereas, it is the policy of the City and County of San Francisco to cooperate with the P.W.A. authorities in this matter;

Therefore, Be It Resolved, that the City and County of San Francisco grant no permits for any future raw sewage connections to be made to the Hassler Health Home main sanitary sewer until such time as a treatment plant is constructed at the San Carlos outfall.

Recommended by the Director of Public Works.

Approved by the Chief Administrative Officer.

Approved as to form by the City Attorney.

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Passage for Second Reading

Adding Section 158 to Article 3, Chapter V, Part II, of the San Francisco Municipal Code Providing for Establishment and Maintenance of Nursing Homes.

(Series of 1939)

Bill No. 598, Ordinance No. ....., as follows:

An ordinance amending Article 3, Chapter V, Part II, of the San Francisco Municipal Code, by adding thereto a new section to be known as Section 158, providing for "Establishment and Maintenance of Nursing Homes."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 158 is hereby added to Article 3, Chapter V, Part II, of the San Francisco Municipal Code, which section shall read as follows:

Sec. 158. Establishment and Maintenance of Nursing Homes. No person, firm, corporation or association shall hereafter erect, establish or maintain any nursing home without first obtaining a permit from the Department of Public Health as in this section provided.

(a) Definitions. For the purpose of this section, a nursing home is hereby defined to be a building or structure having accommodations for one or more but not more than eight (8) invalid, infirm, aged, senile, injured or convalescent inmates, where a charge is made for the care of said inmates, and whether or not, in the care or treatment of said inmates, use is made of drugs, medicines, electrical or physiotherapeutical procedures.

(b) Permits. The Department of Public Health shall have power to and shall issue annual permits for nursing homes hereafter established; and as to original applications for permits, subject to the prior approval of the City planning Commission as to compliance with ordinances administered by the City Planning Commission, the Department of Public Health shall follow the provisions of Section 22 and 27, Article I, Part III of this Code, and in addition thereto the property owners of all property within 200 feet of the exterior boundary lines of the applicant's property shall be notified by the Department of Public Health, in writing, of the nature of the application and the time and place of hearing, and the applicant shall furnish the Department of Public Health with a verified list of the names and addresses of said property owners, and in passing upon the application the Department of Public Health is empowered to give consideration to the possible adverse effect of the proposed use upon adjoining property and approval or disapproval of the application may be predicated upon such grounds. The Department of Public Health shall issue a permit to each nursing home existing at the time this section becomes effective, provided said nursing home is erected in compliance with existing fire, health and safety laws, and if not so erected, if compliance is had therewith within thirty (30) days after written notice by the Department of Public Health of the particulars wherein non-compliance exists. Every permit shall specify the name and residence of the licensed person, firm, association or corporation, the location of the structure and the number of persons permitted to be housed or cared for therein. Any permit shall be revocable for cause by the said Department of Public Health, after hearing before said Department upon service upon the holder of the permit, not less than ten (10) days before the hearing, of a written notice of time and place of hearing and written statement of the charges, in any case where the provisions of this section, or of any fire, health or safety law has been violated and said violation has continued for more than ten (10) days after service upon the holder of said permit of a written statement by the Department of Public Health of the particulars wherein said violation exists.

The Department of Public Health shall have the authority to establish health and sanitation requirements for permittees after thirty (30) days notice to all existing permittees and a hearing upon the subject.

(c) Types of Buildings. No nursing home now or hereafter established shall be housed in a structure of frame construction, if said structure is designed to have accommodations for more than five (5) inmates. Any such nursing home hereafter established, and having accommodations for not more than five (5) inmates, may be of frame construction if the same complies with all of the regulations and laws of the

Bureau of Building Inspection, Department of Public Works, the Bureau of Fire Prevention and Public Safety and of the Department of Public Health, as of the date of the application for a permit. No inmate shall be housed or cared for in any attic, basement or cellar. Where more than five (5) inmates are housed in a nursing home the building shall be of Class A or B construction.

(d) Registers. The holder of a permit shall keep a register, in form approved by the Department of Public Health, wherein shall be entered the names and addresses, date of entry and date of discharge of all inmates.

(e) Transfer of Permits. No permit issued pursuant to this section shall be sold, assigned or transferred without written permission of the Department of Public Health.

(f) Inspection. The Department of Public Health, its officers and representatives, and all duly appointed or elected Health Officers, shall at all reasonable times have the right to enter and inspect the said nursing homes and to inspect the permit and register thereof and to require compliance with this section.

Passed for second reading by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Amending Section 157, Chapter V, Article 3, Part II, San Francisco Municipal Code

(Series of 1939)

Bill No. 599, Ordinance No. ....., as follows:

An ordinance amending Section 157, Chapter V, Article 3, Part II, San Francisco Municipal Code, providing for the establishment and maintenance of hospitals, by deleting therefrom "Nursing Homes."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sec. 157, Chapter V, Article 3, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

Sec. 157. Establishment and Maintenance of Hospitals. No person, firm, corporation or association shall hereafter erect, establish or maintain any hospital *or* health institution or nursing home without first obtaining a permit from the Department of Public Health as in this section provided.

(a) Definitions. For the purposes of this section a *hospital or* health institution is hereby defined to be a building or structure having accommodations for more than three sick, invalid, infirm, aged, convalescent, mentally ill, feeble-minded, incompetent, decrepit, disabled, injured, infected, or chronically ill persons, where a charge is made for the care of said persons, and whether or not, in the care or treatment of said persons, use is made of drugs, medicines, surgical, electrical or physiotherapeutical procedures; *but shall not include nursing homes as such are defined in Section* 158 *of this chapter.*

(b) Permits. The Department of Public Health shall have power to and shall issue permits for hospitals *and* health institutions hereafter established. The Department of Public Health shall issue a permit to each hospital *and* health institution existing at the time this section becomes effective, provided said hospital *or* health institution is erected in compliance with existing fire, health and safety laws, and if not so erected, if compliance is had therewith within thirty (30) days after written notice by the Department of Public Health of the particulars

wherein non-compliance exists. Every permit shall specify the name and residence of the licensed person, firm, association or corporation, the location of the structure and the number of persons permitted to be housed or cared for therein. Any permit shall be revocable for cause by the said Department of Public Health, after hearing before said Department upon service upon the holder of the permit, not less than ten (10) days before the hearing, of a written notice of time and place of hearing and written statement of the charges, in any case where the provisions of this section, or of any fire, health or safety law has been violated and said violation has continued for more than ten (10) days after service upon the holder of said permit of a written statement by the Department of Public Health of the particulars wherein said violation exists.

(c) Types of Buildings. No hospital *or* health institution hereafter established shall be housed in a structure of frame construction, if said structure is designed to have accommodations for more than five (5) inmates. Any such hospital *or* health institution hereafter established, and having accommodations for not more than five (5) inmates, may be of frame construction if the same complies with all of the regulations and laws of the Bureau of Building Inspection, Department of Public Works, the Bureau of Fire Prevention and Public Safety and the regulations of the Department of Public Health, as of the date of application for a permit. No inmate shall be housed or cared for in any attic, basement or cellar.

(d) Registers. The holder of a permit shall keep a register, in form approved by the Department of Public Health, wherein shall be entered the names and addresses, date of entry and date of discharge of all inmates.

(e) Transfer of Permits. No permit issued pursuant to this section shall be sold, assigned or transferred without written permission of the Department of Public Health.

(f) Inspection. The Department of Public Health, its officers and representatives, and all duly appointed or elected Health Officers, shall at all reasonable times have the right to enter and inspect the said hospitals *and* health institutions, to inspect the permit and register thereof and to require compliance with this section.

Approved as to form by the City Attorney.

Passed for second reading by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Adopted

The following recommendation of His Honor the Mayor was taken up:

Resolution Granting Permission to City Attorney to Leave the State

(Series of 1939)

Resolution No. 878, as follows:

Resolution granting permission to City Attorney to leave the State.

Resolved, that pursuant to the request of the Mayor permission is hereby granted to John J. O'Toole, City Attorney, to absent himself from the State of California for a period not exceeding sixty days

from March 17, 1940, for the purpose of appearing before the Supreme Court of the United States in litigation affecting the City and County of San Francisco.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Adopted

The following recommendations of the Judiciary Committee were taken up:

Governor Culbert L. Olson Requested to Call Special Session of State Legislature for Restoration of S. R. A. Deductions.

(Series of 1939)

Resolution No. 879, as follows:

Whereas, It is regrettable that budgets of persons on S. R. A. are being reduced, and

Whereas, Said reduced budgets will be below reasonable standards of living, and

Whereas, Thousands of those on S. R. A. are children, who will suffer due to undernourishment, and

Whereas, Due to reduced budgets and, therefore, an insufficient amount for rent, thousands will be evicted; therefore, be it

Resolved, That his excellency, Culbert L. Olson, Governor of California, be requested to immediately call a special session of the Legislature to provide sufficient funds to re-instate the budgets of persons on S. R. A.

Discussion

Before discussion was had on the foregoing Resolution, the Clerk, at the request of Supervisor Uhl, read, also, the resolution immediately following.

Supervisor Uhl, thereupon announced that both resolutions, bearing on the same subject, should be considered together, although he considered the first resolution, requesting the Governor to call a special session of the state legislature for the restoration of SRA deductions, should be adopted first, since, in his opinion, the governor should first be requested to call such special session, and, then, if necessary, Mr. Chambers should be contacted, as proposed by the second resolution.

Supervisor McSheehy, in reporting on the deliberations of the Judiciary Committee, stated that the committee felt an injustice had been done to some 11,200 citizens of San Francisco on SRA; that there was a sufficient amount on hand to pay those on relief the full amount originally given to them, and that a committee of the Board should wait upon Mr. Walter Chambers, Administrator of the SRA, and request that San Francisco be allowed the amount originally received. San Francisco's annual contribution to the state, through taxes, is greater, in proportion to her population, than that of any other political subdivision in the entire state, and accordingly her citizens on relief should not be penalized.

Supervisor McGowan expressed his views stating that the people on relief cannot live decently on the cuts made by SRA. The responsibility for those cuts should be placed where they belong, and that is on the state legislature and the governor, and not on San Francisco or any other city in the state. It is purely a matter of politics. As long as the state insists on administering relief, the state should do it properly.

The governor should call a special session of the legislature, and the proposed resolution, therefore, should be adopted.

Supervisor Brown agreed with the views expressed by Supervisor McGowan, that a great injustice had been done, and one that was entirely unnecessary. Money that had been appropriated for SRA had, during the first seven and one-half months been spent too generously. Now it is absolutely necessary that the state legislature appropriate more money. However, had the money been spent in 1940 on the same basis as it had been in 1939, $4,000,000 would be enough to meet requirements. The responsibility for the increased expenditures belongs in Sacramento, not in San Francisco. The legislature did its part when it apppropriated $4,000,000, which should have been enough money. He proposed, however, the following amendment:

In the "Resolve," after the word "legislature" delete the comma and the words following, and substitute therefore, the following: "for the purpose of reconsideration of the budgeting of SRA funds and towards the end of reinstatement of budgets of persons on SRA."

The "Resolve" would then read as follows:

"Resolved, That his Excellency, Culbert L. Olson, Governor of California, be requested to immediately call a special session of the Legislature for the purpose of reconsideration of the budgeting of SRA funds and towards the end of reinstatement of budgets of persons on SRA."

Motion for foregoing amendment accepted by Supervisor Uhl, author of the resolution under consideration.

Supervisor Roncovieri presented telegram, addressed to himself reading as follows: "This Board is opposed to assumption by local administration of any part of the state's responsibility for unemployment relief. We feel that the state should hold to its full responsibility of making these payments and be forced to greater economy in relief administration. Signed, Leslie E. Burke, Manager of San Francisco Real Estate Board."

Mr. Frank Y. McLaughlin, Director of Relief, in reply to question by Supervisor Colman, expressed the opinion that if the Board of Supervisors desires that the clients of SRA receive their budgets without any cuts, no very useful purposes would be served by the adoption of the proposed resolution, because of the length of time necessary before such special session of the legislatures could be called, and if called, the time that would elapse before action could be taken. He favored the resolution immediately following, as did Mr. McAuliffe.

Following the suggestion by the Chair, and after lengthy discussion by Mr. McLaughlin, Supervisor Roncovieri moved that both resolutions be drawn as one; that the resolution requesting appointment of a committee to confer with SRA officials re equitable apportionment of available unemployment funds to San Francisco be permitted to remain as drawn, except that there be added thereto, as an additional "resolve," the "resolve" in the resolution requesting the governor to call a special session of the legislature for restoration of SRA deductions.

Motion seconded by Supervisor Colman, who stated he felt there was merit in the proposal, and that the approval thereof would insure a logical business-like method of procedure. Should the committee seeking the re-apportionment of available unemployment relief funds not succeed, then the governor could be requested to call a special session of the legislature.

Supervisor McSheehy objected to the proposed amendment. He considered both resolutions should be adopted, as recommended by the Judiciary Committee.

After brief discussion, during which Supervisor Roncovieri answered objections by Supervisor McSheehy, the roll was called and the motion

to provide for the consolidation of the two resolutions, was defeated by the following vote:

Ayes: Supervisors Brown, Colman, Roncovieri—3.

Noes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Shannon, Uhl—7.

Absent: Supervisor Schmidt—1.

Explanation of Vote

Before the roll was called on the resolution proposing that the governor call a special session of the legislature, Supervisor Colman announced his intention to vote "No" thereon, stating that he did not believe the interests of the people would be best served thereby. He had, he stated, the welfare of the people just as much at heart as did anyone in the room, and he would vote for the resolution proposed by Supervisor McSheehy, requesting an appointment of a committee to confer with SRA officials re equitable apportionment of available unemployment relief funds to San Francisco, because he believed that the logical, proper method of handling the matter. He did not feel any good would come from calling a special session of the legislature.

Adopted

Thereupon, the roll was called and the resolution, amended to read as follows, was adopted by the following vote:

Governor Culbert L. Olson Requested to Call Special Session of State Legislature for Restoration of SRA Deductions

(Series of 1939)

Resolution No. 879, as follows:

Whereas, It is regrettable that budgets of persons of SRA are being reduced, and

Whereas, Said reduced budgets will be below reasonable standards of living, and

Whereas, Thousands of those on SRA are children, who will suffer due to undernourishment, and

Whereas, Due to reduced budgets and, therefore, an insufficient amount for rent, thousands will be evicted; therefore, be it

Resolved, That his excellency, Culbert L. Olson, Governor of California, be requested to immediately call a special session of the Legislature for the purpose of reconsideration of the budgeting of SRA funds and towards the end of reinstatement of budgets of persons on SRA.

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

No: Supervisor Colman—1.

Absent: Supervisor Schmidt—1.

Immediately following the foregoing "roll call" Supervisor Schmidt who had been recorded as "absent," announced that he had been called from the Chambers on an emergency, but had he been in the room when the roll was called, he would have voted "Aye."

Adopted

Requesting Appointment of Committee to Confer with S.R.A. Officials re Equitable Apportionment of Available Unemployment Relief Funds to San Francisco.

(Series of 1939)

Resolution No. 880, as follows:

Whereas, It is regrettable that budgets of persons on S.R.A. are being reduced; and

Whereas, Said reduced budgets will be below reasonable standards of living; and

Whereas, Thousands of those on S.R.A. are children, who will suffer due to undernourishment; and

Whereas, Due to reduced budgets and, therefore, an insufficient amount for rent, thousands will be evicted; and

Whereas, This Board has been reliably informed that the amount of S.R.A. funds to provide unemployment relief in San Francisco is substantially less than San Francisco's contribution to the General Fund of the State from which unemployment relief payments are made; and

Whereas, From July 1, 1939 to December 1, 1939, the latest dates for which figures are available, the S.R.A. provided an average of 10.8% of all S.R.A. funds available for unemployment relief for San Francisco; and

Whereas, If the S.R.A. will continue during the months of March, April and May, 1940, to provide a similar percentage for San Francisco this Board will consider such apportionment of unemployment relief funds to be equitable; now, therefore, be it

Resolved, That a committee of this Board and a nominee of the Public Welfare Commission be appointed to consult immediately with Walter Chambers, Administrator of the S.R.A., requesting that the S.R.A. make an equitable apportionment of available unemployment relief funds to San Francisco and report the result of this meeting immediately to this Board.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Explanation of Vote

Before the foregoing roll was called, Supervisor Colman announced his intention to vote "Aye," because he believed the resolution was a sound businesslike method of handling the matter. Mr. Chambers has the right to grant the request, and if he does so, the whole problem is solved.

Appointment of Committee

Whereupon, the chair pursuant to authorization by the resolution just adopted, appointed the members of the Judiciary Committee to wait upon Mr. Chambers.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted

The following recommendation of the Judiciary Committee was taken up:

Directing City Attorney to Defend Action Brought Against Police Officers

(Series of 1939)

Resolution No. 881, as follows:

Resolved, That this Board of Supervisors, pursuant to provisions contained in Section 26 of the Charter of the City and County of San Francisco, does hereby direct the City Attorney to defend Superior Court action No. 293276, brought by Marshall Shelton against Walter Pullen, et al., Police Officers of the City and County of San Francisco, for alleged mistreatment committed while engaged in the conduct of their official duties.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Finance Committee—To Study New and Equitable License Taxes

(Series of 1939)

Supervisor Colman presented Resolution No....., as follows:

Whereas, It appears that the Mayor and Supervisors will be confronted with mandatory increases in governmental appropriations that may result in considerable increase in the tax rate, and

Whereas, The Board of Supervisors recently repealed a number of license taxes that were based on the principle of licensing for revenue only, and

Whereas, With the threatened increase in expenditures, it is important that studies, for the equitable production of further revenue, be made; now, therefore, be it

Resolved, That the Finance Committee be and is hereby requested to immediately study the matter of new and equitable license taxes and make its recommendation to the Board of Supervisors; and be it

Further Resolved, That in the functioning of the Finance Committee, the cooperation of those business and civic organizations who made offers of cooperation to the Board of Supervisors during consideration of the repeal measures, be invited.

Referred to Finance Committee.

Adopted

The following recommendation of His Honor, the Mayor, was taken up:

Leave of Absence—Honorable John F. McGowan, Member Board of Supervisors

(Series of 1939)

Resolution No. 882, as follows:

Resolved, That in accordance with the recommendation of His Honor,

the Mayor, Hon. John F. McGowan, a member of the Board of Supervisors, is hereby granted a leave of absence for a period of two weeks, commencing March 16, 1940, with permission to leave the State.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Reference to Retirement System for Report, Proposed Amendment to Retirement Ordinance

The City Attorney, pursuant to request made at the meeting of March 4, 1940, advised the Board that the proposed legislation, recommended by the Fire, Safety and Police Committee, re Heart Trouble or Pneumonia Developed in Line of Duty by Members of Fire and Police Departments, since it did not propose any increased benefits, but placed the burden of proof of origin of illness on the Retirement System rather than on the individual, did not require report from the retirement system before it could be enacted.

Privilege of the Floor

Mr. James Quigley, representing the Police Department, and Mr. Callahan, representing the Fire Department, explained the purport of the proposed legislation, and urged final passage thereof.

Supervisor Colman objected to passage, stating that regardless of what had been said, he felt the enactment of the ordinance would impose an additional burden on the retirement system, and he believed that the Board should have a report thereon from the system.

Final Passage

Thereupon, the following recommendation of the Fire, Safety and Police Committee, heretofore passed for second reading, was taken up:

Recommended by Fire, Safety and Police Committee

Adding Sections 268 and 269 to Article 3, Part 1, of the San Francisco Municipal Code re: Heart Trouble or Pneumonia Developed in Line of Duty by Members of Fire and Police Departments.

(Series of 1939)

Bill No. 557, Ordinance No....., as follows:

Amending Article 3, Part I of the San Francisco Municipal Code, relating to Employees Retirement System by adding thereto, two new sections to be known as Section 268 and Section 269.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The San Francisco Municipal Code is hereby amended by adding to Article 3, Part I thereof, the following sections which read as follows:

Section 268. Whenever any member of the Police Department or Fire Department shall become incapacitated for the performance of his duty on account of heart trouble or pneumonia which develops or manifest itself while such member is in the service of his department, such heart trouble and such pneumonia shall be presumed to arise out of and in the course of his employment unless there is evidence to the contrary.

Section 269. The provisions of Section 268 shall apply only to members of the Police and Fire Departments respectively, who shall have served five or more years in one or both of said departments.

Finally passed by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

No: Supervisor Colman—1.

Providing for the Handling and Distribution of Documents and Providing for a Charge Therefor, and Rescinding Resolution No. 2732.

(Series of 1939)

Supervisor McGowan presented Resolution No. ....., as follows:

Providing for the handling and distribution of documents; providing a charge therefor, and rescinding Resolution No. 2732.

Resolved, That the Purchaser of Supplies shall have general supervision of the handling and distribution of all publications printed for any department, office, board or commission. The custody of all printed publications subject to public distribution, except as otherwise provided by law, shall be committed to the Purchaser of Supplies.

Further Resolved, That the Purchaser of Supplies shall dispose of or sell any of said documents or printed publications under such conditions and at such price as shall be fixed by the Purchaser of Supplies, with the concurrence of the Controller, in order to adequately cover the cost of printing, handling and distribution thereof.

Further Resolved, That when funds have been provided, the Purchaser of Supplies may publish such manuals, documents, pamphlets, bulletins or other publications as may be deemed for the best interests of the City and County or for information, upon the recommendation of a department head, and with the approval of the Chief Administrative Officer, Board or Commission.

The cost of handling and distribution by the Purchaser of Supplies in accordance herewith, shall be payable out of the departmental funds referred to in this section, subject to the provisions of Section 77 of the Charter.

Further Resolved, That all moneys received from the sale of documents or printed publications, shall be paid as revenue into the City and County Treasury to the credit of the fund from which the cost of the printing of the manuals, documents, pamphlets or other publications sold shall have been paid.

Further Resolved, That copies of publications of the Board of Supervisors required for the use of a City and County Department shall be furnished without charge. The Purchaser of Supplies shall upon requisition from the Clerk of the Board of Supervisors furnish, free of charge, copies of publications for distribution to such governmental agencies, persons, or institutions affected with a public interest outside San Francisco as request them, and which, in the opinion of the Clerk, are entitled to them by reason either of reciprocation or policy.

Resolution No. 2732 is hereby rescinded.

Referred to Finance Committee.

Appointment of Committee for Columbus Day—October 12, 1940

(Series of 1939)

Supervisor Ratto presented Resolution No. 883, as follows:

Resolved, That his Honor the Mayor is hereby authorized and

requested to appoint a Citizens' Committee to make arrangements for the proper observance of Columbus Day, Saturday, October 12, 1940.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.—10.

Absent: Supervisor Shannon.

Mayor Request to Appoint Citizens Committee for Dedicatory Ceremonies Incident to Placing of Statue "Pioneer Mother" at Exposition and Future Location in San Francisco.

(Series of 1939)

Supervisor Schmidt presented Resolution No. 884, as follows:

Whereas, The statue of the "Pioneer Mother" is to be rehabilitated and temporarily placed on "Treasure Island" during the Exposition prior to its replacement in a suitable permanent location in San Francisco; and

Whereas, The proper rehabilitation of this monument is of interest to all civic minded San Franciscans, and it would seem fitting and proper that suitable ceremonies should be held when the monument is replaced both in its temporary location on the fair grounds and in its future permanent location in San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco respectfully request that His Honor the Mayor appoint a citizens committee to arrange for the holding of two such dedicatory ceremonies.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl.—10.

Absent: Supervisor Shannon.

Requesting Mayor to Proclaim April 7-13 "Sanitary Plumbing Week"

(Series of 1939)

Supervisor Schmidt presented Resolution No. 886, as follows:

Whereas, In the past few decades in San Francisco great strides have been made in sanitation, in sanitary conveniences and in the suppression of hazards to the public health through the intelligent study and effective work initiated and prosecuted by the Plumbing Industry; and;

Whereas, There is room for even greater improvement in this field, which concerns itself with the health and convenience of the public; and

Whereas, Little recognition or acclaim has been accorded this Industry, so vital to the health, comfort and welfare of our people, particularly in the congested areas; and

Whereas, It is prudent to present for public consideration the benefits made available through the efforts of this Industry; now, therefore, be it

Resolved, That his Honor the Mayor be and he is hereby requested to issue a proclamation declaring April 7 to April 13, to be "Sanitary

Plumbing Week," during which educational work in connection with the Plumbing Industry shall be conducted for the benefit of the public.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—10.

Absent: Shannon—1.

Memorializing President Roosevelt to Have Congress Make Appropriation for WPA to Avoid Slash in WPA Rolls in California.

(Series of 1939)

Supervisor Uhl presented Resolution No....., as follows:

Whereas, Available information leads to the conclusion that there will be a 40% slash of WPA rolls in California between March and July of 1940, and that the average WPA employment during the next fiscal year will be 27% below the average for the present fiscal year, and

Applying these figures to San Francisco, a justifiable procedure since changes in WPA employment are applied more or less uniformly throughout the State, would lead to the following conclusions relative to WPA employment in San Francisco:

1. Since present total certified WPA State project employment in San Francisco now stands at 11,700 persons and will continue at that level through April, we can expect the 40% reduction to bring it down, to say about 7,000 persons during May and June.
2. Since total certified WPA State project employment in San Francisco will have averaged about 10,000 persons during the fiscal year ending June 30, 1940, a 27% reduction would make the average about 7,300 persons during the fiscal year ending June 30, 1941.
3. Practically the entire unemployment relief case load will be divided between WPA and SRA. Those cases not provided for by WPA will have to come to SRA for help. Therefore, if WPA employment quotas are not maintained at or expanded above present levels the SRA case load in San Francisco can be expected to grow.

And, Whereas, A cut in WPA employment will bring about much distress, especially to children of parents on WPA; now, therefore, be it

Resolved, That His Excellency, Franklin D. Roosevelt, President of the United States, be requested to have the Congress, now in session, appropriate the necessary funds to avoid a slash in WPA rolls in California.

Referred to Public Welfare Committee.

Privilege of the Floor

Mr. James E. Ricketts, being granted the privilege of the floor on motion by Supervisor Mead requested a special meeting of the Board in order to consider salary standardization for per diem crafts. He requested that the Finance Committee be prepared to report thereon, also, at that same meeting.

Motion to Recess

Whereupon, Supervisor Mead, seconded by Supervisor McGowan, moved that the Board, at the conclusion of the day's business, recess to reconvene on Wednesday, March 13, 1940, at 3 p. m.

No objection, and so ordered.

Correction of Misunderstanding re Suggested Method of Meeting SRA Emergency

Supervisor Brown requested the privilege to correct a misunderstanding with respect statement made by him during the Wednesday special meeting of the Board. He stated that he had merely requested the Clerk to read Section 70.1 of the Charter, which provides for salary deductions from city officials and employees. He then pointed out to those members of the Board who were appealing to the sympathies of the audience by announcing their undying friendship to the unemployed and their willingness to appropriate money that they could get it by the simple expedient of putting into practice the section just read. He did not advocate such deductions from the salaries of city employees, but expressed the opinion that the problem was one for the State of California, and not for the City and County of San Francisco to provide for the relief of the unemployed employables.

Use of Small Parks as Playgrounds

Supervisor Colman announced that he would call a meeting of the Education, Parks and Recreation Committee for Thursday, March 14, 1940, to consider requests from various Parent-Teacher groups that some of the smaller parks be used as playgrounds.

Conferring Honorary Citizenship of San Francisco on Mr. H. K. S. Williams

Supervisor Colman presented and read the following communication from Mr. Thomas C. Howe, Jr., Director of the California Palace of the Legion of Honor:

March 11, 1940.

Mr. Jesse Colman,

Board of Supervisors,

City Hall, San Francisco, California.

Dear Mr. Colman:

Confirming my conversation with you this morning, I send you herewith information concerning Mr. H. K. S. Williams and his benefactions to the California Palace of the Legion of Honor.

In 1929 Mr. H. K. S. Williams, citizen of New York but a resident of Paris, together with his wife, Mildred Anna Williams, deeded to the California Palace of the Legion of Honor their private collection of paintings, tapestries and furniture, together with securities totaling approximately a million dollars in value. Since that time Mr. and Mrs. Williams have presented jointly to the museum one or two pictures a year. Last August Mrs. Williams, who was a San Franciscan by birth, died unexpectedly in Beverly Hills.

According to the terms of the Williams bequest, the collection deeded to the museum in 1929 could have been retained by Mr. Williams until his death. However, he very generously decided to present the collection to the museum at once. Accordingly, the entire collection of paintings, tapestries and furniture, which at that time was in their house at Paris, has been sent to San Francisco and will be formally opened to the public this coming Friday, March 15th.

The cash bequest, mentioned above, is to establish an endowment fund for the purchase of paintings for the permanent collection of the museum. This will come to the museum at Mr. Williams' death. I understand that this bequest is now worth in the neighborhood of three-fourths of a million dollars. However, the museum, according to the terms of Mrs. Williams' will, receives an outright cash bequest of fifty thousand dollars.

The collection which we place on exhibition this coming Friday, March 15th, consists of seventy-eight paintings, including distinguished

examples of the work of the masters of the various European schools of the 16th, 17th, 18th and 19th centuries, nine important tapestries and more than a dozen superb examples of French furniture of the 18th century. The collection is valued at upwards of one-half million dollars. Thus the gifts of Mr. and Mrs. Williams will total more than one million dollars.

In view of these splendid benefactions, it would seem fitting that Mr. Williams be made an honorary citizen of San Francisco. In respectfully submitting the request that Mr. Williams be made an honorary citizen of San Francisco, I am expressing the wishes of Mrs. Alma Spreckels Awl, Honorary President of the Board of Trustees of the California Palace of the Legion of Honor, who has already discussed this matter with his Honor, Angelo J. Rossi, Mayor of San Francisco. Mrs. Awl advises me that his Honor, the Mayor, is in sympathy with her request.

I should, therefore, be most grateful if you would present this matter to the Board of Supervisors at their meeting this afternoon. Mr. Williams is leaving for his home in New York within the next few weeks, and we feel that it would be eminently fitting if honorary citizenship could be conferred upon him on or before the occasion of the reception at the museum Friday, March 15th.

Respectfully yours,

THOMAS C. HOWE, JR., Director.

Thereupon, Supervisor Colman moved that the Board of Supervisors make Mr. H. K. S. Williams an honorary citizen of San Francisco and that an appropriate resolution carrying out the intention to do so, and all proper credentials, scrolls and certificates, be drawn, and that same be presented to Mr. Williams at some future ceremony to be decided upon, possibly in the Chambers, as soon as possible.

Motion carried by unanimous vote:

Authorizing Use of Supervisors' Cars at Annual Father Yorke Grave Pilgrimage on Palm Sunday

President Warren Shannon presented communication from Mr. Andrew J. Gallagher, requesting permission to use the Supervisors' cars at the annual Father Yorke Grave Pilgrimage, on Palm Sunday, March 17th.

Whereupon, on motion by Supervisor Mead, the use of the cars, as requested, was authorized.

Appointment of Committee to Request Governor Olson to Call Special Session of the Legislature

Supervisor Uhl presented a resolution requesting the President of the Board to appoint a committee of three to contact Governor Olson and to request him to reconvene the legislature for the purpose of restoring SRA deductions.

Objection to Suspension of the Rules

Supervisor Colman objected to the suspension of the rules.

Motion

Whereupon, Supervisor Uhl withdrew the proposed resolution and moved, as a substitute therefor, that the Chair appoint himself (Supervisor Uhl) to contact the governor and lay before him what had taken place in the meeting of the Board, and to ask his co-operation.

Motion seconded by Supervisor Shannon.

Objection and Withdrawal of Second

Thereupon Supervisors Colman, McSheehy and McGowan objected to the motion, and Supervisor Shannon announced, that in view of the objections voiced, he would withdraw his second thereto.

Meeting of Peninsula Division of League of California Cities

On motion by Supervisor McSheehy, seconded by Supervisor Mead, Supervisor Ratto, Chairman of the Streets Committee, was authorized to represent the Board at a meeting of the Peninsula Division of the League of California Cities, Burlingame, Thursday, March 21, 1940, at 6:30 p. m.

Supplemental Report from Civil Service Commission

The Clerk presented and read a communication from the Civil Service Commission, supplementing the Commission's report on Salary Standardization Schedules submitted under date of February 7, 1940, and requesting that said schedule be amended by adding thereto the classification of A160, Foreman Carpenter, D. P. W. at the rate of $230 for a five-day week basis and $275 for a six-day week basis, depending upon the time worked. Further amendment was requested by deletion from said schedule of classification O-216, Superintendent, Bureau of Sewer Repair, which was included in the report by error. These amendments were authorized by action of the Civil Service Commission on March 13, 1940.

Proposed Deletions of Various Classifications from Report of Civil Service Commission

The following resolution was presented by the Finance Committee:

Whereas, pursuant to Resolution No. 801 of the Board of Supervisors, the Civil Service Commission on February 7, 1940, submitted to the Board of Supervisors a report and recommendation for salary standardization schedules for certain per diem employments and related classifications as provided in Section 151 of the Charter; and

Whereas, under date of March 1, 1940, the City Attorney rendered to this board an opinion in which he advises that the Board of Supervisors in its judgment may omit classifications and schedules for employments which in its judgment are not related; and

Whereas, some of the rates proposed in the said recommendations of the Civil Service Commission are in dispute and in other instances the Board of Supervisors may in its judgment find that certain classifications contained therein are not directly related to other classifications in said report, and it is the desire of the Board of Supervisors to give further consideration to these matters;

Now, Therefore, Be It Resolved the following classifications and

proposed salary schedules are hereby deleted and ordered stricken from the said report and recommendations of the Civil Service Commission, and consideration of proposed schedules for the following classifications is hereby ordered postponed:

Objections

Representatives of the various groups and classifications not affiliated with the Building Trades Council objected to the deletions by the foregoing resolution, stating that neither they, nor the people whom they represented had been consulted in the matter, and it had been temporarily agreed by the Board that all per diem crafts were to be included in the proposed standardization schedule—not merely those crafts affiliated with the Building Trades Council.

In reply to questioning by Supervisor Colman, as to the authorship of the proposed resolution, Mr. James E. Ricketts, representing the Building Trades Council announced that the resolution was presented to the Finance Committee, by his organization. The Building Trades Council had no objection to the inclusion of other classifications in the proposed schedules, although it was insistent that action be taken to approve that portion of the salary standardization schedule report filed by the Civil Service Commission, in so far as it affected the crafts affiliated with the Building Trades Council.

Salary Standardization for Per Diem Men and Related Classifications

The following Bill was presented by the Finance Committee:

An ordinance fixing schedules of salaries and wages to be paid employees of the City and County in certain specified classifications whose salaries and wages are subject to the provisions of Section 151 of the Charter, and providing that the said schedules shall be effective for the fiscal year 1940-41.

Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service as specified herein which are subject to the provisions of Section 151 of the Charter.

Section 2. Employees legally occupying positions allocated by the Civil Service Commission to the classifications set forth herein which are subject to Section 151 of the charter shall be paid, effective July 1, 1940, the amount set forth herein for the classification in which their position is classified and allocated and in accordance with the seniority increments as set forth herein.

Section 3. Employees entering the service on or after July 1, 1940, shall enter the service at the entrance rate fixed in the said compensation schedules for the classification to which such employee is appointed; providing that no new employee shall be paid more than other appointees then serving in the same classification under the same appointing officer.

Section 4. Employees being promoted to a new classification shall enter such promotive classification at the entrance rate fixed in said compensation schedules for the classification to which such employee is being promoted; provided that an employee receiving in the lower class a rate in excess of the minimum for the promotive class shall not be reduced in salary.

Section 5. Salaries and wages herein fixed are gross compensations. Deductions shall be made from the salaries or wages of employees as herein specified for maintenance and other accommodations as provided by law, and charges therefor shall be as fixed by law, provided, however, that no charge shall be made for maintenance furnished employees in institutions unless such employees use such accommodations and maintenance. Wages fixed herein on a per hour or per diem basis are for eight hours' work per day.

Section 6. Department heads are hereby directed to prepare and submit budget estimates of personal service for the fiscal year 1940-41 or amendments thereof in accordance with the provisions of this ordinance.

Section 7. If the compensation of any position herein established on a per diem or hourly basis is included in the budget estimates and salary ordinance on a monthly compensation basis, the monthly rate for such position shall be computed by multiplying the per diem or hourly rate herein established for the position by the average or normal working time of the position as provided in Section 151 of the Charter.

Section 8. If it shall be determined that any salary or wage fixed in the said compensation schedules is contrary to the provisions of Section 151 of the Charter, such determination shall not affect the validity of any other salary or wage fixed in the said compensation schedules.

Section 9. The compensation schedules for classifications included in Division A—Building Trades Service, as set forth in the Civil Service Commission's classification of positions, are as follows, subject to the provisions of this ordinance:

Motion for Passage

Supervisor Mead, following the reading of the foregoing, moved passage for second reading.

Objections

Objections to motion were voiced by Supervisor McSheehy, who requested that the report of the Civil Service Commission, filed on February 7, 1940, containing all per diem crafts and the related classifications, be taken up, rather than the Bill proposed by the Building Trades Council and presented by the Finance Committee, in which only those crafts affiliated with the Building Trades Council were included.

Supervisor McGowan agreed with the views expressed by Supervisor McSheehy.

Thereupon, Supervisor Mead suggested that in order to expedite matters, that the recommendations of the Building Trades Council, as contained in the Bill just presented, be taken up, after which other recommendations can be considered.

Supervisor Colman, in explaining his views, stated that he represented all the employees of the City and County—not just those employees affiliated with the Building Trades. The objections raised by Mr. O'Connell and Mr. Larson were sound. Then, too, there are many other classifications of employment wherein employees are entitled to raises. The matter should be studied in its entirety by the Civil Service Commission, and another report be given to the Board in accordance with the terms of the Charter. He was opposed to piecemeal standardization, and would vote "No" thereon.

After further brief discussion, Supervisor McSheehy, seconded by Supervisor Uhl, moved that the Board consider the proposed ordinance as presented by the Finance Committee, any members of the Board, however, to have the privilege of proposing any amendments thereto.

Supervisor Roncovieri suggested that after consideration of the proposed ordinance had been concluded, the Board proceed instanter with considerations of those classifications enumerated in the proposed resolution, and that they be made part of the proposed ordinance when and if approved by the Board.

No objection, and proposed suggestion accepted.

Supervisor Roncovieri moved, further, that any citizen present be allowed the privilege of the floor to object, if he desires, to any classification considered before same is voted on.

No objection, and so ordered.

Privilege of the Floor

Mr. Wm. H. Nanry, on being granted the privilege of the floor, on motion by Supervisor Uhl, announced that he had filed with the Finance Committee a list of classifications, with his objections thereto, and suggested that copies of those objections be distributed to each member of the Board.

Seriatim Consideration

Thereupon, the foregoing ordinance was taken up seriatim, and schedule of compensations for all per diem crafts therein were approved.

Following consideration of the foregoing ordinance, the classifications as set up in the proposed resolution, for per diem employments, the deletion of which had originally been proposed, were taken up and approved.

Passage for Second Reading

Whereupon, the ordinance, as amended, to include only per diem employments, and to exclude all employments on a monthly compensation, and reading as follows, was passed for second reading by the following vote:

Salary Standardization for Per Diem Men and Related Classifications

(Series of 1939)

Bill No. 612, Ordinance No. ....., as follows:

An ordinance fixing schedules of salaries and wages to be paid employees of the City and County in certain specified classifications whose salaries and wages are subject to the provisions of Section 151 of the Charter, and providing that the said schedules shall be effective for the fiscal year 1940-41.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service as specified herein which are subject to the provisions of Section 151 of the Charter.

Section 2. Employees legally occupying positions allocated by the Civil Service Commission to the classifications set forth herein which are subject to Section 151 of the Charter shall be paid, effective July 1, 1940, the amount set forth herein for the classification in which their position is classified and allocated and in accordance with the seniority increments as set forth herein.

Section 3. Employees entering the service on or after July 1, 1940, shall enter the service at the entrance rate fixed in the said compensation schedules for the classification to which such employee is appointed; provided that no new employee shall be paid more than other appointees then serving in the same classification under the same appointing officer.

Section 4. Employees being promoted to a new classification shall enter such promotive classification at the entrance rate fixed in said compensation schedules for the classification to which such employee is being promoted; provide that an employee receiving in the lower class a rate in excess of the minimum for the promotive class shall not be reduced in salary.

Section 5. Salaries and wages herein fixed are gross compensations. Deductions shall be made from the salaries or wages of employees as herein specified for maintenance and other accommodations as provided by law, and charges therefor shall be as fixed by law, provided, however, that no charge shall be made for maintenance furnished employees in institutions unless such employees use such accommodations and maintenance. Wages fixed herein on a per hour or per diem basis are for eight hours' work per day.

Section 6. Department heads are hereby directed to prepare and submit budget estimates of personal service for the fiscal year 1940-41 or amendments thereof in accordance with the provisions of this ordinance.

Section 7. If the compensation of any position herein established on a per diem or hourly basis is included in the budget estimates and salary ordinance on a monthly compensation basis, the monthly rate for such position shall be computed by multiplying the per diem or hourly rate herein established for the position by the average or normal working time of the position as provided in Section 151 of the Charter.

Section 8. If it shall be determined that any salary or wage fixed in the said compensation schedules is contrary to the provisions of Section 151 of the Charter, such determination shall not affect the validity of any other salary or wage fixed in the said compensation schedules.

Section 9. The compensation schedules for classifications included in Division A—Building Trades Service, as set forth in the Civil Service Commission's classification of positions, are as follows, subject to the provisions of this ordinance:

Class	TITLE	Compensation Schedule

Specific Objections to Proposed Compensation Schedules

During the consideration of the foregoing legislation, and before passage thereof, objections were heard to specific compensation schedules, as follows:

Class	TITLE	Compensation Schedule
E104	Batteryman-Electrician	$ 11.00 day
J156	Switch Repairer	.87½ hr.
E106	Armature Winder	10.00 day
E110½	Sound Technician	11.00 "

M154	Boilermaker's Helper	7.20 "
M156	Boilermaker	10.00 "
M254	Machinist	10.00 "

Objections to the foregoing compensations were presented by Mr. Will Merryman, but, after hearing both Mr. Merryman and representatives of employees affected, were approved by the Board.

Discussion of Monthly Compensation Schedules

During the foregoing discussions, Mrs. Dolen, representing the Civil Service Commission, explained the method adopted by the Commission in arriving at proposed compensations for various related classifications, such as foremen and general foremen. Salaries for sub-foremen are based generally on the journeyman's salary, plus an additional fifty cents per day; Foremen receive a salary $1 per day higher than that of the journeyman; general foremen receive $2 per day more than the journeymen. The monthly compensation is based on a five or a six-day week, depending on the circumstances.

Consideration of Class No. O-1, Chauffeur

Mr. Gearhard called attention to Class O-1 Chauffeur, Passenger Cars, with recommended compensation schedule of $200 to $225 per month. Mrs. Dolen, representing the Civil Service Commission, explained the difficulty in establishing a rate for this classification. The rate finally decided on was the lowest rate for drivers of trucks, or $8 per day, which, based on a month of 25 days, amounted to $200. The increase of $25 is applicable to chauffeurs whose assignments compel them to work long and unusual hours.

Proposed Charter Amendment Blanketing Into Civil Service, Employees of the San Francisco Airport

The following proposed Charter Amendment, affecting employees at the San Francisco Airport, was presented by Supervisor McGowan, which after brief discussion, was ordered submitted by the following vote:

Charter Amendment No.....

Airport

Describing and setting forth a proposal to the electors of the City and County of San Francisco, to amend the Charter of said City and County by amending Section 125 thereof relating to employments under the Public Utilities Commission by providing that certain employments of said commission shall be subject to the civil service provisions of the Charter.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco, at a special election to be held on the 7th day of May, 1940, a proposal to amend the Charter of said City and County by amending Section 125 thereof so that the same shall read as follows:

Employments

Section 125. All employees engaged in public utility work at the time this charter shall go into effect, and who have been permanently appointed to their respective positions in conformity with the civil service provisions of this charter, shall become employees of the public utilities commission under the classification held by each such employee at such time. All persons employed in the operating service of any public utility hereafter acquired by the City and County, at the time the same is taken over by the City and County, and who shall have been so employed for at least one year prior to the date of such acquisition, shall be continued in their respective positions and shall be deemed appointed to

such positions, under, and entitled to all the benefits of, the civil service provisions of this charter; provided, however, that no person who is not a citizen of the United States shall be so continued in or appointed to his position. All persons residing outside the city and county claiming the benefit of this provision and who are not engaged on such utility work outside of the limits of the city and county shall be allowed a reasonable time, not exceeding one year to become residents of the city and county.

Persons employed as platform men or bus operators in the operating department of the municipal railway system shall be subject to the following conditions of employment: The basic hours of labor, shall be eight hours, to be completed within ten consecutive hours; there shall be one day of rest in each week of seven days; all labor performed in excess of eight hours in any one day, or six days in any one week, shall be paid for at the rate of time and one half.

Conductors and motormen may be assigned to duty as bus operators and while assigned to such duty they shall receive the compensation fixed for such service. Such assignment shall be governed by seniority of service, subject to a qualifying test by the railroad management as to competency and to state laws as to qualifications and licensing.

The Public Utilities Commission shall have jurisdiction over the Airport now being conducted by the City and County of San Francisco, as well as over any other airport which said City and County may hereafter acquire, maintain or operate. All employees, exclusive of the manager, of the present San Francisco Airport, who are actually employed at the present airport operated and maintained by the City and County of San Francisco on the effective date of this amendment and who have been continously so employed for one year immediately preceding said date shall be continued in their respective positions as if appointed thereto after examination and certification from a list of eligibles and shall thereafter be governed by and be subject to the civil service provisions of this charter. All said employees so continued in their respective positions shall be eligible for like positions in any other airport hereafter acquired, maintained or operated by the City and County of San Francisco.

Ordered submitted by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt—8.

Absent: Supervisors Brown, Shannon, Uhl—3.

SPECIAL ORDER 3 P. M.

Recommendation of Joint Finance, Streets and Public Utilities Committee

Requesting and Directing Controller to Certify Availability of Funds Sufficient to Meet Requirements of Proposed Contract With Charles H. Purcell, for Traffic Survey.

(Series of 1939)

Resolution No. ....., as follows:

Requesting and directing Controller to certify availability of funds sufficient to meet requirements of proposed contract with Charles H. Purcell, for traffic survey.

Whereas, This Board of Supervisors has under consideration the question of entering into a contract with Charles H. Purcell, a civil engineer, for the purpose of having prepared and submitted by him a plan or plans looking to the solution of the traffic and transit problems of the City and County of San Francisco; and

Whereas, A proposed contract to retain said Charles H. Purcell for the purpose aforesaid has been submitted to and is on file with this Board of Supervisors; and

Whereas, It is necessary to obtain from the Controller of the City and County of San Francisco the certificate hereinafter requested before the ordinance necessary to authorize said contract and the expenditures therein provided for may be adopted;

Now, Therefore Be It Resolved, That it is in the public interest of said City and County of San Francisco to enter into such a contract with Charles H. Purcell, a civil engineer.

Be It Further Resolved, That it is the intention of this Board to adopt an ordinance authorizing said City and County of San Francisco to enter into said proposed contract, and providing for the expenditure of money therein mentioned, and empowering and directing the Mayor of said City and County and the Clerk of said Board of Supervisors to execute said proposed contract for and in behalf of said City and County of San Francisco, and that said ordinance shall be and said contract shall be as follows:

Authorizing the Approval and Execution of Agreement Between Charles H. Purcell, and the City and County of San Francisco, Concerning Survey of Traffic and Transit Problems of the City and County of San Francisco.

(Series of 1939)

Bill No. 546, Ordinance No....., as follows:

Authorizing the approval and execution of agreement between Charles H. Purcell, and the City and County of San Francisco, concerning survey of traffic and transit problems of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Agreement, dated....., 1940, between the City and County of San Francisco and Charles H. Purcell,

concerning a survey of the traffic and transit problems of the City and County of San Francisco, be and the same is hereby approved.

Section 2. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors be, and they are hereby authorized and empowered to execute said Agreement for and on behalf of the City and County of San Francisco.

THIS AGREEMENT, made and entered into this.....day of....., 1940, by and between the City and County of San Francisco, a municipal corporation, and hereinafter designated the City, and Charles H. Purcell, of the City and County of San Francisco, hereinafter designated the Engineer.

WITNESSETH:

Whereas, the City is desirous of having a plan or plans prepared looking to the solution of its traffic and transit problems; and

Whereas, the preparation of such proposed plan or plans will involve a study of existing and anticipated future traffic and transit conditions, all of which will require the services of a skilled engineer for an estimated period of five (5) years; and

Whereas, the Engineer is capable of preparing such plan or plans, so that present and reasonably anticipated future pedestrian and vehicular traffic may be regulated and new and improved traffic regulating devices, structures, and methods for the regulation of traffic installed or constructed so that traffic congestion will be avoided; and

Whereas, the Engineer is willing to undertake the preparation of said plan or plans when and if this contract shall become effective, notwithstanding that the undertaking of such work will deprive the Engineer of other important and remunerative work; and

Whereas, the City is desirous that all of said work shall be completed within five (5) years from and after the effective date of this agreement, and it is estimated that the said period of five years (5) is a reasonable period for the completion of said work;

Now, Therefore, it is Agreed by and between the parties hereto as follows:

1. The City hereby contracts with the Engineer, as an independent contractor and not as an employee of the City and County of San Francisco, to advise the City in traffic and transit problems, and to advise said City as to the matters herein set forth and the proper solution thereof, and from time to time make and submit to the Mayor of the City a report or reports of such conditions as may be found to exist and to recommend a method for improving said conditions in so far as the same pertain to said traffic and transit problems, and in connection therewith to make from time to time a preliminary report or reports of the cost of carrying out such recommendations as may be made. Said reports, surveys and recommendations shall be completed with reasonable promptness and shall be made and submitted as rapidly as the same are completed, provided that partial or unfinished reports, whenever possible, shall be made at the request of the Mayor. In any event, and on the first day of July of each year, commencing with the first day of July, 1941, the Engineer shall submit to the Mayor and to the Board of Supervisors a progress report for the preceding year. This report shall include surveys and recommendations of the year immediately preceding, together with estimates of cost for making such recommendations effective, and shall be in such form, as to permit the submission of such recommendations to the voters. Upon the completion of the work of the Engineer, a full and complete report, containing all his recommendations and estimated costs thereof and the general method of carrying out the same, shall be made to the Mayor.

2. The Engineer agrees to perform all and singular the services herein

set forth and to complete the same within five (5) years from the effective date of this agreement, and the City agrees to allow the Engineer the said period of five (5) years within which to complete the said survey and to render a full and complete report and full and complete plans and specifications. That all during the term of this contract the Engineer shall give sufficient of his time to fully and faithfully perform the terms of this contract, and shall not undertake any other work or calling that shall prevent him from so doing. Within thirty (30) days after this contract shall have become effective, the Engineer shall file with the City a surety bond in the amount of Twenty-Five Thousand Dollars ($25,000), satisfactory to the City for the faithful performance of his duties hereunder.

3. In consideration of the services to be rendered by the Engineer, the City agrees to pay to the Engineer as compensation the sum of Twenty Thousand Dollars ($20,000) per annum payable in twelve (12) equal monthly installments of One Thousand Six Hundred Sixty-Six and 67/100 Dollars ($1,666.67). The City also agrees to pay monthly all actual costs and expenses of the Engineer incurred in the performance of his duty hereunder in the manner of, and subject to the conditions of this agreement; no liability for such costs and expenses shall arise until the same shall have been actually incurred by the Engineer in such performance of his duty hereunder.

4. The Engineer shall develop his own organization and may engage the following of his employees to aid in the performance of the work at the expense of the City at the maximum compensation herein set forth:

One principal Assistant Engineer and One Structural Designing Engineer, a total compensation not to exceed $12,000.00 per year, provided neither shall receive compensation in excess of $7,200.00;

Two Draftsmen, at a salary not to exceed $2,400.00 per year each;

One Stenographer, at a salary not to exceed $1,800.00 per year.

The City shall furnish the Engineer, without cost to him, with suitable office space, but if the City shall be unable or shall fail to supply such suitable office space, the Engineer may incur the expense of office rent not to exceed $2,400.00 per year. The City shall furnish the Engineer with stationery, office supplies and furniture. The Engineer may incur the expense of telephone, telegraph and messenger service, not to exceed, however, $2,400.00 per year. In the event the Engineer shall be required to travel outside the City and County of San Francisco in connection with his duties hereunder, the City shall, with the approval of the Mayor, and in accordance with the budgetary procedure of the charter, provide said Engineer with the necessary traveling expenses.

5. The office of the Engineer shall be maintained in the City and County of San Francisco, and all of said employees shall be selected and employed by the Engineer in his sole discretion and shall be deemed to be the employees of the Engineer as an independent contractor and shall have no claim for any compensation against the City; and the Engineer shall carry proper Workmen's Compensation insurance for the protection of all employees. The City shall reimburse the Engineer for all amounts paid out and expended by him for the hiring of any of his aforesaid employees, as well as for all amounts paid out and expended for office rental or other expenses herein provided for. Said employees shall be compensated only for acutal service rendered to the Engineer for the City, and the Engineer shall render to the Controller full reports as to the amounts expended for said employments, office rental and other expenses, and the actual amount of service rendered to him for the City by each of said employees. All reimbursements to

be made to the Engineer for employees hired or expenses incurred, as hereinbefore set forth, shall be paid to him in equal monthly installments as said services are rendered and said expenses incurred, and then only upon the Engineer's presenting proper vouchers showing the payment of the respective amounts expended, and said Engineer shall not be reimbursed for any of said expenditures incurred in one fiscal year from funds of any succeeding fiscal year.

6. The said Engineer shall not be entitled to any other compensation for his services hereunder or other sums for expenses incurred by him except as in this Agreement set forth. The cost of borings and traffic checks required in connection with any survey, as well as the actual cost of reproducing maps and plans, together with the cost of performance of any duties not in the ordinary course of employment of those persons hereinbefore detailed to be employed by the Engineer, shall be performed and borne by the City, provided that the necessary appropriation is made as provided by law to meet the expense thereof; and in addition thereto, the Engineer shall be entitled to and shall receive, when the same is requested, the help of the several officers and departments of the City interested in the work which he is performing, and that said several officers and departments will continue to perform their respective usual duties and functions and the Engineer may call upon any such officer or department for the performance of any duty or function which said officer or department would ordinarily perform in so far as the same may apply to the work of the Engineer and is not being performed by the Engineer or his employees, and said officers or departments shall perform said function without charge to said Engineer.

7. The Engineer will keep full and correct records of the amount of time which he or his assistants or employees give to any particular project, report or investigation, and furnish said reports to the Controller whenever called upon to do so, to the end that the cost of the services rendered by the Engineer or his assistants may be charged to the proper department or account and so that the Controller may make the proper entries in his records showing the cost of the said services of said Engineer to the several departments interested in his work. Said records shall at all reasonable times be open to the inspection of the Controller or other interested departments.

8. The Engineer shall, with reasonable frequency, if and when required, attend any meeting or hearing of the Board of Supervisors and of any interested department to explain or comment on any report, plan or recommendation submitted by him.

9. The services to be performed by the Engineer are personal in character, and this contract shall not be assignable by operation of law or otherwise. In the event of the death of the Engineer during the term of this contract, this contract shall immediately cease and terminate and all rights of said Engineer, his heirs, executors and assigns, shall cease and terminate, except in so far as compensation already earned by said Engineer or expenses already incurred by him as provided by this Agreement and which have not been paid.

10. All plans, specifications, services and reports made by said Engineer shall become the property of the City and County of San Francisco as soon as made, and on the expiration of the job or upon the termination of this Agreement by the death of said Engineer, the Engineer agrees that all and singular said plans, specifications, reports and surveys will be delivered to the City.

11. Notwithstanding the foregoing provisions of this Agreement, the Engineer shall not, nor be obligated to, hire or retain any of the employments herein provided for, or incur any other expense for which he is to be reimbursed hereunder in connection with his performance of this Agreement, unless and until there shall have been first regularly and duly appropriated for the year in which the obligations are

incurred, a sufficient sum of money to fully and completely provide for payment of said obligations; and that it is understood by the parties hereto that in the event there shall be no lawful appropriation for expenditures in any year, the City shall be obligated hereunder only to the extent of the sum of $20,000 payable under paragraph 3 hereof for such year.

In Witness Whereof, the City has caused this Agreement to be executed by its Mayor and the Clerk of the Board of Supervisors, pursuant to Ordinance No. ..... of said Board of Supervisors, copy of which is hereto attached, and the Engineer has executed the same, the day and year first above written.

Question on passage for second reading.....

Be It Further Resolved that this Board of Supervisors request, and it does hereby request, the Controller of the City and County of San Francisco to certify to this Board of Supervisors that there is a sufficient unemcumbered balance in a fund that may legally be used for the proposed expenditure, to-wit, the sum of $100,000.00 for services of said Charles H. Purcell under the proposed contract and the maximum additional sums that may be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, and that in the judgment of the Controller revenues as anticipated in the appropriation ordinance for this fiscal year and properly applicable to meet such proposed expenditure will be avilable in the Treasury in sufficient amount to meet the same when it comes due.

Be It Further Resolved that said Controller be and he is hereby authorized, requested and directed to set apart, as the date of the certificate herein requested, the said sum of $100,000.00 and the maxi-

mum additional sums that will be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors.

Be It Further Resolved that a copy of this resolution certified by the Clerk of this Board of Supervisors be forthwith transmitted to said Controller of the City and County of San Francisco.

At the beginning of the day's proceedings, the foregoing matter, which had not been previously set as a special order of business, was so set, to be considered at 3 P. M.

The Board having been informed that the Chief Administrative Officer and the Director of Public Works were out of the city, Supervisor Uhl moved that inquiries be made to learn if they could be in the city on Monday, March 25, and if so, that the entire matter be postponed one week, and that Mr. Purcell, also, be invited to appear before the Board. Seconded by Supervisor Shannon.

However, Supervisor McSheehy called attention to the fact that possibly three members of the Board would not be present on that date, because of official business in San Diego, the chair suggested that hearing proceed, and that at the conclusion thereof, the matter be taken into the hands of the Board.

So ordered.

Motion Withdrawn

After brief discussion and at the suggestion of the Chair, Supervisor Uhl agreed to withdraw his resolution for postponement, temporarily.

The following citizens addressed the Board, opposing the proposed contract with Mr. Charles Purcell: Mr. A. Petry, Chairman, Transportation and Traffic Committee, Central Council of Civic Clubs; Mr. Allen Spivock, President, Central Council of Civic Clubs; Mr. Taylor, Market Street Association; Mr. Kane, Chairman, Committee on Municipal Affairs, Central Council of Civic Clubs; Mrs. Annie Scanlon, Women's Civic Clubs; Earl Carroll, representing Owners' and Lessees' Apartment House Association; Cornelius Murphy, Central Council of Civic Clubs; Russell Powell, from the Parkside; Mr. Charles Christin, Attorney, and Mr. George Baker.

Mr. Andrew J. Gallagher, of the Southern Promotion Association; Mr. A. Watchman, of the Building Trades Council; Mr. Will Merryman, representing the Chamber of Commerce, and W. D. Coughlin, of the Associated General Contractors, were heard in favor of the proposed contract.

In Hands of the Board

After all interested citizens had been heard, the matter was taken into the hands of the Board.

Motion for Postponement

Supervisor Uhl, seconded by Supervisor Shannon, moved that the matter remain on the Calendar and be made a special order of business for Monday, March 25, 1940, at 2:30 P. M. and that the Chief Administrative Officer, the Director of Public Works, and the City Engineer be requested to be present at that time.

Objections to Postponement

Supervisors Mead, Brown, Colman, and Roncovieri, opposed postponement. Supervisor Colman pointed out that no matter who should be employed for the proposed traffic surveys and preparation of plans, the same procedure would be required to ascertain the legality of such

proposed contract. Supervisor Roncovieri stated that he did not regard the matter as at all binding on the members of the Board; the Board could, if it saw fit, change its mind with regard to the employment of Mr. Purcell. The Board could, also, at any time it desired, refer the matter to the voters for the expression of their views, as had been requested by opponents to the proposed contract.

Supervisor Uhl, in urging postponement for one week, as requested, desired that postponement in order that the Chief Administrative Officer might be present. Mr. Cleary had stated that the City Engineer was competent to make the requested survey, but he was busy on other matters. The Chief Administrative Officer himself, might be delegated to make the survey, and he could employ such aids as necessary therefor.

Motion Failed

Thereupon, the roll was called and the motion for postponement failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Shannon, Uhl—4.

Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.

Absent: Supervisor McGowan—1.

Discussion

After Assistant City Attorney Walter Dold had explained the resolution under consideration, Supervisor Uhl again opposed passage thereof, and announced that should postponement not be permitted, as requested by him, he would change his vote and ask for reconsideration of the matter at the next meeting of the board.

Supervisor McSheehy held that the purpose for which it was proposed to engage the services of Mr. Purcell would not be achieved. Any recommendations by Mr. Purcell would, undoubtedly, call for financing by bond issue, and that due to the present bond obligations of San Francisco, and the disinclination of the people to authorize more bonded indebtedness, he believed that no financing of any proposal, by bond issue, would be approved by the people.

Amendment to Motion

Supervisor McSheehy moved that the resolution as drawn up by Mr. Dold, Assistant City Attorney, in which a court decision is requested be submitted to the people of San Francisco at a special election to be held on the 7th day of May, 1940. Seconded by Supervisor Uhl.

Point of Order

Supervisor Brown rose to a point of order, stating that the matter pending was reference to the Controller of a request for certification as to availability of funds for a specific purpose, whereas, the motion of Supervisor McSheehy was reference of a declaration of policy to the voters. That, Supervisor Brown contended, was not germane to the matter on the calendar.

Chair ruled point of order well taken.

Chair Relinquished by President Shannon

President Warren Shannon relinquished the Chair, turning the gavel over to Supervisor Mead, who presided as temporary chairman.

Supervisor Shannon, after relinquishing the Chair, announced that he had nothing at all to say about Mr. Purcell, or any other engineer, but he did feel that the city had an engineer in its employ who was most capable and could do the work for which it was proposed to employ Mr. Purcell. He would like to have had the opportunity of questioning the City Engineer, Mr. John Casey, and ask him if the $400,000 worth of reports had ever been placed in his hands for analysis and

recommendation. Mr. Bohay, another engineer in the employ of the city, was a very capable man who could do the proposed job as well as anyone. Mr. Clyde Healy, who had worked with the Streets Committee for years, could be taken into an organization for the proposed traffic survey. Captain Munn of the Police Department could be pressed into service. Should the traffic surveys already available be submitted to these men, the Board would undoubtedly receive a report thereon even before a decision by the courts as to the legality of the proposed Purcell Contract would be rendered.

The entire problem should be placed in the hands of the Chief Administrative Officer, the City Engineer, Mr. Bohay, Mr. Healy and Captain Munn, and the answer to the problem would be received long before five years had elapsed.

Supervisor Colman, in answering Supervisor Shannon, held that the remarks of the President had no bearing on the question before the Board. The question under consideration was as to the legality of the use of city funds for the purpose of the proposed survey.

The Controller, in confrming the statement by Supervisor Colman, announced that reference to court was necessary for the determination of legality of expenditure of funds to meet the expenses of any individual, and the grant of power to any individual to make the proposed survey.

Adopted

After further brief discussion, the roll was called and the proposed resolution was adopted by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.

Noes: Supervisors McSheehy, Schmidt, Shannon, Uhl—4.

Absent: Supervisor McGowan—1.

Notice of Reconsideration

Before the result of the foregoing vote had been announced, Supervisor Uhl changed his vote from "No" to "Aye" and gave notice that he would move for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McSheehy, Schmidt, Shannon—3.

Absent: Supervisor McGowan—1.

Supervisor Shannon moved that the traffic and transit situation of the City and County of San Francisco be placed in the hands of five men, all employed by the City and County of San Francisco, namely: City Engineer, Mr. Bohay, Mr. Cahill, Mr. Healy, and Captain Munn, and that they make a report to the Board, based on reports that have been filed with the Board during the past years, at as early a date as possible. Motion seconded by Supervisor McSheehy.

Supervisor Colman objected to the motion and, moved that it be referred to the Finance Committee for full investigation and determination of the cost involved. Motion seconded by Supervisor Brown.

In urging the adoption of his motion for reference to Finance Committee, Supervisor Colman stated he believed the Board should know more about the proposal by Supervisor Shannon, and what the cost of such a survey would be.

Motion Ruled Out of Order

Pursuant to ruling by Assistant City Attorney, Walter Dold, in reply to question by Supervisor Brown, that any delegation of authority,

as proposed by Supervisor Shannon in his motion, would have to be done by ordinance, if it could be done at all, the Chair, Supervisor Mead, ruled the motion not in order.

Thereupon, Supervisor Shannon, seconded by Supervisor Uhl, moved that the Chief Administrative Officer be requested to contact other city departments, such as the Police Commission and the Public Utilities Commission, to the end that a report be given to the Board at as early a date as possible, based on reports previously given on the traffic and transit situation in San Francisco.

Supervisor Colman objected to the motion, and moved that it be referred to the Finance Committee for complete investigation. Motion seconded by Supervisor Brown.

Privilege of the Floor

Mr. William H. Nanry, being granted the privilege of the floor, on motion by Supervisor Uhl, called attention to Section 61 of the Charter, a portion of which provides for the creation of a Streets Traffic Advisory Board.

Thereupon, Supervisor Shannon changed his motion, and moved that the traffic and transit situation now existing in San Francisco be referred to the Streets Traffic Advisory Board for report, and that reports now at hand be brought up to date by that Board.

In objecting to the motion by Supervisor Shannon, Supervisor Brown declared that the Streets Traffic Advisory Board does meet once a month, but has done nothing. That is the reason why it is requested to employ Mr. Purcell, who will do something.

Supervisor Colman, also, objected to the motion, and requested that same be referred to the Finance Committee for investigation as to the powers of that Board.

Reference to Finance Committee

Thereupon, after further brief discussion, the motion by Supervisor Shannon, "that the traffic and transit situation now existing in San Francisco be referred to the Streets Traffic Advisory Board for Report. and that reports now at hand be brought up to date by that Board," was referred to the Finance Committee by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri —6.

Noes: Supervisors McSheehy, Schmidt, Shannon, Uhl—4.

Absent: Supervisor McGowan—1.

Reconsideration Made Special Order of Business

At the request of Supervisor Uhl, no objection being voiced, the matter of reconsideration of the vote whereby the resolution requesting the Controller to certify availability of funds sufficient to meet requirements of proposed contract with Charles H. Purcell, for Traffic Survey, was made a special order of business for Monday, March 25, 1940, at 2:30 P. M.

Authorizing Extension of Agreement Between the City and County of San Francisco and Louise B. Price

(Series of 1939)

Resolution No....., as follows:

Authorizing extension of agreement between the City and County of San Francisco and Louise B. Price.

Whereas, The City and County of San Francisco under authority of Resolution No. 25034 (New Series) of the Board of Supervisors accepted a certain deed dated January 26, 1926, from R. L. Price and Louise B. Price, his wife, to a sub-surface easement for a portion of the Foothill Tunnel of the Hetch Hetchy Aqueduct; and

Whereas, Said deed provides that under certain conditions if the natural flow of water in any springs on the land of the Grantor shall disappear or diminish the City shall furnish the Grantor a continuous supply of water sufficient for the domestic irrigation and stock watering requirements of the Grantor; and

Whereas, Said deed provides a time limit for the ascertainment of the amount of any damage which may be caused by the disappearance or diminution of the natural flow of water in said springs; and

Whereas, Said time limit was extended to April 1, 1940 by Resolution No. 157, Series of 1939, adopted by this Board on March 20, 1939; and

Whereas, R. L. Price is deceased and said Louise R. Price has requested a further extension of said time limit to April 1, 1941; and

Whereas, The Public Utilities Commission has recommended the extension of said time limit to April 1, 1941.

Now, Therefore, Be It Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a written agreement between the City and County of San Francisco, a municipal corporation, and Louise B. Price, extending said time limit of said deed to April 1, 1941, subject to all conditions contained in said deed, except as expressly modified in said agreement.

Approved by the Director of Property.

Approved as to form by the City Attorney.

Authorizing Acquisition of Certain Land By Eminent Domain Proceedings Required for the Widening of Portola Drive

(Series of 1939)

Resolution No....., as follows:

Authorizing acquisition of certain land by eminent domain proceedings required for the widening of Portola Drive.

Resolved, That public interest and necessity require the acquisition by the City and County of San Francisco, a municipal corporation, of the following described real property situated in the City and County of San Francisco, State of California:

BEGINNING at a point on the southwesterly line of Lot 1, Block 2915, as per map of Laguna Honda Park Addition, recorded in Map Book "L," page 63-65, Records of the City and County of San Francisco, distant thereon 50 feet northwesterly from the northwesterly line of Portola Drive; thence southwesterly on the arc of a curve to the left from a tangent deflected 90° 01′ 39″ to the left from said lot line, concentric with and radially distant 50 feet northwesterly from the northwesterly line of Portola Drive, radius 1477.07 feet, central angle 3° 12′ 43″, 82.775 feet to the northeasterly line of Lot 5 of aforementioned map; thence southeasterly along said line of Lot 5, which deflects 89° 58′ 21″ to the left from a tangent to the preceding curve, a distance of 50 feet to the northwesterly line of Portola Drive; thence running northeasterly along said line of Portola Drive on the arc of a curve to the right, tangent to a line deflected 89° 58′ 18″ to the left from the preceding course, radius 1427.07 feet, central angle 3° 12′ 43″, 80 feet to aforesaid line of Lot 1; thence northwesterly along said line of Lot 1 on a line deflected 89° 58′ 18″ to the left from the tangent at the latter point, a distance of 50 feet to the point of beginning, being a portion of Block 2915.

Be It Further Resolved, That said land is suitable, adaptable, necessary and required for the use of the City and County of San Francisco in connection with the widening of Portola Drive from Sydney Way to Waitham Way, for public street purposes. It is necessary that a fee simple title be taken to said land. The City Attorney is hereby authorized and directed to commence proceedings in eminent domain against the owners of said parcel of land and of any and all interests therein or claims thereto for the condemnation thereof for the public use of the City and County of San Francisco as aforesaid.

Recommended by the Director of Public Works.

Approved by the Director of Property.

Providing for the Handling and Distribution of Documents and Providing for a Charge Therefor, and Rescinding Resolution No. 2732.

(Series of 1939)

Supervisor McGowan presented Resolution No. ....., as follows:

Providing for the handling and distribution of documents; providing a charge therefor, and rescinding Resolution No. 2732.

Resolved, That the Purchaser of Supplies shall have general supervision of the handling and distribution of all publications printed for any department, office, board or commission. The custody of all printed publications subject to public distribution, except as otherwise provided by law, shall be committed to the Purchaser of Supplies.

Further Resolved, That the Purchaser of Supplies shall dispose of or sell any of said documents or printed publications under such conditions and at such price as shall be fixed by the Purchaser of Supplies, with the concurrence of the Controller, in order to adequately cover the cost of printing, handling and distribution thereof.

Further Resolved, That when funds have been provided, the Purchaser of Supplies may publish such manuals, documents, pamphlets, bulletins or other publications as may be deemed for the best interests of the City and County or for information, upon the recommendation of a department head, and with the approval of the Chief Administrative Officer, Board or Commission.

The cost of handling and distribution by the Purchaser of Supplies in accordance herewith, shall be payable out of the departmental funds referred to in this section, subject to the provisions of Section 77 of the Charter.

Further Resolved, That all moneys received from the sale of documents or printed publications, shall be paid as revenue into the City and County Treasury to the credit of the fund from which the cost of the printing of the manuals, documents, pamphlets or other publications sold shall have been paid.

Further Resolved, That copies of publications of the Board of Supervisors required for the use of a City and County Department shall be furnished without charge. The Purchaser of Supplies shall upon requisition from the Clerk of the Board of Supervisors furnish, free of charge, copies of publications for distribution to such governmental agencies, persons, or institutions affected with a public interest outside San Francisco as request them, and which, in the opinion of the Clerk, are entitled to them by reason either of reciprocation or policy.

Resolution No. 2732 is hereby rescinded.

Section 2. The Board of Supervisors by the vote by which this ordinance is passed does declare that an actual emergency exists as it is necessary to provide funds for the uninterrupted operation of the departments herein enumerated, as the funds heretofore appropriated for these departments have proven to be insufficient. During the hearings before the Board of Supervisors of the 1939-40 budget estimates it was impossible to calculate what the cost of laundry and meal allowance would be. It was then concluded that the money would be made available as herein provided as the obligations were incurred.

Recommended by the Director of Public Health.
Approved by the Chief Administrative Officer.
Approved as to form by the City Attorney.
Approved by the Mayor.
Approved as to funds available by the Controller.

From Streets Committee Without Recommendation

Amending Ordinance No. 1061, Entitled "Regulating the Width of Sidewalks," Approved December 18, 1903, By Amending Section Eight Hundred and Thirty-seven (837) Thereof.

(Series of 1939)

Bill No. 611, Ordinance No....., as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section Eight Hundred and Thirty-seven (837) thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended by amending Section Eight Hundred and Thirty-seven (837) thereof to read as follows:

Section 837: The width of sidewalks on Post Street between Market and Taylor Streets shall be 10 feet.

The width of sidewalks on Post Street between Taylor Street and Van Ness Avenue shall be 10 feet.

Discussion

Supervisor Uhl, in discussing the foregoing Bill, originally presented by him, referred to the Streets Committee and subsequently reported to the Board by that Committee without recommendation, stated that

he felt, wherever possible that streets should be widened to permit six lanes for traffic. He reported, also, on an inspection trip through the Triangular District, with the Chief Administrative Officer, the City Engineer, and the Director of Public Works after which they all agreed that wherever possible, six traffic lanes should be provided. In continuing his remarks, Supervisor Uhl suggested that Captain Munn, of the Police Department, come before the Board at its next meeting and express his views on the situation, and he moved that the matter remain on the calendar for one week, in order to permit Captain Munn to express his views before action would be taken by the Board.

Motion failed for want of a second.

Thereupon, Supervisor Colman, seconded by Supervisor Brown, moved that the matter be re-referred to the Streets Committee.

In support for his motion, Supervisor Colman asserted that the merchants objected to having the work done, with the consequent tearing up of the street, during the exposition. The work should be delayed until after the close of the exposition, when the entire job could be done.

Supervisor Roncovieri agreed with views expressed by Supervisor Uhl, and stated he, too, thought that the matter of six lanes for traffic was most important, and moved that it be the policy of the Board, in connection with reference to the Streets Committee, that there should be six traffic lanes wherever possible, even to the extent of reducing sidewalks to nine feet. Motion seconded by Supervisor Uhl.

Motion Out of Order

The Chair, however, declared the foregoing motion to be out of order at the time.

Privilege of the Floor

Major Art McChrystal, representing the Down Town Association, and property and building owners along Post Street, being granted the privilege of the floor on motion by Supervisor Colman, urged that the matter be referred back to committee, and that action looking to the widening of Post Street be deferred until after the conclusion of the exposition.

Re-reference to Committee

Thereupon, the roll was called and the matter was re-referred to Streets Committee, by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No: Supervisor Mead—1.

Absent: Supervisor McGowan—1.

Renewal of Declaration of Policy re Widths of Streets

Thereupon, Supervisor Roncovieri renewed his motion, that in the reduction of sidewalk widths for the purpose of widening of streets for traffic, wherever possible provision should be made for six lanes for traffic, even to the extent of reducing sidewalk widths to nine feet. Motion seconded by Supervisor Uhl.

Objection

Supervisor Colman announced that he was not opposed to what Supervisor Roncovieri had in mind but he would not wish to go on record for it as a matter of policy. Each case should be considered on its own merits when it came before the Board.

Supervisor Schmidt, also, considered that the question should receive more study.

Whereupon, Supervisor Roncovieri suggested that the question be referred to the Streets Committee for study.

No objection, and so ordered.

Adopted

The following recommendations of His Honor the Mayor were taken up:

Leave of Absence—Hon. Philip L. Bush, Member Board of Education

(Series of 1939)

Extending Felicitations to Wells Fargo and Nevada National Bank

Supervisor Colman called attention to statement in the morning's paper, reciting that on May 18, 1852, Mr. Henry Wells and Mr. William G. Fargo, had opened a banking and express office on Montgomery Street. During the eighty-eight years past, the institution, started by those pioneers has grown into what is today the Wells Fargo and Nevada National Bank, an institution of strong and unquestioned standing and one which has taken its place among banking institutions of the country. Accordingly, he moved, that the Board take cognizance of this birthday and express to the officials of that organization its felicitations and congratulations for the splendid record which reflects such great credit on San Francisco.

No objection and so ordered.

Conferring Honorary Citizenship on Mr. H. S. K. Williams

Supervisor Colman announced that he had seen Mr. H. S. K. Williams, and that the only time that Mr. Williams could be present to receive the honorary citizenship proposed to be conferred upon him, would be on Monday, March 25, 1940. Supervisor Colman had suggested to Mr. Williams that he be present at the next meeting of the Board, at 3 P. M., at which time appropriate ceremonies could be held, and he, therefore, requested that the Board confirm that appointment with Mr. Williams, and set aside the hour of 3 P. M., on Monday, March 25th, for such conferring of honorary citizenship on Mr. Williams.

No objection and so ordered.

Special Order 3:30 P. M. Report of Finance Committee re Reference of Traffic Problems to Streets Traffic Advisory Board

At request of Supervisor Shannon, the report of the Finance Committee re reference of traffic problems to Streets Traffic Advisory Board, was made a special order of business for 3:30 P. M., Monday, March 25, 1940.

Return of Relief to Counties

Supervisor Uhl requested that the resolution providing for the consolidation of administration of relief for employables and unemployables and placing same under supervision of local county governments be called out from committee for consideration by the Board at its next meeting. However, at the request of Supervisor McSheehy, Supervisor Uhl moved that the matter be called out from the Judiciary Committee for consideration of the Board on Monday, April 1, 1940.

No objection and so ordered.

ADJOURNMENT

There being no further business, the Board, at the hour of 7:30 P. M. adjourned.

DAVID A. BARRY, Clerk

Approved by the Board of Supervisors, March 25, 1940.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Supervisor Uhl, in accordance with notice given at the meeting of March 18, 1940, moved that the Board reconsider the vote whereby it had adopted resolution requesting the Controller to certify availability of funds sufficient to meet requirements of proposed contract with Charles H. Purcell, for traffic survey. Motion seconded by Supervisor Shannon.

Statement by Supervisor Uhl

In support of his motion, Supervisor Uhl presented the following statement, which he read to the Board:

Proposed Purcell Contract

Mayor Rossi urges employment of Charles Purcell under five-year contract to prepare plans for traffic and transportation. Cost involved —Purcell's salary, $20,000 per year; Purcell's staff, $23,400 per year; total, $43,400 per year.

In addition, the proposal makes available thousands of dollars covering surveys and investigation. A positive increase in the tax rate for five years will be 6c per hundred dollars assessed valuation, with the possibility that the tax rate will be increased 7c to 8c, depending on the amount requested for surveys and investigations.

It is positively surprising that a majority of the Supervisors are willing to assume the obligation of increasing the taxpayers' burden to the tune of $43,400 per year covering employment of Charles Purcell and staff. Employment of Charles Purcell and staff originates with Mayor Rossi. He ducks responsibility, however, for the increase in the tax rate for the hiring of Charles Purcell and staff by passing the buck to the Board of Supervisors.

Traffic and transportation, although co-related, are separate entities. The Police Department has jurisdiction covering administration of traffic. The Public Utilities Commission has jurisdiction over transportation.

Chief of Police Dullea and Captain Munn are to be complimented for actively clearing up the traffic snarl. Give the Police Department a free hand to enforce existing ordinances. Enforcement of said ordinances does not require the services of Charles Purcell.

Regarding a comprehensive transportation plan: Did Mayor Rossi, before advocating employment of Charles Purcell at $20,000 a year on a five-year contract and a staff of employees, total cost $43,400 per year, consult with any of the engineers now in the employ of the city as to their competency in making a transportation survey? The following staff of engineers is in the City's employ:

Alfred Cleary, Chief Administrative Officer, Salary $12,000 per year.
A. D. Wilder, Director of Public Works, Salary $8,000 per year.
John Casy, City Engineer, Salary $7,800 per year.
E. G. Cahill, Manager of Utilities, Salary $12,000 per year.

L. T. McAfee, Public Utilities Engineer, Salary $10,000 per year.
Clyde Healey, Engineer, W.P.A. Projects, Salary $7,800 per year.

I challenge Mayor Rossi to say that not one of the foregoing engineers is competent to supervise a transportation survey. After all, the position of Charles Purcell as contractor is to supervise the making of a transportation plan. It will be necessary for Charles Purcell to hire known traffic experts.

I make the foregoing statement advisedly inasmuch as the transportation plans for Chicago were supervised by Chicago's engineer, Mr. Phillip Harrington, who employed the services of Mr. R. F. Kelker, Junior Engineer on transportation, and Mr. Charles DeLeuw, consultant engineer.

In Los Angeles the traffic transportation plan recently completed was supervised by Mr. Lloyd Aldrich, City Engineer in the employ of Los Angeles, and Mr. K. Charles Bean, Chief Engineer in the employ of Los Angeles; in turn, Stone & Webster, consulting engineers, and Madigan-Hyland, consulting engineers, were employed. Both the latter firms are nationally known to be transportation experts.

Following is a list of nationally known transportation experts:

Mr. W. H. Sawyer, 30 Broad St., New York.
Mr. John A. Beller, 155 E. 44th St., New York.
Stone & Webster Service Corp., 90 Broad St., New York.
Ford, Bacon and Davis, 39 Broadway, New York.
R. F. Kelker, Chicago.
Chas. DeLeuw, 20 N. Wacker Drive, Chicago.
Madigan-Hyland, 20 Exchange Place, New York.

If Mayor Rossi were wise, he would recommend appointing one of the engineers in the employ of the City of San Francisco to supervise the transportation plan and leave it to said engineer to employ transportation experts. Mayor Kelly of Chicago appointed Mr. Philip Harrington, Chicago's engineer, and Mayor Fletcher Bowron of Los Angeles appointed Mr. Lloyd Aldrich, engineer, to supervise the transportation plans.

Transportation being a Public Utilities Commission matter, Mayor Rossi should recommend Mr. E. G. Cahill to supervise the transportation plan. Mr. Cahill could delegate same to Mr. McAfee, a Public Utilities Commission engineer. Mr. Cahill said Mr. McAfee is competent to make a transportation plan. In event Mr. Cahill refuses, the Mayor should recommend one of the following engineers to supervise the survey: Mr. Cleary; Mr. Wilder; Mr. Casey; or Mr. Clyde Healy. By so doing it removes the necessity of burdening the taxpayer with $100,000, which would be the five-year salary of Mr. Purcell.

By Way of Contrast: The Mayor proposes a five-year contract for Mr. Purcell, total salary of Purcell and staff $43,400 per year, and assuming the necessity for renting offices, $2400 per year, and for surveys and investigations, $2200 per year approximately, total $48,000 per year; and sixty months in which to make said transportation survey. Whereas, the transportation plan for Chicago was completed at a cost of $4000 per month and in fourteen months. How can Mayor Rossi justify recommending sixty months for the transportation survey at an estimated cost of $4000 per month totalling $217,000 in five years?

Chicago has many times the area and population of San Francisco, and I repeat, completed their transportation plan in fourteen months at a total cost of $56,000.

A transit program for Los Angeles metropolitan area was recently completed at a cost of $178,000 in 17 months. Los Angeles has many

times the area and population of San Francisco. How, then, can the Mayor justify sixty months' employment of Purcell and staff for a transportation plan for San Francisco?

Now, regarding the engineering ability of Charles Purcell, same should be given consideration due to the fact that a commitment is to be made by the Board of Supervisors covering Purcell's salary over a period of five years in the sum of one hundred thousand dollars. How about the following:

(1) Unfavorable Criticism of Waldo Approach, Designed by Charles Purcell?

(2) Unfavorable Criticism of Plan X Terminal, Designed by Charles Purcell.

(3) Failure on the Part of Charles Purcell to Have Vision to Separate by a Barrier the Opposing Lanes on the San Francisco-Oakland Bay Bridge, Despite the Fact There Was Constructed on the George Washington Bridge Built in Advance of the San Francisco-Oakland Bay Bridge a Barrier to Separate Opposite Lanes as Shown on the Accompanying Blueprint, and Because of Purcell's Lack of Vision, the Following is a Record of Accidents and Deaths from November 12, 1936, to February 29, 1940:

15 people killed, one-half due to head-on collisions, principally due to drunken driving and crossing into opposite lanes.

210 accidents in which 209 people were injured, and the end of deaths is not yet.

An Eminent Engineer Informed Me to Erect a Barrier Now to Separate Opposing Lanes Will Reduce the Lanes on the San Francisco-Oakland Bay Bridge from Six Lanes to Four Lanes. What Has Charles Purcell to Say to This?

(4) Charles Purcell Stated Before That He Is Not a Transportation Engineer. Then Why Hire Him?

Improved transportation should be step by step. We do not require Mr. Purcell to tell us there must be six lanes of traffic on major streets, such as Mission, Mason, Post, Bush, etc. We have shining examples of the importance of six lanes, as for example, Harrison, Golden Gate Avenue, Taylor. Traffic moves more rapidly because of six lanes.

It does not require Mr. Purcell to tell us bus operation is today the most desirable mode of transportation.

It does not require Mr. Purcell to tell us it would be most practical after Bush Street is widened, to establish a bus route from Market via Bush, Presidio Avenue, California to 28th Avenue.

It does not require Mr. Purcell to tell us an ideal bus route would be from the Mint via Fifth, Brannan, Potrero Avenue, Bayshore, Alemany Boulevard, Ocean Avenue, 19th Avenue, 25th Avenue to 27th Avenue and California Street.

It does not require Mr. Purcell to tell us that it might be most advantageous to have an underpass, patterned after the Embarcadero underpass, at First, at Fourth, at Sixth, at Eighth and Tenth Streets.

As stated, transportation should be step by step as is being done by the Market Street Railway. Mr. Newton, Vice-President of the Market Street Railway, recently at a Board of Supervisors' meeting, stated the Market Street Railway busses are being operated at a profit, and that people walk from Van Ness Avenue where the "H" car is available, to ride on the busses on Polk Street. Mr. Purcell might recommend that the City purchase busses on the five-year payment plan, paying for same out of profits as is being done by the Market Street Railway Company. However, a charter amendment should be adopted permitting purchase of busses for extensions to the Municipal Railway on the five-year plan.

Reasons for opposing the appointment of Charles Purcell are so succinctly set forth in an editorial in a recent Budde publication, that same is herein quoted:

"Protest this Appointment

"For some inexplicable reason, one not readily discernible by the naked eye, the city administration is determined to force through the appointment of Charles H. Purcell as traffic consultant at a salary of $20,000 annually for five years.

"It also manifests a disposition to conform fully to every one of Mr. Purcell's conditions, including the appointment of several assistants, office help and others—All Outside of Prescribed Civil Service Provisions of the Charter.

"The Charter, section 140, states: 'All appointments in the public service shall be made for the Good of the Public Service and Solely Upon Merit and Fitness, as Established by Appropriate Tests, without regard to partisan, political, social or other considerations.'

"Mr. Purcell's appointment does not come under this provision; however, Some of Those He Wishes Made Would Certainly Do Just That.

"Undoubtedly, the city administration realizes the thin legality, if any, on which the Purcell appointment rests. This is the reason for a friendly test case before the California Supreme Court. It has also evidently considered the tremendous expense involved.

"Mr. Purcell's salary, together with those of his aides, would total $217,000 in five years.

"Mr. Purcell also specifies that the city shall bear the entire costs of all surveys and investigations, which, based on previous surveys, made on traffic in this city, Will Add Hundreds of Thousands of Dollars to the Cost of the Purcell appointment.

"Certainly, there will be recommendations, possibly running into millions, requiring bond issues, which are not particularly liked by San Franciscans.

"Defeat of bond issues for the traffic improvements recommended by Mr. Purcell Would Automatically Nullify Every Reason for His Appointment, and make every dollar expended for his employment, as well as that of his aides, Absolutely Wasted.

"The sane way would be to save the hundreds of thousands of dollars now instead of wasting them later.

"Just what reason exists for the appointment of Mr. Purcell?

"He has not established a reputation as a traffic engineer—many believe, and are willing to state their reasons, that men now in the city employ, if Given the Opportunity, Can Bring About Reform Without Mr. Purcell's Aid.

"Furthermore, these men would make use of the traffic surveys already made, and costing the city in the neighborhood of $400,000.

"The suggestion is here advanced that the city administration Call Upon the Men Now in Its Employ to straighten out the traffic situation.

"If these men cannot do it, let them be replaced by men who are capable, but under the same conditions these men entered the city's employ. Not under five-year contracts, with the entire salary for that period set aside, such as in the proposed Purcell appointment. Not with a group of selected aides, all outside of civil service, but working under the merit system established by the City."

In Conclusion: Voting the Purcell appointment will result in a stiff increase in the tax rate, the responsibility for which the Mayor will say is your doing.

I say: Give the taxpayers a break by voting down this Purcell contract.

Statement by Supervisor McSheehy

Supervisor McSheehy, in support of the motion for reconsideration, urged that the Board reconsider its act of March 18. He considered the proposed expenditure for the employment of Mr. Purcell to be a waste of public funds. The work to be performed by Mr. Purcell can be done by the city's own engineers, with the cooperation of the Police Department. Objections to the proposed contract have been made by many important clubs, and the legality of the contract and of the expenditure of funds for that purpose must be decided by the courts. For those reasons, he urged that the Board's action taken at the previous meeting, be reconsidered. The Charter makes it impossible for four members of the Board to submit the question of the Purcell employment to the voters for the special election to be called on May 7, 1940. However, six members could present such question, and for that reason, the action previously taken by the Board should be reconsidered, and the matter should be referred to the voters on May 7, 1940.

Objections to Reconsideration

The following communication from his Honor, the Mayor, was presented and read by the Clerk:

March 22, 1940.

The Honorable,
The Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

At your meeting of March 18, 1940, there was adopted a resolution requesting and directing the Controller to certify as to the availability of funds to meet the requirements of a proposed contract with Mr. Charles H. Purcell, and, due to a motion to reconsider the adoption of the resolution, the matter will again be before you at your next meeting.

At the last meeting some objection to the adoption of the resolution and the execution of the contract with Mr. Purcell was expressed, but the arguments and criticisms made are, in my opinion, unfounded. The opposition to the contract is generally summarized by a brief filed by Mr. Charles A. Christin, and I wish to take this means of respectfully calling to your attention certain matters which I believe adequately answer the opposition and demonstrate that public welfare and interest require the adoption of the resolution and the eventual execution of the contract with Mr. Purcell. In my opinion by far the majority of voters in this city are in favor of solving its traffic problems by retaining the services of Mr. Purcell. Prior surveys have been prepared by persons who did not have the confidence of the majority of voters and have also been prepared hastily and without due regard to a fair attempt to compose the differences that may exist between various individuals or various interests throughout the city. The people have not had confidence in the recommendations of prior surveys, for these and possibly other reasons.

In view of the inconclusive results that have followed from all prior surveys and all prior attempts, whether or not by outside experts, to arrive at an acceptable and reliable program, and in view of the attitude of the people with respect thereto, and in view of the universally recognized need for the solution of the traffic and transit problems of our city, I am satisfied that it is our duty as legislative and executive representatives of the people, to obtain a current survey that will not be subject to the objections and deficiencies of prior surveys. Incidentally, the proposed contract is much more than a survey; it contemplates the suggestion of specific projects, singly or

jointly, specific plans and cost estimates, and specific suggestions for Federal and State aid or financing or cooperation, in form sufficient for submission to the voters. It is only by such a contract and such cooperation that our problems can be solved. Other means have already failed, and we must not fail again.

Mr. Charles H. Purcell has for a number of years been the Chief Highway Engineer of the State Department of Public Works. In this capacity he has had widespread experience in the construction of highways in our large cities as well as in rural areas, in connection with the expenditure of gas tax moneys. Furthermore, he was in charge of construction of the Bay Bridge (for highways and trains) and approaches in Oakland and San Francisco and other state highways in these cities connecting therewith. All of this experience has made him more competent than any other one person in connection with the traffic and transit problems of our city.

Mr. Purcell's experience has included much work with federal and state agencies in connection with federal and state cooperation and aid for public improvements; he is the only person with such experience who is available to us, and this experience may be a very valuable thing in helping to solve our traffic and transit problems.

In connection with the Bay Bridge Mr. Purcell demonstrated remarkable capacity for coordinating the interests of different agencies and harmonizing what had been widely divergent private viewpoints, while still conducting his work in a highly efficient and capable manner. Above all things, his honesty and fairness, notwithstanding opposition to his proposals, have been conclusively demonstrated. In my opinion all of these admirable characteristics and qualifications which Mr. Purcell possesses are fully appreciated by the people of San Francisco, and to such an extent that any survey and recommendations which he may make and reach will be accepted by the majority of our voters, whereas those which have been made or suggested in the past or those which might now otherwise be available to us, would not be so accepted.

Furthermore, it is my opinion that the voters of San Francisco do not want any hasty or poorly considered plan submitted to them; they have already indicated their lack of confidence in plans which have been prepared without the most complete, full, and careful consideration, and we therefore should not ask Mr. Purcell to attempt the solution of our problems in any comparatively short period of time.

He must be given sufficient time so that the people of the city may be assured that the recommendations he may make have been given the fullest possible consideration and represent his best and final recommendation.

It should be obvious, of course, that no one possessing Mr. Purcell's qualifications, and undertaking the solution of our traffic and transit problems would be willing to do so under an agreement which obligated him to propose a solution within any short restricted period of time, and based upon inconclusive surveys. Similarly it is obvious that a man occupying the position which Mr. Purcell now holds cannot fairly be requested to leave his present secure position without reasonable assurance that he will remain in the employ of the City for a reasonable period of time, such as the five years mentioned in the proposed contract. Nor would a man of Mr. Purcell's integrity undertake to make any recommendation for a solution of our problem under a contract requiring his recommendations to be made within a short time, when he is well aware that the problem is so complex that it cannot be honestly or compentetly solved within such short period.

Therefore, because the people of this city do not want a hastily made or ill-considered proposal, because they have confidence in the ability of Mr. Purcell to give them the kind of recommendations which

they want, because Mr. Purcell can be obtained if he is given a contract for a reasonable period of time, and because the proposed contract with Mr. Purcell meets all necessary requirements, it is my opinion that the resolution that is before you should be finally adopted.

Some of the arguments that have been made against this resolution and some of the digests of the contract do not fairly set forth the terms or effect of the contract; in fact, a portion of Section 1 of the contract was changed at the suggestion of Supervisor Roncovieri since Mr. Christin's above mentioned brief was written, and there was thus eliminated almost all of the language stressed by Mr. Christin.

For example, it is claimed, (but with obvious exaggeration) that nothing is required of Mr. Purcell and that he has five years before he must report, except for allegedly meaningless progress reports. However, the fact is that the contract (Sections 1 and 2) requires a prompt start and full and complete service to the City as an advisor, and in the making of surveys, reports, *recommendations* and *cost estimates*, requires the submission of reports and recommendations from time to time *as rapidly as they are completed*, and requires in any event on July 1 of each year the submission to the Mayor and the Supervisors of a report of the surveys and *recommendations* of the preceding year, with cost estimates, which annual report shall be in such form that the recommendations *may be submitted to the voters*. Several of these provisions were inserted since Mr. Christin wrote his brief.

Again, it is said that the contract does not require Mr. Purcell to solve our problems; obviously we cannot expect any person to guarantee the solution of such problems. All that we can ask of any expert is that he give his best judgment and opinion as to the solution, and that is exactly what the proposed contract does.

Criticism also is attempted because the only present appropriation is for Mr. Purcell's salary. This criticism is entirely inappropriate, as we all know, from the common practice, that every contract must be supported by a prior valid appropriation out of the funds of the current fiscal year, and furthermore, the procedure established in the contract waives a present expenditure and enables the City to withhold further appropriations for Mr. Purcell's expenses and assistants if that should appear desirable or expedient. In that respect again the contract simply complies with the budgetary provisions of the Charter.

Again, the claim is made that the contract violates the Civil Service Law, but no reasons are specified in support of such contention. Such a claim has never been made before in connection with any other contract for a survey of contract for special services or work. In making Mr. Purcell an independent contractor the contract simply gives him freedom of action, without being subject to direction or control, and relieves the city of liability for any acts of his or his employees.

In so far as such claim is based on the right of Mr. Purcell to call on city employees for help, the claim overlooks the fact that all city employees are subject to the direction and control of the city and are expected to devote all their time and efforts to such activities as the city shall require, and the further fact that the contract simply provides that the City, which wants this survey and wants it with as little cost as possible, directs its employees to render such aid as they can in connection *with their regular duties.*

The claim that there is no limitation on the amount of help is farfetched, as the services which the employees can render are automatically limited by the fact that the total number of employees and the time that they may work each day are limited by law and are under the continuous control of the City; however, *in any event, the contract provides that such employees shall continue to perform their usual duties and functions.*

There is also no merit in the claim that the City Attorney may not aid a private enterprise, first, because this enterprise is for the city and is a public one; secondly, even though the enterprise might be deemed a private one, the City Attorney possibly may not be asked to act, and thirdly, even if the enterprise is private and the City Attorney does refuse to act, then the contract would be automatically modified to conform to the Charter, as both parties necessarily contract subject to the terms of the Charter, and any right to call on the City Attorney for services would thereupon be excluded from the contract, without prejudice to or effect upon the balance.

Notwithstanding that the contract is believed to be legal and even assuming that some provisions of it might not be legal, it is believed that the proper place for the presentation of such arguments is in the courts. I have been advised by the City Attorney and by Chief Deputy City Attorney Walter Dold, that they believe the contract to be valid and legal. However, any questions as to its validity or legality can and will be determined by the Supreme Court. Such objections as there are to the validity or legality of the contract will be presented to the court, and all those opposing the contract will have adequate opportunity to be heard there. They should not be permitted here, by doubtful legal arguments, to block necessary and constructive legislation.

The charge that Mr. Dold or anyone else has resorted to a circuitous method in presenting this contract to the Supervisors is also unfounded. Under the Charter, Section 86, a contract cannot be authorized by the Supervisors or any money therefor expended without the Controller first making the certificate that this resolution requests.

In addition, the suggested procedure is necessary because of the threats of litigation that certain objectors have made; and the procedure adopted will enable the courts to hear and decide all such objections prior to the time the City will be required to make any expenditure or suffer any loss. The procedure instead of being circuitous, is actually direct and open and permits of an early court decision, to the benefit of all concerned.

May I renew my recommendation already before you that steps be hastened to permit the employment of this distinguished engineer, Mr. Charles H. Purcell, to the end that a lasting solution of our vexed traffic problem may be found.

Yours very truly,

ANGELO J. ROSSI,
Mayor.

Supervisor Colman, in opposing reconsideration, stated that no good reason had been advanced why any member of the Board should reconsider his vote of the previous week, nor had anything new on the matter been presented. The proposed legislation merely enables the legality of the proposed contract to be ascertained. There being, in his opinion, no reason advanced why the Board should change its action, he would vote against reconsideration.

Supervisor Uhl, in closing, stated that the communication from the Mayor merely stressed the employment of Mr. Purcell. It is in the minds of the Mayor and many of the Supervisors that Mr. Purcell is the proper man to solve the traffic problems of San Francisco, and the fact remains that it is the intention to employ Mr. Purcell. Supervisor Uhl was positively opposed to that, and he felt that the proposed employment was an expense to the taxpayers that could well be avoided. Only a short time ago a charter amendment was presented to the people to make possible the appointment of a traffic engineer. The people rejected that by a tremendous majority. Then,

too, the Chief Administrative Officer has stated that Mr. Purcell had the confidence of the people of San Francisco, and whatever he should propose, the people would accept. With that view Supervisor Uhl could not agree.

Reconsideration Denied

Thereupon, the roll was called and the motion for reconsideration failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Shannon, Uhl—4.

Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.

Absent: Supervisor McGowan—1.

SPECIAL ORDER 3 P. M.

Conferring Honorary Citizenship on Mr. H. K. S. Williams

President Warren Shannon, in initiating the ceremonies conferring upon Mr. H. K. S. Williams, Honorary Citizenship of the City and County of San Francisco, announced that on March 11, 1940, Supervisor Colman had introduced a resolution requesting his Honor, the Mayor, to proclaim and declare Mr. Henry K. S. Williams to be an Honorary Citizen of the City and County of San Francisco, which resolution was duly adopted by unanimous vote of the Board. As Supervisor Colman was the leader in this move, the President requested that he take charge of the proceedings.

Thereupon, Supervisor Colman, after accepting temporary chairmanship, stated that it was a pleasant and happy occasion to do everything possible to do honor to Mr. Williams. It is not only on account of the magnificent liberality of his gift, declared Supervisor Colman, but because of what that gift means to San Francisco, that this honor is proposed. Mr. Williams is the kind of citizen that really creates a great city, and Mr. Williams' gift will mean a great deal to the people of San Francisco, and to generations as yet unborn, in teaching the people of San Francisco to love and understand art. His gift is one that will redound not only to his benefit, but to the benefit of the City of San Francisco, and it is for that reason that the Board expresses the heartfelt gratitude of the people and has asked Mr. Williams to be present in order to have this honor conferred upon him.

Mr. Thomas C. Howe, Jr., Director of the California Palace of the Legion of Honor, addressed the Board, pointing out the magnificence of the gift presented to San Francisco by Mr. Williams and his late wife, Mildred Anna Williams.

Mrs. Alma Spreckels Awl, Honorary President of the Board of Trustees of the California Palace of the Legion of Honor, who, with her late husband, Adolph Spreckels, presented the Palace of the Legion of Honor to San Francisco, and who has made annual gifts therefor, since the original bequest to the city, addressed the Board briefly, paid glowing tribute to her friend, Mr. Williams.

Other distinguished guests presented were: Mr. Herbert Fleishhacker, President, and Messrs. Alexander De Bretteville, O. K. Cushing and Paul Verdier, Members of the Board of Trustees of the California Palace of the Legion of Honor; Mrs. Errol MacBoyle; Mrs. Lowe; Mr. Albert Bender; Miss Hobey, nice of Mr. Williams.

Before the ceremonies attendant upon conferring honorary citizenship on Mr. Williams were continued, the Clerk, at the request of his Honor, the Mayor, read the following resolution:

Declaring Henry K. S. Williams an Honorary Citizen of San Francisco

(Series of 1939)

Resolution No. 887, as follows:

Whereas, Mr. K. S. Williams has magnanimously relinquished to San Francisco his controlling interst in the extensive Mildred Anna Williams collection of paintings, tapestries and other objects d'art, which, together with the trust fund established for its maintenance, is valued at over a million dollars; and

Whereas, This truly generous action will result in the collection being transported from the Williams home in Paris to its permanent resting place in the California Palace of the Legion of Honor; and

Whereas, The Mildred Anna Williams collection will remain on exhibition at the California Palace of the Legion of Honor to redound to the cultural and aesthetic advantage of San Franciscans, today and for centuries to come; and

Whereas, In addition to providing the opportunity for immediate enjoyment of this collection, Mr. Williams has unselfishingly devoted his time to arranging details of its transfer from Paris to San Francisco, and has, as well, contributed valuable additions to the original gift of Mrs. Williams, which greatly augment its intrinsic value and artistic worth; and

Whereas, San Francisco in no perfunctory manner receives this gift, but with a spirit of gratefulness and exultation that our City should be deemed worthy of the favor and regard evinced by the presentation of this exhibit; now, therefore, be it

Resolved, That this Board of Supervisors does hereby express its profound gratulation to Mr. Henry K. S. Williams for his munificent gesture; and be it

Further Resolved, That, in appreciation of the splendid noble spirit displayed toward our City, this Board of Supervisors does request his Honor the Mayor to proclaim Mr. Henry K. S. Williams, and he is hereby declared to be, an Honorary Citizen of the City and County of San Francisco, State of California; and be it

Further Resolved, That a properly engrossed copy of this resolution, together with appropriate credentials, scroll and certificate, be presented to Mr. Henry K. S. Williams at a suitable ceremonial to be held at an early date.

Adopted by unanimous vote, Monday, March 11, 1940.

His Honor, Angelo J. Rossi, Mayor, in a brief address, paid glowing tribute to Mr. Williams and to his wife, the late Mildred Anna Williams, and to the spirit which prompted their magnificent gift to San Francisco. The Mayor, also called attention to the benefactions of Mrs. Anna Spreckels Awl, and the meeting between Mrs. Awl and the Williams' family, in Paris, and the friendship which ultimately resulted to the immeasurable and perpetual benefit to San Francisco, for which the citizens of San Francisco are so deeply grateful. In presenting to Mr. Williams, the engrossed copy of the foregoing resolution, his Honor expressed his own pleasure in so declaring Mr. Williams to be an honorary citizen of San Francisco, as well as the pleasure of all the people, and expressed the sincere wish that Mr. Williams would be spared many many years of good fortune and happiness which he so richly merits.

Mr. Williams responded briefly expressing his gratitude for the honor bestowed on him, but giving major credit to his late wife, for it was she, Mr. Williams stated, and her understanding and apprecia-

tion of art, that were largely responsible for the collection which had been presented to San Francisco, and he regretted only that she could not be present to share the honors with him.

In closing, Supervisor Shannon extended to Mr. Williams the pleasure of the Board of Supervisors at his presence, and the sincere wishes of the Board for his continued years of happiness and well-being, after which Supervisor Colman presented Mr. Williams to each member of the Board.

SPECIAL ORDER — 3:30 P. M.

From Finance Committee, Without Recommendation

Consideration of motion by Supervisor Shannon that the traffic and transit situation now existing in San Francisco be referred to the Streets Traffic Advisory Board for report, and that reports now at hand be brought up to date by that Board.

The foregoing matter being taken up, the Chair announced that he had made his statement at the last meeting of the Board, and there was little he could add thereto.

Thereupon, Supervisor Uhl announced that the Charter specifically provides in Section 61 that there shall be monthly meetings of the Street Traffic Advisory Board, and he inquired of the Chief Administrative Officer if such meetings had taken place, what had been accomplished, and what recommendations had been made by that Street Traffic Advisory Board to the Board of Supervisors.

Chief Administrative Officer, Alfred J. Cleary, in reply thereto, stated that meetings have been held on the last Wednesday of every month, at 4 P. M., at which all matters proposed had been discussed. During the eight years since the adoption of the charter, there had been only three times when a quorum was not present. However, the Street Traffic Advisory Board has no authority to do anything but to give advice. That advice has been given whenever it has been requested. The Board has certain implied responsibility, but not authority to enforce it.

Thereupon, President Warren Shannon relinquished the Chair, temporarily, which was taken by Supervisor Mead. Supervisor Shannon then quoted from the Charter, concerning the Street Traffic Advisory Board, as follows: "It shall have the power and duty of considering ways and means of effectively coordinating the activities of city and county departments having responsibilities relating to streets traffic, to the end that streets traffic congestion and hazards throughout the city and county shall be relieved so far as possible," and inquired as to the Board's activities in that respect.

The Chief Administrative Officer, in reply thereto, stated that his Board had cooperated with the police department on many occasions, and had heard from numerous experts who had given advice as to the best methods of relieving traffic congestion. Lieutenant Kremel, of the Northwestern University, had given the Board the benefit of his advice. The Board had conferred with the judges of the traffic court with respect to imposition of penalties for violation of the traffic laws. The McClintock and other reports had been considered but the proper consideration of even the McClintock report would take one man three months' time. That was one reason why the employment of Mr. Purcell was considered so necessary. By his employment the traffic reports now at hand could receive proper study, the wheat separated from the chaff. It is to analyze these reports, and to make recommendations is one reason why this employment is urged.

Supervisor Shannon, in continuing his presentation called attention to Section 60 of the Charter wherein the "Powers and Duties of Chief Administrative Officer" are, in part "to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic"; and stated that it was his thought, in making the motion under consideration that while the courts were considering the legality of the proposed Purcell employment, consideration would be given to the traffic situation so that in the event that the courts should sustain the contention of the Controller the efforts toward solution of the traffic problem would be under way and no time would be lost.

Thereupon, the Chief Administrative Officer, in reply to Supervisor Shannon, stated that he had no objection to the motion that the matter be referred to his committee for report pending the verdict of the courts.

Supervisor Colman, however, objected to the motion, and stated that it was his impression that the recommendation of the Street Traffic Advisory Board would be to hire Mr. Purcell, and that he felt that would be a wise recommendation to make.

Whereupon, the Chief Administrative Officer stated that such recommendation had already been made by his committee.

In continuing, Supervisor Colman stated that he felt no good could be accomplished by referring the traffic matter to the Street Traffic Advisory Board, which had already recommended the appointment of Mr. Purcell.

Motion Fails

After further brief discussion, the roll was called and the motion failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Shannon, Uhl—4.

Noes: Supervisors Brown, Colman, Mead, Meyer, Roncovieri—5.

Absent: Supervisors McGowan, Ratto—2.

Post Street Widening

During the foregoing discussion, the Chief Administrative Officer, in reply to questioning by Supervisor Uhl, stated that the Street Traffic Advisory Board recognized the benefits of six traffic lanes to facilitate the flow of traffic. However, the merchants on Post Street had been sounded out on the matter, and they were opposed to the reduction of sidewalk widths on that street to make possible six traffic lanes. He, himself, did not feel the arbitrary narrowing of sidewalks could be justified, and he would not commit himself as to whether they should be narrowed at all, or left as they are.

Proposal to Delay Paving of Post Street Until After the Close of the Exposition

Supervisor Uhl called attention to news story in which it was stated that contract had been let for the paving of Post Street, the work to begin in the very near future, and moved that such widening be delayed until after the close of the exposition.

Chair ruled the motion out of order.

Rejection of Proposed Salary Schedules for Various Classifications Reported to the Board by the Civil Service Commission

Mr. Walter Dold, Assistant City Attorney, announced that he believed that the Board should pass a resolution providing for the rejection, if the Board desired so to do, of various "related" classifications, on monthly compensation basis, presented to the Board by

the Civil Service Commission in connection with proposed salary standardization for per diem employments. The Board had, by motion, postponed consideration of these monthly classifications; proper action should be rejection of the proposed schedules, by resolution.

Adopted

Thereupon, the roll was called and the following resolution was adopted by the following vote:

(Series of 1939)

Resolution No. 921, as follows:

Whereas, pursuant to Resolution No. 801 of the Board of Supervisors, the Civil Service Commission on February 7, 1940, submitted to the Board of Supervisors a report and recommendation for salary standardization schedules for certain per diem employments and related classifications as provided in Section 151 of the Charter; and

Whereas, under date of March 1, 1940, the City Attorney rendered to this Board an opinion in which he advised that the Board of Supervisors in its judgment may omit classifications and schedules for employments which in its judgment are not related; and

Whereas, the Finance Committee of the Board of Supervisors on March 1, 1940, discussed with the Civil Service Commission, and examined very carefully, the classifications of duties of each of the claimed related classifications included in the report of the Civil Service Commission of February 7, 1940; and

Whereas, after due consideration it appears that with regard to some of the classifications listed in the said recommendations of the Civil Service Commission, the Board of Supervisors finds that said classifications contained therein are not directly related to other classifications in said report;

Now Therefore, Be It Resolved that the proposed salary schedules for the following classifications as set forth in the said report of the Civil Service Commission be, and they are, hereby rejected for the foregoing reasons:

Final Passage

Thereupon, the following matter, heretofore passed for second reading, was taken up:

Salary Standardization for Per Diem Men and Related Classifications

(Series of 1939)

Bill No. 612, Ordinance No. ....., as follows:

An ordinance fixing schedules of salaries and wages to be paid employees of the City and County in certain specified classifications whose

salaries and wages are subject to the provisions of Section 151 of the Charter, and providing that the said schedules shall be effective for the fiscal year 1940-41.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service as specified herein which are subject to the provisions of Section 151 of the Charter.

Section 2. Employees legally occupying positions allocated by the Civil Service Commission to the classifications set forth herein which are subject to Section 151 of the Charter shall be paid, effective July 1, 1940, the amount set forth herein for the classification in which their position is classified and allocated and in accordance with the seniority increments as set forth herein.

Section 3. Employees entering the service on or after July 1, 1940, shall enter the service at the entrance rate fixed in the said compensation schedules for the classification to which such employee is appointed; provided that no new employee shall be paid more than other appointees then serving in the same classification under the same appointing officer.

Section 4. Employees being promoted to a new classification shall enter such promotive classification at the entrance rate fixed in said compensation schedules for the classification to which such employee is being promoted; provide that an employee receiving in the lower class a rate in excess of the minimum for the promotive class shall not be reduced in salary.

Section 5. Salaries and wages herein fixed are gross compensations. Deductions shall be made from the salaries or wages of employees as herein specified for maintenance and other accommodations as provided by law, and charges therefor shall be as fixed by law, provided, however, that no charge shall be made for maintenance furnished employees in institutions unless such employees use such accommodations and maintenance. Wages fixed herein on a per hour or per diem basis are for eight hours' work per day.

Section 6. Department heads are hereby directed to prepare and submit budget estimates of personal service for the fiscal year 1940-41 or amendments thereof in accordance with the provisions of this ordinance.

Section 7. If the compensation of any position herein established on a per diem or hourly basis is included in the budget estimates and salary ordinance on a monthly compensation basis, the monthly rate for such position shall be computed by multiplying the per diem or hourly rate herein established for the position by the average or normal working time of the position as provided in Section 151 of the Charter.

Section 8. If it shall be determined that any salary or wage fixed in the said compensation schedules is contrary to the provisions of Section 151 of the Charter, such determination shall not affect the validity of any other salary or wage fixed in the said compensation schedules.

Section 9. The compensation schedules for classifications included in Division A—Building Trades Service, as set forth in the Civil Service Commission's classification of positions, are as follows, subject to the provisions of this ordinance:

Privilege of the Floor

Mr. Vid Larson, representing the Federation of Municipal Employees, called attention to municipal employees whose salaries might be adjusted, without adoption of standardization of salaries, many of whom were receiving salaries below the minimum set up for their classification in the so-called "Brown Book," and requested that final action on the foregoing legislation be postponed for one week, in order that the employees not included therein could present their cases to the Board.

Mr. Will Merryman addressed the Board at length, explaining the so-called "Brown Book," and its legal status, declaring that it did not set forth the actual prevailing wages for classifications enumerated therein, but merely set rates proposed by the Civil Service Commission in 1929, which were much higher than the present prevailing rates, and presented a ceiling beyond which rates could not be established prior to the adoption of salary standardization. The rates proposed therein were by no means mandatory.

Mr. Cameron King and Captain Michael Riordan, also representing the Federation of Municipal Employees, supplemented the remarks made by Mr. Larson.

Mr. James Ricketts and Mr. McMillan, representing per diem crafts, opposed any postponement of action on the ordinance under consideration.

Supervisor Uhl, in answer to statements made concerning employees who were not being paid a reasonable wage, stated he would criticize any department head who would not recommend a living wage to his employees, and he would support any increases recommended by a department head to provide a salary to which an employee was justly entitled. However, because the case of the per diem men had been fully established, he would vote for the proposed legislation on final passage.

Supervisor Roncovieri, in expressing his views, said he had made some study of the present proposed budget, and he could foresee great difficulty in cutting down some $12,800,000 of excess demands this year, over last year. He believed that the Board should have the entire

picture before it before finally passing the proposed salary standardization for per diem men, and he, himself, wanted to know what the city's income would be before he voted for something that possibly could not be granted. Supervisor Roncovieri was in hopes that by the enactment of certain license ordinances, to replace those which had been repealed, and by the imposition of licenses fees upon pinball games and other amusement devices, the income of the city could be increased to take care of necessary increases in the cost of municipal government. It might then be possible to provide for the increased compensations for per diem men, due to the proposed salary standardization of their classifications, as well as to provided certain increases for other deserving employments. Since he could see no need for immediate enactment of the ordinance under consideration, and, in his opinion, a delay of two or three weeks in final passage thereof would harm no one, he would move postponement of final passage for three weeks, after which the prospective financial condition would be better known. In the meantime, he would move that the Civil Service Commission report to the Board on all employments receiving less than the minimum provided in the "Brown Book" and the amount required to bring such compensations up to the minimums.

In reply thereto, Mr. Henderson, representing the Civil Service Commission, stated such report had been presented to the Board some two or three weeks previous.

In continuing his remarks, Supervisor Roncovieri stated that passage of the proposed ordinance would bind the Board to provide for some $186,000 in the coming appropriation ordinance. He wanted to provide that amount, if possible. In fact, he would like to increase everyone up to the amounts set up in the "Brown Book." However, in order that he might better know what he could actually provide for union labor, he must have a better idea as to other budget requirements and the probable income to be expected by the city during the coming year. For that reason, and because he desired to give everyone his due, and at the same time to consider the taxpayer, he believed that final action should be postponed for at least three weeks, and so moved.

Motion failed for want of a second.

In explanation of his vote, Supervisor Colman expressed his opposition to partial standardization. He believed the problem could best be solved by returning the whole matter to the Civil Service Commission, where everyone's problem could be heard. At the last election he spoke against standardization, but he did make the statement that he was not opposed to the per diem men getting the going union rates, providing such rates could be established beyond a reasonable doubt. That has been done, with one or two possible exceptions. He considered himself bound by promises he made at the last election to go along with the per diem men. Accordingly, he would vote "Aye" on the proposed measure, although he was not changing his position at all in regard to piecemeal standardization. Circumstances are such that he could not keep his word to the people with whom he spoke if he did not so vote.

Supervisor Brown explained his view, stating that the per diem men had demonstrated that wages being paid in private employment were substantially the same as those proposed in the ordinance under consideration. Institutional workers have already been taken care of, by vote of the people. The per diem men have been separated from other classifications, and are now entitled to the same treatment. Last year they were denied their rights for a reasonable hearing. This year they should receive the correct treatment that they sought the last year but did not get. They have demonstrated that they are getting less than the prevailing wage in private employment. They are entitled to

that wage. For that reason he would vote "Aye" on the proposed ordinance.

Motions for Postponement

Supervisor Roncovieri renewed his request for postponement, and moved that further action be postponed for two weeks.

Motion failed for want of a second.

Thereupon, he moved postponement of action for one week.

Motion failed for want of a second.

Whereupon, his efforts for postponement having failed, Supervisor Roncovieri announced his intention to vote "Aye" on the proposed ordinance.

Final Passage

The Roll was then called and the Bill providing salary standardization for per diem employments was finally passed by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McGowan—1.

Final Passage

The following recommendations of the Public Health Committee heretofore Passed for Second Reading were taken up:

Adding Section 158 to Article 3, Chapter V, Part II, of the San Francisco Municipal Code Providing for Establishment and Maintenance of Nursing Homes.

(Series of 1939)

Bill No. 598, Ordinance No. 564, as follows:

An ordinance amending Article 3, Chapter V, Part II, of the San Francisco Municipal Code, by adding thereto a new section to be known as Section 158, providing for "Establishment and Maintenance of Nursing Homes."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 158 is hereby added to Article 3, Chapter V, Part II, of the San Francisco Municipal Code, which section shall read as follows:

Sec. 158. Establishment and Maintenance of Nursing Homes. No person, firm, corporation or association shall hereafter erect, establish or maintain any nursing home without first obtaining a permit from the Department of Public Health as in this section provided.

(a) Definitions. For the purpose of this section, a nursing home is hereby defined to be a building or structure having accommodations for one or more but not more than eight (8) invalid, infirm, aged, senile, injured or convalescent inmates, where a charge is made for the care of said inmates, and whether or not, in the care or treatment of said inmates, use is made of drugs, medicines, electrical or physiotherapeutical procedures.

(b) Permits. The Department of Public Health shall have power to and shall issue annual permits for nursing homes hereafter established; and as to original applications for permits, subject to the prior approval of the City planning Commission as to compliance with ordinances administered by the City Planning Commission, the Department of Public Health shall follow the provisions of Section 22 and 27, Article I, Part III of this Code, and in addition thereto the property

owners of all property within 200 feet of the exterior boundary lines of the applicant's property shall be notified by the Department of Public Health, in writing, of the nature of the application and the time and place of hearing, and the applicant shall furnish the Department of Public Health with a verified list of the names and addresses of said property owners, and in passing upon the application the Department of Public Health is empowered to give consideration to the possible adverse effect of the proposed use upon adjoining property and approval or disapproval of the application may be predicated upon such grounds. The Department of Public Health shall issue a permit to each nursing home existing at the time this section becomes effective, provided said nursing home is erected in compliance with existing fire, health and safety laws, and if not so erected, if compliance is had therewith within thirty (30) days after written notice by the Department of Public Health of the particulars wherein non-compliance exists. Every permit shall specify the name and residence of the licensed person, firm, association or corporation, the location of the structure and the number of persons permitted to be housed or cared for therein. Any permit shall be revocable for cause by the said Department of Public Health, after hearing before said Department upon service upon the holder of the permit, not less than ten (10) days before the hearing, of a written notice of time and place of hearing and written statement of the charges, in any case where the provisions of this section, or of any fire, health or safety law has been violated and said violation has continued for more than ten (10) days after service upon the holder of said permit of a written statement by the Department of Public Health of the particulars wherein said violation exists.

The Department of Public Health shall have the authority to establish health and sanitation requirements for permittees after thirty (30) days notice to all existing permittees and a hearing upon the subject.

(c) Types of Buildings. No nursing home now or hereafter established shall be housed in a structure of frame construction, if said structure is designed to have accommodations for more than five (5) inmates. Any such nursing home hereafter established, and having accommodations for not more than five (5) inmates, may be of frame construction if the same complies with all of the regulations and laws of the Bureau of Building Inspection, Department of Public Works, the Bureau of Fire Prevention and Public Safety and of the Department of Public Health, as of the date of the application for a permit. No inmate shall be housed or cared for in any attic, basement or cellar. Where more than five (5) inmates are housed in a nursing home the building shall be of Class A or B construction.

(d) Registers. The holder of a permit shall keep a register, in form approved by the Department of Public Health, wherein shall be entered the names and addresses, date of entry and date of discharge of all inmates.

(e) Transfer of Permits. No permit issued pursuant to this section shall be sold, assigned or transferred without written permission of the Department of Public Health.

(f) Inspection. The Department of Public Health, its officers and representatives, and all duly appointed or elected Health Officers, shall at all reasonable times have the right to enter and inspect the said nursing homes and to inspect the permit and register thereof and to require compliance with this section.

Finally passed by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McGowan—2.

Amending Section 157, Chapter V, Article 3, Part II, San Francisco Municipal Code

(Series of 1939)

Bill No. 599, Ordinance No. 565, as follows:

An ordinance amending Section 157, Chapter V, Article 3, Part II, San Francisco Municipal Code, providing for the establishment and maintenance of hospitals, by deleting therefrom "Nursing Homes."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sec. 157, Chapter V, Article 3, Part II, San Francisco Municipal Code, is hereby amended to read as follows:

Sec. 157. Establishment and Maintenance of Hospitals. No person, firm, corporation or association shall hereafter erect, establish or maintain any hospital *or* health institution or nursing home without first obtaining a permit from the Department of Public Health as in this section provided.

(a) Definitions. For the purposes of this section a *hospital or* health institution is hereby defined to be a building or structure having accommodations for more than three sick, invalid, infirm, aged, convalescent, mentally ill, feeble-minded, incompetent, decrepit, disabled, injured, infected, or chronically ill persons, where a charge is made for the care of said persons, and whether or not, in the care or treatment of said persons, use is made of drugs, medicines, surgical, electrical or physiotherapeutical procedures; *but shall not include nursing homes as such are defined in Section* 158 *of this chapter.*

(b) Permits. The Department of Public Health shall have power to and shall issue permits for hospitals *and* health institutions hereafter established. The Department of Public Health shall issue a permit to each hospital *and* health institution existing at the time this section becomes effective, provided said hospital *or* health institution is erected in compliance with existing fire, health and safety laws, and if not so erected, if compliance is had therewith within thirty (30) days after written notice by the Department of Public Health of the particulars wherein non-compliance exists. Every permit shall specify the name and residence of the licensed person, firm, association or corporation, the location of the structure and the number of persons permitted to be housed or cared for therein. Any permit shall be revocable for cause by the said Department of Public Health, after hearing before said Department upon service upon the holder of the permit, not less than ten (10) days before the hearing, of a written notice of time and place of hearing and written statement of the charges, in any case where the provisions of this section, or of any fire, health or safety law has been violated and said violation has continued for more than ten (10) days after service upon the holder of said permit of a written statement by the Department of Public Health of the particulars wherein said violation exists.

(c) Types of Buildings. No hospital *or* health institution hereafter established shall be housed in a structure of frame construction, if said structure is designed to have accommodations for more than five (5) inmates. Any such hospital *or* health institution hereafter established, and having accommodations for not more than five (5) inmates, may be of frame construction if the same complies with all of the regulations and laws of the Bureau of Building Inspection, Department of Public Works, the Bureau of Fire Prevention and Public Safety and the regulations of the Department of Public Health, as of the date of application for a permit. No inmate shall be housed or cared for in any attic, basement or cellar.

(d) Registers. The holder of a permit shall keep a register, in form approved by the Department of Public Health, wherein shall

be entered the names and addresses, date of entry and date of discharge of all inmates.

(e) Transfer of Permits. No permit issued pursuant to this section shall be sold, assigned or transferred without written permission of the Department of Public Health.

(f) Inspection. The Department of Public Health, its officers and representatives, and all duly appointed or elected Health Officers, shall at all reasonable times have the right to enter and inspect the said hospitals *and* health institutions, to inspect the permit and register thereof and to require compliance with this section.

Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McGowan—2.

Authorizing Consent to Subordination of Old Age Lien to Extension of Existing Mortgage, Property of John Morris

(Series of 1939)

Resolution No. 911, as follows:

Whereas, A Notice of Aid to John Morris was recorded in the office of the Recorder of the City and County of San Francisco, State of California, on the 22nd day of October, 1936, in Liber 3011 Official Records, page 148, which created a lien on the real property situated in said City and County of San Francisco, described as follows, to-wit:

Commencing at a point on the easterly line of Twenty-eighth Avenue distant thereon 125 feet northerly from the northerly line of Vicente Street, running thence northerly along the said easterly line of Twenty-eighth Avenue 25 feet; thence at a right angle easterly 120 feet; thence at a right angle southerly 25 feet and thence at a right angle westerly 120 feet to the easterly line of Twenty-eighth Avenue and the point of commencement.

Being a portion of Outside Land Block No. 1200.

Whereas, Said lien is subject and subordinate to the lien or charge upon said land of a mortgage given to the Home Owners' Loan Corporation, recorded on the 21st day of December, 1934, in Book 2735 of Official Records of the City and County of San Francisco, State of California, at page 135, to secure the payment of a promissory note in the sum of $2,778.95 and other obligations; and

Whereas, Under the terms of said mortgage and note there remains unpaid as of February 22, 1940, the sum of $2,108.97, including principal, interest and advances, which amount the said debtors owe the said Home Owners' Loan Corporation, but are unable to pay pursuant to the provisions of said instruments; and

Whereas, The debtors have requested the Home Owners' Loan Corporation to amend and extend the terms of payment of the said note and mortgage, and said request has been granted, but that said extension and amendment cannot be consummated unless and until the consent thereto of the holders of any and all subordinate liens is first given and granted, and that such extension and amendment will serve the purpose of the Old Age Security Act, as will the consent thereto; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, State of California, be, and he is hereby instructed to execute such instrument as may be required to give and grant such consent as of February 21, 1940.

Adopted by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McGowan—2.

Authorizing Consent by City and County as Holder of a Subordinate Lien Securing Aid Furnished to an Indigent Person, Emily Openshaw, to Extension of Time of Payment of First Mortgage.

(Series of 1939)

Resolution No. 907, as follows:

Whereas, An instrument executed by Emily Openshaw was recorded in the office of the Recorder of the City and County of San Francisco, State of California, on the 31st day of July, 1939, in Book 3481 of Official Records at page 343, which said instrument created a lien in favor of the City and County of San Francisco on the following real property situate in the said City and County of San Francisco, State of California, described as follows, to-wit:

Commencing at a point on the northeasterly line of Lyell Street distant thereon 125 feet northwesterly from the northwesterly line of Cayuga Avenue; running thence northwesterly and along said line of Lyell Street 25 feet; thence at a right angle northeasterly 100 feet; thence at a right angle southeasterly 25 feet; thence at a right angle southwesterly 100 feet to the point of commencement. Being Lot No. 113 Spring Valley Homestead.

Whereas, Said lien is subject and subordinate to the lien or charge upon said land of a mortgage given to the Home Owners' Loan Corporation, recorded on the 7th day of July, 1934, in Book 2667 of Official Records of the City and County of San Francisco, State of California, at page 17, to secure the payment of the sum of $1,280.00 and other obligations; and

Whereas, Under the terms of said mortgage and the note secured thereby, there remains unpaid as of the 20th day of February, 1940, the sum of $949.07, including principal, interest and advances; which amount the said debtor owes the said Home Owners' Loan Corporation, but is unable to pay pursuant to the provisions of said instruments; and

Whereas, Said debtor has requested the said Home Owners' Loan Corporation to amend and extend the terms of payment of the said note and mortgage, and said request has been granted, but that said

extension and amendment cannot be consummated unless and until the consent thereto of the said City and County of San Francisco, as holder of said subordinate lien, is first given and granted, and that such extension and amendment is necessary for the protection and preservation of said lien in favor of said City and County in that foreclosure of said mortgage to said Home Owners' Loan Corporation might otherwise be necessary; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of said City and County of San Francisco, be, and he is hereby instructed to execute such instrument as may be required to give and grant such consent as of February 20, 1940.

After explanation of the foregoing Resolution by Mrs. Boomer, representing the Public Welfare Department, that the puport of the proposed resolution was in fact practically the same as of the preceding resolution, the roll was called, and the foregoing resolution was adopted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McGowan—1.

Granting Consent to Transfer of Real Property by Recipient of Old Age Security Aid, Carlotta R. Deckelman, M.D.

(Series of 1939)

Resolution No. 912, as follows:

Whereas, Carlotta R. Deckelman, M. D., a recipient of aid under the Old Age Security Law, is the owner of certain real property in the City and County of San Francisco, State of California, described as follows:

Commencing at the point of intersection of the southerly line of Crescent avenue and the easterly line of Porter Street; running thence easterly and along said line of Crescent Avenue 23 feet 4 inches; thence at a right angle southerly 75 feet; thence at a right angle westerly 23 feet 4 inches to the easterly line of Porter Street; thence at a right angle northerly along said line of Porter Street 75 feet to the point of commencement.

Being part of Lots Nos. 76, 78 and 80 Holiday Map "A."

Whereas, said Carlotta R. Deckelman, M.D., intends to transfer said property, and the purpose of said law will be served by such transfer; now, therefore, be it

Resolved, That this Board consent, and it does hereby expressly consent, to said proposed transfer, and David A. Barry, Clerk of the Board of Supervisors of said City and County, is hereby instructed to execute and deliver an appropriate instrument of consent.

Adopted by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McGowan—2.

Authorizing Subordination of Lien to Renewal of Existing Encumbrance

(Series of 1939)

Resolution No. 913, as follows:

Whereas, A Notice of Aid was recorded in the office of the Recorder of the City and County of San Francisco, State of California, which

created a lien on the real property situate partly in said City and County of San Francisco, and partly in the City of Daly City, County of San Mateo, and described as follows:

Commencing at a point on the southeasterly line of Hanover street distant thereon 152 feet southwesterly from the southwesterly line of Lowell street; running thence southwesterly and along said line of Hanover street 26 feet; thence at right angle southeasterly 106 feet 6 inches; thence at a right angle northeasterly 26 feet; thence at a right angle northwesterly 106 feet 6 inches to the point of commencement. Being part of Lot No. 181 West End Homestead Association, and

Whereas, Such lien is subordinate to the lien or charge upon the land of a deed of trust given to secure the payment of $1350; and

Whereas, It is necessary at this time for obligation secured by such deed of trust to be renewed; and

Whereas, Such obligation cannot be renewed unless the lien created by the filing of Notice of Aid is subordinated to the lien or charge upon the land of a mortgage or deed of trust to be given as security for such renewal; and

Whereas, The purpose of the Act will be served by subordinating such lien; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of the City and County of San Francisco be, and he is hereby, instructed to execute an agreement subordinating the lien created by the filing of such Notice of Aid to the lien or charge upon the land of any mortgage or deed of trust given as security for the renewal of such obligation.

Confirming Sale of City Land in Assessor's Block 2431 to Albert Nelson, et Ux.

(Series of 1939)

Resolution No. 914, as follows:

Confirming sale of city land in Assessor's Block 2431 to Albert Nelson, et ux.

Whereas, pursuant to Ordinance No. 504, Series of 1939, the Director of Property advertised in the official newspaper that bids or offers would be received by him on March 14, 1940, for the sale of Lot 8, Assessor's Block 2431, situated in the City and County of San Francisco, State of California and more particularly described as follows:

Commencing at a point on the westerly line of 30th Avenue, distant thereon 225 feet southerly from the southerly line of Ulloa Street, running thence southerly along the westerly line of 30th Avenue, 150 feet; thence at a right angle westerly 240 feet to a point on the easterly line of 31st Avenue; thence northerly along last named line, 150 feet; thence at a right angle easterly 240 feet to the westerly line of 30th Avenue and the point of commencement.

Whereas, in response to said advertisement Albert Nelson offered to purchase said land for the sum of $7,500.00, cash, no higher bids having been made or received; and

Whereas, said sum of $7,500.00 is more than 90% of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $7,500.00; and

Whereas, Albert Nelson has paid the Director of Property the sum of $750.00 as a deposit in connection with the transaction; and

Whereas, the Board of Education has recommended the sale of said land.

Now, Therefore, Be It Resolved, that said offer be and is hereby accepted.

Be It Further Resolved, that the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, be and are hereby authorized and directed to execute a deed for the conveyance of said land to Albert Nelson and Anna C. Nelson, his wife, or their assignees. The buyer shall pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver the deed to the Grantees upon receipt of the balance of the purchase price.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Consideration of Proposed Charter Amendments

Supervisor McSheehy, Chairman of the Judiciary Committee, presented several charter amendments recommended for submission to the electors by the Judiciary Committee.

The following proposed charter amendment, which Suprevisor McSheehy explained, provided for a Police Commission of five members, instead of three members, as now constituted, was presented by the Judiciary Committee.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco by amending Section 35 thereof, relating to the Police Department and Patrol Special Police Officers.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the special election to be held on the 7th day of May, 1940, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by amending Section 35 thereof relating to the Police Department and Patrol Special Police Officers.

Police Department

Section 35. The Police Department shall consist of a Police Commission, a Chief of Police, a police force and such clerks and employees as shall be necessary and appointed pursuant to the provisions of this Charter, and shall be under the management of a police commission consisting of five members, who shall be appointed by the Mayor, and each of whom shall

receive an annual compensation of twelve hundred dollars ($1,200). The term of each commissioner shall be four years, one of which shall commence on the 15th day of Jaunary, 1941, one on the 15th day of January, 1942, two on the 15th day of January, 1943, and one on the 15th day of January, 1944, each commencing at 12 o'clock noon.

The incumbents serving as members of the Commission on the effective date of this amendment shall continue to hold their respective positions, subject to the provisions of the Charter, for the remainder of the terms for which they have been respectively appointed.

Two interim appointments shall be made by the Mayor upon the effective date of this amendment for the period ending on the 15th day of January, 1943.

The Commission shall appoint a Chief of Police who shall hold office at its pleasure.

The Police Commissioners shall be the successors in office of the Police Commissioners holding office in the City and County at the time this amendment shall be become effective, and shall have all the powers and duties thereof except as in this Charter otherwise provided. They shall have power to regulate traffic, including the location and use of traffic control devices for that purpose.

All positions in the police department legally authorized shall be continued, and incumbents therein legally appointed thereto shall be continued as officers and employees of the department under the conditions governing their respective appointments and except as otherwise provided in this Charter.

The rank of corporal is hereby abolished, and members of the department having the rank and pay of corporal on the 30th day of April, 1937, shall have the rank and pay of sergeant, and members of the department on a civil service commission list of those eligible for appointment as corporal shall during the life of such list be eligible for appointment as sergeant.

Each member of the department holding the position of inspector on the 14th day of April, 1937, and who hold such position for one year continuously prior thereto, is declared permanently appointed thereto. The Chief of Police may detail from time to time other members of the department for performance of duty in the bureau of inspectors who shall be known as assistant inspectors, and who may be removed from such detail by order of the Chief of Police. An appointment as inspector shall not be subject to competitive examination, but in case of vacancy in said rank of inspector, the appointment shall be made by the Chief of Police from among those assistant inspectors who have been detailed to, and who have actually served with the bureau of inspectors for at least five years prior to such appointment. Inspectors and assistant inspectors shall have the same rights as other members of the department

to take competitive examinations from their respective civil service ranks. An inspector, guilty of any offense or violation of the rules and regulations of the police department shall be subject to punishment as provided in Section 155 of this Charter.

The Chief of Police, in addition to the inspectors above provided for, shall detail any member of the department to serve as inspector of school traffic patrols who shall have the rank and pay of inspector, subject to the provisions of this section.

Subject to the provisions of Section 20 of this Charter governing the appointment and removal of non-civil service appointees, and without competitive examination, the Chief of Police shall have power to appoint a police surgeon; to designate a deputy chief of police, a department secretary, and a director, bureau of special services, from any rank in the department; to designate a director, bureau of criminal information, from among the members of the department having the rank of sergeant or higher; to designate a captain of inspectors, a captain of traffic, and a director, bureau of personnel, from among the members of the department holding rank of lieutenant or higher, and to designate a supervising captain of districts from among the members of the department holding the rank of captain. Provided, that the captain of inspectors holding said position on the 14th day of April, 1937, shall, if he held said position continuously for one year next before said date, be continued in said position as if he had been appointed thereto after civil service examination and certification. The department secretary or other suitable member of the department shall be assigned by the Chief of Police to serve also as secretary to the Police Commission without extra compensation. The officer holding the position of property clerk on the 14th day of April, 1937, and who held such position for one year prior thereto shall have the rank and pay of captain, as long as he legally holds such position, provided that when a successor to such position is assigned thereto by the Chief of Police from among the members of the department, such assignment shall be made at the rank and pay of the member so assigned.

When any member of the department, detailed to any of the positions above mentioned, shall be removed from said detail or position he shall be returend to his civil service rank and position, unless removed from the department pursuant to the provisions of Section 155 of this Charter.

The police force of the City and County shall not exceed one police officer for each five hundred inhabitants thereof. The annual compensations for the several ranks in the department shall be as follows: chief of police, $7,200; deputy chief of police, $5,400; captain of inspectors, $5,000; department secretary, $4,800; captain of traffic, director, bureau of criminal information, director, bureau of personnel, and supervising captain of districts, each $4,000; captains, $3,600; lieutenants, and director, bureau of special services, each $3,000; inspectors,

$2,760; sergeants, $2,640; police surgeon, police officers, police patrol drivers and women protective officers, each $2,400; criminologist, $3,600; photographer, $2,700.

The Chief of Police may refuse to issue any permit that is subject to police department investigation and issuance, if it shall appear that the character of the business or the applicant requesting such permit does not warrant the issuance thereof, or he may revoke any such permit as soon as it shall appear that the business or calling of the person to whom it was granted is conducted in a disorderly or improper manner, or that the place in which the business is conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling.

In the suppression of any riot, public tumult, disturbance of the public peace or organized resistance against the laws or public authority, the Chief of Police, in the lawful exercise of his functions shall have all the powers that are now or that may be conferred on the Sheriff by the laws of this State.

The Supervisors shall provide in the annual budget an amount not to exceed in any one fiscal year the sum of $10,000, to be known as the contingent fund of the Chief of Police. The Chief of Police may from time to time disburse such sums for contingent expenses of the department as in his judgment shall be for the best interests of the City and County, and the Police Commission shall allow and order paid out of such contingent fund, upon orders signed by the Chief of Police, such amounts as may be required.

At his discretion or upon the petition of any person, firm or corporation, the Chief of Police may appoint, and at his pleasure remove, special police officers. Such officers shall be subject to all the rules and regulations of the department.

The Police Commission may appoint patrol special police officers and for cause may suspend or dismiss said patrol special police officers after a hearing on charges duly filed with the Commission and after a fair and impartial trial. Each patrol special police officer shall be at the time of his appointment not less than twenty-one years of age nor more than forty years of age and must possess such physical qualifications as may be required by the Commission. Age qualifications shall not apply to patrol special police officers acting as such on the 14th day of April, 1937, nor to their reappointment. Patrol special police officers who are designated by the police commission as the owners of a certain beat or territory as may be fixed from time to time by said commission or the legal heirs or representatives of said owners, may dispose of their interest in said beat or territory to a person of good moral character, approved by the Police Commission and eligible for appointment as a patrol special police officer.

On the recommendation of the Chief of Police, the Commis-

sion may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the Commission, but not to exceed one month's salary in any one instance.

The Chief of Police shall have power, by regulation, to provide for the care and restitution of property that may come into possession of the department or into the possession of any officer or employee thereof; and the sale at public auction of all such unclaimed property, as well as the disposition of such property as shall consist of weapons or articles used or that may be used in the commission of crime, or the sale or disposition of which is prohibited by law.

Approved by the Judiciary Committee, March 25, 1940.

Objections

Supervisor Colman expressed opposition to the proposed amendment, pointing out that in his opinion if there should be any change in the number of commissioners, that number should be reduced rather than increased. The ideal commission, he considered, should consist of but one member, that member to be the Chief of Police. In every large city in America, with three possible exceptions, there is a one-man commission.

Mr. Al. Smith, representing the Bureau of Governmental Research, confirmed the views expressed by Supervisor Colman, and held that an increase in the number of police commissioners would merely increase the ineffectiveness of that commission. A reduction in the number of commissioners would increase the efficiency of the department.

Refused Submission

Thereupon the roll was called and the foregoing proposed charter amendment was refused submission by the following vote:

Ayes: Supervisors McSheehy, Mead, Meyer, Ratto—4.

Noes: Supervisors Brown, Colman, Uhl—3.

Absent: Supervisors McGowan, Roncovieri, Schmidt, Shannon—4.

Charter Amendment Affecting Exempting from Civil Service Provisions of the Charter, Position of Usher Attendant

Thereupon the following proposed Charter Amendment was presented by the Judiciary Committee:

Charter Amendment No. 2

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the charter of the City and County of San Francisco by amending Section 25 thereof relating to the office of the Mayor.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the city and county at the special election to be held on the 7th day of May, 1940, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by amending Section 25 thereof relating to the office of Mayor.

The Mayor

Section 25. The Mayor shall be the chief executive officer of the city and county upon whom process issued by authority of law shall be served. He shall be an elective officer and shall be paid a salary of ten thousand dollars ($10,000.00) per year. He shall furnish an official bond in the sum of twenty-five thousand dollars ($25,000.00). He shall appoint, and at his pleasure may remove, an executive secretary, one confidential secretary, one stenographer and one usher attendant. The Board of Supervisors may annually appropriate additional sums to be expended by the mayor for the purposes and duties incidental to the administration of the office of mayor, which shall be subject to the provisions of this Charter relative to appropriations and the payment of claims. He shall, at the first meeting of the Board of Supervisors in January of each year, communicate by message to the Supervisors a general statement of the condition of the affairs of the city and county and recommend the adoption of such measures as he may deem expedient and proper.

The mayor shall be responsible for the enforcement of all laws relating to the municipality and for the review and submission of the annual executive budget; he shall supervise the administration of all departments under boards and commissions appointed by him; he shall receive and examine without delay, all complaints relating to the administration of the affairs of the city and county, and immediately inform the complainant of findings and actions thereon; and he shall coordinate and enforce cooperation between all departments of the city and county. The mayor shall have power to postpone final action on any franchise that may be passed by the supervisors until such proposed franchise shall have been voted on at the next election.

The Mayor shall appoint such members of Boards or Commissions and other officers as provided by this Charter. He shall also make an ad interim appointment of a qualified person to fill any vacancy occurring by reason of the expiration of a term. He shall appoint for the unexpired term of the office vacated, a qualified person to fill any vacancy occurring in any elective municipal office, including the office of municipal court judge.

The Mayor shall have a seat but no vote in the Board of Supervisors and in any Board or Commission appointed by him with the right to report on or discuss any matter before such Board or Commission concerning the department or affairs in his charge. He shall have power to designate a member of the Board of Supervisors to act as Mayor in his absence. Should he fail, neglect or refuse so to do, the Supervisors shall elect one of their number to act as Mayor during his absence. When a vacancy occurs in the office of Mayor, it shall be filled for the unexpired portion by the Supervisors. Every person

who has served as Mayor of the City and County, so long as he remains a resident thereof, shall have a seat in the Board of Supervisors. and may participate in its debates, but shall not be entitled to a vote or to compensation.

In case of a public emergency involving or threatening the lives, property or welfare of the citizens, or the property of the City and County, the Mayor shall have the power, and it shall be his duty, to summon, organize and direct the forces of any department in the City and County in any needed service; to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency. The Mayor may make such studies and surveys as he may deem advisable in anticipation of any such emergency.

Ordered submitted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Uhl—7.

Absent: Supervisors McGowan, Roncovieri, Schmidt, Shannon—4.

Eliminating Oral Tests in Fire Department Promotional Examinations

The following proposed charter amendment was presented by the Judiciary Committee:

Charter Amendment No. .....

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco by adding thereto a new section to be known as Section 146a, relating to promotions in uniformed forces of the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at a special election to be held in the City and County of San Francisco on the 7th day of May, 1940, a proposal to amend, as herein set forth, the charter by adding thereto a new section to be known as Section 146a, relating to promotions in uniformed forces of the Fire Department.

Promotions in Uniformed Forces of Fire Department

Section 146a. Notwithstanding the provisions of Section 146, the following shall govern promotional civil service examinations in the Fire Department.

All promotions in the Fire Department shall be made from the next lower rank attained by Civil Service examination as herein set forth, giving consideration also to seniority of service.

All examinations shall be entirely of a written character and all questions or problems given in said examinations shall pertain to matters concerning the duties of members of the Fire Department.

Not more than fifteen (15%) percent of the total credits obtainable under any promotive examination shall be allowed

for seniority of service, and all credits allowed for seniority of service shall be distributed in accordance with the following:

For promotion to the rank of Lieutenant, Fire Department:

One percent of the total credits allowed for the entire examination shall be allowed for each year of service in the Fire Department until a maximum of fifteen percent is reached.

For promotion to the rank of Captain, Fire Department:

Six-tenths of one percent of the total credits allowed for the entire examination shall be allowed for each year of service in the Fire Department until a total of nine percent is reached in addition to which there shall be allowed six-tenths of one percent of the total credits allowed for the entire examination for each year of service in the rank of Lieutenant until a total of six percent is reached.

For promotion to all ranks above Captain in the Fire Department:

Forty-five one hundredths of one percent of the total credits allowed for the entire examination shall be allowed for each year of service in the Fire Department until a total of nine percent is reached, in addition to which there shall be allowed six-tenths of one percent of the total credits allowed for the entire examination for each year of service as an officer in the rank held at the time of the examination until a total of six percent is reached.

In computing credits for service as members and officers of the Fire Deportment, fractional parts of a year shall not be considered.

Credits allowed members of the Fire Department for service either as a member of the department or as an officer thereof, shall be added to the credits made by such member in the rest of the examination before setting the passing mark.

No credits shall be allowed members of the Fire Department for ascertained merit or meritorious service, except as allowed under Section 145.

Supervisor McSheehy explained the purpose of the proposed charter amendment saying that it sought merely to eliminate oral tests as part of Fire Department promotional examinations. The members of the Fire Department seek this elimination. The Police Department, although not presenting a similar amendment for that department at this time, favors such a proposal.

Mr. Henderson, representing the Civil Service Commission, stated that his Commission had never seen a copy of the proposed amendment and consequently did not know, except from hearsay, what it contained. The proposed amendment does not have the endorsement of the Board of Fire Commissioners or of the Chief Engineer. For that reason, and because of the great importance to the Civil Service Commission of charter amendments dealing with recruiting and examination processes, the Commission requests that no charter amendment be approved by the Board of Supervisors for submission to the electorate until it has had an opportunity to express its views thereon.

Sergeant James Quigley, of the Police Department, on being granted

the privilege of the floor, stated that the Police Commission had consented to the presentation of a similar amendment affecting that department, but that such amendment was not being proposed at this time. However, the principle involved, that is, the elimination of oral tests in promotional examinations, was favored by the men in the Police Department, with the consent of the Police Commission.

Refused Submission

Thereupon, the roll was called, and the foregoing proposed charter amendment was refused submission to the electorate by the following vote:

Ayes: Supervisors McSheehy, Mead, Meyer, Ratto—4.

Noes: Supervisors Brown, Colman, Uhl—3.

Absent: Supervisors McGowan, Roncovieri, Schmidt, Shannon—4.

Adopted

Whereupon the following recommendation of the Judiciary Committee was taken up:

Calling and Providing for a Special Election to be Held in the City and County of San Francisco for the Purpose of Voting on Certain Proposed Amendments to the Charter.

(Series of 1939)

Resolution No. 922, Ordinance No....., as follows:

In Memoriam—Thomas P. Slevin

(Series of 1939)

Supervisor Shannon presented Resolution No. 919, as follows:

Whereas, God in His Infinite Wisdom has taken from our midst the person of Thomas P. Slevin, Assistant City Attorney, and

Whereas, Mr. Slevin's career was one of brilliance in his chosen field of endeavor as is attested to by his record in the City Attorney's office where he was associated for the past fourteen years, having been but newly appointed to represent Controller Harold J. Boyd in litigation in connection with the retention of Charles H. Purcell as Traffic Consultant, and by his record in various other branches of city government; and

Whereas, The untimely passing of so young a man at the very height of his career is the more keenly felt by his immediate family and his host of friends; now, therefore, be it

Resolved, That the Board of Supervisors by this means expresses its sorrow at the death of Mr. Slevin; and be it

Futher Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late deceased.

Unanimously adopted by rising vote.

In Memoriam—Charles M. Cadman

(Series of 1939)

Supervisor Colman presented Resolution No. 920, as follows:

Whereas, The Supreme Being has summoned to his eternal reward, Charles M. Cadman; and

Whereas, In the passing of Charles M. Cadman, the Bay Region has suffered the distinct loss of a prominent business and civic leader; and

Whereas, In addition to the many and varied undertakings which occupied his time, Mr. Cadman maintained active membership on the Advisory Board of the Salvation Army, in which position, as well as in other ways, he found vent for his numerous philanthropic gestures and gave unstintingly of himself in aid of those less fortunate; and

Whereas, Charles M. Cadman will be sorely missed by his beloved family and the legion who were privileged to know him and who were proud to regard him as a true friend; now therefore, be it

Resolved, That this Board notes with profound regret the passing of Charles M. Cadman, and takes this opportunity to extend its heartfelt sympathy to his bereaved widow and all the members of his family; and be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Charles M. Cadman.

Unanimously adopted by rising vote.

Providing in Budget, 1940-1941, $50,000 for Transplanting Trees from City-owned Property, to Streets

(Series of 1939)

Supervisor McSheehy proposed Resolution No. ....., as follows:

Whereas, The Hetch Hetchy water supply, acquired at a cost to the people of San Francisco of $130,000,000, is supplying the 400,000,000 gallons daily required for generating 80,000 kilowatts of electric power at the Moccasin Creek power plant, the same being sold to the Pacific Gas and Electric Company for about $2,000,000 annually; and

Whereas, All of this flow of water except 70,000,000 gallons daily which is sometimes transmitted by the city's Hetch Hetchy pipeline and a negligible amount used by the Turlock and Modesto irrigation districts, is allowed to flow to waste in the sea by way of the Toulumne and San Joaquin rivers and San Francisco Bay; and

Whereas, Reports of the San Francisco Water Department reveal that the Spring Valley Water System supplies approximately 60,000,000 gallons daily and that this is equal to the total present consumption of water in San Francisco; and

Whereas, Despite this waste of nearly 400,000,000 gallons of water daily except for power purposes, the Mayor and Manager of the Public

Utilities Commission, persist in retaining water meters and charging consumers exorbitant rates far in excess of other cities of comparable size, while at the same time selling it so cheaply to Peninsula cities that they can attract our industries and home owners; and

Whereas, This policy is pursued to the detriment of San Francisco so as to set up a fictitiously low tax rate by including water profits in the general fund, thus chiefly benefiting downtown property owners, many of whom have their own wells; and

Whereas, The Raker Act by which the United States Government granted San Francisco the Hetch Hetchy water supply clearly states that we must use all the local supply before being entitled to any of the Hetch Hetchy supply, and the facts indicate that we are not using any of it, thereby placing our rights in Hetch Hetchy in jeopardy; and

Whereas, San Francisco streets are notoriously barren of trees to such an extent that this is frequently called a "bald city" to the detriment of its reputation and attractiveness for residential purposes; and

Whereas, There are hundreds of trees on city-owned property which could be transplanted to our city streets and some of the surplus water supply used to cultivate them, and this program would provide employment for about twenty (20) men for more than a year at a cost of $50,000; now, therefore, be it

Resolved, That this Board of Supervisors set up in next year's budget the sum of $50,000 to be appropriated and made available to the Park Commission for transplanting of trees from city-owned property to the streets of San Francisco and that no charge be made by the Public Utilities Commission for watering these trees, and, further, that the Park Commission be allowed to use any of the fire hydrants throughout the city for such purposes.

Referred to the Finance Committee.

Intention to Close 24th, Arkansas, Connecticut and Missouri Sts.

(Series of 1939)

Supervisor Ratto presented Resolution No. 917, as follows:

Resolved, That the public interest requires that the certain following described portions of 24th Street, Arkansas Street, Connecticut Street, and Missouri Street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all those portions of 24th Street, Arkansas Street, Connecticut Street, and Missouri Street, more particularly described as follows, to-wit:

24th Street, between Arkansas Street and Connecticut Street
Arkansas Street, between 25th Street and 26th Street
Arkansas Street, between 23rd Street and 25th Street
Connecticut Street, between 23rd Street and 25th Street
Missouri Street, between 23rd Street and 25th Street.

Said closing and abandonment of said portions of 24th Street, Arkansas Street, Connecticut Street, and Missouri Street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the General Laws of the State of California; and be it

Further Resolved, That the damage, cost, and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of 24th

Street, Arkansas Street, Connecticut Street, and Missouri Street, in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Felicitations to San Francisco "Seals"

Supervisor Colman called attention to the opening of the baseball season, stating that "This is the time of the year when pretty soon throughout the entire length and breadth of our land the umpires will begin to say 'Play Ball!'" and soon will be heard the crack of bats as the season will start throughout the country. San Francisco is no exception and San Franciscans will look forward eagerly to next Saturday's opening game. Incidentally, it means a lot to this city because while many of these games are played all over the United States, the feats of famous players from California and from San Francisco redound greatly to our credit. Just to mention a few of the players' names: there are the three Di Maggio brothers, Joe Cronin, Frankie Crosetti, Gussie Suhr, Babe Dahlgren, Lefty O'Doul, Tony Lazzari, and many others. These gentlemen reflect credit on their native city and most of them were brought up and learned baseball on San Francisco's playground.

"I move, Mr. President, that this Board expresses its interest in the success of our Seals and press to Charlie Graham, Sr., Charles Graham, Jr., Frank (Lefty) O'Doul and Walter (the Great) Mails, our best wishes for a very successful season and our hopes that the Seals will finish up near the top."

Motion seconded by Supervisor Uhl, and unanimously carried.

Good Cheer and Best Wishes to "Jack" McGrath

Supervisor Colman announced that he had learned that Jack McGrath was confined in the French Hospital, and moved that the Board send him a message of good cheer and best wishes, and hopes for his speedy return to his duties. Motion seconded by Supervisor Ratto, who informed the Board that Mr. McGrath had been discharged from the hospital, and was now convalescing at his home.

Motion unanimously carried.

Report of Committee Appointed to Confer with SRA Officials Relative to Equitable Apportionment of Available Unemployable Relief Funds.

The following report, presented by Supervisor McSheehy, at his request is hereby inserted in the Journal of Proceedings.

Hon. James B. McSheehy, Chairman
Special Committee of the Board of
Supervisors, Appointed Pursuant to
Resolution No. 880, Adopted
March 11, 1940,
City Hall, San Francisco.

Dear Mr. McSheehy:

There will be sent you with this letter a report consisting of three pages dated March 22, 19[illegible], titled "Report of the Committee of the

Board of Supervisors Appointed Pursuant to Resolution No. 880 Adopted on March 11, 1940 to Confer with SRA Officials Relative to Equitable Apportionment of Available Unemployment Relief Funds to San Francisco." Attached to the report you will find copies of the following:

(a) A letter consisting of 3 pages, dated March 15, 1940, addressed by me to Mr. Walter Chambers, Administrator, State Relief Administration, Los Angeles.

(b) A statistical table titled, "Total Cases Aided Taken from SRA Statistical Summary Figures Showing Funds for All Counties and San Francisco County."

(c) A copy of a letter dated March 21, 1940, consisting of one page, addressed by me to Col. Archibald B. Young, Chairman—State Relief Commission, San Diego.

Yesterday, I received a telegram dated, "Los Angeles, March 22nd" from Mr. Walter Chambers, State Relief Administrator, reading as follows:

"Will be present at Committee meeting Monday."

This telegram is in response to your invitation to Mr. Chambers to meet with your Committee in the City Hall on Monday, March 25th at 11:00 a. m.

I have provided space on page 3 of the report so that you may add or include anything else that your Committee discusses with Mr. Chambers.

Yours very truly,
FRANK Y. McLAUGHLIN, Director.

March 15, 1940.

Mr. Walter Chambers
Administrator, State Relief Administration
155 West Washington Blvd.
Los Angeles, California.

Dear Mr. Chambers:

The Board of Supervisors of the City and County of San Francisco at a meeting held on March 11, 1940, adopted the following resolution:

Resolved, That a committee of this Board and a nominee of the Public Welfare Commission be appointed to consult immediately with Walter Chambers, Administrator of the SRA, requesting that the SRA make an equitable apportionment of available unemployment relief funds to San Francisco and report the result of this meeting immediately to this Board.

In pursuance of the resolution, the President of the Board of Supervisors appointed the following committee: Honorable James B. McSheehy, Chairman; Honorable Dewey Mead, Honorable John M. Ratto.

At the present time, the Chairman of this committee plans to recommend to the other members that the committee meet with the State Relief Commission in San Diego on Saturday, March 23. Meanwhile, Chairman McSheehy has asked me to secure from you the following information:

(a) What was the average monthly Unemployment Relief payment, exclusive of Resident Projects (Camp Programs), in the State of California from July 1, 1939 to January 31, 1940?

(b) What was the average monthly State caseload during the same period?

(c) What was the average monthly Unemployment Relief payment, exclusive of Resident Project (Camp Program) in San Francisco from July 1, 1939 to January 31, 1940?

(d) What was the average monthly caseload in San Francisco during the same period?

(e) To what extent, if any, was the average monthly Unemployment Relief payment in the State as of January 31, 1940, reduced:

(1) From February 1, 1940 to February 15, 1940?
(2) From February 16, 1940 to February 29, 1940?
(3) From March 1, 1940 to March 15, 1940?
(4) From March 16, 1940 to March 25, 1940?

(f) To what extent, if any, was the average monthly Unemployment Relief payment in San Francisco as of January 31, 1940, reduced:

(1) From February 1, 1940 to February 15, 1940?
(2) From February 16, 1940 to February 29, 1940?
(3) From March 1, 1940 to March 15, 1940?
(4) From March 16, 1940 to March 25, 1940?

(g) What reductions, if any, in Unemployment Relief payments in the State, as compared with the average payments as of January 31, 1940, are contemplated during the following periods:

(1) From March 25, 1940 to March 31, 1940?
(2) From April 1, 1940 to April 15, 1940?
(3) From April 16, 1940 to April 30, 1940?
(4) From May 1, 1940 to May 15, 1940?
(5) From May 16, 1940 to May 31, 1940?

(h) What reductions, if any, in Unemployment Relief payments in San Francisco, as compared with the average payments as of January 31, 1940, are contemplated during the following periods:

(1) From March 25, 1940 to March 31, 1940?
(2) From April 1, 1940 to April 15, 1940?
(3) From April 16, 1940 to April 30, 1940?
(4) From May 1, 1940 to May 15, 1940?
(5) From May 16, 1940 to May 31, 1940?

(i) What was the total sum of money available for Unemployment Relief payments, including administration and all other expenditures, for the period from February 16 to February 29, 1940?

(j) What was the total sum of money available for Unemployment Relief payments, including administration and all other expenditures, for the period from March 1 to March 15, 1940?

(k) What was the total sum of money available for Unemployment Relief payments, including administration and all other expenditures, for the period from March 16 to March 31, 1940?

Chairman McSheehy, Supervisors Mead and Ratto, members of the committee, and I will appreciate your reply to this letter by the morning of March 20th so that it may be read at the meeting that afternoon. It has been my experience that letters sent by ordinary mail sometimes require two days' delivery between San Francisco and Los Angeles. Will you please be good enough to send your reply by air mail?

Yours very truly,
FRANK Y. McLAUGHLIN, Director.

Compiled from S.R.A. Monthly Statistical Summary

March 22, 1940.

Report of the Committee of the Board of Supervisors Appointed Pursuant to Resolution No. 880 Adopted on March 11, 1940 to Confer with SRA Officials Relative to Equitable Apportionment of Available Unemployment Relief Funds to San Francisco.

The Committee of the Board of Supervisors appointed on March 11, 1940, by President Shannon pursuant to Resolution No. 880 respectfully reports as follows:

1. The Public Welfare Commission, in accordance with Resolution No. 880, nominated Frank Y. McLaughlin, Public Welfare Director, to serve with the Committee.

2. Your Committee requested Mr. McLaughlin to communicate with Mr. Walter Chambers, State Relief Administrator, in order to ascertain a date that would be mutually agreeable to the Administrator and to the members of the Committee and the date of the next meeting of the State Relief Commission. A telegram, dated Los Angeles, March 12, 1940, signed by James B. Reese, Administrative Assistant to the Administrator of the State Relief Administration, was addressed to Mr. McLaughlin, which read as follows:

   "State Relief Commission meeting will be held in San Diego March 23rd. A subcommittee meeting will be held in Los Angeles March 18th. Please advise which meeting your group desires to attend."

3. Your Committee decided that, inasmuch as a subcommittee of the State Relief Commission, very likely, would not be in a position to take definite action, it would be best to confer with Administrator Chambers at the meeting of the State Relief Commission, scheduled to be held in San Diego on March 23, unless it was found that the matter could be handled by correspondence or long-distance telephone instead of your Committee actually appearing at the meeting of the State Relief Commission in San Diego.

   Mr. McLaughlin prepared for the use of the Committee two statistical tables, one titled "Total Cases Aided from SRA Statistical Summary Figures showing Funds for All Counties and S. F. County" and the other titled "Summary of Cost per Case for All Counties and Cost per Case for S. F. County from July 1 to December 31, 1939." Copies are attached to this report.

4. Your Committee requested certain information in detail form from Administrator Chambers. Under date of March 15th Mr. McLaughlin wrote Mr. Chambers, on behalf of your Committee, a letter consisting of three pages, a copy of which is attached to this report.

5. Your Committee held a meeting at 2:30 p.m. on Wednesday, March 20, at which all members of the Committee and Mr. McLaughlin were present. Up to that time a reply had not been received to the letter of March 15 to Administrator Chambers. Your Committee decided that a long-distance telephone conversation with Administrator Chambers might result in securing the answer to the questions contained in the letter of March 15, thereby saving the expenses of a trip on the part of the members of the Committee and the nominee of the Public Welfare Commission to San Diego to attend the meeting of the State Relief Commission on March 23. At this meeting of your Committee a long-distance telephone conversation was had between Administrator Chambers and Mr. McLaughlin in which

the Administrator was asked particularly to refer to Paragraph h, Page 2, of the letter of March 15, which reads as follows:

"What reductions, if any, in Unemployment Relief payments in San Francisco, as compared with the average payments as of January 31, 1940, are contemplated during the following periods:

"(1) From March 16, 1940, to March 31, 1940?
(2) From April 1, 1940, to April 15, 1940?
(3) From April 16, 1940, to April 30, 1940?
(4) From May 1, 1940, to May 15, 1940?
(5) From May 16, 1940, to May 31, 1940?"

6. Administrator Chambers informed Mr. McLaughlin that full Unemployment Relief payments on all budgets in San Francisco and throughout the State would be resumed on March 24, 1940, and, so far as he (Administrator Chambers) was able to determine at this time, such payments would be continued until May 31, 1940. Administrator Chambers called attention to the fact that reductions in WPA quotas throughout the State, from March 24 to May 31, 1940, might have some bearing on the question of full Unemployment Relief budgets, but taking into consideration the anticipated seasonal reduction in case loads he was hopeful that full Unemployment Relief payments would continue to be made from March 24 to May 31, 1940.

7. Administrator Chambers also said he contemplated being in San Francisco Monday and Tuesday, March 25 and 26. Your Committee expressed their appreciation of the Administrator's responses to the questions during the telephone conversation and extended the Administrator a cordial invitation to meet with the Committee on Monday, March 25, at 11 a.m., at the office of the Board of Supervisors, 2nd Floor, City Hall.

8. Your Committee is gratified to report that the objective of Resolution No. 880 has been accomplished by the assurances of Administrator Chambers that full Unemployment Relief payments will be made to all clients of the SRA in the City and County of San Francisco beginning March 24, 1940, and that it was unnecessary to make a trip to either Los Angeles or San Diego for the purpose outlined in Resolution No. 880.

9. Your Committee is also pleased to report that at a meeting held this morning Mr. Chambers confirmed the statements made to Mr. McLaughlin during the telephone conversation of March 20, as set forth in this report.

Respectfully submitted,

JAMES B. McSHEEHY, Chairman;
DEWEY MEAD, Member;
JOHN M. RATTO, Member.

Following the presentation of the foregoing, the Special Committee, its duties having been completed, was, at the request of Supervisor McSheehy, Chairman, discharged by the President.

ADJOURNMENT

Release of Lien Filed Re Old Age Security Aid—George W. Lewis

(Series of 1939)

Resolution No. 926, as follows:

Whereas, A Notice of Aid to George W. Lewis was recorded in the office of the Recorder of the City and County of San Francisco, State of California, which created a lien on the real property situate in said City and County of San Francisco, described as follows:

Beginning at a point on the Easterly line of Monticello Street, distant thereon 150 feet Northerly from the Northerly line of Garfield Street; running thence Northerly along said line of Mon-

ticello Street 25 feet; thence at a right angle Easterly 100 feet; thence at a right angle Southerly 25 feet; thence at a right angle Westerly 100 feet to the point of beginning.

Being Lot No. 11 in Block No. 11, as said lot and block are delineated and so designated upon that certain map entitled "Map of Property of City Land Association," filed August 24, 1870, and recorded in Liber "C" and "D" of Maps at page 11, in the office of the Recorder of the City and County of San Francisco, State of California;

Whereas, The recipient of aid named in such Notice has offered to pay to said City and County the sum of $225.00 for a release of said real property from said lien; and

Whereas, After investigation by this Board it has been determined that the net amount which would be realized in the event that said lien was foreclosed will not exceed the said sum of $225.00; and

Whereas, It is deemed advisable by this Board to accept said sum of $225.00 as full payment of the amount secured by said lien; now, therefore, be it

Resolved, That upon payment of said sum of $225.00 David A. Barry, Clerk of the Board of Supervisors of said City and County, be and he is hereby authorized to execute and deliver a release of such lien.

Consideration Postponed

The following called out from the Judiciary Committee by Supervisor Uhl was taken up:

Memoralizing Legislature and Governor to Pass Legislation for Consolidating Administration of Relief for Employables and Unemployables.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, The Legislature of the State of California is now considering a proposal for consolidating the administration of relief for employables and unemployables in California; and

Whereas, Relief for unemployables or indigent is financed solely by County funds and is administered by the County Welfare Departments, and relief for employables is financed by the State and is at the present time administered by the State Relief Administration; and

Whereas, The necessary permanent machinery for local administration already exists in established County Welfare Departments to provide relief for the eligible unemployables and needs only to be expanded and brought under central county supervision to provide relief for the eligible employables now administered by the State; and

Whereas, Local boards of supervisors, public welfare commissions and county welfare departments are in a better position to determine the needs of local employables who are unemployed than a State agency, and under the proposed joint program will have the right to determine the kind of relief to be extended to the eligible employables; and

Whereas, There will be a substantial saving in the cost of administration to both the government of the City and County of San Francisco and the government of the State of California under the proposed joint program, and correction will be made of the existing inequalities in the distribution of relief to employables; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that we do hereby respectfully memorialize the State Senate, the State Assembly and the Governor of the State of California, to support the proposed legislation now under consideration for consolidating the administration of relief for employables and unemployables and placing both under supervision of local County governments; and be it

Further Resolved, That copies of this resolution be forwarded immediately to the Governor, the Clerk of the Senate, the Clerk of the Assembly and the San Francisco delegation in the Legislature.

Supervisor Uhl, in discussing the foregoing resolution, announced

that it had been in committee for some time, and should be, he felt, disposed of. He, however, was absolutely opposed to the return of relief of unemployed employables to the counties.

Supervisor McSheehy announced that he was the author of the resolution. He believed that the counties could administer relief better and cheaper than could the state. However, he had no objection to the consideration of the resolution at any time.

Mr. Harry Ross, representing the Controller as to his views on the proposed return of the administration of relief to the counties, stated that the only analysis the Controller had made was preliminary, to the 37th Session of the legislature. At that time the Controller's report showed it would cost more money under the then recommended plan. Under the present plan no analysis of cost has been made.

Mr. Harold J. Boyd, Controller, in reply to question by Supervisor McSheehy, reviewed the deliberations and the recommendations of the Advisory Committee on State Legislation, and the Joint Committee consisting of Advisory Committee on State Legislation and the Works Progress Coordinating Committee, concurring in report rendered by Mr. Frank Y. McLaughlin, of the Public Welfare Commission. When the matter was last before the Board, request was made that the Controller prepare and submit to the Board a forecast of the probable effect upon the finances, not only of San Francisco, but of the other counties in California, should the administration of relief be returned to the counties. Such report, however, cannot be made, because no formula has been decided on.

Thereupon, Supervisor Brown, after declaring that it seemed apparent that any consideration at this time would be premature, moved that further consideration be postponed for two weeks, and made a special order of business at 2:30 P. M. Motion seconded by Supervisor Colman.

However, at the request of Supervisor McSheehy, for a four weeks' postponement, because of his prospective absence from the city, Supervisor Brown, and his second, Supervisor Colman, consenting, the motion was changed to provide for postponement until April 29, 1940, at 2:30 P. M.

Consideration Postponed

Whereupon, the roll was called and motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon—10.

No: Supervisor Uhl—1.

Thereupon, Supervisor Brown requested that Mr. McLaughlin and Mr. McAuliffe, of the Public Welfare Commission, and Mr. Colley, State Administrator of SRA be requested to be present.

No objection and so ordered.

Requesting That the Pioneer Statue be Placed in Memorial Grove in Golden Gate Park on Completion of its Exhibition on Treasure Island.

(Series of 1939)

Supervisor McGowan presented Resolution No. 944, as follows:

Whereas, The well-known and greatly revered statue of the Pioneer Mother, which was located in the Palace of Fine Arts of the 1915 Panama Pacific International Exposition, has been rehabilitated, and

Whereas, Through the efforts of many loyal San Franciscans, this statue will hold a position of prominence on Treasure Island in 1940, and

Whereas, These same people believe that a permanent place of honor be found for it, and

Whereas, The Memorial Grove in Golden Gate Park represents the story of the Pioneer Mother, and

Whereas, No more beautiful setting or surroundings could be found anywhere in our glorious city; now, therefore, be it

Resolved, That this monument to motherhood be placed in the Memorial Grove in Golden Gate Park on the completion of its exhibition on Treasure Island; and be it

Further Resolved, That the Clerk of this Board be and he is hereby instructed to forward a copy of this resolution to the Park Commission, with the hope that it may be within the power of that group to fulfill the request contained herein.

Memorializing Congress to Pass Legislation Having for its Effect Early Resumption of Intercoastal Luxury Liner Service.

(Series of 1939)

Supervisor Schmidt presented Resolution No. 945, as follows:

Whereas, The discontinuance of the service of luxury liners from the Pacific Coast has meant a commercial, tourist and industrial loss to the City of San Francisco; and

Whereas, Such intercoastal liner service is also of great importance from the standpoint of national defense; and

Whereas, Intercoastal liners can operate at a profit only if exempted from the payment of Panama Canal tolls; and

Whereas, There has been introduced in the United States Senate a bill having for its purpose the exemption of United States intercoastal shipping from the payment of Panama Canal tolls; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record favoring the passage of such legislation by the Congress of the United States as will assure an early resumption of intercoastal luxury liner service; and, be it

Further Resolved, That copies of this resolution be sent to the United States Maritime Commission, Senators Hiram W. Johnson and Sheridan Downey, and Congressmen Richard J. Welch and Franck R. Havenner.

Absent: Supervisor Uhl—1.

In Memoriam—Joseph R. Sheehan

(Series of 1939)

Supervisor Colman presented Resolution No. 946, as follows:

Whereas, Almighty God has summoned for his last voyage Joseph R. Sheehan; and

Whereas, Joseph R. Sheehan, an adopted San Franciscan, has won the highest esteem and acclamation of the entire nation through his indefatigable efforts to rehabilitate the American merchant marine, first, in his highly responsible position as former executive director of the United States Maritime Commission, and latterly as the president of the American President Lines; and

Whereas, His vigorous and successful efforts to put renewed life into not only his own company, but the entire merchant marine, has resulted in the creation of positions for thousands of San Franciscans and thousands of others; and

Whereas, Joseph R. Sheehan served his country in many other ways, among them as Captain of Infantry in France during the World War, and as director of employment research for the Securities Exchange Commission; and

Whereas, The loss of Joseph R. Sheehan—his energy, his resourcefulness, his ability to successfully culminate great undertakings, his power to win the admiration and affection of his associates—is a grievous one to his beloved family and to his great number of friends; now, therefore, be it

Resolved, That this Board of Supervisors learns, with profoundest regret and a sense of great loss, of the passing of Joseph R. Sheehan, and takes this opportunity to express its sincere condolences to his sorrowing widow and family; and, be it

Further Resolved, That a copy of this resolution be forwarded to the bereaved widow; and, be it

Further Resolved, That when the Board adjourns this day, it does so out of respect to the memory of the late Joseph R. Sheehan.

Unanimously adopted by rising vote.

Protesting Storage of Municipal Buses on Geary and Arguello Boulevards

Supervisor Brown presented a communication from Annie L. Barry, of 3729 Geary Boulevard, protesting against storage of Municipal Buses on vacant lot on Geary Boulevard between Arguello Boulevard and her property. The noise and vibration resulting from taking the buses out each morning around 5:15 A. M. is such an annoyance as to affect seriously the renting of the writer's apartments, and she requests the elimination thereof.

Communication referred to Public Utilities Commission. Copy of communication referred to City Planning Commission with request for opinion as to the propriety, under the provisions of the City Planning Ordinance, of such use of the property at that location.

Request for Endorsement of California Youth Legislature Convention in Los Angeles, April 12, 13 and 14

Supervisor Shannon presented a communication from San Francisco Youth Council, 83 McAllister Street, announcing the intention to appear before the Board of Supervisors on Monday, April 8, 1940, to request the endorsement by the Board of Supervisors of the American Youth Legislature convention in Los Angeles on April 12, 13 and 14, as spokesman of organized California youth.

On motion by Supervisor Shannon, seconded by Supervisor Ratto, referred to Public Welfare Committee with request that if possible, the committee report back to the Board on Monday, April 8, 1940.

Communications Filed

Communications were received, read by the Clerk, and ordered filed, as follows:

From Hon. Franck R. Havenner, Member of Congress, acknowledging receipt of resolution adopted by Board of Supervisors requesting transfer of federal property, Mint Avenue and portion of Jessie Street, to the City and County of San Francisco, and transmitting copies of legislation introduced in Congress by him, to affect such transfer.

Communication ordered filed.

From Los Banos Parlor No. 206, N. S. G. W., inviting members of the Board to attend their Spring Celebration to be held in Los Banos on May 3, 4 and 5, 1940.

Communication ordered filed.

Declaration of Policy Re-Licensing for Revenue

Mr. Will Merryman, on motion by Supervisor Shannon, was granted the privilege of the floor. Mr. Merryman presented the following proposed Declaration of Policy:

"The undersigned members of the Board of Supervisors hereby submit to the electors of the City and County of San Francisco at a special municipal election to be held on May 7, 1940, the following declaration of policy:

"Resolved, That the Board of Supervisors of the City and County of San Francisco shall enact ordinances levying license for revenue taxes."

In his argument urging the submission of the foregoing, Mr. Merryman stated that a large number of people believed such declaration of policy should be submitted to the people to determine what they felt about licensing for revenue. The Board should learn the desires of the people before re-enacting any license for revenue ordinances. Among many organizations interested in the matter, and endorsing the proposal for submission of the proposed Declaration of Policy to the people, were the San Francisco Real Estate Board, Building and Owners Managers Association, and similar groups of important taxpayers. Five signatures had already been obtained. But one more was needed.

Mr. Percy Creed, representing the Bar Association of San Francisco supported Mr. Merryman. He believed such declaration of policy should be submitted to the people. Should the declaration not be approved, his group would willingly sit down with the Finance Committee, and with members of the Board, in an endeavor to formulate a proper ordinance to provide for licensing for revenue.

Supervisor Roncovieri, in opposing presentation of the proposed declaration of policy to the voters, declared that Mr. Merryman and the groups represented by him had promised they would raise no objection whatever to the enactment of a new ordinance providing for licensing for revenue if the Board would repeal the existing ordinance. They would gladly help in the enacting of another ordinance. The groups now urging that the matter be submitted to the people admit that they have agreed, or almost agreed, upon what they consider a fair license. This proposed Declaration of Policy, Supervisor Roncovieri held, was nothing but a subterfuge. Its proponents know that nobody wants to be taxed—that there will be an overwhelming "No" vote on such a measure. However, it is the duty of the Board to protect the taxpayer, the real and personal property owner, who cannot escape his taxes. Licensing for revenue will decrease the tax rate some twenty-five to fifty cents. If San Francisco has no such revenue from licensing, the tax rate will necessarily have to be increased to provide funds for the expenses of the municipal government. Los Angeles imposes license taxes for revenue purposes. So do some fifty or sixty other large cities in the United States. New ordinances should be enacted at once. Then, if they do not suit the people, they can, at the November election, express themselves. In closing, Supervisor Roncovieri urged that no other Supervisor sign the proposed Declaration of Policy.

Supervisor Colman, in presenting his opposition to the proposed Declaration of Policy, reminded the Board that the people, by their approval of the present charter, had already given the authority to pass legislation providing for licensing for revenue. It was his opinion, too, that the people did not want the Board continually going back to them about such matters. He, for one, would not shirk his responsibility. Supervisor Colman, in further expressing his views, stated that to him the presentation lacked conviction and strength, and it appeared to him as though the proponents did not believe in the proposal themselves. He reminded the Board of promises of cooperation made by the proponents of the Declaration of Policy. The various groups appearing before the Board while the repeal of license ordinances was under consideration, voluntarily proposed their cooperation in drawing up new ordinances. Supervisor Colman would not agree to present such proposal to the people.

Mr. Merryman, in brief reply to statements by Supervisor Colman, disputed his contentions, and stated that he was convinced that the proposal was a fair and proper one to present to the Board. He denied that it was a subterfuge, at all, or a violation of promises of cooperation made to the Board. Mr. Merryman contended that at no time was any statement made by the groups represented by him that license for revenue taxes were just. They had agreed, however, and stood ready

to fulfill that agreement, should the people approve of licensing for revenue, to cooperate with the Finance Committee and with the Board, in the drafting of an ordinance providing for equitable license fees for revenues.

During the discussion, a circular calling attention to proposed re-enactment of license ordinances, and urging the people to oppose any such enactment, was presented. This circular emanated from the San Francisco Federation of Taxpayers. Mr. A. Petry assumed responsibility for the circular, and urged that the Board permit the people to decide the entire matter. It was, he held, too serious a matter for eleven men to decide.

Mr. George W. Schultz also opposed enactment of any license for revenue measures.

Supervisor Brown, in discussing the proposed Declaration of Policy, stated that the matter had already been decided by the people of San Francisco at the time of their approval of the present charter, and under the circumstances he saw no need for re-reference to the people. He reviewed briefly the deliberations of the Board in repealing various sections of the license ordinance, providing for licensing for revenue, and the promises made precedent to the repeal of those sections. He reminded the Board, and the groups urging the submission of the proposed Declaration of Policy to the voters, of the forgiving of a large amount of license fees due to the city and county. For five years many of these license fees had not been paid. In addition, these gentlemen had been relieved of payment of penalties accrued over the past three years. In continuing his presentation, Supervisor Brown stated that so far as he was concerned, a very definite commitment was made that the repeal of the existing license for revenue ordinances was merely to clear the books so that amounts due, including license fees for the past three years and the penalties accrued for non payment thereof need not be collected and there might be enacted new ordinances, equitable to all concerned. He considered that he was personally committed to that program.

Supervisor McSheehy announced his intention to support the presentation to the people of the proposed Declaration of Policy. He intended so to do in order to be consistent. He believed the people should decide whether or not they wanted the Board to enact an ordinance to provide for licensing for revenue, just as he believed the people should state whether or not they desired the employment of Mr. Purcell.

Thereupon, Supervisor Meyer suggested that the Declaration of Policy, as drawn, was misleading, and that the word "taxes" should be deleted. However, Mr. Merryman held that such deletion would not be acceptable to his people, and that license for revenue was a tax, and could be defined in no other way.

Supervisor Brown, thereupon, rose to a point of order, but was ruled out of order by the Chair.

Supervisor Colman suggested that the matter under consideration was not properly a Board matter, but, pursuant to statements made, six members of the Board could submit it to the voters. For that reason no amendments thereto could be made by the Board, and he requested a ruling from the City Attorney thereon.

Pursuant to Supervisor Colman's request, Assistant City Attorney, Walter Dold, ruled that the Declaration of Policy was not in proper form, and read portion of the charter substantiating his opinion. To submit a Declaration of Policy at a special election required action by a majority of the Board, not by six Supervisors, acting independently. The Declaration must be submitted by the Board, acting as an official body.

Subsequently during the proceedings, the following matter prepared by the City Attorney, was presented by Supervisor Shannon for consideration of the Board:

Submitting to the Electors a Declaration of Policy Concerning Licensing for Revenue

(Series of 1939)

Resolution No. ..... as follows:

Whereas, It is desired to submit to the electors at a special election called for said purpose on May 7, 1940, the Declaration of Policy hereinafter set forth; now, therefore, be it

Resolved, That there shall be submitted to the electors a Declaration of Policy reading as follows:

The Board of Supervisors of the City and County of San Francisco shall enact ordinances levying license taxes for revenue purposes.

Motion for Reference to Committee

Supervisor McGowan, seconded by Supervisor Colman, moved reference to Joint Judiciary and Finance Committee.

Whereupon, Supervisor McSheehy requested segregation of motion, and requested vote be taken on reference to each committee of the Joint Committee, separately.

Supervisor Mead, in discussing motion of Supervisor McGowan, and the request of Supervisor McSheehy for segregation thereof, suggested that since the proposed matter involved finances, it be first referred to the Judiciary Committee for consideration, and before presentation to the Board, be referred by that committee to the Finance Committee.

Amendment to Motion

Supervisor McSheehy, however, moved as an amendment to the original motion, that the foregoing resolution be referred to the Judiciary Committee.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Shannon—3.

Noes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri—7.

Absent: Supervisor Uhl—1.

Whereupon, the roll was again called and the resolution was referred to the Joint Judiciary and Finance Committee by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon—9.

No: Supervisor Roncovieri—1.

Absent: Supervisor Uhl—1.

Thereupon, Supervisor McSheehy, Chairman of the Joint Committee, announced that he would call a meeting of the committee immediately, and request the Board not to adjourn until said committee could report back to the Board on the resolution as presented.

ADJOURNMENT

However, Supervisor Colman, seconded by Supervisor McGowan, moved for immediate adjournment.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri—6.

Noes: Supervisors McSheehy, Mead, Schmidt, Shannon—4.

Absent: Supervisor Uhl—1.

Whereupon, pursuant to above motion, the Board, at the hour of 5 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, April 8, 1940.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Final Passage

Authorizing an Appropriation of $669.03 Out of the Emergency Reserve Fund to the Credit of the Juvenile Detention Home for the Purpose of Paying Cash Allowances to Employees for Rooms and Meals Not Furnished and Not Contracted for During the Period December 1, 1939, to January 31, 1940; an emergency ordinance.

(Series of 1939)

Bill No. 634, Ordinance No. ....., as follows:

Authorizing an appropriation of $669.03 out of the Emergency Reserve Fund to the credit of the Juvenile Detention Home for the purpose of paying cash allowances to employees for rooms and meals not furnished and not contracted for during the period December 1, 1939, to January 31, 1940; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $669.03 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of the following Juvenile Detention Home appropriations for the purpose of paying cash allowances to employees for rooms and meals not furnished and not contracted for during the period December 1, 1939, to January 31, 1940:

Appropriation No. 924.101.00/1 Room Allowance	$259.18
Appropriation No. 924.101.00/3 Meal Allowance	400.63
Appropriation No. 924.102.00/1 Room Allowance	7.07
Appropriation No. 924.102.00/3 Meal Allowance	2.15
Total	$669.03

Section 2. The Board of Supervisors by the vote by which this ordinance is passed does declare that an actual emergency exists as it is necessary to provide funds for the uninterrupted operation of the Juvenile Detention Home, as the funds heretofore appropriated have proven to be insufficient. During the hearings before the Board of Supervisors, of the 1939-40 budget estimates, it was impossible to calculate what the cost of room and meal allowances would be. It was then concluded that the money would be made available as herein provided as the obligations were incurred.

Recommended by the Chief Probation Officer.

Approved as to form by the City Attorney.

Approved as to funds available by the Controller.

Approved by the Mayor.

Finally Passed by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McSheehy—2.

Memorializing Congress to Adopt S. 591, the Amendments to the Wagner-Steagall Housing Act, extending the Activities of, and Providing New Funds for the United States Housing Authority.

(Series of 1939)

Supervisor Mead presented Resolution No. ..... as follows:

Whereas, There is now pending in Congress, a bill by Senator Wagner and Representative Steagall (S. 591), making available additional funds, in the amount of $800,000,000, to continue the work of the United States Housing Authority, and

Whereas, The slum clearance and low rent housing program has, since its adoption by Congress in 1937, met with an enthusiastic reception by localities throughout the country, as filling a most pressing need and bringing many economic and social benefits to all its citizens, and

Whereas, There are now on file with the USHA new applications for loans totalling over a billion dollars, from 180 communities in 32 states, and

Whereas, Local industry, commerce and labor will stand to gain in business and employment, as will all other parts of the country, if this pending bill is adopted; now, therefore, be it

Resolved, That we urge upon Congress the importance and necessity of taking immediate favorable action on S. 591, amending the Wagner-Steagall Housing Act, and be it

Further Resolved, That copies of this resolution be sent to Senators Sheridan Downey and Hiram W. Johnson, to Representatives Richard J. Welch and Franck R. Havenner and to USHA Administrator Nathan Straus.

SEC. 188. **License Fees, Time Payable.** The license fee imposed by

Section 190 of this Article shall be payable every quarter year and the amount thereof shall be determined by the amount of business done, as measured by the gross earnings from the business or occupation described in Section 187 of this Article, of the person, firm or corporation paying the license fee and of whom the license fee is required. The term "quarter year" as used in this section and Sections 189 to 191, inclusive, of this Article, shall be the three (3) months following the first day of January, April, July and October.

SEC. 189. **Data to Be Furnished to Tax Collector.** Within ten (10) days after the first day of each quarter year, every person, firm or corporation of whom the license fee provided in Section 190 of this Article is required, shall file a written application giving the name and address of fixed place of business of applicant with the Tax Collector of the City and County of San Francisco for the issuance to the applicant of a "Bill Poster and Outdoor Advertising License" and shall accompany said application with a written statement truthfully showing the amount of business done for the three (3) months preceding the first day of the quarter year, as measured by the gross earnings for such period from the business or occupation, described in Section 187 of this Article of the applicant.

SEC. 190. **License Fees, Amount of.** Within twenty (20) days after the first day of every quarter year every person, firm or corporation specified in Section 187 of this Article shall pay to the Tax Collector a license fee, as follows:

CLASSIFICATION A

When the amount of the business done, as measured by the gross earnings for the three (3) months preceding the first day of the quarter year from the business or occupation described in Section 187 of this Article, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be less than One Thousand ($1,000.00) Dollars, the amount of the license fee per quarter shall be Seventy-Five ($75.00) Dollars.

CLASSIFICATION B

When the amount of business done, as measured by the gross earnings for the three (3) months preceding the first day of the quarter year from the business or occupation described in Section 187 of this Article, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than One Thousand ($1,000.00) Dollars, but less than Two Thousand ($2,000.00) Dollars, the amount of the license fee per quarter shall be Ninety ($90.00) Dollars.

CLASSIFICATION C

When the amount of business done, as measured by the gross earnings for the three (3) months preceding the first day of the quarter year from the business or occupation described in Section 187 of this Article, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than Two Thousand ($2,000.00) Dollars, but less than Five Thousand ($5,000.00) Dollars, the amount of the license fee per quarter shall be One Hundred Twelve Dollars and Fifty Cents ($112.50).

CLASSIFICATION D

When the amount of business done, as measured by the gross earnings for the three (3) months preceding the first day of the quarter year from the business or occupation described in Section 187 of this Article, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than Five Thousand ($5,000.00) Dollars, but less than Ten Thousand ($10,000.00) Dollars, the amount of the license fee per quarter shall be One Hundred Fifty ($150.00) Dollars.

CLASSIFICATION E

When the amount of business done, as measured by the gross earnings for the three (3) months preceding the first day of the quarter year from the business or occupation described in Section 187 of this Article, of the person, firm or corporation paying the license fee and of whom the license fee is required shall be more than Ten Thousand ($10,000.00) Dollars, but less than Twenty-Five Thousand ($25,000.00) Dollars, the amount of the license fee per quarter shall be Two Hundred and Twenty-Five ($225.00) Dollars.

CLASSIFICATION F

When the amount of business done, as measured by the gross earnings for the three (3) months preceding the first day of the quarter year from the business or occupation described in Section 187 of this Article, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than Twenty-Five Thousand ($25,000.00) Dollars, the amount of the license fee per quarter shall be Three Hundred Seventy-Five ($375.00) Dollars.

If, however, prior to the first day of the quarter year for which the "Bill Poster and Outdoor Advertising License" is applied for, the applicant therefor has not engaged in the business or occupation described in Section 187 of this Article, the amount of the license fee shall be One Hundred Fifty ($150.00) Dollars for the first quarter or fraction thereof that such applicant shall engage in such business or occupation, payable upon his engaging in such business or occupation. Thereafter such person, firm or corporation shall pay a license fee in accordance with the classification set out; but in case there remain, at the time of the issuance of such license, less than two (2) months of the quarter year in and during which such license is paid, then said license fee shall cover the period of the remainder of said quarter year and of the quarter year next succeeding.

SEC. 191. **Issuance of License.** Upon the payment of the license fee in Section 190 of this Article provided, the Tax Collector shall issue to the person, firm or corporation paying license fee a license to be known as the "Bill Poster and Outdoor Advertising License" and such payment shall entitle the holder to engage in and carry on the business or occupation described in Section 187 of this Article for the period for which such payment was made.

Referred to Finance Committee.

Following the presentation of the foregoing matter, and its reference to Committee, Supervisor Roncovieri announced Committee hearing thereon, April 19, 1940.

"Moral Re-Armament Week" for "National Unity," June 1-7, 1940

(Series of 1939)

Supervisor Schmidt presented Resolution No. 959 as follows:

Whereas, In a time of crisis that threatens civilization our urgent need is for National Unity; and

Whereas, The rise of a new spirit, known as Moral Re-Armament, has come to the attention and received the support of statesmen and leaders in all walks of life and evoked encouraging response from the great body of our citizens in all parts of the United States, as recorded officially in the Congressional Record and elsewhere; and

Whereas, The great truths to which MRA gives fresh life and vigor—the guidance of God and a change of heart, the elementary virtues of honesty, unselfishness and love—form a practical program for public

and civic affairs as for private life, on which all men can unite; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as respectfully requesting his Honor, the Mayor, to proclaim the week of June 1 to June 7, 1940, "Moral Re-Armament Week," for "National Unity," during which time the message of moral re-armament can be brought to the citizens of our community.

Fixing Date for Hearing of Appeal, Rezoning of Intersection of Ocean Avenue and Municipal Railway Right of Way

(Series of 1939)

Supervisor Uhl presented Resolution No. 960, as follows:

Resolved, That the time for hearing appeal from the decision of the City Planning Commission by its Resolution No. 2177 dated March 21, 1940, denying application to rezone from First Residential District to Commercial District, property located at the intersection of Ocean Avenue and Municipal Railway Right of Way, is hereby set for Monday, April 15, 1940, at 2 o'clock P. M.

Adopted by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McSheehy—2

Congratulating Housing Authority on Completion of Holly Park Project

Supervisor Colman called attention to the first unit of the Low Cost Housing, at Holly Park, now practically completed, which provides comfortable, decent living quarters for low salaried groups. Following brief description of the project, and the ends sought to be accomplished by the construction thereof, he moved that the Board extend to the Housing Authority its congratulations, and the hope for completion of additional projects as soon as possible. Motion seconded by Supervisor Mead.

Supervisor Uhl objected to the motion, declaring that the motion referred to all projects which the Authority might undertake. He objected to the proposed project at Fifteenth and Valencia Streets. However, he would gladly join in congratulations for the completion of the Holly Park Project.

Thereupon, Supervisor Colman, with the consent of his second, Supervisor Mead, moved as a substitute for his previous motion, that the Board commend the Housing Authority for the splendid job in its first unit that is now already completed in Holly Park.

Motion carried without objection.

At the conclusion of his remarks and in support of his views of the value of proper housing to any community, Supervisor Colman read portion of an article in the March 15th issue of the United States Municipal News pointing out the effects on delinquency of proper housing. During the years 1937, 1938, and 1939, in the Williamsburg section of Brooklyn, delinquency showed a marked increase, except for one block,

the Williamsburg Housing Project, occupied by more than 1600 families. During those three years, only one case of delinquency was noted in this group of more than 1600 families.

Protest Against Reduction of Dietary Allotment for Pregnancy Cases

Supervisor Schmidt presented and read copy of communication from Dr. J. C. Geiger, Director of Public Health, addressed to Mr. E. J. Cooley, SRA Administrator for San Francisco, protesting the reduction of extra budget allowance from $2.45 to $0.90 each two weeks, for pregnancy cases. After commenting thereon and objecting to such drastic reduction of such allotments, Supervisor Schmidt moved that the Board request Mr. Cooley to give the matter his consideration to the end that this allotment to pregnant women be increased.

The Chair, in reply thereto, stated that he had been informed that Dr. Geiger has been given the assurance that the matter will receive prompt attention.

Whereupon, Supervisor Schmidt did not press his motion.

Resolution Providing for Repeal of Previous Resolutions Authorizing Appointment of Various Special Committees, Called Out From Committee.

Supervisor Uhl called out from the Rules Committee, resolution presented by him on March 4, 1940, and referred by the Board to Committee, repealing resolutions authorizing appointment of various special committees, and requested that same be returned to the Board for consideration at its meeting on April 14, 1940.

Memorializing Congress to Appropriate Sufficient Funds to Avoid Slash in WPA Rolls in California

Supervisor Uhl, having been informed that he could not, before the next meeting, call out from Public Welfare Committee, where it had been referred after presentation by himself on March 11, 1940, resolution requesting Congress to appropriate necessary funds to avoid a slash in WPA rolls in California, announced that should the Committee not hold a hearing thereon during the week, he would, on April 15th, 1940, call same out from Committee for consideration of the Board.

Request for List of All Positions Reclassified During the Current Fiscal Year

Supervisor Uhl requested that the Clerk obtain from the Controller, or other proper official, a list of all positions reclassified during the current fiscal year, said list to include salaries paid prior to reclassifications and salaries set up in the present budget, in order that he might learn which reclassifications have brought about salary increases. He desired this information by the time the budget reaches the Board.

Request for Information on Status of Loan to Housing Authority

Supervisor Uhl requested that the Clerk obtain from the Controller a statement showing the status of loan made by the City and County to the Housing Authority. He desires to know how much is still due the city on loans made, and whether the City can collect that amount due.

Supervisor Uhl presented to the Board Mr. and Mrs. J. Hottabough of 2766 Folsom Street, recipients of relief. Mr. Hottabough was receiving from his SRA employment $104 per month. Their allowance, under the reduced "ceiling" established by the State Legislature is but $58

per month. There are seven members in the family. Supervisor Uhl moved that the Legislative Committee now investigating SRA cases in San Francisco be invited to appear before the Board at its next meeting, at 3 P. M. to discuss the entire situation, in an endeavor to secure adequate relief for cases in such dire straits as that thus called to the Board's attention. Motion seconded by Supervisor Schmidt.

Supervisor Colman considered it might be well to request the Legislative Committee, of which Mr. Wollenberg is chairman, to consider this case, but he felt it inadvisable to have the case presented before the open Board of Supervisors.

Thereupon, Supervisor Uhl expressed his willingness, should the people concerned object to hearing before open Board, to withdraw his motion. No objection, however was expressed.

Supervisor Roncovieri objected to the motion presented, holding that nothing could be accomplished by the proposed hearing, it being a state matter. The "ceiling" of $58 was set up by state legislation and the Board was powerless to act. A committee might, however, be appointed to fight the matter before the State Legislature.

Amendment to Motion

Thereupon, Supervisor Colman, seconded by Supervisors Roncovieri and Ratto, moved, as an amendment to the original motion, that the case in question be referred to Mr. E. J. Cooley, SRA Administrator, and that he be requested to submit a report thereon to the Board on Monday, April 14, 1940.

Motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon—8.

No: Supervisor Uhl—1.

Absent: Supervisors Brown, McSheehy—2.

Subsequently during the Proceedings, Supervisor McGowan referring back to the foregoing matter, objected to the presentation of such cases before the open Board. He felt that such presentations were embarrassing, not only to the Board, but to the people concerned. Although the Board is powerless to act on such matters, as a rule, such consideration being a State function, any hearings, should they be considered advisable or necessary, should be before committee rather than before the Board.

Daylight Saving

Copies of correspondence between Mr. George H. Freear, of 557 Howard Street, and Mr. Marshall Dill, President 1940 Exposition, suggesting the adoption of "Daylight Saving" in San Francisco during the operation of the Exposition, was received and read by the Clerk.

Supervisor Roncovieri, pursuant to suggestion by the Chair, moved that same be filed.

However, on objections by Supervisors Colman and Uhl, the matter was referred to the Public Welfare Committee.

Request for Endorsement of California Youth Legislature Convention in Los Angeles, April 12, 13 and 14

On motion by Supervisor Mead, Miss Ann Meiklejon, representing the California Youth Council, was granted the privilege of the floor.

After brief presentation of the requests of the San Francisco Youth Council, Miss Meiklejon presented Mrs. Claudia Williams, Associate Director of California Youth Survey, who presented in detail the findings of survey recently conducted by the State Department of Education, undertaken at the request of Governor Olson, the State Department of Education and the State Relief Administration. The survey had the cooperation of some 2000 employers, 200 labor unions, 20,000 young people themselves, and 400 high schools, trade schools and Junior Colleges. The findings of the survey disclosed that 24.2% of the unemployed were between the ages of 15 and 24, although that group represents only 16% of the population. One-third of the young people between the ages of 20 and 24 are without employment. One-third of all students enrolling in the high schools are unable to graduate, because of economic reasons. Of the cost to California for incarcerating prisoners and handling juvenile delinquency, more than fifty per cent is accountable to those under 29 years of age. More than one-half of all crimes, and more than 25% of auto thefts are committed by persons under 25 years of age. One-third of the prisoners in San Quentin during 1937-1938 were under 25 years of age. Lack of employment, with the consequent lack of proper nourishment are responsible for grave deterioration of health among the young people of the state. The marriage rate has decreased due to lack of economic security afforded the young people. Altogether, the survey shows conditions among California youth to be most critical.

Miss Meiklejon following the presentation by Mrs. Williams, resumed her appeal to the Board, and urged the Board's endorsement of the National Youth Act, proposed in Congress to alleviate the bad conditions affecting the youth. Miss Meiklejon explained in detail the proposed legislation and the effects expected to result from its adoption. She urged the Board to memorialize Congress to adopt same.

Mr. Ellsworth Replogle represented Miscellaneous Employees Union No. 110. He related conditions of N. Y. A. workers who are members of families receiving SRA aid, and whose salaries are deducted from the allowance their families would ordinarily receive. He recited, also, the development of the N. Y. A. act, and urged support thereof by the Board.

Following the foregoing presentation, the Chair referred the matter back to the Public Welfare Committee for a more complete consideration thereof. The Chair, however, suggested that the Bill now pending in Congress be endorsed by the Board.

Whereupon, Supervisor Colman announced that, in the absence of the Chairman of that Committee, Supervisor Brown, he would call a meeting of the Public Welfare Committee for Wednesday, April 10, 1940, at 4 P. M.

Request for Report of All Applicants for Old Age Security Aid

Supervisor McGowan, referring back to his name on Roll Call, stated that he believed every member of the Board should receive a list of applicants for old age pensions, together with a list of those to whom aid had been denied, and the reason for such denial. However, no action was taken on the suggestion.

Appreciation of Public Works Laborers' Union for Passage of Salary Standardization Ordinance

Communication from the Public Works Laborers' Union, addressed to the Clerk, thanking the Board of Supervisors for its action regarding laborers in the salary standardization ordinance was received, read and ordered filed.

ADJOURNMENT

There being no further business, the Board, at the hour of 4:15 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, April 15, 1940.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

The Board of Supervisors met in regular session.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McSheehy—2.

Quorum present.

President Warren Shannon presiding.

Supervisor Brown was noted present at 2:15 P. M.

Supervisor McSheehy on leave of absence.

APPROVAL OF JOURNALS

The Journal of Proceedings of the meeting of April 8, 1940, was considered read and approved.

SPECIAL ORDER—2:00 P. M.

Hearing of Appeal, Rezoning of Northwesterly Corner of 25th Avenue and Fulton Street

Appeal from the decision of the City Planning Commission by its Resolution No. 2158, dated February 15, 1940, denying application to rezone from Second Residential District to Commercial District, property located at the northwesterly corner of 25th Avenue and Fulton Street.

Privilege of the Floor

Mr. E. G. Long, representing property owners in the vicinity of property for which rezoning was sought, presented petition, on behalf of said property owners, protesting the proposed rezoning.

Appeal Withdrawn

Mr. Robert J. McGahie, attorney, representing the appellants, requested, on behalf of the appellants, that the appeal from the decision of the City Planning Commission, denying the rezoning, be withdrawn.

No objection being voiced, permission to withdraw appeal was granted.

SPECIAL ORDER—2:00 P. M.

Rezoning of Southerly Side of Fulton Street 183 Feet 4 Inches Westerly From Laguna Street

Appeal from the decision of the City Planning Commission by its Resolution No. 2160, dated February 15, 1940, denying application to rezone from Second Residential District to Commercial District, property located at the southerly side of Fulton Street 183 feet 4 inches westerly from Laguna Street.

Privilege of the Floor

Mr. Solomon Gorewitz, representing his parents, Hyman and Sarah Gorewitz, appellants, outlined the character of the property in the vicinity of that sought to be rezoned, and informed the Board as to the purpose to which the property would be put should the requested rezoning be granted.

Mr. Mark Jorgensen, representing the City Planning Commission, reported for that Commission, stating the reasons prompting the denial of the request for rezoning.

City Planning Commission Overruled and Property Rezoned

Thereupon, the following resolution, presented by the Public Buildings, Lands and City Planning Committee was taken up:

Rezoning Southerly Side of Fulton Street, 183 Feet, 4 Inches Westerly from Laguna Street

(Series of 1939)

Resolution No. 974, as follows:

Resolved, That the decision of the City Planning Commission by its Resolution No. 2160, dated February 15, 1940, denying application to rezone from Second Residential District to Commercial District, property located at the south side of Fulton Street, 183 feet, 4 inches westerly from Laguna Street, is hereby disapproved.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor McSheehy—1.

SPECIAL ORDER—2:00 P. M.

Rezoning of Intersection of Ocean Avenue and Municipal Railway Right of Way

Appeal from the decision of the City Planning Commission by its Resolution No. 2177, dated March 21, 1940, denying application to rezone from First Residential District to Commercial District, property located at the intersection of Ocean Avenue and Municipal Railway Right of Way.

Privilege of the Floor

Mr. Arthur Joel, attorney, represented the appellants, Stoneson Brothers. He explained in detail the reason for the requested rezoning.

Mr. Harry Grossman, represented Lakeside Home Owners' Association, in protesting the proposed rezoning.

Consideration Postponed

Thereupon, on motion by Supervisor Uhl, further consideration was postponed until Monday, April 22, 1940, at 2 P. M., in order to give members of the Board an opportunity to investigate the property in question.

UNFINISHED BUSINESS

Final Passage

Authorizing Subordination of Lien to Renewal of Existing Encumbrance—Eleanore R. Mailly

(Series of 1939)

Resolution No. 962, as follows:

Whereas, Notice of Aid was recorded in the office of the Recorder of the City and County of San Francisco, State of California, which created a lien on the following described property owned by Eleanore R. Mailly:

Beginning at a point on the westerly line of Twenty-third Avenue, distant thereon 225 feet northerly from the northerly line of California Street; running thence northerly along said line of Twenty-third Avenue 25 feet; thence at a right angle westerly 120 feet; thence at a right angle southerly 25 feet; thence at a right angle easterly 120 feet to the point of beginning. Being part of Outside Land Block No. 94; and

Whereas, Such a lien was subordinate to the lien or charge upon the land of a deed of trust executed by Eleanore R. Mailly, a widow, to American Securities Company, a corporation, as trustee for American Trust Company, a corporation, to secure the sum of $2648.00; and

Whereas, It is necessary at this time for the obligation secured by such deed of trust to be renewed; and

Whereas, Such obligation cannot be renewed unless the lien created by the filing of Notice of Aid is subordinated to the lien or charge upon the land of a deed of trust or mortgage to be given as security for such renewal; and

Whereas, The purpose of the Old Age Security Act will be served by subordinating such lien; now, therefore, be it

Resolved, That David A. Barry, Clerk of the Board of Supervisors of said City and County, be and he is hereby instructed to execute an agreement subordinating the lien created by the filing of such notice of aid to the lien or charge upon the land of any mortgage or deed of trust given as security for the renewal of such obligation.
